# Endless Love

Entranced with the passion of our endless nights  
Mesmerized by your deep thoughts that of which embraces your eyes  
Sensuous renewal vibrating through my being  
Of this endless Love

Irresistible, free of self and of the world  
Longing for you and the search of the end of this desolation  
Caressed by your emotions

Enticing power which you possess  
Endures my individuality emancipating my solitude  
Infinite embrace of your profound masculinity  
Penetrating my body and soul

Endless Love and possessions of our essence combined  
Never ending ecstasy of devoted Love  
Enhanced by the powerful bliss and our intellect  
Amalgamation of true life it self and our creation

# I Am A Child

I am a child  
Allow me to be me  
For I can only remain in this state for so long  
Give me the freedom to become who I am  
For my mind is filled with Tales  
My Heart is filled with Love  
My mind is filled with many Joyous Riches  
With all the goods that I have encountered upon  
I possess the Mind of an Individual with 'PURITY'  
I have endured the endless days of fun and games  
I have stumbled upon the negative and heart rending circumstances  
I have however learned what it is that I need to do in order to press forward  
My mind is like a Blank Slate  
Ready to be painted with all the colours in the world  
My Heart opens to be loved unconditionally  
By those who allows me to be myself  
Continuing to grow day by day  
With many insights who will make me 'Who I Am'  
Allow me to be me.  
For I am a Child...

# My Scorpion King

Love drives me with endless passions and affections of that certain individual.  
It often gives me the means to face another day.  
It forces me to make undesirable choices to often please one another.  
To compromise without compromising.  
It helps me understand our existence for he is the better half of my soul.  
My complexity can only be determined by his being.  
I search for the truth within his actions.  
For he reflects who I am and him in I.  
With him I feel assurance and safety of joy and pain.  
His existence frees me from all there is to be free.  
I dare not share a thought of another for the sake of respect in his being.  
My love, My Scorpion King! !

# Range Of Emotion

Passing through the darkness

My life

Mistaken, unfolds

What holds for me beforehand is truly untold

Ignorance

Spite, those have forsaken

Love

Control is what I've taken

Rage

Emotions overcome with the delusion

To the untrained individual who lacked the information

Envy

Outburst are thrown

Knowledge

Patience the antidote to the thorn

Grief

Mindful of the encouraging presence

To having faith that life is more than an existence

Grateful

Persevere to continue with the path

Indulge

Overcame the mist of dream at last

Systematic

Beholding with great wisdom and life

Open

Diverse to the indifference

Of the minds depleted with intolerance

Overshadowing the darkness which is conquered by the light

Of the positive future that nearly is in sight

# The Man In You

Sweetness, Babes is what you squeal to me  
Insolence and angst is all I see  
You seem like a clean looking Fella  
So come clean with your words and then holla

The people around you are overshadowing who you are  
Puzzled and confused just like consolations of the stars  
You seem to be unclear, unsettled in how to act  
Just keep yourself together and keep your mind intact

See what I like in man is one with a mind  
To surpass the others who turn with a naked eye  
Willing to see beyond the surface of the skin  
Anxious to get to know me unlike those with a fin

You see I know that not all men are all the same  
Fella like you shouldn't be around something so lame  
Hollering and quacking like it's all you do  
Common face it, you want to say "I do"

The only distance that comes between us two  
Is the fact that you're staring while I stand here waiting for you  
I know that it's not you which stand distant from I  
It's only a reflection of what surrounds you and the others saying my-my-my

I'm going to approach now you so don't be surprised  
I'm wanna be able to break it down for you so that you can evidently understand  
I'll be the one to take you away from all that you've know  
Cuz I like what I see and the man that you are is about to grow

# The Street Car Named Desired

An unexpected romance  
Surfaced before our presence  
Maintaining the passion that I'm craving for  
Elongated and timeless  
Desired

Weakness only you grasped upon  
Sustained by my vulnerability to your supremacy  
Unaccounted moments of time that constantly power my thoughts  
Fiening for your body to be gently places against mine
