## Pamela Mote(November 14,1989)

# All I Want

I just need you to know  
That I can be that girl that loves you so  
Just say the word  
I'll be glad to give you my all  
You are all I want  
Since we're friends, what can I do?  
All I can say is that I care for you  
Whenever you're sad and feeling low  
I want to be the one that you lean on  
I want to be all you want  
Because you are all I want  
That dorky laugh of yours makes my day  
Your handsome smile makes me feel okay  
I never want to see you frown  
I always want you around  
Because you are all I want

Pamela Mote

# Alone

Alone

The only person here is I

All Alone

The not firm tears roll down

I look out into the confused world

The world passes this insecure person by

I try to sing a song of bliss

In hopes it will bring me out of my sorrowfulness

Somedays I choose to be alone

No one seems to understand this sometimes foolish person

Alone, I guess, is how I need to be

I will never understand it

Even though I will question it

All alone

Just alone

No one to talk to of what I am feeling from within

Pamela Mote

# Away From Me

As I lower my head  
The words have no meaning  
They have no saying  
This happens again and again  
I thought something could have happened  
But the dream ended  
He slowly drifted away  
Away from me

Pamela Mote

# Bad Dream

Oh I will say such stupid things  
To push you away  
But deep inside  
I want you to stay  
To keep me smiling  
And to make me feel okay  
Come and talk to me  
Fill me up with your happiness  
I long to be with you  
Bring me closer to your chest  
The sound of your heartbeat makes me weak  
I am sorry  
I do not want to hurt you  
I never meant to hurt you  
All I wanted was you  
But instead I drove you away  
God wake me up today  
This has to be a bad dream  
I think I lost the one person that cared so deeply for me

Pamela Mote

# Concealed Desire

How can I put into words  
This sensibility I feel?  
Because for a while I have remained silent  
And now it's hard to reveal  
The source of my emotions beats slowly for you  
I sit here now inactive, having in mind you and only you  
My tomorrow will reside in low spirits  
You will not have one clue  
There is no way for me to completely express in words  
The way I feel for you

Pamela Mote

# Consolation

I stay wanting to never leave  
From the presence of the Supreme Being  
Though I feel like crying  
I ask that HE comfort me  
HE is my only strength  
Please always be near me

Pamela Mote

# Damaged

I stand thinking of you  
Waiting for you  
And I don't understand  
I just want to cry  
I look up into the sky  
I want so badly to scream your name out loud  
Would you come to me?  
Would you stay and see,  
What you have done to me?  
I've come to find that  
I'm addicted to you and I can't handle it  
This feeling is so hard to control  
And I don't know what else to say  
Or how to act  
You've taken my soul  
I sit here crying  
You are still on my mind  
I sit here broken  
I look up into the sky

Pamela Mote

# Deep Thought

I wish it could be simple  
Why do I make things so complicated?  
I sit down in deep thought  
With you running through my head  
My feelings come and go  
I need to get in line  
Each day for you they grow  
And it's starting to creep from the inside to out  
How will I ever tell you?  
I don't mean to be so resentful  
Sometimes, it just seems to be the right thing to do  
But later on I regret it  
I continue to sit in deep thought  
My heart hits the floor  
It's so impossible to let you go  
Each day I love you more and more

Pamela Mote

# Dissed

I am quiet  
The clock is slow  
The teacher talks fast  
I inhale then exhale

I am anxious  
The clock moves faster  
The teacher is writing on the board  
I inhale then exhale

I am excited  
The bell is about to ring  
The teacher gives the homework assignment  
I inhale then exhale slowly

I am nervous  
The bell has finally rung  
I walk out of class heading in his direction  
I can barely breathe now

I am brave  
I wait for him to walk my way  
He sees me, I open my mouth, but he walks in the opposite direction  
I am left motionless

Pamela Mote

# Don'T

I don't want to see you  
I don't want to hear your voice  
Just turn the other way  
It will be the best thing  
I don't want you to talk to me  
And I don't want to touch your hand  
The air between us has burned away  
And I wish you would just evaporate  
Don't look at me  
Don't give me the smile  
That everyone compliments you about  
Don't call me your friend  
So awkward, I wish it would end  
Look at how I am acting  
Do you think I want you to come closer?  
Don't  
Just leave me alone

