I have waited
One aeon...

Angel In My Dreams

Angel in my dreams
An angel of me...was having left me so far....
While she is try to settle in natural phenomena
mmmmmm.....
She has found new love on her...
But me... still alone
Still waiting...
I want to change the time... line of my destiny
And....
I want to take her around me...
But all that's in my dreams
Hence...
I am not a master piece maker or scientist
I couldn't make a time machine for go back in many years
And go forth to many yeas with her...
I only know that....
I love her and I will love her for ever
Until...
I find her in next soul
In that day may she know that....
I still love my angel of dreams...

As An Earthly Man...

The tiny my self
Grown too big...
By help of
My Mother and Father...
The souls of parents
Let me study
Let me love
Let me....learn
Let me know
What the love is really mean
Today as a growth Man
I enjoy sun... moon... and... Stars
Hence... parents bring me to here...
To mother earth....
Thanks for the All things...
So...
As I was today as an earthly man...
I want to say...
For My Lovely Mom and Dad....

At Ocean Of On-Line....

Looking for you
Every where....
From a far away land....
Dive in to the ocean of web
For find you.... ultimately....
On-line is empty....☐
You're not there....
You have erased....
Diaries which I cherish....
Which I love....
Darling....
Make me blue....
Meet me again

Cunning Linguist

There was a time
I love you truly
I love you deeply
I love you madly
But....
It has come to end
It has come to over
Hence I finally found that
You don't hear me
You don't know me
You don't remember me
Dear love
Dear Angel
I knew...
That you yearn for forget me
You crave for leave me
It's ok...I expect...
Nothing will be staying forever....
But Before you leave
After all...
I want to say something to you
I will never for get...
Cunning linguist of you
You're clever
You're singer
You having wrote first love song
In my heart with your
Cunning linguist....
Don't play
With Another.....
Hence....
Tender hearts...
Are Paining!

Emmy's World

Emmey's... she is kind(working at Ritz Carlton) lady who love deeply to her husband Ariel and Daughter Ela(10 years old) I am dedicating this poems to emmy's and family...(29-9-2010)

Emmy's world

Days are gone...
How many...?
Hundred days
May be...
Thousand days
May be...
I feel I am alone at far away land
Million years...
One aeon...
I am apart from my husband
I am apart from my loving Daughter
Lovely both of you at matter of distance
Distance that I couldn't control
Am I unfortunate?
Feel that some time...
Matter of my carrier aspiration
Matter of economy...
Bring me here
At far away land
I am mother...
I need your kisses, love, warmth...
Warmth of my Angel daughter
mmm.....
Why not?
Smile of my husband
And his love and hugs too...
Wonder can I kiss my Daughter?
Can I hug my husband?
Angels are Know...

I am at a far away land...
Matter of distance...
Couldn't share my love and all...
Sending a kisses...
Sending a kisses and love
Through mountain
Through ocean
And stars...
Dreaming...
I say!
I love both of you...
Sending a kisses, love and roses
Forever and forever
Until I meet you
Again...
Until...We meet at
Home sweet home
I am your mom...
I am your sweetie...
Emmy...

Feels Like You...Feels Like First

It's very hard to find...
Someone me to love with
All the other angels are around me...
Feels like strangers for me
I need to find someone like You, , ,
But I know that it's true
No one else feels like you...

Dear...angel.....
Dear dreams...
Dear girl...
Dear princess....
I need to find someone like you...

For sure...for ever...
No way for that...
feels like you...

Please can you tell me?
The way to find feels like you.....
Hence...
Sinner like me...
Still need
...still love...
...to...
find feels like you

you know that....
I saw you first...
I loved you first...
I kissed you first...
I hug you first...
So i need to find you..
...Again...
For feels.... like first.....

For Sure... For Ever...

In this fashionable world
I am nothing to you...
In your fashionable day
I am nothing to you.
In your fashionable life
I am nothing to you.
In your fashionable dream
I am nothing to you.

But.....

I know one thing...

For sure...

For ever...

That...

In your secret love
In your secret Dreams
You still love me
And, Remember me...

