Resa Lynn(Jan 12th)

well...

im theresa

but i go by resa

im really just a normal teenage girl

looking for love and a purpose

but sometimes i feel like I'm no good

but now i have this amazing boyfriend that makes me BEYOND happy

he's literally the best thing that has EVER happened to me

All Around

All around you
Have to stop and stare
Some will even wonder
How those scars got there
I have bad scars too
Except mine aren't hard to hide
See yours are on your skin
Mine are deep inside
Yes my insides damaged
So cut up and torn
It's not because of sickness or because of 3rd degree burns
Mine are from the past
So dark and not well seen
I don't have anymore nightmares
In fact, I don't even dream
I'm so torn apart
Broken up and hurt
My life has not been pleasant
I've been tossed and thrown in dirt
The people I have trust the most have broken me and lied
I don't have a best friend any more
He had to go and die
When I do the right thing wrong
My life goes round and round
When I wake up the next morning
I'm lying on the ground
My heart is somewhat broken </3
I suffer from great pain
Some people stop and wonder
Is that girl insane?
Though people try to help me
Mend my broken heart
I'm starting to get better
But they'll never fill the part
The part that's dark and empty
Gloomy and ice cold
I'm hoping I'll get better
Or so I have been told
You and I aren't different

You suffer so do I
We both have lost a great amount
We both sit alone and cry
People all around you Have to stop and stare
Some will even wonder
How those scars got there

Be My Romeo

If you be my Romeo,
I will never let you go.
And I will be your Juliet,
Never to let you forget,
Of this love, so pure, so strong,
Just like we've known all along.
It doesn't matter what they say,
They cannot get in our way.

I don't need prayers or good luck charms,
Because I'm safe, here in your arms.
So long as I never have to leave,
I find it easy to believe,
That hope may truly, still exist,
I felt it then, when we first kissed.
Though I had not known love before,
I won't live without it anymore.

Life without you, a fate worse than death,
If that should happen, with my last breath,
I'll give you a kiss, a final goodbye,
Until we meet again, far above the sky.
As long as I'm with you, happy I'll be,
Finally released, with you, I'm set free.

Resa Lynn

Blue Eyes

Your big blue eyes.
Look at me,
I glance right down,
Cause I'm scared you'll see,
The hurt I've seen,
Words I didn't mean,

I give you my trust,
So soon,
So much,
I know you'll never leave,
Your hands clutched to my heart,
No-one will tear it apart,

Your more than a friend,
Your the sun,
Shining high,
Up in the clear blue sky,
Like the sparkle,
In your eyes,

Without you,
I know I would fall,
With no-one to catch me,
No-one at all,
Your always there,
To pick up the pieces,

I could tell you anything,
No matter what,
You'll still be there,
When everyone else walks away,

It's you I tell,
When everyone wants to know,
It's you I need,
When everyone is around,
I come to you,
Pushing past the rest,

Your smile could brighten,
The stormiest of days,
Your hugs I need,
When the tears fall down,
I feel as if I'm finally free,

Your big blue eyes,
Stare right at me,
I stare right back,
Because I'm not longer afraid,
For you to see,
Me.

Broken Heart

So lets walk away and forget eachothers name.
We're going to have to face the facts, things will never be same.
I'm looking up at the stars scattered across the stormy sky.
I think of all of our memories and begin to cry.

I loved you with all of my heart.
Things just haven't been the same since we part.
I just can't stand how much there is about you that I miss.
I just want to hold you one more time and share one last kiss.

Now I know what it's like to be alone.
Now I know what it's like to have a broken heart of my own.
Tell me will my heart ever heal?
All I want is to go back to when our love was real.

Though I try so hard I can't forget, it all comes back when I see your face.
No matter how hard I scream I just can't seem to erase.
All the long night's I've proved that I cared.
Let these rains wash away this love we once shared.

