# Oh Brother Dear..

Thinking of yesterday  
we were young happy and gay  
Never think of what lies ahead  
Only but what happened today

There are times we have ups and down  
for silly things that easily undone  
Opting pride to let it run  
Made body and mind  
feeling run down.

Growing up made us change  
For the path we are destined  
Giving all the best we can  
To achieve what we set within! !

Sad to say you are gone  
Forgiveness is now a sham  
Leaving us all feeling down  
Never heard ours words in mind...

Rest in peace brother dear  
Memories will keep you clear  
It is us who are in fear  
For the act that is unreal

# Bitterness

BITTERNESS....

Negative emotion  
Is what I feel for you  
Resentment, anger and hatred  
Is a feeling I could not let go...  
So many times you've crossed me  
Into something that I should not let you do  
Giving satisfaction to the thought  
'I will never let you go'

Now has come the time  
I must ended for us two  
Enough is enough  
To the pain and hurts  
You inflicted so!  
Hard to let you go  
But for my sanity I must do  
So that I can move on  
To a life I am destined to do so.....

Goodbye my friend  
I'm crying with pain for you  
Hard to imagine that I am parting from you  
If the only way forward is for me to loose you  
I will do anything to say  
Goodbye and adios to you! ! !

# Farewell Beloved

FAREWELL BELOVED

(by Rachel Hill)

Sad to say our time had ended  
Broken hearted when you left  
All alone full of grief  
Very hard I could be healed

Emptiness I feel inside  
Will never be refilled  
Pain that's been inflicted  
I could never get over this....

Where to start that you are gone  
Is what's always in my mind  
Picking up what's left behind  
Is all now buried in the sand...

Why why why you need to go  
Leaving your family that loves you  
Hard to see you're not there  
When the life is full of so! !

Thank you all is what I say  
For all the kindness that you've done  
Wonderful life that you shared  
Is I treasured for the rest of my time....

Leaving us all behind  
Is a must but so unkind....  
But we all understand  
Why you left us all behind.

(I love you....Rest in Peace my love)

# Solitude

Thinking long enough  
The life that she has  
Reaching for something  
To make her life worthwhile

Happiness she seeks  
Seems far beyond to reach  
Giving up with life  
Is what she is feeling inside

Crept by loneliness  
Inside her I see...  
Nothing seems to matter  
Whatever is there to see

What is there to live for?  
For a life not worth living for  
Only to regret  
For being here after all....

Lead her to the door  
Where happiness lies in  
Fill her emptiness  
For a smile to come in

Fun and laughter in life  
Is what she's longing inside  
Savoring contentment  
For a new lease of life! !

# A Mother To A Son

A MOTHER TO A SON

(Composed by Rachel Hill)

Do I have to say 'SORRY' for your pain and suffering?  
Dagger in my heart is the pain I'm feeling in  
Nothing I imagine that this could happen  
I am so helpless to start all over again....

It seems like yesterday  
You are a baby I hold in my arms  
Holding you tight  
Never to slip out of my hand  
Protecting you from danger is what I always have in mind  
And watch you grow up into a fine young man....

Seeing you growing up is an experience to remember  
Memories you shared will always be remembered  
Having a 'Rule in Life' impresses me further  
'Thank you very much' for those years of wonder! ! !

Now you've grown up  
Destiny lies in your hand....  
Follow the right path is what all mother's want  
Dreams you are to follow will only come around  
Only if you work hard  
Enough to understand.....

Goodbye my son  
You are now a man  
Spread your wings and follow the light that shine  
Letting you go is the hardest thing I've ever done  
But I am always here for you  
With an open arms! ! !

# My Working Life

Emotion running high  
As the clock is ticking by  
How could this happen  
That I am just a passer by...

21 years of service  
Gone in a blink of an eye  
If only I could turn back  
Those years of hardwork that gone by....

Pain in my heart  
Is like a dagger embedded inside  
Friends and Colleagues I'm leaving by  
Is now like a bubble that burst in the sky

Sad as I am  
I enjoyed every year of my working life  
So let me say 'THANK YOU'  
For making those years so worthwhile!

# Friend's Of Time

Your words of yesterday is taken deeply and profoundly  
Your love and dedication are highly regarded and endeared! !  
The essence of time will tell us where our friendship would be  
Will this be something to look forward to?  
Maybe yes, maybe no! ! !

From time to time petty arguments will surely come along the way  
This should not be a reason for us to fall apart  
Underlying issues that cause the problem we must find out  
So we can move on to the next chapter of our life...

Having you around is something I look forward to  
Fun and laughter we share is something I treasure too  
I just hope you know that ' I DO CARE FOR YOU '  
Or else I will have been long gone before the dawn is new! ! !

Teas or coffees any days of the week  
My availability is always in your time  
Glad that invitation is coming from a dearest friend of mine  
I will not say 'No' for the opportunity  
That I can have a FREE drink anytime! !

Your love and passion is taken with respect  
There is nothing I can say much except accept what lies ahead  
Knowing how I am is I hope enough for you to understand  
That our destiny lies in the hand of time.....

# Nobody's Perfect

I hate to wake up to a day's unknown  
Not being prepared for the day's excitation  
Taking by surprise is my least expectation  
Dealing with my action might surprise your reaction...

Picking up the pieces of yesterday's misfortune  
Regretting those days that made me gone wrong  
Nothing that I can do now for that day's reaction  
Only forgiveness is what I ask for my wrong action! ! !

