A Forever Friend

A forever friend
In life when yu find that special friend
who make yu believe that there is good in the world.
who changes ur life just to be in it
a forever friend
a bestfriend
thats never gunna end
through thick and thin
thats there during the hard times
the sad times
good times
and the bad times
someone who is there for it all
thats a forever friend

A Love That Will Never Be

Seeing your face brightens my day
just seeing you in the hall
makes everything okay
you make my heart skip a beat
I smile when I hear your name
hopefully 1 day you'll sweep me off my feet
wanting you is such a shame
the fact is
that day will never come
& I'll never have you

Abc.!

Again wit the pain
Blinded by lovee
Cant c pass the lies
Dumb for believeing that u loved me
Enough is enough
Feeling alone like always
Guilt, like its my fault
Hoe is wat u left me for
Is love for me?
Just handling this day by day
Kiss my ass nd say goodbye
Lies were all u told me
My love for u was a joke
Never trust again
Obviously i ment nothing
Pain is all i feel
Questioning me on wat love is
Regert meeting u
See how bad yyu hurt me?
Tie u down.? na never
United we once were
Verbally abused by u
Wishing u would come back
X-perienced only wit u
Your not wat i thought u were
Zipping up these emotions; ; cause now I don't care

Abcs.. For Felicia & Kelvin

Always & forever
Be mine forever
Cant c life witout u
Destany, my life wit u
Eternity will last
Fate brought us together
Good & bad times
Hope we make it thru everything
I love u
Joken & playing around
Kelvin & Felicia
Love for u is real
Maken love only feels right wit u
Nothing will pull us apart
Opening & letting u in
Pain, never again
Q-pids arrow hit me & made me love u
Resirected my heart & love
Soul mates
Trusting u with my heart
Until the end of time
Valentines day ment something
Wishing ur mine forever
X's mean nothing now
Your my past, present, & future
Zip ur lips nd kiss me

Against Abortion

Their little hearts beat□
Inside of their mother□
You kill one after another□
Why do you want them dead? □
It's a brand new life□
This baby cannot even cry□
It's not your place to stop their hearts□
it is freedom of choice□
But an innocent baby□
This unborn child□
the child that dies inside of you□
dosnt have that choice

Bestfriends? Not Any More

bestfriends forever?
yeah so i thought
ur skeem was type clever
it was 'real' until we fought
yu started acting fake
silly me i thought yu were there for me
promises i new you would break
cant yu see
your giving me nothing but hate
keeping my mouth shut wasnt fun
the times we had were great
but now yu can see im done.

Christmas Poem

Christmas time is here
the happiest time of the year
all the children have much cheer
santas coming to town
you hear his gingle bell sound
he comes down our chimney
happy as can be
he leaves us presents
as the kids can see
lots & lots of toys
for all the young girls and boys
snow still falls from the sky
as santas reindeer begin to fly
back to the northpole they go
santa yells merry christmas to all
& to all a good night
ho, ho, ho

depression overtaking me

Dont Say Good Bye

He walked away as he said goodbye
these final words made me cry
i watched him walk away,
praying he would come back to stay
the guilt in my heart
makes it feel like its all my fault
as i think of u i c the lies,
pushing my tears aside
wondering if u ever loved me
u broke my heart nd made me cry
nd now all i do is hide
i poured my heart out to u
as i gave u my all
my soul is empty
my spirit is down
and all i do is frown
u never really cared
ur lies had me going
my heart is full of pain
i just wanna stand in the poring rain
my heart is all shattered nd broken
do i deserve this.?
i must
ur the only 1 in this life i trust
cuz in my heart i love u
& this u know
me loving u was such a surprise..
dont say good bye..

Dreams

Im tired of these dreams
sick of the memorys
cant sleep
wont sleep
dont want to sleep
what is reality
is this reality
if so
how do we know
i lay awake
the only time i can get away
i dont wanna
to much pain
to much to bare
can i do it alone
will i make it out alive
am i strong enough
to hold on to wats real
& to let go of wats not
am i smart enough
to know wats real & wats not
am i who i think i am
if this is a dream
then why cant i wake up?

Freedom

You think freedom is free
then stop & count
of all the lives we lost
nothing in life is free
freedom isnt free
lock up in chains
dealing with hurts & pains
doing some crazy things
freedom isnt free
screaming to be free
screaming to be heard
freedom isnt free
saying what i want
doing what i want
freedom isnt free
life isnt free
time isnt free
rights arent free
be free of all that had hurt you in the past
cause in these days
& these times
nothing in life is gunna last

Good People

whats the good out of doing wrong?
were is there pleasure out of seeing some1 in pain
how can people laugh at some1 in tears
does all this make some1 a bad person?
what makes some1 a good person
who has the right to judge
we all good people in our own ways
who gets to decide if your a good or bad person

Naa naa

Guys R Lame

Why do guys cheat?

