Am I Ready

Am i ready for the world
Am i ready to be on my own
to be in the big place that god had made with many of people
many of friends, many of enemys, many of hate
the world is full of such wonder
such pain, such passion
to me i dont understand because
i was locked in a small place of my mothers home
now that i am older
i dont want to leave the nest
the open arms of my mother
kept me warm over the years
holding and helping me in life
when i cryed her arms where there to hold me

am i ready to pay my own bills
make my own money
pay my own way in life

some time i wonder am i good enough
for this world that i live in
Am i ready for the world
is the world ready for me
will i be great and a succes in life
i dont want to be left behind

well i guess its time to find my own way
follow my own heart
live my own dreams im scared
yes i am
but though i walk with my head held
high and my back going straight

somthing in my mind telling me i wont make it
i want to prove people wrong
i am me

i am the best
i am

READY

Are You Listening

Are you listening to my words
When I say them
Do you hear me when I need you most
Sometimes I feel like you not listening

Are you deaf?
Am i not speaking clear?
If I clear my throat and speak louder
Are you listening to me

Do you hear the words from my mouth
Is my voice to low?
Maybe if I speak louder maybe even scream it
Are you listening

Deep, Sweet, Passion

he is my deep love that we have together
the sweet bliss from every kiss
the passion when we talk

the dept of his love shows me how much love he has for me, the deeper his love
the less of my pain and trouble, the deeper the sweet bliss from every kiss, his
love is what i miss, i the passiopn of the love, its not about the sex, its more
about the way i feel when we are together, he melts me more and more, leve me
breathless

with out his love i was nothing, my days always arayed with pain of finding true
love

the sweet bliss when i found him, im glad god had blessed me with a beautiful
man like him, i feel as tho life is war, and together we can make it

the passion when we talk, its like my ear ring of the love he wispers, the time
that flys by we are in each others arms, miost at love and feelings, the joy,
happy that he has made tears come down my face, tears of joy and nothing
more and drive me away im stuck on his love like fish outta water,

when he is not around, i think about him, loving him in more then one ways, his
love is what keeps me warm, his voice drives me insane
he loves my wet passion, the passion i get when we speak, im so in love my
mind is all on him just him, thats my baby and i am his lady

deep, sweet passion

Do You Love Me? No Really Love Me

Do you love me?
No really love me

□

Do you like to kiss and hug me?
Is it my body that makes you feel?
Or is it when I come at your will

Is it my body that turns you on?
It my lips that sang your favorite song

Do you really love me, no do you?
It's not the money
Or that you seem so to taste my honey
Baby do I make your day bright and sunny

What do you really need from me?
What is in my eyes that you really see?
Is this a relationship or it seems to be

Is it really an 'us'?
We never fight or fuse
But you always seem to have you hands on my bust

Sex is not what I need, love is what I need
That how I feed

raesheka antwine

Finally (I Love You More)

Finally I met a man
A man that loves me
Makes me cry tears of joy
Instead of tears of pain

On the wedding day I will have his last name
He is my love
My only
The man I've waited for

I prayed every night for a man like this
Talking and holding him
Feels my heart with bliss
Finally I can say

I love you and not a day
Goes by where my heart
Doesn't love you
You're the reason

I wake up every morning
The reason I sleep ever night
Finally, oh thank god finally
I found love

raesheka antwine

Give Me A Beat

Give me a beat
Give me the shine
Give me the love
Because I do all the time

Look in my eyes
Look to the sky
Get ready to say all your goodbye

Let lies spread like wild life
In the end its you who meets your
Demise

raesheka antwine

Heart Love And Passion

If I had a heart to give
If I had the mind to tell you
If I the song to show you how much I loved you

On you my mind stays
The beat of our heart sways

I want you to feel what I'm feeling
And me to feel what you're feeling

This life is power
This love is deep

At the end of the night
It's this love that sleeps

raesheka antwine

His Love Is My Pain

His love is my pain
His pain is my gain
I have many loves

Many worries
He loves me
But do I love him?

