## Pratikshya Sedhain(March 7 1998)

I am just a beginner in this field. I have just started writing poem. I don't know much about poem writing but when i feel like writing my feelings on paper I give it a rythmic twist and it sounds like poem.

If anyone like to give me suggestions on writing poems or teach me how to write poem please inbox me. I would be glad to learn from someone senior than me.

# A Journey To End

A point to a man  
A non living matter to a living person  
And again to non living ash

The first expression 'cry' after birth  
followed by laughter, joy and happiness

The first word and the first footstep  
Count of 20 teeth  
And billions of smiles

Day and nights in mothers lap  
The warmth of her lap  
The world of joy  
The world of happiness

No worries about future  
But about the number of chocolates in hand  
No worries about the percentage  
But about the roll number in class  
No worries about time  
But about every seconds of playtime

Time pass by and teenage comes  
Another phase of life to enjoy and play  
Neither called adult nor treated as child

Confused at every instant,  
Oh god, what do I do?  
The phase of questions and queries  
The phase of love and infatuations  
And  
The phase of peers and friends

Many are Friend 'zoned'  
Many are Family 'zoned'  
Some are Crush 'zoned'  
And  
Very few are Love 'zoned'

Haha... ?????? Crushzoned

The 'zones' of circle  
The 'zones' of people  
The butterflies inside and out  
The feelings of love and affection

Peer pressure and many more  
And  
Carelessness about parents  
Every time, Peer means everything  
And parents, they are old now  
'It's our time'

The thought in teenagers mind  
The feeling of 'I, me and myself'  
In every aspect and every time  
The destruction and the construction

At the same time  
The will power does more than the hard-work  
Ability is kept safe inside than to show  
The shyness is inside mind  
And capability is suppressed

Biggest fear; failure  
In one's mind and heart  
Slowly,  
Maturity shows up it's sign  
Person starts to open up  
In front of everyone  
Shyness leaves the mind  
Abilities are shown

'I, me and myself' turns to 'We, us and ourselves'  
Happiness is searched at home rather in clubs and pub  
Friends are kept in hearts rather in circle  
Photos starts to look better in album than in gallery

The thought change and the person change  
Only the feelings remain same  
Love remains same

Relationship remains same

The phase changes the person  
From teenage folk to matured man  
But  
Adulthood is not ultimate  
Penultimate is the old age

Above 50 around 60 and more  
The days become brighter than usual  
The nights become darker than usual  
The time is supposed to be longer

Medicines become regular diet  
Hospital becomes second home  
Doctors are now my fellow  
And hospital ward is now my bedroom

Now it is time  
For me to fade away

Like rising sun, I was born  
Like shining sun, I live for years  
And now, it's time  
Like setting sun, I am dying

The three phases followed by fourth one...  
My journey to the end....

# Bestie Sisy

You are my super loving source,  
we have strong bound without any force.

To open my mind, you are the key,  
you are my super and great Dee.

Dee you have dazzling eyes,  
to save me from believing in lies.

You are the great, you are superb,  
you save me from being loafer.

Sometimes you begin to scold me,  
for everything, you are my best Dee.[sister]  
for everything, you are my best Dee.

# Child Right

Government should provide children their right,  
if not provided, their future won't be bright.

Society should stipulate the rights provided,  
if not stipulated, children's growth will be retarded.

Parents should give love and affection to their children,  
if not given, their won't be growth of their brain.

Teachers should provide children entertainment for a while,  
if not provided, students' life will be boiled.

Government should provide children their name,  
if not provided, their life will be full of pain.

Rights should be given to the children from whole;  
Everyone is participated in their dimensional developing role.

# Dream: Key To Success

Future, unknown to us  
But aimed by each  
Future, one may die or live  
But dreamt by each  
Who knows what will happen next?  
But planning: stops no one  
Old age, who knows one will live?  
But saving, Does everyone  
Marriage, dream of a child  
But will he? Knows no one  
Goal, everyone want to achieve  
But, Could he be able to do so?  
All unknown, but the facts  
Dreaming is never far from heart  
even the brain rhythms with heart  
When the term DREAM strikes that part  
The mysterious future, dream of all  
Whether live or die, but never fall apart  
NO one ever stopped dreaming about future  
Dreaming heart and optimistic mind  
Leads one to success whether live or die.