Pamela Mote

# Dont Contemplate

You can see the traces of my tears  
That is why you remain over there  
Your hands don't deserve to touch this face  
Because you'd leave a mark bigger than the tears have traced  
I don't need your comfort  
I don't need your effective words  
I just need you to get away  
Dont contemplate  
There have been times you have embarrassed me  
No one knew, only I could see  
I've been made a fool  
All because I cared for you  
And I know I can't keep you around  
You eventually bring me down  
Don't try to make it better  
Your presence will make it even worser  
Don't try to contemplate  
I want you to stay away

Pamela Mote

# Fallen And Lost

I do not know what it is about you boy  
But I will tell you, it is not good at all  
Just a touch gets me aroused by you  
I have fallen and I am lost  
You are the same like all the other dogs  
But you are at my every call  
This can not be true  
The things that you do  
And how you are still with her  
How could I have fallen and gotten so lost?  
I am smiling but at the same time it hurts  
How did this all start?

Pamela Mote

# Fantasy

Kiss me softly  
And rub your hands all over my body  
Whisper you love me  
And pull me closer  
Lay me down gently  
I am giving myself to you  
Don't hurt me, just love me  
Do what you want to do  
Do what you want to do  
Let me kiss your lips with my tongue  
Rub your hands through my hair  
Hear me moan  
Squeeze me tighter  
Give me you  
I want to love you  
Your body on my body  
Do what you want to do

Pamela Mote

# Fondness

Put your hands into mine  
Let us become one  
Come closer and look into my eyes  
It is you I wanna love  
What is it about you  
That makes me smile from ear to ear?  
Your words stick to me like glue  
But I wish things could be clearer  
Just tell me what you really feel  
Don't tell me what I wanna hear  
I could love you  
Could you do the same to me?  
What is it about you  
That makes me want to stay up late at night?  
Your words stick to me like glue  
I hope they're not lies  
If I give myself to you  
What could you do?  
Because I can truly say I will love you  
Will you do the same to me?

Pamela Mote

# Friday

I got some sad news today  
I heard a friend of mine passed away  
But even before I knew  
I was already feeling blue  
There was an emptiness in me deep inside  
And for some reason, I desperately wanted to cry  
Now I am thinking of my friend  
Of how his life has come to an end  
Death can come anytime  
I just hope it does not come for me tonight  
Because my destination is hell  
I know very well

Pamela Mote

# Heartbroken

Just like the flower  
That is lying on my desk  
I am slowly dieing  
With each and every breath  
Once again you have wounded me  
I am left without your concern  
I am confused and unhappy  
You are not who I thought you were  
So where do I go from here?  
I wonder all night long  
I have to remember that we are just friends  
I guess I will remain heartbroken

Pamela Mote

# He's Just A Boy

He's just a boy  
He doesn't take heed to my feelings  
But still I want him more  
When he's next to me  
I hate him so much  
But I can't seem to let him go  
I hate his touch  
Even though my heart takes hold  
He's just a boy  
Sometimes a friend  
The one I love  
The sweetest sin  
He's a flirt  
And I get so jealous  
Everyday it hurts  
Because I know he doesn't want me  
He's just a boy  
He's like all the rest  
But he's the one I love  
He's the one I miss  
Sometimes, he's not just a boy

Pamela Mote

# I Lost You

When I set it down  
I should of thought twice  
I lost you long before this time  
So why do you keep fighting?  
You walked away  
As if I was no one  
Your face I don't see  
Tell me, where are you hiding?  
Do you really want to stay away from me?  
I put myself out there, for you  
But you did not care  
I can't say I lost you  
Because I never had you  
The day will come when we will  
Have to speak, but until  
Then, know that you created this scar  
For you, it was so hard  
Away, you stayed so far  
I lost you  
But I know I never really knew you