I still love you as I before did...

Be in love with you forever.....

Friends

Sometime I often worry that
Some friends will never meet again
Yes...
That is true...
I have lost beautiful many friends
Along the way of my destiny
I have been dreaming, thinking, remembering
Of my old friends
Who left me far behind their own destiny
But somehow...
I met you again with more confidence
Of that I will never lose friendship again....
I am not a master poet that to write about your friendship
But I Just wants to let you know...
Our childhood was fulfilling with happy times....
Now we are grown older and we have our own fate to enjoy
In coming events of our life's
We can greet each other and share our true, kind and magical wish
For being success of each other...

Friends are flowers for the Life!

Front Of The Colour Of Friendship

We met each other at early age of in our life

I knew...

We are the friends that never been apart

Once I wonder why...

Nobody wants to see us together

But...

We played together.

We loved each other.

We cherished each other

Our friend ship was real for us

Many are said that.

They will never win their friend ship

Because it's fragile

They don't... The enemy

They will be never know

What does mean true closeness?

I asked...

What does mean unconditional love?

Is that mean been together

Is that been apart?

Does that hate each other?

Is that marrying each other?

No...No...No....

Loving,

Caring,

Understanding,

Knowing,

Forgiving,

Helping,

Assisting is the golden rule of friendship

We are following the golden rule

We won the our friendship

The enemy they failed

Front of the colour friendship

We are friends
Again.....

Forever and forever...

Palitha Ariyaratna

Hope....

Remember the time
I was with you
At my very young time
We would play together
Walk together...
Hug together...
Our young time was a beautiful dream
Our young time is a precious gift...
Giving by our fate
Ohh.. Lovely...
I remember...
How pure was it...
your face and beauty
We lived at a palace of the same hope,
Same dreams....,
There is no difference
But...
Now you're at another palace...
Miracle having welcomed you
You having been gone...
It's so far...
Still...
I am at my old palace
Waiting for you
Waiting for you to hug me
Waiting for you to love me
I am still waiting...
With my old time...
With Bunch of red roses
and....
hope....

This poem attract to the who has lost love

I Am A Desert Dog

There is gang of Dogs Near our villas. I took pictures of lovely pet that's on the top of the grass areas, their born in a desert, hard life than our pet at home countries

I am a desert dog

No one help me to have my food
No one help me to bath
I was born in a desert
My living place is a Desert
That s and extremely hot
Have a several names
Names are spell by crossing peoples
Sometime I am afraid
They, the people said municipality truck will pick me up
Matter of hygiene
Matter of spread germs
But I was not a germ
I was not a dirty
I am clean
I am bubbling in a sun
My mother clean me by her tongue
We don't have taps
We don't have homes□
We don't have a food
Sometimes...I am lucky
Kinds hearted gave us a food
Some time water too
Take my picture I am a puppy
They love me
But...
However I want to say...
I....
eee..
Thee...
I am a desert dog

I Am Dying...

living with broken heart is the most hardest things....no chance of survival...

I am dying...

You remember how I love you
You remember how I kiss you
I remember how you love me
I remember how you kiss me
But....
Finally....
You leave me....
In a place at nowhere
I am stuck
Couldn't imagine
Couldn't dream
All kisses has dry
All memories become a still
Now I am at dark moment
Young life is over
No more blues
No more kisses
I am freezing
Afraid...
Think where has to go?
Think where is true love?
Hey! You...
My love...
You have leaved me in pain
You have leaved me in dying
Now...
I am live with broken heart
Time is short
I am dying...

Infinity Of Time

The angels saying...
They came from above
andheaven
but....
what about my angel...?
She is not by heaven and above...
And... she is very ordinary too...
But...
She is an angel for me...
My doubt is where is heaven?
Are all the angels are from heaven?
Or.....neither from any where?
Is all the angels are at another galaxy?
Or they are hide....
it could be....
But...
I am sure my angel is came from ...
Stars around me.....
and...
She is for me.....
in a....
Infinity of time...

