:::: I Created As My Whim::::

The sweet Creator subhan waa ta'ala
kneaded the clay with sweet water:

'I shall create from this until the Resurrection Day, Prophets, Messengers,
righteous servants and guided Imams who shall invite the people towards
Paradise and the people who follow these personalities! I do not care if anyone
questions this action of Mine! "

Then some sour water
kneaded the clay with:

'I shall create from you, until the Resurrection Day, the oppressors, aggressors,
and people of `adand the brethren of Satan. They shall invite the people towards
Hell and I shall also create from this clay the followers of these people. I don't
care if anyone raises an objection against this action of Mine and all of them shall
be questioned. I shall subject them to Badaa (change of destiny) !

I can change them into the people of the right (for heaven) I can transform
them into the people of the left (dwellers of Hell) !

The two kinds of clay was thrown
Before the Divine Throne- the new Town! !

The clay broke into a few pieces

To be fanned by four Angels! !

North, South, East and West)

Blew, pulverized and shaped! !

Madness due to the effect of north!

Phlegm due to east!

Bile due to west!

Blood for the Rest(Southern!)

The body was completed!

One part is madness:

That creates an attraction for the female sex! !

Instigation for their love! !

Phlegm for desire of eating, drinking, acting charitably, intelligence and
hospitality!

Bile causes anger, stupidity, evil, oppression, injustice and haste!

Four element of blood creates:

Sexuality n instigation for illegal acts and sexual desires! !

An Argument With The Creation!

The misdemeanor made by the angels

'The Creation surely is chaotic'!

(This is the small argument :)

Remove them all to a distance of 500 years' travel!

The Angels took refuge at the Divine Throne:

Pleaded for forgiveness!

The humility and sincerity!

Bestowed His Mercy upon them!

Appointed them at al-Bayt al-Ma'mur (the much-frequented Fane)

That would earn His satisfaction!

Good for Rectification!

Angels began to circle with 70000 everyday none ever returns!

Al-Bayt al-Ma'mur for repenting of inhabitants of heavens!

The Ka'bah for inhabitants of Earth seeking forgiveness!

'I shall produce a being from dry mud that produces a sound and a mixture of clay and sand(That is, from foul smelling and dirty clay) So when I complete it and blow My soul in it you all shall fall down in prostration'!

The preface to the creation of Adam Alaihi salam!

His argument upon the Angels!

Don'T Regret Then!

A group of people once were walking through a valley of rocks
They heard a voice from the sky
'Whoever picks up any rocks will regret it, and whoever doesn't pick up any rocks
will also regret it'
The group was confused!
Some picked up rocks while others didn't!
The next morning when the group woke up:
Those who picked up rocks found out that their rocks had transformed into
diamonds!
Those who didn't pick up rocks deep in regret that they didn't have any
diamonds!
While those who did pick up rocks were also regretful that they didn't pick up
more!
We will all stand on the Day of Judgment in regret:
Those that have done nothing will be regretful!
While those who have done some will regret they didn't do more!
Let's start Good Deeds Right Now!