# Emoition's Relation

People who talk too much,  
wants to crate a secrecy pouch.  
People who easily start crying,  
are encouraged not to do trying.

People who reach peak point,  
can't create a loving joint.  
People living a normal life,  
can have a wonderful wife.

People who can control emotion,  
have much more successful relation.  
People who can't control emotion,  
have too much poor relation.

Frustration is covering emoticon's mind,  
some people even forgot what was their kind.  
The great enemy of life is aggression,  
It can even kill the prettiest relation.

# Expressing Love

Yes I am waiting for you  
I have fallen in love and that is damn true

I have started thinking differently  
I haven't felt the way I am feeling now apparently

I don't know the real reason for this  
But I think it's your love and I will find a way to get it

I will find a way right to you heart  
And then i will call you my hubby just like a nerd

I think it's time to express  
But I fear! ! ! Have I already got you impressed? ? ?

Every night I think about you  
Naughty feelings fill my heart and my head bow

I wanna love you the way you like  
I will try my best to prove myself as your wife....

# Fake Love Growing In The Fake World

i love you the statement of romeo  
to each and every girl they pass by  
if in case anyone replies 'Love you too'  
then there would be a fake smile on their face  
they pretend as if they have won the world  
they behave as if you are the queen of gold  
at first everything goes fine and smooth  
you will be treated like a princess in roll  
you will be asked for everything you want  
you will be loved by the romeo you hang  
you will be called time and again  
your every second will be precious than game  
the words you speaks will be stamped in stone  
romeo will be there for you to drop you back home  
time pass by and the sitaution change  
chit-chat will be less and fights will begin  
minor problems begin to turn their bold face  
laughing at your relation and watching you regret  
understanding begins to turn to misunderstanding  
love slowly turns off and lights up hatred  
tiny little heart suffers alot in pain  
fake love in fake world is never a gain  
it's just a bullshit and playboy's game

# First Love

Still remember the day  
I saw you for the first time  
I looked at your eyes  
And you approached smiling  
You took me to a restaurant  
You sat in front of me  
Looked at me smiling  
And called me your Bae  
You forced me to eat  
but I was a little shy  
I dared to look at you  
With a pretty smile  
The first touch  
The first glance  
Every feeling seemed new  
You grabbed my hand  
And pulled me close  
And hugged me like  
You ain't gonna leave me  
Alone in the world anymore  
I was confused  
And I was shy  
I kept looking at the ground  
But had a smile on face  
I was happy inside  
But couldn't express  
Your first glance  
For me  
Was enough to impress  
Love at first sight  
For the first time  
Happened in my life  
Your each word  
Seemed a beautiful song  
And your each laughter  
A composed music  
For me  
It was like a  
Dream come true moment

I just found  
What love meant  
And I found you  
It was you  
The real you  
I found my soulmate  
In the frame of your body  
My heart pounded like  
It was the first time it's beating  
The moment, the time  
The best moment of my life  
The best day to meet my love  
And I saw you  
I met you  
Started loving you  
And will be loving  
Since the first breathe  
After your first glance  
Till the last breathe  
Of my last glance  
On this beautiful earth.....

# Friend's Character

My friends read a lot  
morning day and night  
They love each other  
But always ready to fight

Some are real  
And some are fake  
Always they want  
Is a sweet break.

Some begin to cry  
In minor jokes  
Some are always happy  
Doing their works

Some want Nepali  
Some needs Maths  
Some love English  
With crooks and cracks

[...My friend says...]  
Somewhere in the world  
Lives an angel  
She is always ready to solve tangles....

# Guilt By Words

In this world, Every relation is fake  
Even the friendship end on a date

I wanna ask god why always me? ?  
I cant do anything please forget all and forgive me

I can't express what i feel  
No one can understand my appeal

If my words have caused you to be hurt  
I wanna say sorry from my heart

I am feeling guilty but what can I do  
Please show me a way or give me a clue

Everyone is fake in this world  
So I wanna make my temperature cold

I wanna go away from this fake world  
I wanna go away from this fake world

# Hamari Chahat

Koi hamari tarah chahe toh bataa dena,  
koi hamari tarah sataaye toh bataa dena.