Heart Broken..) :

u broke my heart
u ripped me in half
u tore me apart
i try not to cry
u walk away
& i keep askin why
u left me to suffer everyday
When i look at you,
i would know that you were my perfect ten
You and me
I thought we were meant to be
never to believe that u would hurt me
that gave my heart a pain
i just cant explane

How

How do we know this life is real

How do we know God is real

How do we know we go to heaven or hell

How do we know this isn't all a dream

Or even a nightmare

How do we know we are real

How do we know we are not an insistent of our imagination

How do we know?

Naa naa

I Can Only Wish

As i think about u

i cnt love, not even D

but idk how

i loved u wit all my heart
& it feels like u stabbed me, maken me fall apart

all i did was cadder
all i do is cry
i really hope u die
& burn in hell
i hope i dnt take u back,

Its My Life

they say u get wat u deserve in life
i cnt c wy this is happening but i had enough
i have drowned in my tears
& im lost in my pain
u call me stupid
but this is wat i do when im depressed
it cnt hurt me its wat makes me feel like im here
i got a heart full of hate
i press the blade to my wrist and into my skin
and i suddenly feel the steel go in
i hate the way it makes me cry and how it makes me feel
but i never want the wond to heal
i hope that the cut will make everything right again
i dnt wanna b sad or have lonely nights anymore
i dont wanna cry myself to sleep anymore
i wish that i could save myself
but it is hard cuz no one ever knows how they can help
they dnt understand but i wish they did
i hurt but never cry
life is so short nd to hard to understand
wy does this life have ta b so hard
i smile like eveything is ok
but yet i feel tense and restless
Some days i feel breathless and helpless
every1 thinks im insane
but really i just try to fit in
as im living a life of sin
at night i watch the moon my window is were i sit
its my life nd i try to make the best of it

Jon..

Today was so long
i remember when we 1st met u was singin a song
u said i wouldnt b able to tie u down
i guess u was right nd now i frown
i shouldnt of let u put ur number in my phone
oh how u made me moan
as soon as my feeling for u go away
u make em come back the next day
u made me feel like such a fool
u used me like a tool
u think ur so cool
now alone i sit in school
while u wit her
u said i was the 1 for sure
but that was a lie
i hope alone u die
my oh my
i wish i could drown u in the tears that i cryed
12.11.09 was our date
oh how u made me hate
i guess it was just fate
well now im late
wat u did was low
u left me for a hoe
1 day im happy
nd the next im sad
i almost made u a dad
u was all i had
but now im tad mad

Josh X3 My Lovee

I am afraid to love
and yet I love you.
I'm still afraid that I might lose you
your love will never die
The way u kiss me turns me on everytime.
The way u whisper in my ear makes me want u more then ever.
The way u holds me makes me feel so safe.
The way u look into my eyes makes me wonder how I deserved this.
The way I love u I couldn't even put into words
Give me your heart
and i will give you my love
your touch that i couldn't resist
your kiss that takes away my pain
you turn my gray sky into a blue sky
ur all i will need in life.

Naa naa

Josh, U Broke My Heart..

tears fall from my eyes as i sit on the ground.
why did u leave me, i did nothing wrong
u left me here all alone
My heart is broken,
Because of you,
My heart is broken,
Why is this true,
My heart beats fast, when i hear your name.
I smile like a fool, with no shame.
I'm addicted to you, your like cocaine
Don't leave me, oh, please stay.
You said you would never leave me,
until to day you said goodbye.
You broke my heart,
and made me cry
and now i am afraid to give love another try.
Ur the only 1 I want
U cnt be serious this has to b a front.
everyday your in my mind,
everyday i wast your time,
everyday i hate myself over stupid stuff,
You loved me from the beginning
but now things have changed.
You're moving further away from me
and I feel I am to blame.
Loving you is what I've been doing
but now im broken hearted

Naa naa

Juss Go Away

I wish i could burn you from my mind
hate fills my heart
im hurt
bleeding on the inside
crying on the out
slowly forgetting
slowly fadding
wats left of you is slowly going away
all thats left is the dreams
or should i say nightmars
the nightmars is wat makes me relise this was all so real
reminds me of detail to detail
waking me up at night screaming &&+ crying
wishing it would all juss go away

