# Beautiful

Every morning starts beautifully,  
as I wake up with a smile,  
thinking of you is all I need,  
to make me go the extra mile.  
Hearing your sweet voice on the phone,  
is more than I could ever ask for,  
I've been blessed with an angel,  
and there is nothing I'd want more.  
The look you give me when our eyes meet,  
makes me feel as if I am a different person,  
I lose control of myself and my thoughts,  
I can't control my heartbeat.  
The heart is beating so much,  
when I think that we are together,  
but maybe it's because,  
Of your one and only sweet touch.

# Forever, You And I

Mysteries are unsolved things,  
As I wonder what it is I feel,  
Something wonderful your presence brings,  
For it is something no one could steal.

Every moment that our eyes meet,  
Feels as if love is an unexperienced feeling,  
That can barely make me stand on my feet,  
Something That to me means everything.

Each kiss given to me with pride,  
Makes me feel as though god set me free,  
And that you are always by my side,  
For you will always mean the world to me.

Butterflies coming out of nowhere,  
Attacking me with a wonderful sensation,  
As they appear out of thin air,  
Making my love for you grow with temptation.

I know that what I am feeling,  
Is something that is so true,  
And without a doubt worth treasuring,  
For the person I forever want to be with is you.

# Inner Beauty

The day you appeared,  
I lost my heart to you,  
I lost my heart to love,  
Finally, I felt something new.

Sitting side by side,  
Looking at the skies,  
I knew you felt it to,  
When we looked in eachother's eyes.

The crescent moon,  
Shining from above,  
Made me see your inner beauty,  
I then knew I was in love.

Reclaiming my strength,  
To finally tell you,  
The words my heart has been screaming,  
Is that I love you.

This moment we have,  
I will cherish forever,  
God has sent me here,  
So we can be together.

# Me And You

Forever connected,  
Me and you,  
A bond we share,  
For our love is true.

Even if our feelings are different,  
Within months from now,  
You shall forever remain,  
In my heart somehow.

Love is a struggle,  
But worth the sacrifice,  
As for you make me feel,  
Like I am in paradise.

Every moment spent together,  
The things we shared and learned,  
Will touch us always,  
It is a growth forever earned.

Our love is one,  
For now I am certain,  
Nothing will tear us apart,  
Until life itself closes the curtain.

# My Angel

As for we fight,  
My heart consumes fright,  
Fear and pain take over,  
Tears are getting closer,

Walls are closing in,  
Scared not to be forgiven,  
Scared of losing what I feel,  
Love that is almost unreal,

The surrounding air gets cold,  
For I think is this the last time I hold  
What my heart feels is everything,  
The only person for which I would do anything.

You are my one true love,  
Like an angel sent from above,  
Always the right things to say,  
For with you, I must always stay.

And now you forgave me,  
As I know we are truly meant to be,  
Nothing shall ever tear us apart,  
Because you are the missing link to my heart

Now it is all figured out,  
We can breath without a doubt,  
As we rise upon a new door,  
That leads the way to love like never before.

# My Knight

My mind wanders in the past,  
For memories only seem to last,  
Dark skies hang over me,  
Pleading for someone to set me free.

Reminiscences haunting my very dreams,  
Feeling as if they we're evil schemes,  
Questioning my existence here,  
As I wipe away my last tear.

Instantaneously feeling alone,  
Feeling as though my heart we're made of stone,  
My only cure is your presence,  
For I only desire your existence.

Memories shall forever remain,  
As I constantly feel unwilling pain,  
For my knight stands by my side,  
Making my memories fade with pride.

Only he can help me find,  
The eternal light flowing through my mind,  
That will make the dark skies disappear,  
Also vanquishing my every fear.

For I thank my trustworthy knight,  
Who stood there with every fight,  
Knowing my love for him grows immensely everyday,  
We shall forever remain together along the way.

# Never Ending Feed

The blood on my hands,  
the woman on the ground,  
the blood running from her neck,  
doesn't make a sound.

The help that I want to offer,  
but the blood makes me strong,  
what is happening to me,  
have I gone all wrong?

I hear footsteps in the leaves,  
my senses tells me to feed,  
I can't allow myself to do it,  
but I must do it, I'm in need.

The voice in my head calls out,  
you must feed or you will die,  
I lose control of myself,  
as I begin to shout.

I can't let myself get caught,  
by this horrible thing I hear,  
I have to walk away,  
I slowly thought.

The beast is taking control,  
but now I must fight,  
for the sake of this woman,  
and to do what is right.

I soon lost the battle,  
now this is who I am,  
a monster in desperate need,  
of a never ending feed.

# Night Sky

Underneath the stars,  
On a silent night,  
My arms around you,  
Nothing could feel more right,

Our night is perfect,  
There is no where else I'd rather be,  
Except being here underneath the night sky,  
Holding each other, you and me.

Your touch is so gentle,  
My heart wants to melt,  
As for I must tell you,  
How I truly felt.

The undescrivable feeling,  
I get when you're around me,  
The feeling I shall always treasure,  
Because we are meant to be.