Do I show how I love you?
On a daily ordeal

His love is my pain
My pain is his way

true to this love ill stay
open this box of life
of love

raesheka antwine

I Dont Want To Hurt

I don't want to hurt
I don't want to love
Every time
I get hurt
When I fall in love fast
I get hurt the same way
Fast

It seems like when I try
His love seem to die
He leave has me wondering why
Do you feel the same way?

I say I won't do it again
But I find myself
Back in love again and again

I don't want to hurt anymore
So why am I back in love?

Simple just to
See if any man will ever love me
Like you did before

raesheka antwine

I Got This

I got this
Ima rock this
This life seems to be a game
Guess what I'm one in the same
People call me name

But know I don't let that get me down
Throw my feelings around
I say so what
Toss their luck to the ground

Can you feel it?
It's called faith
Use it
But please don't abuse it

Real eyes, relax to the crazy side
God is the man who I abide

Call me crazy
Call me lazy

But at the end of the day
I'm still me baby

Deuces

I Hate You So Much

I hate you so much
You just don't know

I hate you so much
My mind is about to blow

How much I hate you
The time could pass

If love you
If I cared
If I could understand
How much I love you

I don't know
How I fell
I just know
I love and hate you
So very much

raesheka antwine

I Know

I know the reason you look
I know the reason you hurt
I know why you say those things

If you only knew how I love you
More than the sun it self
My love is not to take for granted

I know you love me
I know I need you
I know when the road gets tough
You'll be right here beside me
Holding my hand

I know that many can see
I know that many can listen
I know what they say when you have lost all hope

And giving up is so easy
I know but life is full of it
So live it to the very last moment

raesheka antwine

Ill Stay Strong

I'll stay strong
When life is wrong
When it seems like
Giving up is my best choice

I won't give up
This is my motto
This is my game plan
The man won't take me down

Pushing my way through
My life is worth fighting for
Your life is worth it

Walk, take baby steps to your goal
Strength is the key to your soul
Don't give up
God didn't give up on you

Don't give up
Cause you never know
What you giving up on

YES YOU CAN
I'm here every step of the way
At the end of the day i'm hear to say
Never give up on what you be leave in

Life is short
You'll make it

raesheka antwine

Im Lost

I'm lost
I can't be found
Looks like I'm going
Round and round
I want to smile
Not frown

I'm lost somebody find me
My eyes water
My body is weak
It Feels like I been
In pain for weeks

To the day that I rest my head
To the day I lay in my bed
Cold alone, sick but strong
Or maybe I'm wrong
It seem like the same old song

My heart seem to wonder on it owns
I hate this even though it's not shown
I wear a smile on my face
And my spine straight on my waist

My body is not for every man to taste
Is this right or even a chase
A sad song I keep hearing
A lonely life I fear

These walls ill keep staring
God is the man with the plan
Or did I mess it up
Is this is plan for me

Maybe I'm lost for a reason
Different mood every season
You are the reason I'm lost
I am the player, you are the boss

raesheka antwine

Just Look

Just look
Just look

Forget about what
You see in a book
Let this be known that
Just because it isn't shown On TV.
Does not make it fake

Who can say what is real
Who can say who you are?

Just look
Just look

When people say who you are
Just say

Look at me
Just look

raesheka antwine

Kiss Me, Kiss You

Kiss me, I know you want to
Kiss you, because I want to
Lips soft like butter
When you kiss me it makes my heart flutter

Kiss you, makes my heart sing
Kiss me, I hear the bells ring
With this love, it's not a thing
Holding me back

Do you feel me quiver?
Do you feel me shiver?
I don't need to have you
Inside of me to feel love
Kiss me, passion as our lips meet
Passion as we feel the heat

Kiss me, I want to feel free
Kiss you, come closer come and see
Love to most is the same
But with us our lips is the game

raesheka antwine

Let It Be Known, Let This Be Shown

I am wild
I am crazy
But to you
I am your lady

Let this be known
Let this be shown

I am more than meets the eye
Imp not gone sit back and let the world fly
My feelings for you will never die

Let this be known
Let this be shown

Momma didn't raise any fool
I might seem bad
But I follow the rules

Let this be known
Let this be shown

My body is not your toy
I want a man not a boy
I am a woman not a little girl

Let this be known
Let this be shown

raesheka antwine

Momma This Pain

As I lay in my bed
Fear takes over me
Wondering what could take hold of me

Momma i've cried
Momma i've laid
But this fear is pain

Not like any pain
The pain you feel when a womb can't heal
A pain you feel when you take a bad pill