Dosti toh karlega koi bhi aapse,  
koi hamari tarah nivaye toh bataa dena...

# Hidden Feelings

Red depicts love and white, cold  
I am searching thee with a heart of gold  
Oh my boy! ! ! You are too cool  
You always make me think if i am a fool  
You are just awesome the way you walk  
You are the smartest when we begin to talk  
You have the heart full of love  
I am here for you, waiting with hope  
You always make me feel very special  
You are my prince charming that exist in real

Pratikshya Sedhain

# I, Me And Myself

I feel like  
I am at the top of world  
Lost in the crowd  
But i am all alone

I want to be me  
Totally me  
In the crowd of unknown faces  
And known among each face

I feel like  
I am going to conquer myself  
I am trying to win my heart  
In the crowd of unknown faces  
I am going to be one known

This is my place  
This is where I belong  
This is where  
I can feel every thing  
On my own  
I have a strong intuition,  
In the crowd of unknown faces  
I am going to be one known

Ray of sun hitting my head  
I am feeling the warmth  
Sitting on the natural floor  
I am getting warmth  
The warmth of being close  
The warmth of getting closer

One sweet little boy  
Just moved towards me  
With the curious eyes  
To know what I am doing  
And I feel like  
My intuition is going to be true  
In the crowd of unknown faces

I am going to be one known

I am at the top

And I am all alone

In the crowd of unknown faces

I am going to be one known

# Life Of A Shoe

Till shoe is new, a man uses it  
If it is torn, a man replaces it  
Foot is never bare, a shoe covers it  
Provides warmth, and saves it  
Till it's new, a man loves it  
Till it's new, a foot wears it  
Till it's new, Till it's new  
Love lasts, Till it's new  
Need lasts, Till it's new

# Lovers Bound

If you are heart, I wanna be your beat.  
If you are cake, I wanna be your sweet.

If you are kite, I wanna be your flight.  
If you are dream, I wanna be your night.

If you are guitar, I wanna be your dhun,  
If you are star, I wanna be your moon.

If you are metal, I wanna be your shine,  
If you are poem, I wanna be your rhyme.

If you are paddy, I wanna be your hay,  
If you are light, I wanna be your ray.

If you are rain, I wanna be your moist,  
If you are lover, I wanna be your choice.

# Loving Personality

A girl walking is so simple,  
her cheeks are white with two dimple.

She is always busy in her phone calls,  
she has the figure perfect and tall.

When she is mistake, she says sorry,  
when she is right, she starts to hurry.

Her every thought are much obvious,  
her wearing style is much gorgeous.

She lives in cottage made of bough,  
she eats the food made of dough.

She is so cute and much pretty,  
she has a bicycle not much dirty.

She is so brainy but a little shy,  
she wants to be a pilot to fly in the sky...  
To fly in the sky...

# Mad Friendship

I hate all white colored rose,  
And all medicine of high dose.

My all friends have their nick names,  
all their name have gained fame.

All my friends are popular by work,  
but all teachers call them dork.

Their impression on teacher are of bad aspect,  
I want all of them to gain respect.

They always follow their moral duty,  
to make themselves very much cutie.

Their own colleagues attract them in bad way,  
I always resist to save them from being Gay...

Pratikshya Sedhain

# Mad In Love

I want to fly in the sky,  
along with you, winning the shy.

I want to go in the market,  
for buying bat, to play cricket.

I want to play with you boy,  
and have fun, along with joy.

I want to be a super star,  
with my boy, my favorite star.

I want to do whatever you want,  
to live without you, I think I can't.

I want to see you with my eye,  
till the day I completely die...

