Born With Purpose

Born with a hidden purpose

Born with a gift that's will fill the world with everlasting and beautiful reminisce

Yet some feels the talents were burnt

Yet most strive for an unending feeling that can be burnt and carried away by the east winds

A world!

We crave tranquility

Serenity and undying love

Yet thy eyes sees a far

What's needed to be done

And blinded by the sheets

Thy eyes wonders off to the unknown

Now, soft melodies replay

Making sure thy minds

Reminisce on what thy hearts mind

A world

Yes! A world

Full of tranquility, serenity and undying love

Dufa B

Change In Life

There are continuous changes
mostly in human life
but it is natural
because everything change
In every aspect of life and the social world

Everyone feel flamboyant
And blazing like new fire
They feel like star
That beams brightly in the night sky

They feel all elegant
Like an old lady
No one wants to end
Whatever they are enjoying or practicing

Many change for good
Sometimes bad or ugly
But the world keep evolving

You can hardly see the good ones
In the world cause they're difficult to seek

Yet the world evolve
Changing rapidly
It's also confusing sometimes
But we seek to be better
In every step of this evolving change

To be a light that shines
In someone's life
To be that little flower that
Blossom each morning
In someone's life

To be an instructor
Who corrects his student mistakes
To be a person that everyone
May admire and love

Because beautiful impact
Are scribed Into memories for others to reminisce

Be that sun that shines
For people in the dark streets
Cause everything we do Is being written
