# Beats Everywhere

Do you hear the sound  
The silent beats  
As people move their feets  
None take a seat  
For today is the night of feast.

# Coins

Do you hear the sound  
Thumpin on the ground  
Something has been found  
It is round

What can it be  
It is something i have not seen  
Thick as a bean

A face on the front  
Looking strict and bunt  
staring like a runt

What could it be  
What could it be  
? ? ? ? ? ? ? ?

# Running Away

Walking through the rain  
Taking all the pain  
Looking insane

I don't know what to do  
I don't know what to do

I take all the sorrow  
And the stuff it will bring me tomorrow

I try not to look back  
I've got my pack