Pratikshya Sedhain

# Man And Nature

sun rises in the east  
spreading the rays of lights  
birds floats in the ocean of air taking the flights

the dew drops falls on the lotus leaf  
and the nature calls the goats n sheep

the chirping of birds  
whispering of leaves  
and the human starts to believe

nature is the god nature is devil  
it creates angels and kills evils

the dog barks on the street  
the cat says meow meow with spirit

we open our eyes with new hopes  
to live the day n laugh on the jokes

morning shows the day says everyone  
after day at night whom will be gone knows no one

we are too furious to see the sun upright  
n see the dreams with open eyes as our future bright

sun moves towards west as everybody says  
we will become adults on a certain phase

sun will be so bright at that very moment  
our life will become hell if we don't follow our commitment

the brightness of sun please everyone  
success closes the door due to madness of human

sun will go slow towards the darkness  
with the whole day pleasing the wholeness

the man will once become definitely old

all his mesmerizing brightness will go bold  
you are of no use he will be told

after a while the nightmare comes  
and takes the man away and changes him to gnomes

again the sun rises after a long night  
with all hopes together binding with a flight

the one alive will join the trip  
and live the future with certain grip

Again...  
he will be told the same line  
morning shows the day and he will be fine

no one chats about the night after day  
if they talk while living they may fully enjoy.....

# Mom And Dad's Love

Daddy  
You are my world  
Mommy  
You are my universe

My life is a gift of you two  
You chosed me to be yours  
My life is awesome cause of you two  
You taught me to say ours

Each drop of tear rolling down my cheek  
Each verse of smile flying along my lips  
Each and every aspect of my living  
Is the sole gift of you two

You are my inspiration  
You are my aspiration  
You are my motivation  
And  
I am your, only your  
Once upon a times'  
IMAGINATION

You brought me up  
You taught me to be human  
You taught me love  
You taught to be strong  
I am the RESULT of you  
You are my creator

I sometimes think  
Why am I born?  
And every time  
My thought ends  
In your names  
You are the reason  
I am here  
Strong Alive Lively

# My First Proposal

Today I wanna tell you a fact  
Yes i have started, weirdly act

Nowadays something is happening to me  
I think this is because I am around thee

My mind says me to read  
But my fellow heart starts to beat

I am really distracted because of you  
I can't even concentrate in a simple term like 'meu'

I think of saying I love you  
But when i meet you I am shaken and i can't even have a proper view

I sometimes think why I feel so  
Then, my mind says you are in a love track pro

I think of you even in my dream  
Holing hands together and having Ice-cream

I think it's weird to say in that way  
But I am falling for you in a different way

Today I am gonna commit my love  
express to you everything through the way of blog

I am writing poem for one and only you  
This is the first time I am telling I Love You! ! !

# My Hometown

My father, my mother  
As well as my brother  
Lived their life over here  
Me with my cute little friends  
Used to share tiff-in  
In our beautiful locality  
Over there

I used to play in the grounds  
With my friends i had strong bounds

I still miss the way we played  
All sitting together with the bay blade

We used to have battles in minor things  
We used to smile with clang n clings

When its time to return  
We used to be sad  
If our parents allow to play more  
We used to act like mad

Nobody noticed our bond with land  
But now i miss my homeland

I want to return to my hometown  
And stay with my parents n wear gown  
Play with my friends  
And pretend to wear crown

I wanna revive the old days  
Spent in my hometown  
And want everyone to praise....

# Pain

Pain  
That  
You are feeling  
I am feeling  
They are feeling

Pain  
That  
You know very well  
I know very well  
They know very well

But  
Pain  
That  
You can't understand mine  
I can't understand yours  
We can't understand theirs

Every single ounce of pain left behind us  
Every single drop of tears flowing inside us  
Is trying to pay the revenue  
That we never owned

The debts started being cleared  
Since the day of our birth  
And yet some left  
Will be left  
Till the day of our death

The debt that never belonged to me  
The debt that never belonged to you  
But the fact  
We are making debt our belonging

We can't pay back as happiness  
Pain is most  
The valueless  
Yet the priceless

The day will come  
When the debts will be cleared  
When we will be free

Alas,  
Our holy soul  
Unknowingly  
Left our bad debt body

# Smile Of Sister

I saw a girl really small,  
walking with her brother quite much tall.

She had the smile so much cute,  
saying her brother, ' hello, dude! ! ! '

She was twelve but acted like a child,  
her brother once behaved like a wild.

She was playing in floor using a tile,  
her brother was happy seeing her cute smile.