Yesterday commotion is an event of a past  
Forgetting what happened is what I will ask  
Let's take tomorrow's day as a fresh start  
For nobody's perfect is created for us! ! !

I hope you can read this little poem of mine  
Dedicated to you with good intention in mind  
Hoping that forgiveness will be at hand  
And start again to the life we had once.

# Redecorating

Up at six o'clock,  
Thinking what to do....  
I found myself in the sofa,  
Staring at a gruesome view

Dullness from the sky  
Made me feel subdued...  
So the thought of changing  
All my walls to blue.....

B&Q here I go,  
To pick a colour for my view  
Walked inside the spectacular rainbow  
And my eyes lit up with yellow

Brush and paint in both hands  
Leaving B&Q behind  
Eagerness to paint in mind  
Is all I have this time! !

# Memories.....

As i turned my back, a delicate sweatshirt at the backseat of my car.

I held and smell it trying to smell the traces of scent that you might have....! ! !

Tears pours down in my eyes as I put your sweatshirt on my chest trying to feel you..touch you...

I cant resist but cried the sadness that engulfed me as i know i will never see you again.....

&#65279; The fun, the laughter seems now overshadowed by overwhelming sadness.....

I feel like screaming your name but no voice are coming...

The pain in my heart is excruciating! !

No one expected that our love...our everything will come to an end.

I feel like my chest is exploding with pain

But let me say this to you... 'thank you'....

'Thank you' for the short moment I am with you...

'Thank you' for the short happiness that you brought into my life...

I've enjoyed every seconds of my time being with you..

Year 2011 might have not pass yet but I have had the best time of this year....

Where ever you are...whoever you are with now; you will always be remembered! ! !

# Grandma....

Sitting on the fireside  
Remembering the past....  
Memories of yesterday that will never go back  
Nothing I regretted meeting a woman like you  
Only pure sadness for not saying " thank you"...

Yesterday it seems, you are full of life  
Giggling and laughing with full of might  
The aura you possess cannot be denied  
Everyone stop when eyes meet eyes....

If only I can bring back that precious time we had  
I would have said then..."Thank you very much"  
Now that you are gone...there's emptiness inside  
But the memories of you will surely light me up...

Now is my time to say "Goodbye" to you  
Everlasting peace and happiness you wished for  
Have now come true!

FAREWELL...grandma! ! !

# My Wishes For You! ! !

As I write this message to you ...

The sound of your voice lingers as I write your name  
to express my hope and desire this morning.....

My wishes for you this morning are:

If it is to rain; I would like to be the raindrops  
That falls upon your delicate skin...

If the sun is set to shine;  
I would like to be the incandescence of the sun  
that will brighten up your day.

If the wind will blow from east to west  
and north to south;  
I would like to be the wind that will blow heat into your body  
to keep you warm all thru the day....&#65279; &#65279;

# Yesterday...

Day and night passes by  
But the memory of yesterday  
Makes my day cheerful....

My yesterday of you is my today  
As my today is all about you....

I lived with my yesterday  
To savor all the day  
I am being with you! &#65279;

# Distant Love....

Fly...Fly...Fly

Please let me fly

Give me a wings

so I can fly....?

I wish I am a bird free to fly

and be instant to where you are....

I will glide to the direction of the wind

that will lead me to your open arms

where love, comfort and peace

are waiting....?

# Vangie's Cuisine...

Food, food, food...Vangie's food...  
You can find them in FACE BOOK  
Mouthwatering cuisine of Filipinos food  
Let's get together and have a look.....

Pretty Vangie is the cook  
Using delicate hand to cook the food  
Her expertise is out of this world  
Nothing can beat her skills of food....

I look at it everyday  
To see what's the menu for today  
Tummy now that was once empty  
Is now full of what she cooked for that day! ! !

## Beware...

Better be good with what you do  
As there's always someone there  
Who will pick and find faults  
To whatever you do.....

These are the people who have insecurities-  
Someone who is lacking in confidence,  
A loser and a failure they are  
Who like to destroy others  
And find enjoyment at the expense of others.....,

Day and night jealousy runs their lives  
Wanting better with others most have  
Couldn't care much on what is right or wrong  
As long as they can carry out their evilness in life!

Run away from these kinds of people  
For they are the one's who have failed in life  
Brain like a "pea" is what they have  
Pretending to be that they have done something in life! ! !

# Sayonara....(Goodbye)

Looking from above, smiling at us  
Whispering 'I am fine' to all of us...  
"Thou not be sad " is what she want from us  
For she is now in a place called 'Heaven Above'...&#65279;

Hard to accept she is no longer with us  
There is emptiness inside for all of us  
Sorrow and pain is the feeling we have inside  
Hoping one day it will subside....

Saying goodbye is the hardest word to say  
The pain of losing her hurts us so much  
Time will come and slowly we will accept the fact  
That she went to heaven and be at peace with God...

Memories she left behind  
Will always stay in our heart and mind.....  
Until such time when our time has come! ! !

# Love Hurts.....

LOVE HURTS

(Composed by Rachel Hill)

Day gone by just like that  
Fun and laughter we do have  
People eyes noticed us  
Bonded by each other heart

Time to time we stop  
Starring each other like a cat  
Meoww to you.....  
Meoww to me.....  
Buzzing each other saying  
'I love you'

Time will come love will end  
Broken heart is what we gain  
Wishing love never came  
From the beginning but not to end.

Help me please is what I ask  
To forget what we've start  
Be it good be it bad  
Let thy heart ease at side...