Resa Lynn

Bye

everything in this world is changing
my heart cannot rearrange
just for some boy
that only thinks of me as a toy
im not some kind of whore you can mess with
and i'm tired of your lies
just leave me be
if all you want is sex
your NOTHING to me
just leave me be Grant
and take the darn slut
i dont care anymore
i was blinded by love
but not anymore

Resa Lynn

Choices

with all the choices
and mistakes i've done
i know i can never turn back
life will never be the same
i can't EVER change the past
i had a wish to die
but now i have a wish to live
the questions need to stop
voices need to be muted
i'm better i promise
the uncertainty is gone
i stopped the hate
just i need to pray the pain will stop
tears no longer fall
the voice inside my head is gone
i'm better
promise :)
God will always be on my side
He'll never leave me <3

Come Home Tonight

When I lie here awake at night
I can't seem to drift off to sleep
Your basically all that's on my mind
and I can't stand being away from you
It feels like I haven't seen you in weeks
Why must I deal with all this suffering?
All I want is to be in your arms
and know your there
but....I just can't seem to feel your presence
Your not in my grasp
and it takes me forever to drift off to sleep
Where I can finally see your face
and I finally think things will be ok
but then
my eyes open
and your not there
baby, i miss you
please come home tonight

Resa Lynn

Distant

As the clock goes on
My mind begins to drift
Away from reality
from all the pain
Wishing things were back
without the drama or tears
Where life was fun
I could actually take a risk
Now life is complicated
full of cliques and gangs
of drugs and drinking...
What is happening to this world

Don'T Forget That I Love You

I miss how you would hold me.
Your embrace so warm.
Your kisses so soft and passionate.
Everything about you I loved.
Our love I never wanted to end.
I loved you so much, and yet after everything I can't get you out of my head
You were my everything.
I never wanted us to say goodbye.
I would have rathered died than lost you.
It seems that I cry myself to sleep every night.
I think about the good times we spent together, and miss it so much.
I will NEVER forget the time we spent together.
I'll love you til' the end, til' i take my last breath.
I love you babe, I always will...

Resa Lynn

Dream Come True

Tick tock,
as the clock goes on.
Just can't seem to wait any longer
I just want to hold you close
and knowing you'll always be there.
Your the sun shining high,
up in the clear blue sky.
For some odd reason...
life seems perfect with you
I can't think of it any other way.
Everytime were apart, I'm a mess.
I just want to fall asleep in your arms,
knowing in the morning I'll see you there
I can't spend a day without you in my thoughts
You've made my dreams come true
and I'll always love you....
No matter what

Resa Lynn

Dreaming

As I sleep through the night
My dreams only in sight
Your standing there across the hall
my feeling, is I'm beginning to fall
for you, as you whisper in my ear
Everything seems to go clear.
Holding you close, I never want to let go.
Everything is going so slow.
I feel like I'm floating through the sky
I have no reason to cry
I love you with all my heart
Never wanting this day to part.
I know, I never want to lose you, your everything to me,
and all that I see

Resa Lynn

Endless Night

I walk through the night
Wandering through the streets
No one is in sight
I can't see a thing.
Nothing really matters
Daylight is almost here.
Please, sun shine on my face
I don't want to be here.
I want to show myself
For.....once in my life.

Resa Lynn

Ever Need

When I look in the mirror
I see my face
the tears
the scars
but now...
I see a beautiful girl
with a mind full of dreams
& a heart full of love
my past doesn't matter
no more sadness
just happiness
is all i'll ever need

Resa Lynn

Everything

Do you realize what happened when our eyes first met
That my heart was set
for only you
that for once our love could be true
your kisses brought me too a place I've never been before
My heart no longer sore
Your touch so gentle, your smile so sweet
you knocked me off my feet
Let's forget about the past
and make our love last
You're the one who stole this endless heart
Promise me, you won't break it apart
I can't believe I found someone as great as you
my life no longer blue
now that I'm with you
It's a dream come true

Resa Lynn

Forgot

All the pain I've been through, now that I think about it
It wasn't worth it
I don't need to cry over someone who doesn't want me
you made me what I am today
I don't know what life would be without you
All I can think about is you. No one else matters but you
All I know is this...
I love you and you alone
No one else has my heart but you
Your my everything

Resa Lynn

Glass

I'm looking at you through the glass.
How much time has passed?
I'm not ever going to go anywhere.
People always stop and stare.
I sit here and cry
I feel as though I'm going to die.
I lost the love of my life
Due to all of this strife.
I miss you, I really do.
I always will, my life went blue.
Tears falling from my eyes.
All of these lies.
I'm never going to forget you.
"I love you too"
I wish we were still together
But I guess we didn't last forever.