Last 1 About Jon

Oh jon
I cnt believe u cheated
U had me so heated
U hurt me again nd again
I cnt take it anymore
She is such a whore
I believed ur lies
I can feel on the inside I die
I hurt but no more can I cry
U get me to the point tat I hate u
Who could love u like I do?
I try to replay the good times we had
But now im sad
U put so much hate in my heart
U joke as I fall apart
I thought all we needed was a new start
But once again u broke my heart
U will never learn
I try so hard to get u to understand
It hurts cuz I kno I lost ur love forever
But the truth is u never loved me
I remember when u said u loved my smile
Tat U never wanted to c me cry
I wrote u love letters
But u never wrote back
I loved u now
I loved u when u was down
How could u b so heartless
U brought out a side of me tat I don't kno
Every1 says ur so bad for me but they don't know at we been thru
I treated u better then any1 can
U was all tat was on my mind
I thought u was the perfect 1 for me
But I was wrong
I sit nd cry as I replay our song
U hurt me for so long
I took ur side over every1s
To u this was just fun
i dont want to b wit u

i need to b real wit u
i cant leave u alone
i cant let u go
u was the 1 i wanted in my life

Lexie

My lexie
my niece
prettiest baby i ever seen
so smart
&&+ so small
always making me hold you
you make me smile
you make me laugh
some days you make me mad
but yet
that smile changes my day
i hate to see you cry
it makes me sad
so of corse you get ur way
there nothing more peacefull
then to see my beautifull niece
sleeping in my arms

Lifeee

when u need help im the 1 u call
i try to keep standing tall
but when my back agenst the wall
i juss scream fukk em all
i dnt understand this life
i dnt understand y im here
i have no type of fear
i dnt have any type of emotion
but yet when ur hurt im by ur side
im not like the other girls i havent lied
we never really bumped heads
we hardly had fights
Player leads to cheating
Cheating leads to broken heart
Broken heart leads to cuts
Cuts leads to scars
life is full of pain
& suffering
life can be given life can be taken
life is like a roller coaster
it has its twists and turns
life is all about taken chances
this life is fukkin pointless
i juss got 1 question
is this life worth living?

Naa naa

when yu entered my life
so here we are

but so close at heart
losing yu is my biggest fear
tat will never leave
never ta make me shed a tear
im passionate for yu

Love Is Murder

Murder me ☐
Murder with your love
murder me with you lies☐
You commit murder when I look in your eyes ☐
You tell me over and over you love me
why can't we just live our lives ☐
Murder commits suicide☐
Kill or be killed☐
No choice but to murder☐
Love is murder in the making ☐
When you tell a person you love them ☐
its murder in the 3rd degree ☐
Rip me open from the inside☐
Until everything falls apart ☐
The hurt just won't go away☐
Until it's everything I fear ☐
You are everything I hate☐
Put me under your spell☐
Until I can't escape

Makingg Lovee

my heart is racing
our bodys so close
ur body on mine
holding me tight promising to never let go
my body becomes so weak
emotions overcome
my body gets numb
as the temperature rise
so does our lovee
as u go deeper inside
verbally saying i lovee u
u fulfill my every desire
every move i make i intend ta please u
oh ta squeeze u
make it last til it hurts from the pleasure
touching me softly &&+ slowly wit so much meaning
u make me feel so special
&&+ so alive
its unforgettable
irrisitable
amazingly beautiful

Ruben 3

since the time we met
sweet feelings i truly felt
ur love i must get
i can look into ur eyes
and see no lies
you give me hope
when life brings me down
you help me cope
and you bring me around
my heart beats fast
love comes
i can imagine that ur the 1
wish i could erase my past
living in the present
but you and i will create our future.

You listen to problems

because i give u my all
stay loving me when i make mistakes &&+ fall
love me &&+ il always love u

Soo Much More Than Juss A Kiss Smh..

IDK WAT TA DO ABOUT LIFE ANYMORE
U RUINED MY LIFE
I GET A KNIFE
CUT AFTER CUT
I JUSS STAY SHUT
THE WORDS CNT COME OUT
WHEN REALLY I WANNA SCREAM ND SHOUT
I REMEMBER LIKE IT WAS YESTERDAY
AT 1ST I THOUGHT HE WAS GAY
I STIL REMEMBER THE SMELL
I HOPE HE BURNS IN HELL
I SHOULDA STAYED HOME THAT NIGHT
I SWEAR I PUT UP A FIGHT
I REMEMBER WHEN I HIT HIM WIT THE BOTTAL
WISH I COULD ERASE IT OUT OF MY MEMORY
TEARS OF PAIN FALL OF MY CHEEKS
WITH EACH TRUST I BECOME WEAK
FLASHBACKS RACE THROUGH MY HEAD
I STAY AWAKE AT NIGHT ND CRY IN BED
I WALK AROUND AS IF IM DEAD
I DONT KNO WAT I DID TO DESERVE THIS
IT WENT FROM A KISS
TO SO MUCH MORE
IT MAKES ME FEEL LIKE NOTHIN BUT A WHORE
THIS ISNT WAT I ASKED FOR
I SHOULDN'T OF WALKED OUT OF THE DOOR
IM SO LOST ND ALONE
IT WASNT A MOAN
IT WAS A CRY FOR HELP

