Samantha Gibson(4-9-91)

I am 16 years old and have been working on my poems since I was 9. At this age I was put in my first foster home. Ever since then I have made my poems my Life. I have gone through hell and back. I know that I can survive

Broken

sorrow fills my soul
I have to let it go
I am broken from the inside out
All I need to do is shout
Why wont you listen to me?
why wont you let me be?
My soul crys to you
But I am lost and through

Crazy Love 4 Life

u take away the pain
u are my umbrella in the rain
u keep me warm in the cold
as i have already told
my heart soars like a dove
i am crazy in love
we stick through it easy and tough
we dont need to bluff
everyone knows that watt we have is real
this is how i will always feel

Samantha Gibson

Crys

pain and numbness sorround my heart
I sit and watched u tear it apart
all I want to do is die
my eyes and heart cant even cry
I am completly numb
I feel so dumb
I dont want to be here anymore
I want to build walls and lock my door

Samantha Gibson

Death

Dying slowly and painfully
Expressing my pain in blood and tears

Accepting that I am worthless
Tearing my life away

Hoping to come out OK

Samantha Gibson

Do You?

I think you do

Really I do love to feel your touch

I think you do

Really I do love to see your smiling face

I think you do

Really I do love to hear your voice when you whisper I love you in my ear

I think you do

Really I do love to touch your lips to mine

I love you do you love me?

Samantha Gibson

Dragons Heart

Claws so thick and strong
Teeth so sharp and long
Tail so swift and fast
But a heart that will not last
I have a strong heart
But you so easily tear it apart
As if you have claws of your own
I should have known
Someway you knew how to rip my soul out
oblivious to my screams and shouts

Samantha Gibson

Dreams

I sleep tonight
I dream that you are holding me tight
We lie so close in my dream
I kiss you so soft you gleam
I love you and you love me
Then I wake up, Let me dream, I Plea

Samantha Gibson

Eyes

So trusting and lovely
Dark and mysterious
Full of spark and life
Calm but wild
Eyes

Samantha Gibson

Firefly

You lit up my world and made it bright
You give off so much light
My heart is so happy and bouncing
All the while you were pouncing
you jumped at the perfect time
You hit the spot right on the dime
You warmed me up just like a fire
I am full of so much desire
You showed so much to me
Without you I would not be

Samantha Gibson

Goodbyes

My love and life
You cut my heart like a knife
You said goodbye
I didnt cry
I was numb with pain
I couldnt feel the rain

Samantha Gibson

Heart Broken

My poor heart aches and pains
Just like when it rains
So down
So unwound
I lost someone Unlike any other
I have lost my only lover
Am I blue
Because my heart is ripped in two?

Samantha Gibson

Kiss

Kindly teasing my lips
Infatuated with this moment

So softly your lips touch my neck
Sensations so unusual flow through my veins

Samantha Gibson

Life

An angry soul pours out
A young girl so full of doubt
She screams so loud but no one hears
Silently she sheds her tears
Red flowing on to white skin
slowly seeping down her chin
This is it, its the last straw
She aches so bad she pukes, blow
She grabs a bottle of pills
as she dreams of heavens hills

Samantha Gibson

Memory Rush! ! ! ! ! ! ! !

Thoughts flowing through my head
I see u and I together in bed
kissing each other so soft and sweet
we will feel the flow and heat
my love is oh so strong
i want not just memories it is u I long

Samantha Gibson

Nightmares

I used to dream such sweet dreams
Of you and I making schemes
All of a sudden Your demons take over your life
And you stab me with a knife
I wake up screaming so loud I cry
slowly my love starts to die
I dont know what to do any more
All my friends say to shut my open door
Every sweet dream
now blocked by a horrid beam
My love, I hate to say so
But my heart and I must go
It hurts me more than you
But I dont know what else to do

Samantha Gibson

Painful Love

Why does it hurt? Why does it scream?
At times it feels so good to live this dream
I love you I yell
Your body images just say hell
You make me sad
yet to see you smile makes me glad
At times I hate living this scene
Why must you be so mean
This pain hurts why cant you see
Your the only one 4 me

Samantha Gibson

Silence

I can not hear
I can not see
Please whatever you are, Don't come near
I just want to be me
Silent as a mouse
I try to scream, no sound comes out
Surrounded by these silent walls in this house
I cannot speak nor can I shout

Samantha Gibson

Sixteen

I cry 16 times
I own 16 dimes
16 is my home
16 is your dome
16 is my years
I cry 16 tears
16 is my number what is yours

Samantha Gibson

So Sorry

Tears fill my eyes
Nothing can stop these crys
but these crys are not for me
these crys are for you
So lost and anew
You have lost something so good
As I sit hidden under the hood
So unforgivable so hurt
Go slide in some dirt
I am losing it all
I dont want to see you fall
But you already have in my eyes
my heart is all out of these crys

Samantha Gibson

Songs

Here I am sitting in my room
Listening to songs that fill me with gloom
songs of love and trust
My heart is so broken and needing lust
I need you here with me
please save my heart from that falling tree
so broken and confused
my heart dissapered at this news
You told me you cared but obviously not enough
other wise I wouldnt be in my room listening to this stuff

Samantha Gibson

The Lost

Every time i look at you I get lost in your eyes
Every time you look at me You get lost in your lies
I am soo hurt I scream
I am soo tired that I cannot dream
I am lost because of you
but these feelings are not new
I am so over you

Samantha Gibson

Why My Love Why?

why did you choose me?
tell me if you are happy
I am scared to let you close
you love with such a dose.
I know I shouldnt question good things
are there any dings?
your love is so strong
I want mine to last so long
I dont want to be heart broken
your love is like a preciuos token
If lost what to do
please dont let me lose you