Resa Lynn

Goodbye

screaming in my face
yelling at me
will never change how feel
I'll always love you
and I'll always be there for you
but knowing that you don't care
just makes me cry through the night
knowing all those days we spent together
hand in hand
and now thats just a memory and u no longer care
all you wanted to do was to break my heart
goodbye forever
i love you

Resa Lynn

Hate

Seeing everything in front of you go to black
Feeling as though I can't turn back
Too much heartbreak, too much pain
How can I keep my sane?
you push, you yell
This isn't going that well
I guess this is how my life will be
No one will see the real me
Forget all the hate, all the anger
cause now too me... your only a stranger

Resa Lynn

Healed

some things can never be replaced
while others can be misplaced
but for you, you'll always stay in my heart
cause I know you healed what was torn apart
You're actually someone who will listen
who has seen my eyes glisten
you made me forget about the pain
made me step out of the rain
you held me close, made me feel protected
now everything is calm and collected
there are no more tears
against my cheeks, you've wiped away the fears
your something so great
This love of ours must be fate
I love you with this endless heart
I don't want to spend my life with us apart

Resa Lynn

How I Felt

Do u realize how I feel
and now I have to deal
with the fact were not together
when I thought our love would last forever.
Tears always falling for my eyes,
always hearing these lies.
You had my heart
Now I feel torn apart.
I can't get you out of my mind
you were always so kind
I still love you, I always will
but now life will just have to stand still

Resa Lynn

I Am..

I AM...

a liar....because i don't tell you everything.

a slut....because i like boys.

weird.....because i'm not like you.

a nerd....because i like reading sometimes.

a fake....because i'm happy most of the time.

stupid....because sometimes i am wrong.

a prep....because sometimes i like to look nice.

a failure....because I can't do anything right

I'm done with all the nonsense....I'm just wanting to die! ! !

I AM DONE BEING LABELED.

Resa Lynn

I Hate You

Just walk away and forget my name
I should have never played you game.
All you wanted was to break my heart
You totally tore me apart.
I sit here in my quiet room and just cry
I look out my window, looking at the dark stormy sky.
I can't believe I believed your lies.
You just like all the other guys
I thought our love was true
but now all I have to say is... I hate you

Resa Lynn

I Love You

You hold me when im about to cry
tell me everthing is alright,
with just your eyes.

You stole this endless heart
i hope our lives will never part,
you always seem to make things
better everyday
just by the words you say

i honestly truely know this is true
and all i have to say is that
"i love you"

Resa Lynn

I Want Love

seeing these cuts
will they ever heal
will i ever be able to stop?
can i overcome this?
i cant feel numb or pain
now...i feel love
i realize i matter
that people actually care
i don't want to cut
i don't want drugs
or too drink
i want love

Resa Lynn

Ily

You know I care
You know I'll listen
but time has passed n it doesn't seem like you even care
i love you
does that mean anything to you?
i tell you how i feel and how much you mean to me
i don't judge
we barely talk or see each-other
n i don't know what to do
I thought everything was fine
Don't you love me?
Don't you see how much you matter to me?
Without you I'm going crazy

Joseph

Before you
I was so lifeless
Such a mess
But then you walked into my life
Made me feel soo alive for the first time in a longgg time
You make me smile when the tears fall
Your kisses soo soft n sweet
Your embrace soo wam
Everything about you is perfect
And I want this feeling forever
Joseph, your literally everything to me.
What we share is real.
And everyday I spend with you gets better n better