Pamela Mote

# I Need You

I need to see you  
And know that you are okay  
Tell me what I need to do  
There's so much I want to say  
Is there something on your mind?  
You can tell me anything  
I think of you all the time  
Just come and talk to me  
I need to talk to you  
I care for you a lot  
The reason why I am blue  
Is because you are not around  
Forever be my friend  
For you I will try to be there  
Forgive me if I tend  
If I tend to be so unfair and not care  
Because in the end, I need to see you  
In the end, I need to talk to you  
I need you

Pamela Mote

# I Refuse

I'm left here with just myself  
You've gone on and had your fun  
What am I suppose to do now,  
Run to you and say that you are the one?  
Well, I won't take that route  
I refuse to let you get the best of me  
If you can't even stay around  
Then just leave me be  
I don't have time to play anymore games  
I said how I felt and it is the truth  
I guess things are going to change  
You go on and do you  
Because I refuse to go back to you  
I can forget everything that happened  
I know you can do the same also  
The time when we were friends  
It meant nothing I know  
I'm left shaking my head  
I walk on where I need to be  
The things that you said  
They blow away in the wind  
Lost memories we had no time to hold  
And I refuse to go back  
We both let each other go

Pamela Mote

# I Want You

Look behind you  
I am finally here  
Have you been waiting for me?  
Or is it just a dream?  
Wait, give me time to explain  
My heart for you is panting  
I am so high on you  
When I came down, there was nothing I could do  
I want you  
Your eyes, they draw me in  
I can not help it  
I am addicted to you  
What can I do for us to be more than friends?

Pamela Mote

# I Was Hurting

You looked into my eyes  
Before I started to leave  
You didn't bother to question why  
You didn't seem to care about me  
My feelings showed all over my face  
You were blind to notice  
And when I finally walked away  
I was hurting  
But my heart didn't hit the ground  
My tears didn't roll down  
My hands didn't slap your face  
Instead I smiled and walked away  
I couldn't say the words  
Besides, you already heard them before  
I don't regret feeling what I felt for you  
It was all I could do  
I realize its not meant to be  
I'm not the one for you  
But in the end, I wish you were the one for me  
I hid the pain that tore at my body  
I hid the tears that overwhelmed me  
I wanted to touch you  
But that touch would have burned me  
You very well knew  
I was hurting

Pamela Mote

# I Will Pass You By

Last night you were on my mind  
And I was afraid to call you  
It seems lately I have been drowned in my insecurities  
I do not know what else to do  
I will just pass you by and ignore the situation  
Just look at me  
We can never be  
So, I do not know why I waste my time  
I will just pass you by  
The shame, the pain, the ugly  
Do you really want to know me?  
Don't you know that there is a frown behind this fake smile?  
I get so close to you and then I run away  
Because all I see is an illusion  
I can not mess with you anymore  
How can you stand my presence?  
Wanting to scream I hide and I can't say hi  
I will just pass you by  
I will just let you slip away like all the others  
Sooner or later it will all be over  
Drenched in my sorrow with no one to hold on to  
I will look at you and nothing is what I will do  
The problems, the hurts, and the fears  
I don't want you to see them  
I will be crying on the inside as I pass you by

Pamela Mote

# It Is Nothing

Go ahead and say the words  
It is nothing you have not told me before  
As the tears stream down my cheeks  
Anger continues to boil up inside of me  
If I could just get away  
I would be so happy  
I knew everything you said were nothing but lies  
I can not wait to lie in bed  
So I can sleep and drown you out  
This hate could have ended  
If hate you would not have have given  
Thinking of all that happened  
Is like dejavu over again  
So go ahead and say the words  
It is nothing you have not told me before

Pamela Mote

# Just For You

I had nothing else to do  
I had a beat in my head  
So I decided to write a poem just for you  
I can not tell you  
So instead I will write it down  
I like your smile  
I can look probably forever into your eyes  
Your company is what I long for  
You seem like a different kind of boy  
Right now we are friends  
You make me wonder  
Will we ever be more?

