I Hate You Cancer

I hate you Cancer
Your vile evil and cruel
You don't care who you hurt
I'll never forget that day
I'll always hate you for it

Your heartless Cancer
You took someone important from me
Someone important from others too
Took people who didn't belong to you
I hate you for it

You disgust me Cancer
You had no right to take him from me
He mattered more to me than my own life
I hate you for taking my Daddy
I hate you for taking others too

I hate you with a passion Cancer
You took part of my heart with him
You took part of my soul that day too
I hate you for it
I hate you I hate you I hate you

I hate you with every fiber of my being
Go back to Hell where you belong
I hate you, others hate you
Your not welcome or wanted here Cancer

I hate you more than his doctor's
I hope I get to witness that day
Witness the day you fall
And you will fall Cancer

You're gonna lose the battle one day Cancer
I'm gonna laugh and dance around your grave
You'll finally get what you deserve
And you'll never be able to take another soul

I Need Your Help Daddy

I'm tired
I'm Physically and Emotionally tired
I don't want to be the strong one anymore
I can't this time
I don't know what to do
I need your help down here

I can't get back in control of my emotions
I'm having a hard time dealing with your absence
I'm having a hard time standing by myself
I need your help Daddy

I'm broken and lost without you
I need your will to want to carry on
I need your strength to over come this
I need your strength to stay standing
Your courage to fight back again
I need your help

Please Daddy I'm at a loss
How am I suppose to do this
I need your guidance
I need you to guide me back
To whom I was before
I need your help Daddy
I need your help

I'M My Daddy Made Over

I am who I am because of him
He's the reason for my son's name
He gave me my courage & my strength
To stand tall even when standing wasn't easy
Stand for the ones who can't
To think and fend for myself
I'm my Daddy made over

Taught me to fight back
To never back down
How to pick myself back up
When I've been knocked down
Fight for what I believe
I'm my Daddy made over

He gave me my stubbornness
Gave me my pride
Gave me my temper
Taught me not to take crap
To speak my mind no matter who
Work for what I want
I'm my Daddy made over

How to keep my emotions in check
How to handle large amounts of pain
When in trouble he always had my back
He knew how my brain worked better than anyone
I got it from him
I'm my Daddy made over

Even though he's gone
I'll stand and continue on
I may stumble I may fall
May even get hurt along the way
But I'll pick myself back up
I'll dust myself off and stand tall
I'm honored and proud to say
I'm my Daddy made over

Tell Me God

I'm lost hurt and angry
Why did you take his life
I want, No I need to know
Tell me God, Tell me why
I deserve to know

Haven't you done enough to him
What'd he ever do to you
He suffered his whole life
Suffered more than anyone deserved
Tell me God, Tell me why you did it
I have a right to know

Why'd you let him born to them
Born to worthless parents
Parents who didn't care
They threw him away like garbage
Pawned him off on someone else
Tell me God, Tell me why
Explain how you could do that

You gave him Polio
You let others treat him like disease
You took away the full use of his legs
You warped his hand and foot
Tell me God, Explain to me why
I deserve to know

You let others think he was crazy
You let it go on for over year
You didn't stop it, Why
Tell me God, Give me your reason
Answer me, Help me to understand

You go and make matters worse
You gave him Cancer
You didn't give him a chance to fight back
You just jerked him away from us
Tell me God, Tell me how

How you could be so cruel

How can others not question you
When others do it, It's murder
But when it's by your hand
It's your will, Their fate
Tell me God, What makes you so different
Your no better than the demons knocking at the door

You heard me beg and plead
You know I'm not afraid to die
I was willing to carry it all for him
I was willing to take my Daddy's place
You didn't even let me say Goodbye
Tell me God, Tell me why I couldn't
Answer me, you owe me that much

We Lost More Than A Dad

We lost more than just a Dad that day
We lost half of how we came to be
We lost we four girls first love
We lost our Best Friend

We lost more than just a Dad that day
Our Mom lost her Soul Mate, Her other half
We lost our family's foundation
We lost the glue that held us together

We lost more than just a Dad that day
We lost the Strongest man we ever knew
We lost the man we looked up too
We lost we four girls Teacher of many things

We lost more than just a Dad that day
We four girls lost our Hero
We lost some of our Light
We lost part of our Heart
We lost part of our Soul

We lost more than just a Dad that day
We lost some of our Courage
We lost some of our Strength
We lost some of our will to fight back
We lost some of our will to carry on
We four girls lost more than a Dad
We lost more than just a Dad that day