Infinity Of Time And Souls

Its amazing in universal manner all things getting old and we may gone through incarnation but the love we shared or the first look that seen in our eyes are never change. After we died we may follow each one as a soul mate or as soul group... (this is and quick poem that I wrote while I am having a small brake form my duty,19-06-2009)

Infinity of time and souls

Counting the days...
Counting the weeks...
Counting the years...
I am towards aging...
By seconds by seconds
But...
My love to you is still young
Still pure as a the first day we met
My sweet heart...remember that
At the face of death
I still love you...
And remember you
so It's sure...that
I will follow you behind in the infinity of time and souls

Its Kills Me

Every moment...
Every second...
I am thinking of you
I couldn't find....the way for...
Take you return....
Wonder.... that do you like to come for me...
Do you love me still...?

Love... not mean have you back here...
Love... not mean that we are together again...
Love...in this face... means that you remember me...
That you hug me in your dreams...
That you wondering in your dreams...
That you Worrying in your days...
That you think to change everything...
That you try to find way of return
That you feel as a loser...

Hope...
Not to force you because I love you...
Hope to find the dream route...
That led to you
That I can find you
That I can hug you
That I can kiss you
That I can come to you...
I love you so much...
...I am tired...
I am frustrated...

...Dear love...
...I am missing you...
...In endless time...
...in endless days...
...in endless space....
...in endless souls...
It's so hurt...
It hurt me deep...
It kills me...

Journey Of Honeymoon

They are passing their middle age...

But...

They stick together

Never having thoughts of separate

It's amazing...

They are at journey of honeymoon

Yes...

In a faraway land

In a hotel

In another country....

This is and honeymoon of late years

The lady at the sun beds

She is a sun worshipper

The man at shade

The dark worshipper

I saw a mix of cool and hot...

The dark worshipper... the man

The light worshipper... the lady

They are in love...

They are together...

Mix of fantastic...

Loving at old age...

Honey moon at old age...

Honey moon for bound to be forever

Lifeguards

Happiness and security
For peoples is what all of us wants
However...
The uncertainties
In life,
In events,
In Actions,
In judgement,
In assuming,
In Suspect,
In guessing,
In accident,
Often worry us....
Uncertainties...Are always
Making and Cause anxiety...
Cause in ability...
While....We are
Provide care for casualty
But...
By been vigilance
By recognise casualty
By sign and symptoms
We care for others...
Worries
Injury...
and commas
We are secure
We are ensure
Some one life's flows
We are sacrifice our life for other to be survive
The thought of unfortunate events
Emergency...
Heart attack
Cardiac arrest
burns
Broken born
Spinal injury
Drowning
Will not happen

Will not affect
Will not harm more
If.....We are around...
.....Usually.....
By our observation
By our Supervision
We can provide Care
modest first aid
and...
Do water rescue....
Your lives are not affected
If there is lifeguards!

Longest Travelled Picture Album In The World

As for unidentified universal reason lovers cannot throw out their memories or pictures hold up with memories...

Longest travelled picture album in the world

Sweet of you
Sweet of your face
Sweet of your pictures
Travel with me
So far...
So distance...
Thousand miles...
By the Air...
By the space....
Above Mountains and hills...
Above anything within my heart...
Cross many countries...
Until today...
Even you forget me
Even you not love me
Even you not memorise me
By hiding in my baggage
By hiding in my heart
Picture of your album
Still with me...

Mysterious Life At Bay Of Bitter

He is very kind and he has come far to see his dream
But his fortune cannot defend him to his desire
The goal of his life
The goal of his dream
The taste of his desire
Now at bay of bitter
We couldn't help him
We are helpless...
Still he loves her
Still he is dreaming about her
He still see her as an angel of his dreams
Wasting his own life time
Suffering...
Confusing...
Frustrating...
Lonely...
Dishearten...
Ignoring...
After looking...
Having been his own dream
We, I see how the man of fate...is
He still loves dirt...
He still loves his dreams
He still love his girl of angel
Trying to discourage him
Trying to tell not go for afterwards
But we couldn't
He says.....
I still love dirt on her
Finally...
We, I said...
He is the friend who is having
Mysterious life...