Resa Lynn

Joseph Micheal Mayer

From the moment I met you
I knew there was something great about you
Then we shared our first kiss and then my heart was set
From then I knew that i wanted to spend the rest of my life with you
Were taking things slow
Cuddling on the couch, kissing under the moonlight
I've never felt anything so real
Each and everyday I spent with you I fell more in love with you
I may not be able to explain everything I feel for you but
I know for a fact your the one for me
I love you sooo much Joseph Micheal Mayer
So so so much
Always and forever

Leo Allen

I felt every movement
Every kick
Seeing my belly grow
Hearing your heartbeat
My heart just would melt
As time was running out
Labor finally came
18 hours later
Pushing as hard as I could
I was given the biggest blessing I never thought would come
I beautiful baby boy
With dark hair and beautiful eyes
I could never love anything as I could love you
Your my baby
Your my son
My everything <3

Life

Life was good before I met the monster
MY body aches, my brain is screaming
Begging for the monster to come back but I won't let it
I will get better
but now my life will be a war with the monster
I really hope things get better soon
I feel so weak
But someday.
Things will get better
Everyday

Living Breathing Hell

why do i feel so alone in this battle?
like everyone is against me
now matter how hard i try
no one wants to be on my side
this hurts
i cant stop these tears
i feel like everything i've worked for has been thrown away
everytime you seen me smile
it was something i trained myself to do
to pretend to be happy
but its so hard to do
when the weight of the world is on my shoulders
im getting pushed over the edge
its too hard to bare
im screaming for help
begging please save me from this hell
i dont want to die
i dont want to cut
i want to live without this constant bullshit
please help me
save me from this living breathing hell

Longing

I look upon his face
taking in his seductive eyes
his firm features
his waiting lips
My eyes get heavy
My heart beats hard
every fiber tingling
every sensation longing....
my eyes flutter close
as he draws into me
He invades my lips
and leaves me trembling
He breathes softly in my ear
asking.....
'What do you want? '
his cheek brushes mine softly
'y-you..' I whisper back
I cant hardly breathe
and he wants me too speak
I breathe deeply
He wraps an arm around my waist
Draws me in
leans towards me
and kisses me deeply

Resa Lynn

Longing For Love

Love is deadly, love is kind.
Love is something I cannot find
Getting hurt all these times it's just not fair.
Won't anyone ever care?
I just don't know what to do anymore
Every part of my body is sore.
I cry through the pain you have caused me
'cause when we were together you were all I could see
I long for you.
To hold me to kiss me, but my life is shattered and went blue.
Guess love wasn't for me
Even though I gave you my key

Resa Lynn

Looking...

When I saw you looking at me,
I used to be scared and,
I always wondered why,
But day after day,
I got used to it,
But then it had to be this day when
You started talking to me
It was weird,
I used to hate you,
But now,
This feeling,
When I see you
I want to be with you
We had a chance
And I messed it up
You were in the rebound
You chose her
And you started liking her
You totally forgot about me
And then, I cried
I couldn't sleep
The beautiful dreams of you became
Dark and all I could see
You and her forever
It used to be me
And now
It's her
I wanted us to be together always
But then
You chose a bad time
It got to me, practically killed me
And I had to reject you
But you know deep inside
You'll always be the one
That stole this endless heart
I've been wondering why her
Why me, why you?
It's a fact not a dream
And sooner or later

I'll have to accept the truth
You chose her
And forever
I will stay in the dark

Resa Lynn

Lost

when everything seemed lost
when the tears finally fell
i lost hope in everything
where i felt like i was 6 feet under with no escape
just stuck in this hell hole
misplaced by people who i thought mattered
i cannot take this
won't something ever go right?
i want my life back the way it was
where i wasn't depressed or caught up in this bullshit
i'm shutting down
no more smoking
no more drugs
no more cutting
i'm done
there's more to life than this
goodbye depression
for good

Resa Lynn

Love?

all i want is someone too love me
and not for what they see
won't anyone ever care?
instead all they do is stop and stare
love isn't real, it's only lust
my heart is about to bust
i can't take this anymore
im way to sore
Tears falling from my eyes
All I hear is lies
Feeling the tears
against my cheeks, thinking all these fears
just let the blade go
as i watch the blood flow