Pamela Mote

# Just Friends

It gets so hard  
Can't you see on my face?  
I'm falling apart  
I try not to look your way  
Cuz' everytime I come in your distance  
I become so weak  
I don't think I can do this  
My heart, give it back please  
Being just friends is not going to work  
I've fallen too soon for you  
And each day it hurts even more  
I'm tired of being your fool  
We can't be just friends  
So if you see my eyes red  
Don't you come any closer  
If you don't want to be that special person  
Then stay away, I'm tired of being hurt  
It doesn't work for me being just your friend  
My love for you is eating at me  
No longer can I pretend  
Cuz' it's obvious you don't feel the same way I feel  
I've fallen too soon for you  
Being your friend will not do  
I can't be just your friend

Pamela Mote

# Like All The Rest

Everytime the phone rings  
I hope it is you  
Sometimes I do not know how to act around you  
I play it cool but I end up acting like a fool  
That is when I get so insecure  
Can't you see?  
You have an affect on me  
I hate to think  
That one of these days  
You will be gone just like all the rest

Pamela Mote

# My Fairytale

I wish I could go back  
Before you came along  
Redo everything  
And right all my wrongs  
Maybe we would be together  
And I wouldn't have to dream  
We would be happy  
That's my fairytale story  
I wouldn't change you  
I would just change me  
Then maybe it would be us two  
And I wouldn't have to dream  
Life has come and is still going  
We are not what I want us to be  
Somedays I cry  
Somedays I smile  
You are still not by my side  
Fairytale I realize, only come true in movies  
If they were real  
You'd be with me

Pamela Mote

# My Sweet Fine Crush

Your are the reason why I choose to write love poems  
I have a crush on you boy  
But I choose to keep it a secret  
Bottling them up  
And putting them away  
Writing these words of love  
I would rather have you as a friend  
Than no one  
Just let me see you smile  
And you will see me smile I don't want to see you sad  
Because I will be sad  
Just stay around me as long as you can  
Let me continue to touch your hand  
I am liking you more each day  
I hate it terribly when we go our separate ways  
I can not show it  
I can not say it  
Because I know we will never be  
At the end of the day though, I am happy  
Because I at least have you as a friend

Pamela Mote

# Not Enough

Is she who you really wanted?  
Don't speak, I can see in your eyes  
Excuse for all the times that I was shy  
And I stepped aside  
She is more aggressive and she makes you laugh  
And I know you find her attractive  
All along I have wanted you  
But I guess I am not enough for you  
So tomorrow, what will I see?  
You both holding hands  
You both laughing, and flirting  
Am I not enough?

Pamela Mote

# Please

Can you tell me why you've been hiding  
And why you have been running away from me?  
Was it something I said?  
Was it something I did?  
Well friend I am sorry  
Please forgive me  
Because all I do is think of you  
I care so much for you boy  
Tell me, what can I do to get it back to the way things were?  
Whatever I did  
Please excuse it  
I never wanted to hurt you  
But I guess that is what I do  
I am imperfect  
But I want to make things better  
I just want to continue to be your friend  
So please tell me my wrongs  
I'll apologize for whatever it is I have done

Pamela Mote

# Sad Story

The well known touch  
I had to ignore  
Inside I desired so much  
But I didn't want my heart to be torn  
The sound of his voice  
Trailed away in my ears  
He went away with the wind  
I wiped away my tears  
I turned my head  
I started counting the days  
When will I see his face?  
When will he walk my way?  
Inside I desired so much  
But I needed to hide this feeling  
I realize now I am stuck  
It's like a sad story

Pamela Mote

# Sadly Attached

Can it be  
That I am sad b/c of you?  
The smallest things  
Send me to be blue  
I'm too attached  
I can't get loosed  
But when I finally step back  
It's hard to not have you on my mind  
Either way I am sad  
B/c I need you  
But when I let you go  
There's nothing I can do

Pamela Mote

# Slowly

Straying away  
Walking around like a lost dog  
Nothing left to make me smile  
There's too many stormy clouds  
Where do I go from here?  
I sit with my thoughts  
My questions are left unanswered  
And I continue to drown in my faults  
How can I make this better?  
What is so wrong with me?  
I search and search for nothing  
Slowly I feel like I am dieing  
Excuse me if I need sometime alone  
I just need to figure out where I belong  
My heart continues to beat slowly  
And I stand looking into the fog  
What I am searching for can not help me  
God and I know this very clear  
Why do I put myself away from Him?  
He's the only one who can give me strength  
But slowly I step backwards  
I step into the world and into all the hurt  
I'm slowly seeing myself  
Becoming somebody that in the end  
Only God can help

