## Nakita Ball(September 17,1995)

The names Nakita. I was born the 17 of September. I havnt seen my dad sense i cant remmber when. Sometimes i feel like i never will see him again. My Grandfather is my hero he was there when no one else was and i dont think i will ever be able to show him how thankfull i am for him being there when my father wasnt. I currently go to Papillion La-Vista South and im a freashman. I am single and im not all that interested in changing that status quite yet. I love my friends they're my everything when family isnt around. I love to write poetry and watch little kid movies like Finding Nemo and The Lion King. You can judge me all you want but you'll never change who i am. Im not perfect and I dont try to be im constantly making mistakes and do i regret them? NEVER because those mistakes made me who i am today. if you still want to know more message me and we'll talk :)

## A Boy (:

He makes me happy  
He makes me feel free  
I'm beginning to think  
He is the one for me.

I'm falling to fast  
Can't you see  
It feels like gravity  
Can't hold down my feet

He's just a boy  
What does he know?  
He controls the beat  
That makes my heart glow.

I don't know why  
I feel this way  
Like the sun rises  
For him each day

He makes me smile  
He makes me laugh  
He makes me feel  
Like I'm on the right path.

# Deep Down

When i first saw you  
I felt something new.  
When you wanted to be my friend  
I didn't know what to do

I spent my nights wishing  
For a little something more  
Now that you have her  
I don't know what to wish for.

When i see you in the halls  
I fight the burning in my eyes.  
She must be something special.  
'cuz she got you for her prize.

I know i must move on  
I need to let you go  
Cuz the smile i put on for you  
Well thats just a show.

You sure are something special  
someone ive known for along time  
I just hope one day i can look at you and say  
'I dont want you back' and mean it this time.

# Deep Inside Of Me

She has secrets  
She has fears  
She hates it when  
You see her tears

She hates weakness  
She hates Pain  
She shouts  
At the world in vain

She wants to escape  
But there's no where to run  
No longer a child  
Life is not fun

The monster under her bed  
Has left  
Her only monster  
Is in her chest.

This monster won't disappear  
When she turns on the light  
All she can do now  
Is fight.

Fight for Life  
Fight for Love  
For the happy ending  
She's dreaming of

She can't Fight  
She's in too deep.  
She is his puppet  
Forever to keep

I can't get free  
There's no turning back  
He controls the soul  
Deep inside of Me

# Everything & More

Blinded by the sun,  
Nothing I can see.  
Now all I need,  
Is your face before me.

I want your arms around me,  
I want to feel secure.  
I want to feel your love,  
The love I know is pure.

I wish to know your wishes,  
I dream to know your dreams.  
I pray for the day you will understand,  
Just how much you mean to me.

Forever I will love you,  
From beginning to end.  
You are more than my everything,  
You are my best friend.

# Free

I gave you everything  
That I held dear to me  
You made me think my nightmare  
was over, finally I was free.

Shortly after I realized I  
was wrong  
When you said 'Forever'  
You didn't mean very long

Now I'm left with blood, sweat,  
and tears  
And a Broken heart that may heal threw  
the years

I should have listened  
To what they said  
I should have stopped  
Calling you friend

But I was in love  
Young and Foolish you see  
I was blind to the world  
In front of me

I felt safe  
enclosed in you  
I couldn't say goodbye  
To a life with you

Now Im left with  
blood, sweat, and tears  
And my empty cheast  
filled with memories from 'our' years

With you I felt everything  
Now your my nightmare  
I will never be Free.

# Full Of Questions

Do you want to hurt me?  
Are you trying to see me cry?  
If that be the case I will show up  
With a tear in my eye.

You tell me that you love me  
That I'm the one thing you don't want to lose  
Your putting whights on my heart  
Along with a few tatoos

You never loved me  
You never cared  
Your whispers were lies  
filling the air

I trusted you  
Believed in you  
I swore to myself  
I would never hurt you

I thought that you  
Had promised to same  
In your head  
It was a game

You stole my heart  
Broke it in two  
Even after you said  
'I love you'

Well did you mean the words  
That you said?  
Did you mean the lines  
That I read?

# Hero

you were my hero  
you helped me follow my dreams  
you told me bed time stories  
you made me believe

you drove me everywhere  
with out a thank you or a please  
now i wish i could go back  
and change those kinds of things.

you were my hero  
you helped me follow my dreams  
you told me bed time stories  
you made me believe

# In You

My heart flutters  
When I hear Your name.  
Since the day I met You  
My life hasn't been the same.

In Your eyes I find the peace  
That the world seems to lack.  
I miss it when You're gone,  
And can't wait till You get back.

In Your smile I find comfort  
It gets my heart beat cheering.  
It's hard too find the words  
Because You're so endearing.

Never did I believe  
I could find a soul so true.  
I was proven wrong  
When I found You.

# Inside

These feelings i have for you  
I hold down deep inside.  
The reason i cant tell you the truth  
The reason that i hide.

I tell you its not much  
just a simple crush.  
When what i really want to say  
Is i love you a whole bunch.