Nothing To Write

Nothing to write
Nothing to think
I am stuck
I am frustrate
I am still
Have to leave
But....
I am wonder
Where those angels are
Say that
I will see
My beautiful love
Nothing has change
In The Absent of your face
Time is passing
Sacrificing
Alone
Waiting with belief
Until I see you again
In next soul.....

Our Heroes

your strength was easy to see
it gave courage to everyone... including me.
a nasty LTTE which brings fear and fright
involving many sleepless nights
I wished it would just go away from now
beside scarifies your life us to leave happy
the reality is... you're a survivor... with the fight to live
using all available gifts and blessing of triple gems
you're our heroes we say with pride
thankful... to walk by your side
As children before you we fantasized about being
Superman... Captains majors, Diyasena and Konappu Bandara...
or maybe even the Karate Kid,
but for everything they accomplished
it's nothing compared to what you did
And remember everything you've been through
You're a gift that we having been received from our good Karma
showing us the battle against LTTE cancer, mongolism, Muder, war could be won
because of combatant like you
I, we Thanks for every thing you did to protect our Mother Lanka- helabima..

Our Leaving Friends

This poem Dedicated to the Mihaela at the Ritz Carlton who is generating this genuine thoughts in my mind by questioning about weird and wonderful peoples....

Our Leaving friends

I am at a high way
Towards destination
Cars, Lorries, Jeeps
Peoples, building
Peoples are silent
As quit as...
Driver is concentration
As he drives...
Something wrong
Not our journey
The way peoples are behave
In modern world
Smile has been gone away
Peoples...
Always busy with individuality
They...The peoples are
Call it decentness
Listen to iPod...
Looking far out from the window
Husband and wife
In silent mood...
Children are playing computer games
In corner of the bus
A frustrated man
Sitting and look up and down
I think...
What happen?
What happen to the humanity?
Where are our beautiful smiles?
Where those our magical and caring chat?
They has leaving us?

The Chat and smile
At the modern world?

Sunday, Monday, Yesterday

Today is Sunday
I wonder about yesterday....

Sunday, Monday, Yesterday,
I am alone...
Just passing the days without you
Solid rhythm in my heart...
Its paining...

Sunday, Monday, Yesterday
I am without you...
No one to loving with...
Can't expect someone
Expect only you...

Sunday, Monday, Yesterday
I am at silent age
You're not here...
Hey darling...
Run to me...hold me...
Sunday, Monday, Yesterday
I am without you..

The Memories

Last forever you're
Remember in my heart...

I cannot forget you....

The pain that I suffer
Could not measure...
You may imagine...
You may think...
You may decide...
That the person like you is easy to forget

NO....Darling...

The precious love you gave to me
The precious kisses are left with me
Remember forever....

Leaving me is...your love
Changing the phenomena of life is your love

But...nothing can bother my love to you
Fact of your memories is with me
I love my past...
I love you
And

The Scent Of You

when you remember the scent of your loved one...

The scent of you

See your picture at
It couldn't help to touch you
See your beauty at face book
That I cannot add you
See your profile with Mutual Friend
But I cannot reach you
I am at serious sensation
Heart burning.....
Paining...
Feeling frustrated
Feeling of something lost
Lost for ever...
Want to have you near...
Want to change the time
Want to change the destiny
Want to change every thing
Like....to
Travel in time?
Not forth...
Backward?
Hence I love past...
Where I belongs to you...
Where you crying on my lap
Where you love me true...
Where you want to see me every day
Where you want hold me
Where I am became a hero to you
Where I can give red and yellow flowers
Where I can kiss you as the way I love it
Where I am a your fiancé
Days, Weeks,
Years, Silent,
Dark Nights,

Neon stars,
Toxic flame,
World end,
Lost, Alone,
Still...
Think in passive....
I commit to memory one thing
That I cannot predict...
That I cannot forget for ever
Mix of happy and blues
Yes...
I still remember...
The scent of you
I am Not Alone...
I have still you within
The Scent of you

Time To Time

Don't know the reason to be together in different phenomena of life but we are endlessly together....