I've kept these three words,  
For our love is so true,  
Regardless of what I might do or say,  
Remember this, I love you.

# One Will Rise

One word upon others,  
Is not to be explained,  
Only the, who understands,  
Shall have gained,

Words unspoken,  
Scared to lose all,  
One man upon others,  
Is not afraid to fall.

He shall rise,  
Awaken the man within,  
For his purpose is simple,  
He must try to win.

The heart of the,  
Which must be filled,  
Will be careful,  
Not to be spilled,

Winning the heart,  
Of the young one,  
This man above all,  
Knows he has won.

# One Word

Not many words,  
can express my feelings for you,  
But only one can be said  
For you to know how much i like you.

Your beautiful smile  
with your sweet embrace,  
makes me lost in my own world,  
lost without a trace.

If you could see into my head,  
if thoughts we're things to see,  
you would know how much i care for you  
and how much you mean to me.

The joy you bring to me,  
when i look into your eyes,  
makes me feel as if,  
you we're an angel in disguise.

I thank you for the moments,  
we have shared together,  
and my only wish would be,  
that this love will last forever.

# Sunset

As I watch the sunset passing by,  
I see a twinkle in your eye,  
is it a tear which I cannot see?  
Or are you just happy to be here with me?  
We sit here side by side hand in hand,  
as we slowly lie down in the sand,  
not thinking about what's to come tomorrow,  
we slowly fall asleep without thinking of our sorrow.  
The morning sun opens our eyes,  
as I finally soon realize,  
how lucky I am to have you here with me,  
to cherish this wonderful memory.  
I hold you in my arms so tight,  
As I soon see the sun ray's light,  
slowly going on to you,  
I've finally realized I've fallen in love with you.

# Sweet Embrace

If I could write a song,  
I'd write one everyday,  
I would say how much I like you,  
And why I feel this way.

I'd say your your pretty and talented  
As not every girl can be,  
You're smart, and lovely,  
And you mean everything to me.

The smile you give me,  
Is filled with your embrace,  
You make me feel special,  
With one look from your beautiful face.

Being with you,  
Makes me forget my sorrow,  
Nothing hurts when I know,  
You will be here tomorrow.

I will do what ever it takes,  
To keep us together,  
No matter what challenges we face,  
I want you forever.

# The Closed Door

All the promises that you shattered,  
Pieces of my heart lay scattered,  
Amongst the cold damp floor,  
Facing a now closed door.

The key remains unfound,  
For I do not make a sound,  
As the blue sky disappears,  
Leaving me with only tears.

Memories shall forever remain,  
As Though I feel unwilling pain,  
Leaving me with dark skies,  
Only to hear my heartfelt cries.

Hope whispers within the distance,  
For I no longer desire your existence,  
I stand strong on my own,  
Now that I realize what I should have known.

The key now lies in my hand,  
For now I truly understand,  
This experience was a life lesson learned,  
And a growth forever earned.

The Light that was lost now seemed to have spoken,  
The heart that was torn is no longer broken,  
As I open the door to a brand new chapter,  
To realize what it is I am truly after.

# Things About You

The wonderful things about you,  
Are like a piece of art,  
But nothing is more creative,  
Then your beautiful heart.

Even if you were a painting,  
Nothing could express,  
That beauty deep inside you,  
Nothing else and nothing less.

If I would try and draw you,  
I could never make a mistake,  
Because you are like an angel,  
That I would have been happy to have drew.

Your heart is like a piece of gold,  
Always warm but never cold,  
I am an artist with feelings beyond the imagination,  
But my love for you is bigger then this wonderful sensation.

# Time Of Dying

In this bed I lay,  
Frozen in pain,  
I soon realize,  
I'm going insane.

Scared of my own death,  
And losing you,  
Losing everything,  
After all we've been through.

Feels like everyday,  
Is all the same,  
My journey ends here,  
I will die in shame.

Reliving the moments,  
We have spent together,  
Makes me feel like our love,  
Will last Forever.

When I'm with you,  
I feel like crying,  
These are the last moments together,  
In my time of dying.

# Treasure

I gazed into your eyes,  
Such a beautiful blue,  
My heart beating fast,  
Right then I knew.

Sitting down by you,  
The waves ceased at our feet,  
Looking at you,  
My search was finally complete.

Feelings that we're hidden,  
Are now expressed to you,  
You made my world,  
Suddenly turn blue.

I finally discovered  
What I'd known all along  
A mystery uncovered,  
That just couldn't be wrong.

Looking at the sky,  
And the stars above,  
The feeling I now experienced,  
Was called love.

The key I hold,  
Is filled with pleasure,  
Because you are,  
My simple treasure.

# When Im With You

When I'm with you,  
everything goes away,  
my love continues to grow,  
with each passing day.

The love that you give me,  
I cherish in my soul,  
and with your love,  
you fill out my empty hole.

You are the treasure,  
that holds the key,  
to make us one part,  
and they key to my heart.

In all the girls I've ever met,  
you are the only one I could never forget,  
god knew I would love you best,  
that's why he chose you from all the rest.