Resa Lynn

Loved Yet Unloved

Something I just don't understand.
Something I fear. I'm hiding a scream,
I want to burst.
What do I do?
Be lost in my own little world, wanting to know someone cares.
I've been hurt so many times.
I think about heartbreak, about all the tears I've cried.
I'll get so attached, and I'll fall in love, then all that happens is that it gets taken away from me.
I'm tired of this, I want someone to care, like he used to but I never wanted him to walk out of my life.
I'm tired of getting my heartbroken and crying over someone who doesn't want me.
I'm never going to see the light, I'm going to be stuck in the darkness forever.
I'm just going to sit in this corner and cry by my self.
Then out of the blue you stepped into my life.
Showed me the right path to choose.
You showed me love.
The light slowly came in.
The tears faded away.
The sadness turned into happiness.
Then by a single kiss you turned my life around.
I haven't felt something like this ever and you brought me something I NEVER want to lose.
I was lost in my own little world and you brought me into yours! Your truly amazing! <3
And I never want to lose you.

My Love For You

When I think of my love for you
The wonder of its beauty takes my breath away
I cannot recall the moment in time it began
but only the overwhelming feeling of ecstasy it brought to me

For at that moment I knew happiness
A happiness I had not known before
For just the thought of you gave me joy beyond belief

I thought of being with you and being held by you was my one desire
I knew once we first met, none other would ever do
For I knew love

I knew love as I had never thought possible in this life-time
It is a love of passion and desire
It is a never-ending need to you
For you, only you

When I think of my love for you
I realize I now know the true meaning of love
I will love you as long as this life endures it and beyond
For you are my dreams, my realities
You are my heart
You are the meaning of true love

Resa Lynn

Need Him Most

i love you
more than anything
i need you
more than the air i breath
you picked up the pieces
when i was falling
he's there when i'm scared
when i feel alone
& all i can think right now
is...
i need him
i love him
he's everything to me right now
& all i have right now
when i'm at my darkest time
i know he's there
whenever i need him most

Resa Lynn

New Fallen Love

all I feel is anger and defeat
As i take my seat
on this cold, icy ground
No one seems to be around
My heart will forever be broken
What has been spoken?
Then you come up to me, ask if I'm alright
and now your only in sight
I looked into your eyes
heard no lies
I only wanted you in life
with you, there is no strife
Zach, I've fallen for you, All I want is you
cause when your with me, I'm no longer blue

Resa Lynn

No Despair

No more despair, no more pain
You wiped away the tears.
Made sure everything was ok,
I don't deserve any of this.
I am good enough.
I just haven't found my exact purpose.
You seem to make everything better,
by the words you say
and how you fold me close
you make me feel protected,
like nothing can go wrong
I can't exactly make out what is going on
I feel so different when you around
Your kissed bring me butterflies
your touch sends tingles down my spine
I don't want to live without you

Resa Lynn

No Love Any Longer

And just today,
I stared at my wrist.

Blood ran cold, descending to the floor.
I couldn't believe the past arose.

It started because of fear.
Fear of being alone, scared; lost.
But then it turned to an action.
A need, but not an addiction.

Love made it only worse.
Thinking maybe he would care.

But of course not;
He only made me want it more.
A craving; lust, pure lust.

But love soon turned to hatred.
He left me, and made me even more scared.
But I swore to not cut.
I promised.

But that promise ran up.

Now today,
I stare at my wrist.

Blood ran cold, descending to the floor.
I couldn't believe the past arose.

She's going to hate me for it.
But it's my way of expressing my anger,
My fear.

I don't do it for help-
None is it a want.
But it's my self-reminder

Of my current life.