Time to Time

There was a time
That I am with you...

There was a time
That I am without you...

There was a time
That you love me...

There was a time
That you leave me...

There was a time
That you need me...

There was a time
That you hate me...

There was a time
That you hug me...

There was a time
That you push me...

There was a time
That you kiss me...

There was a time
That you feel me
Hey sweetheart!

Time to time...

I am endlessly with you....

Why? I love my angel of dreams...

But...
What she done is it a mistake?
Her mistake been fatal incident to me
I am living in a critical point life

Palitha Ariyarathna

Until You Understand

Feeling of wants to know that someone understands you..... as you....

Every things is silent
I am thinking of you...
The moon....
The star...
Dark night
I want to say some things to you
But....
My heart is silent
Nothing....
Feeling of emptiness
Felling of loneliness
You have left me so far
And faraway...
I am alone...
I knew you're never come back
But I am waiting...
Waiting in the still moment
Yes...Endlessly....
Thinking about the time
Past... present... future
I am alone...
You have gone...
Gone forever
It's injured my heart
No one can heal
But sure I am waiting
Until you understand
And say....
That you know....
I loved you true...

Where My Love Is?

thinking about the light years distance and earthly distance

Where my love is?

Wonder where my love is?

Wonder what she doing?

I am at Milky Way...

Millions of stars....

Million of galaxies...

Far distance...

Light years...

May She is far away

Or closer....

So...

I wonder....

forever and ever

Where my love is?

Where Your First Rose?

Someone use to remember loved once after many years (first rose-First love) that we never forget. Looking for it again hence nothing can accomplishes first love. Time has changed every things...

Where your first rose?

Where your first rose?
I know you looking for it
But you cannot find...

Where your first rose?
I know you having forget it
Somewhere that you don't know...

Where your first rose?
Hiding some where
You cannot ever reach...

Where your first rose?
Beneath someone heart
That you don't know the person...

Where your first rose?
That cherish for ever
You forget to rescue it...

Where your first rose?
That you need to smell it
But you didn't...

Where your first rose?
Smell like angels perfume
You once smell...

Where your first rose?
That you looking every where
Run away from you...

Where your first rose?
That born together in every soul
But you chased away...

Where your first rose?
That gives you happiness
Forever and forever...

Where your first rose?
That you kissed it every day
When you have it...

Where your first rose?
That you still looking for it
After many years left by...

Where your first rose?
That gives you every thing
Warm, happiness and true love...

Where your first rose?
That only dedicated you
By a true angel on earth...

Where your first rose?
You will have it never
Again with jealous eyes...

Where your first rose?
That gives to you
Behalf of true love...

Where your first rose?
That's become a disappear
After you say no...

Where your first rose?
That has an ocean deep of value
You value it forever...

Where your first rose?

Away from you now
That's you call every day...

Where your first rose?
You call by dreams
But really cannot touch...

Where your first rose?
You call by name
But didn't hear your voice...

Where your first rose?
Whispering with you
Every nights and days...

Where your first rose?
That sung a songs ever nights
To lullaby...

Where your first rose?
That you don't know

where its still...

That's with me

Why I Love You Still

imagination and feeling of love that missed, is she still remember me?
why I love you still? She know answer....

why I love you still

Thinking about the time
That I am with you
My feelings is bad
My heart is paining
Crying inside....
No words....
Frustration....
Hard time....
Deep concentration...
Breath hold....
Paining....
I love you still
But....
You have leave me....
You have gone....
Beautiful memories,
The blue shadow of you
Still beside me...
I love you....
Come to me....
Care for me....
Hug me....
I am yours
Yours only....
I want to be with you
Did I did any things bad to you?
Did I ever ignore you?
Did I forget you?
Did I not loved you?
Endless waiting.....
Sacrifice life....
Sacrifice life for you

can I ask one question?
you know answer....
tell me why?
I love you still...