Pamela Mote

# That Day

You were my only escape  
I wanted to call you so badly that day  
But the phone just did not have a tone  
I continued to drown in my hurting  
I could not get to you that day  
I thought of you constantly  
But you were no where in reach  
That day I needed you to be my escape  
But I never got to you that day

Pamela Mote

# The Traveling Wind

I feel a breeze of wind  
It is as soft as a baby  
It travels along the land  
It comforts the grass that beetles, ants, and grasshoppers make their way  
through  
Ants continue to make their home that is only but dirt to humans  
Dirt to ants is a brick to build a home  
The breeze of wind continues to travel  
The black and orange bird looks for food  
It chirps around  
It pecks in the grass  
The bird finally travels away along with the wind  
All is quiet but the crying of the leaves that are sticking out of the ground  
Their hands, which are thorns, are reaching out to be comforted  
The traveling wind goes and comforts them  
Th wind travels elsewhere

Pamela Mote

# These Words

I struggle so bad  
I have to get away  
With myself I get so mad  
Things now are starting to change  
All I have are these words  
I try to keep it together  
But the tears roll down  
They smear my frown  
Over and over  
What can I do?  
I try to be happy  
But I remain blue  
Why is it so hard for me?  
Why am I so weak?  
I have nothing but these words  
They are piercing me  
They cut me so bad  
They tell the truth  
I don't have time to be sad  
I have things to do  
Life is calling  
But I am slowly stepping back  
My heart is falling  
What do I have?  
These ugly words  
And only God can save me now

Pamela Mote

# This Is How It Ends

So this is how it ends?  
I don't want to cry  
But I felt good letting it out  
Just thinking of what could have been  
It's stupid and I want to get over it  
This is how it ends  
But I'll look at you one more time  
And again and again  
Will this feeling ever end?  
I'll turn and be gone finally  
Is this how it will end?  
I guess this is how it ends

Pamela Mote

# Today

So far away  
It seemed yesterday  
You were the one for me  
But problems escalated  
Higher than the clouds could reach  
I heavily breathed  
As I stopped the crying  
You faded away  
Today  
She made me mad again  
An enemy once a friend  
Committing so many sins  
Today  
As I turn to look  
It is all happening too fast  
I laugh to ease the pain  
But the truth is I have nothing to gain  
Today  
So tonight before I sleep  
I hope tomorrow will bring  
Something that is much more fulfilling  
Than madness and crying  
Something more fulfilling than today's black shining  
Let me live another day

Pamela Mote

# Truth Hurts

Yeah the truth hurts  
He doesn't want me  
I try to be better than her  
But it's easy to see  
That she's all he wants  
I can see in his eyes  
And it kills me because he doesn't know  
That I want him to be mine  
I fight everyday for his heart  
But I never get that close  
Inside I fall apart  
He slowly lets me go

Pamela Mote

# What Is There To Say

What is there to say?  
We are left speechless  
We go our separate ways  
And we are always out of reach  
You have your special girl  
And I am through trying to find my special boy  
Which ever way it goes  
Sooner or later we will know  
So what is there to say?  
We looked at each other and turned away  
We talked and we laughed a lot  
But it did not mean much if our friendship stopped  
What is there to say?  
Was it just a game?  
Were you pretending to be someone you are not?  
I am left with nothing to say

Pamela Mote

# You Should Know

You hit me hard  
From the moment you laid your eyes on me  
I have not stop hurting  
Ever since you walked away from me  
You should know  
I find myself thinking of you  
You should know  
All along I have wanted to be with you

Pamela Mote

# Your Face

When I was looking out into the crowd  
I was looking for your face  
Those eyes  
That smile  
But I could not find you  
I hated that I had to leave so soon  
But that happy face of yours  
It was planted in my head  
When I was walking out the doors  
You bring the sunshine around me  
I never want to see you frown  
You don't know what you do to me  
I always want you around  
I want to see your eyes and look into them  
I want to see that smile  
I don't want to see it upside down

Pamela Mote