but wit u i stil feel shy
in our past u lied
nd made me cry
but this is new
ur my boo
this time feels right
no more fights
u said we might
i hope i can change it to a yes
ur the best
our love will just get stronger
as we together longer
our past was rought
but we r tough
we will make it
i know you still love me
mine you will again be
your my first love
when push comes to shove
you know ill always be there
we are a pair
we will have a new date
brought together by fate
we are soul mates
this time is different
the love i have for you is still there
with you i have nothing to fear
we need a new start
i wont let anything pull us apart
no more hoes
it'll never be my time to go

Summer (Foster Kid)

you come into my life
unexpectedly
unwillingly
with out a choice
no questions asked
you were here
but now ur gone
missing you
in every way
4.20.10 the worst day
wanting you back in my life
losing yu cut me like a knife
not a day goes by
that i cant feel the pain
no matter how i try
it will never change

The Truth

The truth stands to last
lies fall so fast
The truth is the truth
if yu tell it or not
Live with the guilt
Do as you please
The truth is going to
Bring you to your knees
I wont give up
The truth will be the end
Of my mystery

U Wrecked My World

Such a crime
takes so much time
i lied to myself many times
telling myself it wasn't real
holding me down
Killing me emotionally
And physically
i sits alone in silence.
The horrid night that wrecked my world
idk how to cope
i given up hope
im so distress
but no1 can see
my feelings trapped inside
my feelings stay hidden
How do i deal with this
The only way is to be numb
Not feel any pain be emotionless

Naa naa

Very Sad

i give into my fear
i let myself down
ima dissapointment to everyone
sad and depressed
and i cant figure out why
How can I make you see,
that you are slowly killing me
i need to end my pain
u can c i hate my life
u dnt understand
the pain i go threw
u judge me
and call me names
a lil cut
here or there
who gives a f*ck
not eating
not sleeping
things that come back to
hurt me
destroy me
&&+ devour me
i go insane
u dnt know how it feels
ta die inside
the pain eats at you
til u juss wanna cry
u said u loved me
i shoulda known it was juss a lie
every day is harder then the last
everyday is a struggle
now im nothing but ur past

What Is Real.?

Im tired of these dreams
Sick of the memorys
Cant sleep
Wont sleep
Dont wanna sleep
Wat is reality
Is this reality
If so
How do we kno
I lay awake
The only time i can get away
I dont wanna
To much pain
To much to bear
Can i do it alone
Will i make it out alive
Am i strong enough
To hold on to wats real
&&+ to let go of wats not
Am i smart enough
To kno wats real &&+ wats not
Am i who i think i am
If this is a dream
Why cnt i wake up.?

When I Saw Yu

When i saw yu
all the butterflies jumping
its hard to explain
all my words came out jumbled
i forgot what to say
the smile that you gave me
i still cant believe
forgiving eachothers mistakes
ending eachothers tears
blessing eachother with trust
having nothing to fear
being way more then lust
gettin eachothers heart
completing eachothers lives
never wanting to be apart
someday to be husband and wife

Naa naa

Why This Happen To Me.?

How could this happen to me
My world is falling apart right before my eyes
Nothing to do or say to change it
My emotions trapped inside
I can feel them unwantingly pushing their way out
The dreams it gave me turned into nightmares
Wishing && wishing it wasn't real
Nothing I can do now
Just think to myself
How could this happen to me

Naa naa

Your Gone

Your gone
cant believe it
you didnt even tell me
how could you juss leave
get up &&+ walk away
from me
&&+ all your problems
how could you leave with out saying good bye
ur angry
&&+ say you hate me
dont need me
but yet ur lost wit out me
saying im nothing
but i was ur everything
you have her
but yet you still want me
miserable with out me
still always on ur mind
you need me
&&+ you know it
cant eat
cant sleep
cant be without me
your gone
not only phisically
but mentally
ur nothing without me
im wat made you whole
you need me
or am i the 1 that needs you?