No Truth Of Love

Do you care, do you know? How I felt
how you made my heart melt
how you made me feel like i didn't need to cry
you never told me a single lie
There isn't an 'us' anymore
Why is my heart still sore?
Life with you was great
but now it's too late
I have to accept the face you won't be with me
you were all i ever wanted to see
I wanted only you in life
with you....i had no strife
Nothing can change my ways
I'll just take on more days
living a lie
and hiding a cry

Resa Lynn

Nothing

When you look at me
What do you see?
A pretty lil' girl with a dream,
or someone plain with a scream,
going through her head
with nothing to be said.
When our love was done and over,
I thought it would last forever
I'm tired of being hurt every single time I try
It always ends up in a cry
I loved you so
I don't know if I'm ready to let you go

Resa Lynn

Numb

I forgot what everything felt like
I was so numb for so long
And now everything is coming back
It hurts, it's agnozing
My brain is screaming for me to take the mosnter back
But I can't, I won't, I'm never going back to that life
It literally destroyed everything
And now I'm paying the price,
All this pain, this guilt
All I want is for me liofe to go back to the way it was before I met the monster
It's all I want
Is that to much to ask for?

Resa Lynn

Passion

This place where you take me
Fulfills all my needs
All my nerves tingling
every fingertip wanted
You kiss me with a passion I've never felt before
Whispering in my ear 'I love you'
My lips are trembling
I'm short of breath as I whisper back ' I love you too...always'
You pull me close
kissing me harder
I never want this to end
Let's lay purely together
As we make love forever

R.I.P Thomas Jordan Anderson

It's amazing how things change in less than a minute.
How one person can be here one minute then be gone in the next
gahh i miss you so much!
I'm still here
Days feel longer
nights get shorter
I know you won't return
I'll see you again someday up where we both belong
I know you didn't want this too happen....but it did
I have to deal with the fact that you gone
I love you more than anything in this world
I'll never forget you
I can't wait to hold you in my arms once again

Riptide

I thought you were by my side
Against this riptide
My heart left broken
By words he'd spoken
I'm left with these tears
against my cheeks, with all these fears
In my head
What was just said?
I don't know what to do anymore
My whole body left sore
Having a broken heart
I'm literally torn apart
Just leave me be, and let me cry
Your love was just a lie

Secret Admirer

looking from afar
thought i had no chance with him
time and time again, i get in my car,
trying to resist my every whim

walking down the street,
my mind off in space
see you standing there looking at me,
thought I was just imaging you face.

my heart is accelerating
my mind goes blank
talking to you, I am debating
this is super jank

Resa Lynn

Secret Til' Now

Walking through each day
Living the same everyday
but the lil' voice inside
I can no longer hide
This feeling is true
It's ready to burst, ok I like you
That's all I had to say
but there might be a chance you feel the same way

Resa Lynn

See

when you see me
what do you see?
someone left me completely broken
by words they had spoken
head filled with fears
eyes filled with tears
Then you walked into my life
Made it so i had no strife
Lifted me out of the darkness
you've helped heal this mess
All I want is you
for once, my love can be true
pick up the pieces, mend my heart
I never want us to part
I love you Zachery Scott forever
All I want is for us too be together
I love you
your one and only

Slicing

Slicing away trust,
bleeding out betrayal.
Lying with a smile,
making truth go stale.
Playing a deadly game,
fighting with blood and fire.
Answering to all the pain,
bowing to desire.
Clinging to the hate,
living in the fear.
Pushing far away,
everything I hold dear.
A smile on my face,
but screaming in my head.
Hoping its not to late,
praying my souls not dead.
Trying to escape,
to find a place to hide.
Or should I face myself,
its so hard to decide.
Nowhere left to run,
no one to face but me.
To decide what I want to do,
and who I want to be.