Where no matter how hard you try to breath
It seem like nothing will work
I reach out

Trying to feel but I reach for air trying to breathe
Momma I'm scared please help me
But it seem like you're not listening to me

Momma this pain is worst than many
This pain is worst than any
It feels like I'm dyeing

I can't breath
I see your shadow help me as I try and talk
You smile instead, can't you see I can't walk

Momma can you hear me
Momma this pain
Momma this death feels like nothing

I feel free I have no feeling
I feel like I'm lifting air
So you feel it

Momma I feel no pain
Momma no pain, no pain

Momma I'm free, no more pain

raesheka antwine

My Body

My body is not to be played with
My soul should not have a scare
My mind should not have a lot on it

But why does it
Life gets stressful
People start getting restful

But it seem as though
Our hearts stay pumping
Until the very last beat

raesheka antwine

My Life Is Mine

My life is mine
i wont people to stop to decide it for me
i am a woman
not a child
i was raised right
im not out running wild
but yet people still
in my books
in my life
telling me where i need to be
where i need to go
wwhat about what i want and need
to shoker is that
these lies people feed
i dont need lies
i dont need sombody trying to
tell me where i need to be

raesheka antwine

My Love

My love is power
My love is free
My love can hurt
This love that I hold
Is unlike any other

Your love can do
More than I thought

My love is here
Your love is there
We are in love

And our pain is free
But my love is real
Is yours?

raesheka antwine

My Mind, My Body, My Soul

My mind is a river
It flows through life

My body is my temple
Please don't hurt it

My soul is a bright room
Silent but loud

My mind, my body, my soul
My life is mine of my own

I love it even though
It is now shown

This life is my thrown

raesheka antwine

One Love

One love, one man, one girl
Two heart beat,
Lovers change the mood of our groove,
But yet our hearts sleep,
Love is expensive but ours was cheap
Some love is shallow
But ours is deep, to you a promise
That I will keep
I'll never break our heart
Don't make me weep

I love you and you love me
With your love I am set free

raesheka antwine

Our Hearts

Our hearts beat with the same ryme
I think you heart know when I need you

My heart race when I taste
You sweet love on mine
The beat, beat, beat,
Of our hearts feel to jump more and more

The heart sometimes want what is don't need
I need your love just to feel
Don't leave me it would take time for me to heal

raesheka antwine

Passion

I feel your hands
I feel your lips
I can also feel when you grip my hips

My body is full
This passion is overflowing

This is what I call real love
No something you see on TV.
But the kind you hold on to
Even when you day looks blue

raesheka antwine

raesheka antwine

Set Me Free

Set me free from all my sins
set me free from the world

i was born for greater
yet im stuck, destin for less

take my hand
lead me to the promis land

god has better for me
many has wondered, but only i can see

how can i be free?
how can i be me?

yet im sitting here stuck back in square one,
what made me come back to the place i called home?

now it seem like i miss the rome
free to be who i want to be
nobody to tell me wrong
i was me, i was me

now im back to me
back to crying alone
feeling gone
singing the same old song

raesheka antwine

Speak To Me

Speak to me when you're feeling alone
Hurt or lost you're thrown

Speak to me when all else fails
And nobody seem to listen

Speak to me when I'm the one you trust
Speak to me I'm all ears
Have no fears
I'm listens
Don't hold back
I won't attack

raesheka antwine

Stop Hurting Me

stop hurting me
i feel the pain in my sleep
scared that your going to do it again
make me feel like a queen
then hurt me and make me feel like it was a dream
hurt me with words
so deep and painful
tell me love me
then say you never cared
i want you
but i feel like you love hurting me
take this love
i want to feel
you give me hope
then turn them in to lost dreams
hurt by those things
that they call love
that they say will heal millions
but hurt so many
i been with plenty
but you i have
but your so far away
i want to love like we use to
is it me
or is the pain
you love makeing me cry
so bad that i feel like i should die
time this heart
i say please
you hurt me
yet i smile