Your friends say I'm a freak  
That i'll never get over you  
But whenever i talk to you  
You turn my gray skies Blue

These feelings that i have for you  
Won't seem to go away.  
So I'm going to hide them  
And save them for a rainy day.

# Last Goodbye

You broke my heart  
You made me cry  
So now you'll hear  
My last goodbye

I really like you  
Couldn't you see  
I swore  
You were the one for me

Now that I've lost you  
I can't breathe  
Now in turn  
Your losing me

You broke my heart  
You made me cry  
Listen close  
This is my last goodbye

# No Where

Promises: Hard to keep.

Change: Not easy to see

Love: Lost it all

Life: No where to fall

You promised forever

That you would never

Let go,

I feel your hand slipping Your love was a show.

You changed

Your not the boy I fell in love with

'Nor the man I see

Im beginning to think your not in love with me

I loved

Gave you everything I had

I lost it all

You moved on to your next fad.

We lived

Created memories of awe.

In the end

I had no where to fall.

# Not Another Love Poem.

She believed  
He lied  
All her pain  
Bottleled up inside

She turns to a knife  
Her body filled with strife  
Her blood turns to tears  
When she realizes her fears

She cried out  
And no one heard  
she cut again, nothing seemed real  
The life that she led, the pain that she feels

'In cases like this  
you can't explain  
Why to him  
My life was just a game'

After repeating these words  
She closed her eyes  
Now the whole world knows  
About her silent cry

Nakita Ball

# Save Me

Carve your name into  
my soul  
Leave your memory  
before you go.

I need you now  
more then ever  
What happend to  
'our' promise of forever

Don't say goodbye  
It's not time yet  
Fight back all  
the sorrow and Regret

My biggest fear  
was losing you  
with out you I  
wont have a clue

Take my hand  
show my the way  
Save me from  
Myself today

Nakita Ball

# Silent Crys

Nobody hears it  
Or sees her silent cries  
The little girl they always tease  
Will never cry from her eyes

The teases just get meaner  
So the cuts get deeper  
She tries to hide  
Shes losing her pride

She walks to school  
With a smile on her face  
Running from the darkness  
Desperate for her happy place

She sits in class hoping  
No one will hear  
Those silent whispers  
She hears in her ear

They tell her no one loves her  
No one wants her near  
She writes notes to her mother  
About how much she hates it here

No body hears it  
Or sees her silent cries  
The little girl they always tease  
Will never cry from her eyes.

# Sleeping With My Eyes Open.

You don't want to believe I see it,  
but you know I do.  
You think that I don't hear it,  
The things he says to you.

During the day you act okay,  
but I see it in your eyes,  
The minute that I fall asleep,  
you will feel no surprise.

He finds something to yell about,  
Each and everynight.  
The things he says to you,  
makes me shake inside with fright.

So when I close my door at night,  
don't think that I don't care.  
This is why I sleep with my eyes open,  
warn him and BEWARE.

Nakita Ball

# Unlike Her

She trusted him  
She believed in him  
He swore he'd never  
Hurt her again

Now that he's done it  
She doesn't know what to do  
Shes trapped in this world  
Without a clue

Life is passing by  
But she won't feel a thing  
The passion that she felt for him  
Is now a distant dream

Now all thats left  
Is her broken heart and her tears  
And this headstone  
Witch will grow old through the years.

# Watching Over Me

When i close my eyes,  
I feel a slight breeze,  
That is how I know,  
You are watching over me.

When i go outside tonight,  
I feel a warmth across my cheak,  
That is how I know  
You are watching over me.

When I dream of you at night,  
I hear you softly say,  
'No matter where you go,  
No matter what you do,  
I will always be,  
Watching over you.'

Nakita Ball

# What I Will Miss

Your everlasting laugh  
So simple and so sweet.  
The sound of care in your voice  
Whenever you spoke to me

When you looked at me  
Your eyes would always glow  
When you said you loved me  
man, was i happy

All the memories i have with you  
how i wish i could write a list  
Just know i will never forget  
That sweet last kiss

As i close up this poem  
Ill close up my heart  
A new lock and key  
I'm back at the start.

# When She Smiles

When she smiles  
No one knows the truth  
A tear behind each dimple  
Caused by father she never knew

When she smiles  
There is a story  
Of that painfull day  
She watched him walk away

When she smiles  
There is a memory  
Dancing in her eyes  
The memory of the mother that she left behind

When she smiles  
Theres no innocence  
Left for anyone to find  
You see a million diffrent types of pain

When she smiles.

# You Found Me

I was always running  
In circles around myself  
Never really standing out  
Just another book on the shelf.

Growing up I knew  
I'd never be much  
Adolescence passed me by  
Faster than time could fly

Before I had the chance to catch it  
(I knew I had to move on)  
I couldn't make myself let go  
My childhood was gone

Never knowing love  
Or the warmth that it brings  
I'd been so close to giving up  
That's when you found me.

I was lost  
With darkness all around me  
Your light lit up the world  
And I could finally see  
Something worth fighting for

When you took my hand in yours  
I felt something greater  
Then what I'd ever known  
I saw something more  
That I had been blind too before.