Wish I Could Be A Rain

The grate feelings of
That I want to spend my life time with you
And...
The....unending my love on you
And...
The feeling of that missing you...
Force me to be a witch of rain
If I am the rain drops that slip down you face
I can feel hot and smooth feeling that I never want to miss
And...Never want to forget...
Remember.....
When raining...
And...Know.....
I am the rain drops that drifts down your face and rosy cheeks
I want to kiss you slickly
I want to make me hot...
.....
I want to kiss you by every rain drops
.....
You never know.....
That I love to be a rain drops that...
Falling on your face...
.....
In dark night and days
Hence....
Want to kiss you secretly...!

Wish If Myself Been Blind And Deaf...

Since you're gone
There isn't way for my life
At Every moment
Try to find the way that I can forget you

Some times

It's really...that I feel
Need to forget you
Need to forget your smile
Need to forget your love

But I couldn't

Oh my love!
Oh my darling!
Tell me the way
Tell me some things that
Can heal my soul
Can heal my heart

Your silent is killing me

Look at me once
Love me true

You're silent...

for....

Caught the pain

Wish if myself is been
Blind and deaf...

Love you until have you again

Working Heaven

Some times
The labours
Are...
Travel thousand f miles
Out from their home
For...
Find their fantasy job
Good salary
Good company
Good accommodations
International labour rights
Insurance
Medical
Labour court...
Government...
They have...
Yes the workers
Have every aspect of labour needs
Whatever around...
Whatever does...?
Whatever might be?
Labours are ready for work
Labours are ready for work
But.....
Bosses are demon
Bosses are mad
Bosses are cynical
Bosses are mentally ill
Bosses are ruining the labours rights
Demanding for the job never no and never do...
Yes....
Demanding for the become a slave
Yes...
Work slave.....
Labours are frighten
Labours are angry
Labours are un-stable
The good company
Become a bad company

The good job
Become a job that in hell
Wrong bosses are ruining every thing...
The labours are think
Once, twice...three wise...
They couldn't think more...
They remember....
The heaven friends with them
Yes... the mangers are with them
Find the differences....
The different between
Bosses and mangers...
Lack of education
Lack of knowledge
Loose the team work...
Spell bound...
Between...labours and bosses
The world, the heaven, the job, the company
Is a hell...? Hell that exits in the world....
While these things happen....
I am stand still....
Watching them
Watching over the groups
What exact cause....
I found the answer
Yes....
Different...between
Heaven and company
I may say....!
Hey labours.....!
In true heaven
You're not working....
At heaven there is haven't business
Just to do.....
Staying, make friends, enjoying, share your love
Try to speak for your self...
Tell your matter to the mangers
Not for bosses...
Remember....
Argument becomes
Because of....
Wrong theory

Wrong perception
Wrong orientation
I ask aging from all
Don't forget the real meaning of...
Working heaven....
Just protect your rights...
Try to bring power of justice and law....

You're A Dream

You're a dream

You're a dream
That I cannot reach

You're a dream
That I cannot touch

You're a dream
That I cannot hug

You're a dream
That I cannot have

You're a dream
That I cannot forget

You're a dream
That I never want to miss

You're My Friend

The girl
Who is...?
Fancy to win the power
She has....
Kind and nice heart
Moral and energetic rhythm in life
Neat and Pleasant day calendar
Lovely and no boring face
Energetic to see

People say...
She looks.... sexy
I say she is...
But...
Defendable
Decency always her manner

Trust her will power
No lazy
No sleepy
Does any one know...?
Who she is?
She is Mary ann Nillas
Your friendship written in a book of my heart

You're The Teacher Of My Love

Before I met you
I didn't know exactly that what the true love was mean
I start the first love affair with you
Amazing that true love was noting expecting back
Can't even imagine your love was meaning to me lot...

I loved you true...
You loved me true...

Our unconditional love was real
The true love that in my heart is taught by you
I can't change the my love for you
There is no other way...than waiting and hoping..

I love you true...

Any way...

Let me know
If you want
If you need
How I can change my love for you...
I can't cheat on true love
You're the teacher of my love

From this poem I try harder to point out how first love was mean to an important person, may it contain my personal feelings. Missing a true love will remain in your heart until the times end.
