Nathaniel Hayes(03/11/1994)

Well I started my liking in Peoms at the age of 17, and ever since then I been looking at peoms and how other people right them and to see how it done, and so that way as time goes on I learn how to better write peoms and get more attention to them. My peoms are all different in some way but they end up talking about the same thing which is Love. I Love to write Love Peoms I think thats where im strongest in, in the peom world, I like people to read what it is I wrote for feedback sometimes, and other times I just right and go with whatever it is the I wrote.

A Moment Of Passion

A moment of Passion so easily shared,
With no fear or regret,
The memories flood through my mind,
A moment of Passion I'll never forget
A moment of Passion is like a drug,
It takes me so high,
Needing to get another fix,
A moment of Passion can never lie
A moment of Passion when we are alone,
You desire it too,
Unable to control it,
A moment of Passion shared with YOU

Depression Makes Me

Depression makes me feel pain, Depression makes me stupid, Depression makes me feel low, Depression makes me mad, Depression make me sad, Depression makes me forget the world, Depression makes me tensed, Depression makes me lose self control, Depression makes me hate everyone, Depression makes me think over and over, Depression makes me feel lonely, Depression makes me think wild, Depression makes me worthless, Depression makes me sick, what does depression give me? when it runs high- it will make me die-rest in peace..

Everywhere, Your My World

In Every Turn Your Face Seems To Be There, No Matter What it is Life Or Death,

In my phone your face right there the first thing in the morning till the last thing of the day,

From my background to my Dreams, everyday and night your face stay glued there,

Never to give a rest, your smile so bright, warm, smooth, Beauty of you can never get to much,

In everything I do, I think of you good or bad, sitting, watching tv your face blocks it,

Driving a car, your face blBuocks sign and lights, people walking everyone looks like you,

A world were everything is you, is it to much? no not for me,

The sight you sickness, scared, pain, Love, mixed emotions so true but deadly,

What more to say, But Your The World I Live In Day In And Day Out

Family

Family suppose to love
Not put down
Family suppose to care
Not hate
Family suppose to help
Each other
Family suppose to understand
Family a 6 letter word
That means something

Home

Home is suppose to be a happy place
Home is comfortable
Home is caring
Home is suppose to be the place to get
Away from the world
Home is warm
Home is where the heart is
Home is calm
Home is safty
Home is where I want to be till the end

How Can You Sleep?

How can you sleep, knowing that the one who Really do Loves you Feels Bad He Let You Go?

How can you sleep, knowing that the one who Really Loves you cant sleep at night?

How can you sleep, knowing that the one who Really do Loves you cant Eat Because you are no longer there?

How Can you sleep, knowing that all he wants to do is hear your voice every night before he goes to sleep?

How can you sleep, knowing that everyday all he do is long for your touch and the warmth of your Lips?

How can you sleep, knowing that your on his mind everyday, Minute, Hour, Second?

How can you sleep, knowing your his one and only, even when your not together?

How can you sleep, telling him truth about him but not being true to yourself?

How can you sleep, not telling him what you know you want him to know?

How can you sleep, knowing he put his trust in you and you let him down?

How can you know so much yet so little?

How Would You Sleep Knowing That One Day Soon Will Be The Last Day You Ever See Him Again Knowing He Did You So Good And Yet One Day You Let Him Down?

I Love You More Everyday

I love you deeply,
I love you so much,
I love the sound of your voice,
And the way we touch,
I love your warm smile,
And the kind, thoughtful way,
The joy that you bring,
To my life everyday,
I love you today,
As I have from the start,
And I'll love you forever,
With all my heart

Just Get Over It

'Just get over it, 'they say
i wish i could find a way
livin with it day by day
Memories wont go away

Medication helps to sway
Many feelings of dismay
But they do fail to decay
The loss that one does survey

Letting Go

There comes a time when we must let go.
Let our hearts speak let the tears flow.
It's never easy for us to do.
But sometimes its the only way of healing you.
We will doubt wheter its right or wrong.
But its the first step that you've taken in so long.
How things will turn out, we'll know in the end.
But, if its happiness we seek.
It's better to find it rather than just pretend..

My Earth

Dying slowly, painfully, no sun to shine day after day,
Your gone, rains, floods, earthquake after earthquake, fire rains

From heaven, your nowhere to protect me, volcano's rupture, magma
everywhere, your nowhere to be found, then i see u standing, then i

See magma rushing to u as the waves of an earthquake, I run to u, u move
farther, and farther away, i cant reach u, I turn, waves everywhere, i loose u
again, then i turn, there, we meet eyes, we stare, A PASSIONATE KISS, washed
away TOGETHER FOREVER

Pain

Pain is when that bone broke
Pain is unhappy
Pain is Pain
Pain is worth dying for
Pain you sleep away
Pain is unfun
No pain when im with you
Pain four letters that hurt
Pain! ! ! !

The Past

We talk to each other,
In our eye's the past shows,
We must not speak of it,
She looks at me with sadness and pain,
We cant hold each other,
We must not speak,
Its a 'Hi' and 'Bye',
A look at each other,
Feelings flow,
Once again its Love,
Gone So Fast,
Heart Struck with PAIN...

Nathaniel Hayes

True Love

They flow together like two ducks in the sky, hunting season soon approaches,
one will die maybe both, who lives no one knows, the sky is the limit for them,
freedom they call it, higher and higher they come down only for food, startle they
fly away fast, hunting day comes they dont know, the next minute one falls the
the next. Together side by side they die.

What Im For!

Sun shine on a rainy day,
Conversation on a late night,
Happiness when sad, love when hate,
Someone when loney, smiles, Laughts, Joy, Peace,
What I'm for, whatever you need! !

Why I Love You

I love you for so many reason
Big and small
And all of them are wonderful

I love you for all special qualities
That make you one of a kind...
The only one in the world for me

I love you for the things you do
That bring such special meaning to my life
I love you for the silent times
When your eyes and arms tell me all I want to know

I love you
Just because I do

You

Each moment with you is like the World to me,

From your smile, to the look in your eye's,

Thinking about you each moment your away, till the moment we're together and beyond,

A touch of your hand is like warmth to my soul,

Going to give you the World as long as we're together,

NO PAINS, NO LIES,

Faith, Truth, Love, Honesty, and Loyalty

Together free from worries, Loney nights, No Tears, Happiness for as days past U
and I will Forever Last.....

My Girl, My Best Friend, My Lover