Happiness created, between those two a bound,  
it also helped to heal past wound...  
it also helped to heal past wound...! ! !

## Tears: Last Gift Of Love

An unexplained mystery, mysterious in itself  
'Happiness, anger and sadness', filed in a shelf  
Feelings mixed up together in ones heart  
LOVE is that ocean in the whole earth  
Life driven by emotions and loving care  
Might be from parents, relatives or peer  
Sweetness of love is tasted by all  
In any way, the heart can't be null  
'Love Is In The Air', the quote we hear  
Love reaches it's depth when we are near  
Binding the heart, reaching the thought  
Smile is on the face but pain is also brought  
Love of a mother, we say, immeasurable  
Love of a father, we say, indistinguishable  
Love brings tears, although it is good  
Care of parents is irrespective of their mood  
When we are sick, our mommy feels pain  
Her eyes would be wet, time and again  
When we succeed, our parents get a smile  
Happiness bursts through eyes after a while  
Tear Is A Part But Not Apart  
Blossom the feelings filled in heart  
Scolding of mom and worrying of dad  
They love their children, no matter what  
When I am alone, I think of my mom  
Teaching me to live with values and norms  
Struggle of my parents strikes my heart  
My adapting ability, is the way they brought  
Priceless Love And Intensive Care  
To live without them, I can't dare  
Heaven is here, in my mamma's lap  
Dad is always with me to fill the gap  
I love you my mom, I love you my dad  
Because of you, now, this life I had  
I can't imagine my life without you  
Where will I go? ? I don't have any view  
Now, the pain I feel, I can't bear  
Please, my parents, always stay near  
Pain in my heart is overflowing through eyes

Tears, last gift of love after every goodbyes...

# Together, Intimacy And Relationship

Our holy souls  
Separated million years back  
Is now  
Ready to show up together

The togetherness beyond every single vows  
The togetherness beyond the physical desires  
The togetherness beyond anyone's thought

Yet,  
Never saw each other  
Never heard of one another

We feel,  
The intimacy  
The affection  
The love.....

We hear whispers,  
About our relationship  
We never knew exist

We feel,  
The closeness  
The warmth  
The togetherness

We feel grabbed  
And trapped together

The smell,  
feels familiar  
Yet unknown

The mystery of one  
The purpose of life for another  
The history of both  
An inspiration for each one

Two crazy souls  
Finds their way to love  
Lead the bodies  
And then  
Lean the body  
Towards one another

Their bodies collapse  
And bright light comes up  
Togetherness of souls  
Enlighten the whole world

# Trap The Criminals

We should make a strong law,  
to trap criminals within our paw.  
We should make rules so much tight,  
to fight against criminals bite.

All the people please be aware,  
and note that criminals are now where? ? ?  
Please people help the police to catch those devil,  
after that, you will be said a citizen able.

We must reduce criminals' dense,  
by punishing them using our sense.  
If we become successful in our plan,  
we can make our country peace and calm.

Pratikshya Sedhain

# Unnecessary Thoughts

If we listened husband and wife's shout,  
'Ain't they fighting? ', our mind would be in doubt.

If we saw wife shutting the door,  
we began to think, 'Is her husband boor...'

If we saw wife smiling like a moon,  
our mind would say, 'her husband must be boon.'

If we saw wife decorating bedroom,  
we began to think, 'Her trade must be in boom.'

If we saw wife wearing white dress,  
our mind would say, 'her husband is gone due to stress! ! ! '

# You

Like numerous twinkling stars in the sky  
You also love to sing Twinkle! Twinkle!  
Like the single moon shining in the sky  
You are the only one who shines in my heart

Like every beat of the heart inside me  
You also lead the life in a pace  
Like my two eyes watching the whole world  
You are the one who shows me my path

Unlike the dark sky staring and scaring me  
You spray the light and fill me with joy  
Unlike the ghost thrilling me at night  
You play the music and let me enjoy

Unlike the shivering cold wind of the winter  
You bring warmth and make me feel safe  
Unlike the crackling noise of door in winter  
You bring peace and let me stay safe

Like the angel bringing joy in my dream  
You bring me comfort in my reality  
With the blessings including love and togetherness  
You changed the way I used to live my own life...