Resa Lynn

Stained Cheeks

you casted me aside
went straight to her
Don't you care that you ripped m heart apart?
I sit here alone, staining my cheeks
The blade calls to me, tells me to cut a lil' deeper
my blood wants to speak my words
each cut is a different story
screaming in my head, ready to burst
I can't take this hell I'm living
So goodbye to everything
you never cared anyway
so... goodbye

Resa Lynn

Stop

STOP!

i don't want to die

I don't want to cry

this voice is making me want to scream

enough to make it so nothing else will come out

my head hurts

my body aches

JUST LEAVE ME ALONE! ! !

i don't know who you are

but your not a part of me

not anymore

Resa Lynn

Stranger To You

Living a life of hate and anger
Hate being treated as a stranger
Looking up at the dark sky
I sit here and just cry
I loved him with all my heart
All he did was rip me apart
I can't take this anymore
You've left me completely sore
I can't believe I lost the love of my life
There wasn't any strife
Life completely went too hell
Left alone to rot in the cell
Just let the blade go
across my wrist, while watching the blood flow

Resa Lynn

Superman

I'll love you til' the end
Til' I'll take my last breath
Hold me close
Never let go
drift me slowly to the sky
I'm safe here, by your side
Never have I felt reality by like a dream
but this dream is reality
I truely got you
and I never want to lose you

Resa Lynn

The Monster

Screaming on the inside
These demons never seem to fade
Crying on the outside
I don't recognize myself in the mirror
My brain has been dazed
Fighting with the monster
Trying to claim my sanity
Kicking, Scratching, begging for more
'Your body is so weak, c'mon you used to do this all the time' my brain telling
me
' No! I want to stay clean.' I demand
I wish I could go back
But I can't change the past
Just continue to live with the monster & fight back

Resa Lynn

Thrist

This thirst, this desire
That sets my heart on fire
Hands on my hips
Finally our lips,
have met,
Now my heart has set.
Moving in closer, our bodies mend as one.
Baby, let's have some fun.
Your fingers trace ever inch you can,
wer screaming eachothers name.
This is no time for games.
As we lay purely together.
It seems as wre making love forever.
I never want this urge to end
It's like a beautiful message to send

Resa Lynn

True Love

you lifted me out of the darkness
wiped away the tears
& held me close
we've had good times
too bad times
but we've always managed through
I've loved you from day one
you mean so much to me
I never want too lose you
your my life,
my love,
my everything
I love you babee
always & forever

Resa Lynn

Unfair Love

do you care, do you know? how i felt
how you made my heart melt
how you made me feel like i didn't have to cry
you never told me a single lie
there isn't an 'us' anymore
why is my heart still sore?
life with you was great
but now its too late
i have to accept the fact you won't be with me
you were all i ever wanted to see
i only wanted you in life
with you...i had no strife
nothing can change my ways
i'll just take on more days
living a lie
...and hiding a cry

Resa Lynn

Want

These breaths
These tingling nerves
These grasping fingertips

Want

This skin
This laugh
This smile

Want

This insanity
This need
This fear

Want

Damnit
don't you understand?

I
Want
You

Resa Lynn

Wanted

Everything I always wanted
something I thought I would never get was true love
I wanted love, but was never able to find it, I was looking in the wrong places
but everything changed
when our lips first met
I couldn't stop this feeling I had for you
from that day, I only wanted you, your absolutly perfect
You've been there from day one
always there when the tears fell or I needed someone to talk too
you've erased the memories
wiped the tears away
made my life better
baby, i have no idea what I would do without you
your everything I've always wanted
i love you
jospeh micheal mayer
always and forever
no matter what
I'm your one and only

We Finally Meet

Sleeping through the night,
seeing you in front of me.

I don't know what to say,
I'm speechless.

I never thought we would meet,
but now I see you standing in front of me.

You speak my name, asking if I'm alright

I respond 'yes, just shocked you came, seems like we've known each other for a lifetime'.

You smile and open your arms

I walk closer and hold you close

Your embrace is warm and strong

I feel at home

I never want to let you go.

I'm forgetting all the pain I've been through,

all the tears I've cried,

everything I've been through.

You've erased the past,

and all I have to say is this...

'i love you'

Resa Lynn

Your With Her

i love you even though you hurt me
i let you have me even though your with her
deep inside
it hurts
it drove me to where i am now
& now i can't tell you how i feel about this situation
We may be together
but i feel so distant from you
like
you don't know me anymore
& like i don't know you
what is going on?
do you want her or me?
it's your decision
not mine
