I didn't really get into poetry and writing until 8th grade english. Now I do it all the time because it's not only something I love, but it's a REALLY good way to vent my feelings. I've been doing dance ever since kindergarten and so that has always been a passion for me, along with acting and singing. Throw me up on stage or give me a good book to read, haha or writing contest and I'll be completely in my comfort zone!

Facade

4th day of insanity
rocking towards the brink of destruction

Longing

A row of sparkling white teeth revealed
Gleaming eyes settle on my face
Pride is worn on her visage
Red underlines my russet cheeks

My Future

Someday I'll be known globaly
I'll travel to every last place of this beautiful earth
My eyes will collide with the sandy climate of Istanbul
My skin will shy away from the beaming heat in India
My lungs will give out from swimming off the shores of Jamaica
Maybe I'll open up hospitals in Kenya
Maybe build more ophanges in China
Or add on more nursies in Russia
No matter what I end up doing
I'm going to see the world and make a difference
