# Alone

Alone

Day by day I walk across the class room  
Every time I pass across the class  
The only glance I get is a stranger's glance  
It was not the same when you were with me

I sit in front of the classroom besides a pathetic friend  
And remembers the time we spent  
But it is just a memory  
Today you are not there beside me

Days I spent with you were not dull  
They were happy days  
The world seemed to be bright and colorful  
Everything seemed to be pleasant

But now it is not  
Feels like yesterday  
Everything went wrong  
Now you are not here

I sit here alone  
No one could see the tears that I shed  
My heart is badly hurt  
I wish you were here

But, you are not here  
The sun shines brightly  
But, my heart grows darker  
My world becomes darker  
I FEEL ALONE!

# Can'T Help It

Every time when you pass by,  
I still remember the days  
The days of happiness  
The sweet pleasant memories fills my heart

But, today you are gone  
You belong to somebody else, not me  
We went through sad days, together  
We went through troubles together

But, today we are going through problems alone  
Every time I see you with her  
My world darkens, and my heart desperately aches  
I realized my feelings are still attuned to you

I can't help it  
For, the desperate need of, needing you  
I still love you  
I can't help it, my feelings becomes more powerful to you

# Do Not Stand By My Grave

Do not stand by my grave

Do not stand by my grave  
And, weep all day along  
Cause, I am not there  
I do not sleep in that cold harsh pit

I am the breeze that linger around you  
I am the shadow that walks behind you  
I am your invisible protector  
that protects you from every danger

I am light that gives you hope  
I am your wings that carry you  
Carrying you for your destiny  
I am the sunlight that gives you warmth

Do not stand by my grave  
Nor, shed a tear  
My soul does not lie within it  
It lies within the gates of heaven

So, do not stand by my grave  
Cause, I am not there

# Don't

Don't walk behind me  
I won't lead  
Don't walk in front of me  
I won't follow

Don't show me your pitiful face  
Cause I don't want to be pitied  
Don't show me your loving face  
Cause, I don't want to be loved

Don't show me how sad you are  
No, you are not  
Don't be so happy that you won the game  
Your satisfying happiness is temporarily

Don't say anything to me  
In order to gain my trust  
Cause you can not be trusted

# Hurts Me So Much

Are you happy now?  
The things you have done to me  
For the tears I shed  
Happy, for making me bleed

I thought the day we met  
You were the one, I was seeking for  
Now, I repent for my idiocy  
I was a game for you

I was fooled by you  
Still can't believe, I was blind  
Blinded by the power of your love  
Even though you ditch me, I still can not believe

I still want you  
I just want to be healed by you  
But no, when I remember the past  
I remember the game you played

How can you do this to me?  
I thought you wanted me like I do  
In the past memories I liked and praise you  
But now, I am standing here, cursing you

When I remember you, My heart starts bleeding  
I know we can not be together  
But, I still picture the time we spent  
Hearing your voice in the my head  
It Hurts me so much

# I Can Not Repent

Do you realize who you are?

Don't you realize our trust that we

had is doom

Why couldn't you be the same person that I adored?

But it's too late to confess

Too late to give forgiveness

□

Do you remember the time we spent?

We almost depended on each other

We almost looked at each other

But, today we pass like strangers

We almost looked like enemies

What happened to the friendship that we built?

We said it would last forever

But today it seems like never

Taught we cannot survive

But today we are still alive

Did you realize the last day we held our hands?

We almost did everything together

But at present you are flying with another friend like a feather

Never taught you were the one to leave me

And make me feel desperate

Never taught you would hurt me

Now, I realize our friendship is dome

So, it's too late to repent

It's too late to say sorry

SO I CAN'T FORGIVE

# I Love You My Dear

Its Easy to say it  
But it's hard it to believe  
Never thought to see it  
But now I am wishing time to cease

So your soul won't go out  
It will also be my last chance  
To see you my dear  
And to say how much I love

To say how much I care for you  
How much precious you're to me  
Forgive me, my dear  
If I have hurt you.

I see your breath is becoming short  
Be brave my dear don't be scared  
Don't worry, my dear  
Someday, I will follow you up there

And, be there for you  
Cause I love you my dear

# If I Knew

If I knew  
If I knew that  
This was the last time  
I, see your beautiful smile  
I, would have made you to smile one more time

If I knew that  
This was the last time  
You, call me dad,  
I, would have recorded it

If I knew that  
You won't come back  
I would have explained to you  
What do you really meant to me

If I knew that  
This was my last chance  
To, hold your little hands  
Dearest, I would have hold it more tightly

If I knew that  
Your journey comes to an end,  
And, this was the last time you embraced me  
I would have embraced you more than once

My dearest daughter, If I knew that  
This was the last time  
You, would say that you loved me  
I would have recorded it

# Mirror

Today I met a friend  
She was very different than anyone  
A friend who is patient as a feather  
By telling everything to her  
My mind frees from every burden

Listens to my troubles patiently  
Never seemed to be bored  
Bored, of hearing my grievances and feelings  
Never interrupting when I'm talking

She understands me  
She is beside me through thick and thin  
Spends her whole day with me  
And she always show me how beautiful am I

And, Makes my heart lighten as a feather  
But when I was going to hug her  
I realized

It was my own mirror

# Still Want You

Weeks passes, time passes  
I am paralyzed for the events that happened  
Recalls the memories, that we spent  
Our Hopes and dreams are shattered

Even though you left me in the dark  
I was adapted to the pain I felt  
I used to think the days that we spent  
Oh! they are now memories

Why can't the memories come into reality?  
I wish the time to be reversed  
So, we can recover our mistakes  
We can find missing solutions to our puzzles

I just wanted to be fine  
Show everyone, you do not bother me anymore  
As I saw our fragile between us was fragile  
But, I failed to hold our bond

Every direction I turn  
My path end right in front of you  
I feel like a person who lost the way  
But by seeing you, I find my way home

I just can not believe this  
Even, I my sad and happy days I really want you  
The difficulties and the ill treatment you have thrown upon me  
Made my feelings more stronger for you

Where I still can not believe  
After every thing you had done  
Every hard time I had gone through  
I still want you

# The River

I walk across the grounds  
Come down to the river  
The place that holds a lot of memories  
The place where you and I belong

Do you remember?  
The first we met  
Was, at this river  
Oh, I still remember

We were just small kids  
I recall my childhood memories  
The way we used to have fun by the river  
Way we used to splash water

We used to hold our hands  
Secret that we hold  
Everyday we met each other  
Our friendship grew

Time passed by  
Now we are teenagers  
Where we travel in different paths  
Where even friendship holds nomore

# When I Am Gone

When I am gone  
I do not want you to be by my side,  
I do not want you to cry,  
It is useless of crying.

When I am gone,  
I do not want you to stay by my side,  
Without a wink of sleep,  
I want you to be free from every burden

Now your mind should be at ease,  
Now, you should brighten up,  
Where I want you to stay beside me smiling,  
Even though I would not be able to see.

I do not want you to weep,  
I do not want you see you depressed,  
I do not want you to be unhappy,  
I do want you to be happy,

When I am gone
