Army

First of all a salute to them all
For protecting us and standing tall
Fighting giving victory calls
Bravo let them not fall
Because of them there is harmony
Not expecting more money
I hope in future I will shine

Beautiful Moon

In a starry sky
The moon look so beautiful and white
Gives us light in the night

The beautiful moon is stuck in the sky
With its friends
I look at them from my window
WisingI could touch the moon

Wounder why the moon shines only at night
Making for a beautiful sight
I wish I could touch the moon

The moon is so beautiful and white
Making for a beautiful sight
In the clear starry night

Dare To Dream

Dare to dream till the end
They are all yours and yours alone to attend
Work on them no, matter what people says
Shooting stars always find their way

The road might be dry with thorns all over
But when were rose without thorns ever
Always dream to be a cut above the best
And remember, even thing can make a nest

Hold fast to dreams
For if dreams die
Life is a broken-winged bird
That cannot fly

Hold fast to dreams
For if dreams go
Life is a big barren field
Frozen with snow

Salman Sayeed

Dream

Close your eyes.

Close your eyes and dream

You can be anyone

Anyone you dream

You can go anywhere

Do any thing

Be anyone

Just close your eyes

And dream your dreams.

Earth

Green trees blue sea
Don't hurt our earth please
It gives us every thing as we need

Birds fly in the sky
You can see them wave goodbye

There are lions roaring out loud
Yet earth has a peacefully sound

At the beach kids play in the sun
And have a lots of fun

Earth is coming to an end
So lets try to mend
And give it a chance

Faiz Goes On Ride

faiz brushed his teeth as he was in a rush
He had to travel on a ship
As he had to go to Neverland
Faiz then had tood which was good
He saw Timmy and Tommy
Who gave Faiz a bug
That looked like it could do with a hug
Faiz went blank when he saw Alack the goat
He the ran as fast as he could
He went to his house and saw his mouse
He opend book and fell asleep
And in his dreams he leapt from cloud to cloud

Friendship

Friendship is not just a word
Not merely a relationship
It is a silence promise which says
I will be with you forever
A friend is not someone who hold your hand
When thousands are with you
But is one who holds your hands
When thousands are against you

Green House

If just one person shines
Other will fall in line

As we board the green house train
Let say to goodbye to acid rain

We are so afraid of pollution
Let's work on the solution

Let's make our days brighter
So that our lives become better

Hostel Life

This is our hostel life
We think its strict and full of routine
but staying without parents
is a great experience and fun
With friend in hostel
everything is set and done
At night outside our room
sound can be heard
The best birthdays are in hostel
with the birthday song at midnight
and parties with never ending supply of
pizza and chocolates
with friends of my school
hostel life is best

If You Wish

If you wish to see
See the greatness of Dr Abdul kalam
If you wish to hear
Hear the speech of Dr Abdul kalam
If you wish to speak
Speak the truth
If you wish to be brave
Bee like Rani Laxmi bai and Azad
If you wish to love
Love the beauty of nature
If you wish for ornaments
Wear the ornaments kindness and tolerance
If you wish to destroy
Destroy cruelty and falsehood

India

India is full of mountains
And there many rivers and plains

It has a desert and it surround by seas
Its beauty is what I love to see

Everywhere we see unity
Marvellous is each village and city

Iam an Indian forever
And forget my duties never

Love You, Mom

A mother is a star,
Who helps us grow
She teaches us vary far
To walk and go.

Yes, we do have fights,
Which is a little sad
Yet, mother try
To make us glad.

The love of a mother,
Can't be counted
From a childs birth
A mother is bonded.

My mother is polite,
And always in a good mood
She is always right
And cooks us good food.

A mothers job,
Keep her busy
Don't we ever think
That she get dizzy?

So let's help them out,
And not make them tired
Don't make them runout
As if they are hired.

Love you mom

Machines

What can be as strong as this
What can be as powerful as this
Huge monster using its skill
Moving its iron muscles at our will
Sweating out oils as it toils
The magic of labour cannot be spoiled
Long and shining arms of metal rods
Moving boulders yet so gentle
The sure fingered rods that never miss
Watching it work is bliss
Slave of man with no other need
Without any fatigue working as per our wish
It lives to earn its masters bread
For its maker profits it adds
What can be as obedient as this
What can be as loyal as this

Moon

Against a starry night,
The moon looks so beautiful and white.
It gives us light in the night.

The beautiful moonstruck in sky,
I look at it from my window,
And wish I could touch the moon

I wonder why the moon shines only at night,
Giving us its beautiful sight.
I wish I could touch the moon

The moon so beautiful and white,
Giving us this beautiful sight
In the clear, starry night.

My Loving Mother

I love my mother.
More than my brother
She knows me in and out
She knows what is going on in my mind
So, she is the one
To whom I bow

Pearls

Pearls are the best stones.

They are made in oysters in the oceans.

A pearl can be of any colour.

Without pearls, there wouldn't be any jewelry.

Pearls are the best stone.

Pearls are made from the oysters hard work.

The rich people of southern India are the one who.

Started harvesting pearls.

Pollution

Observe the traffic and pollution
Where is it solution
I see in my own neighbourhood this sight
Its not a matter to be taken light

I see the lives and trees crying
And the burnt fallen leaves laying
I wish that it stop soon
Otherwise well have to take refuge on the moon

Plant trees are take care of them
So that our lives don't go in vain

Shine

Rudeness ego greed
Let go it all and do a good deed

Give up everything bad
If you cant your future will become sad

Practice today and start straight a way
Soon you will see the result of your action

If you ever fall don't worry
Just get up and chase your goal

After a while you will learn the basics
And you will shine through out

The Evening Star

In sunset ash the evening star has burnt out its light
The dark night of exile over all is now impressed
Its since ages the sequence of day and night
O fate why cannot you this caravan arrest

Come to mind those whose folly would command
The day to have no clouds nor the night a moon
The east wind once again knock at my prison door
Heart be reassured it will be daybreak soon.

The Spring Season

Among the season spring is my favourite
Unlike other seasons it is neither cold hot nor
Wet In spring I go to river near my house and
Spend some time there. The birds
Chirp the flower bloom the sun smiles and
The butterflies flutter. The fishes and swans swim
Happy in the cool air
Blows against my face. I see squirrels playing
And running around trees. Spring gives joy to
Everyone this is why i love this season

Wounderful Nature

Oh wonderful nature
I wonder how you are so beautiful

With green trees
And buzzing bees

The grass is so green
And everything is so clean

The wondering butterflies
Makes my thoughts fly

The waterfalls are so cool
Just like a swimming pool

I love nature
That is so tall in stature