now the question is who is hurting when i die
and theres no one left to hurt

i gave you my all
and you gave me pain
now i hear you cry my name

now who is hurting now
im in a better place
and now all that love you waste

HA im happy and your hurt now

raesheka antwine

Swing As I Swing

Swing as i swing
threw the tunnel of witch we were
open your mind, open your heart
to the cold that has faded
tho the lies way out dated,
i give the passion of me
tho we walk on broken shells
even tho our friendship, it fails
everything is silent but its so loud
open the door that once was
my body is still, trying to you
I'm alone just like a stone
you can hear a crunch of a broken bone, i asked for forgiveness
you gave me a shout
lies full of dout
no tears not even a pout
i give up without a lout

raesheka antwine

Tell Me

tell me
tell me
oh please tell me

if you want me
or if you want her
i have a mind
i have the time
to tell you how much i love you
and only you

tell me
tell me
please baby tell me

if i ever have to wonder
or even plunder
the thought of life without you

i have love
deeper than you know
but please

tell me
tell me
oh i want to know

if you love me
or if you wanta go

just tell me
what you want
tell me what you need

i anit beggin
or pleading

just tell me
if you love me more than i love you

The Government Always Talkin

to government always saying 'stop this and band that'
what about 'help this save that'
they all worryed about other countrys when we need help
what about us
who helps us

raesheka antwine

The Truth Behind Our Lies

Let our minds touch
Let our hearts ease
Let those bad words
Roll off our sleeves

Let our body's shake
Let our body's move
Just bounce
To the groove

We don't own these bodies
There just for rent
Some souls say:
We were heaven sent

He is my superman
Like Clark Kent
When I need to hide
He is my tent

People say love rules
But we say there just fools
Open these eyes
Not my thighs

People tell lies
That spread like flies
There the reason
That baby's cry
That a mother may cry
To a empty sky

The truth is hard to say
That's why people lie day by day
And go on like they lay
Down in the dirt

People will get hurt
Truths will be found
The end of the day
The lies become truth
Truth become lies

raesheka antwine

This Feeling

This Is a feeling I feel
When I don't know how to deal
When I feel lost
Gone like know one knows me
If I slip on my love
Get hurt again
Because of my now my heart
So weak so cold
Wanting so body to hold me
Take me love me
Just all for me
I've been cheated
Deplided

Wondering why me

raesheka antwine

What It Take To Make A World

it takes a woman to provide for the world
it takes a man to make the world
it takes a child to work for the world if he trys
to raise a man that man needs a man to teach him how to be
it take the love of a mother to make things better
to takes a world to make us

and it takes a woman to raise a lady not a slave or his goto girl

When Will It End

when will this pain end
of you lieing
and hurting me
when will it end
die forever
do you love hurting me?

i dont want to leave you
i love you so much
or is it?
that im afraid to leave you
when will it end
you make me feel so bad to the point
that a slap or a beating
will make my mouth go quiet
and do what you say

when will it end
that i can be free
the pain you have given me
the bumps and bruises
i cant take this pain

we are not married
we have no kids
whats going on that i can break free
let me go
stop hurting me

Where The Waters Meet

today i feel good
i walked in the water
loved how it felt under my feet
i look out in the oceans
and wonder
where the waters meet

so i walk i untill the water meets my breast
i look around and see more water
am i in the middle
where the waters meet

do it feel me
where the water meets my skin
so warm and soft
but yet so i wonder
where the waters meet

i give in to the waves
and lean till i float
close my eyes and i feel my self drift away
where the water meet i will never know

where the waves take me is where ill go
where the water meets my soul

raesheka antwine

Who Am I, Who Are You

who am i to tell you who you can be
who am i to tell you who you cant be
who am i

who are you to tell me who i am
who are you to tell me how i should see you
who are you

who are we to meet
who are we to kill
who are we to lie

we are who we make our self's out to be
i am me
and you are who ever you chose to be

raesheka antwine

Who I Am

This is me
This is who I am
Look at me what do you see

Open this book
And read my pages
Can you see me?
Can you see all the changes?

I'm am a word
Not just any

I'm the light
At the end of your road

Who I am
I am not dangerous
I am not sweet
I'm not the girl
Living don't the street

This is who I am
I'm me
So who are you?
