# Behind The Throne Of God

Behind God's throne, a secret lies in store  
Where mysteries abound, and wonders galore  
What truths lie hidden, beyond mortal sight  
A curiosity that beckons, with a gentle might

The unknown calls, with a whispered, sweet tone  
A siren's song, that's hard to resist alone  
The heart races fast, with a curious, eager mind  
To uncover secrets left behind the throne of God.

# A Hundred Years

A hundred years  
A hundred years I wish to give  
Just love you for all of time  
To taste your lips and feel your touch  
To savour your presence and make love

I want to hold you close and never let go  
To make you mine and make you smile  
I want to give you all of me  
For all of eternity  
I hope that will be enough

# Useless

Useless words in an era of endless stupidity.  
A generation lost, with no purpose found.  
Every fucking thing is in vain.  
Writing this poem is a pointless endeavor  
A hollow reference.  
How useless.  
Useless indeed.

# Wardod

A wardog is a friend  
A wardod never lies  
A wardog will always defend  
And it's loyalty never dies

Wardogs are trained to fight  
To protect and serve  
They will never run out of fright  
But will give the foes what they deserve

Wardogs have seen the horrors of war  
And the worst of humanity  
But they are never loved by all  
Because they fight with their nationality

# If God Was To Blink

If God was to blink,  
And the Devil had a hint,  
Oh boy! The world will sink.  
And Old Nick will give humans his print.

If God was to blink,  
Lucifer will then sprint.  
Without having to sync,  
He wears his clothes coloured tint,  
And watch the earth shrink

For mankind was left at a brink,  
And became a lint.  
Without having time to think,  
Devil's chance becomes a glint,  
Only if God was to blink.

# My Dear Somebody

One Day you became a somebody  
And forgot me within a blink of an eye

You bought a big Audi  
I always saw it my Guy

Drinking your cool toddy  
Whiles i patiently gave a sigh

You who was a big noddy  
But your money very high

Your name became an embody  
After your rudeness reached the sky

Forgetting you would be a dead body  
Now here you lie

I will bury you in my big soddy  
And your money will greet you goodbye

I who was a nobody  
Will mourn you with some pie

Bye my brother who was a somebody  
And forgot that he will die

# Deeper Than Blood

Deeper than blood, deeper than bone.  
Our bond is stronger than any stone.

We are connected, heart to heart,  
In ways that cannot be torn apart.

Through joy and sorrow, through sunshine and rain,  
We will always be there for each other, no pain.

Our love like a river flowing strong,  
It will never end, it will never go wrong.

Our love is a mountain, tall and proud,  
It will never crumble, it will never be bowed.

Our love is like the stars in the sky,  
It is endless and eternal, a beautiful sigh.

Our love is deeper than blood,  
Stronger than a flood.  
If you leave me, I shall go mad

# Someone Tell My Ex

I had a Black Diamond,  
So rare and so true.  
But she broke the bond,  
And left me blue.

I loved her with all my heart,  
She won't believe, that's a fact,  
And now i won't go back,  
To a relationship that fell with a crack.

She broke my heart,  
And I can't forgive her for that.  
So goodbye my Black Diamond.  
Hope you find your soulmate along.

# Loud

The sound of the market, so loud and clear,  
It makes me want to scream, and run out of fear.

The vendors and the shoppers, they chatter and shout,  
Their voices are like nails on a chalkboard, I want to get out.

The drum they beat on and on, without end,  
Is driving me crazy, my brain wants to mend.

The politicians that are always gasbagging,  
Please shut up, for Ghana to start developing.

Ghana you are loud, you are bright, you are bold.  
But sometimes, I wish you would just be quiet and hold.

But i know that i can't, i must stay here,  
Because this is my home, and I love you so dear.

So i will learn to live with you noise,  
Even though it's loud and contains a lot of ploys.

So let's raise a glass, to Ghana the proud,  
And may we always find beauty in the loud.

# Plain

I wish my mind was plain,  
No thoughts of her to strain,  
No memories to haunt,  
No pain to stunt,

I wish my heart was plain,  
No love for her again,  
No feelings to betray,  
No tears to slay.

I wish my life was plain,  
No reason to complain,  
No reason to be sad,  
No reason to be mad.

But my mind is not plain,  
My heart is not plain,  
My life is not plain,  
And I'm not the same.

I'm broke, i'm blue,  
I'm lost, i'm confused,  
I'm all alone,  
And I don't know what to do.

But i know one thing,  
I will get through this,  
I will find a way,  
To move on and away.

I will find a way,  
To make my mind plain,  
To make my heart plain,  
To make my life plain.

And when i do,  
I will be whole again,  
I will be happy again,  
I will be me again.

# Stay Alive

Stay alive, don't you dare give up  
There's so much more to life, just look up.

The world is a beautiful place,  
Full of wonder and grace

There are people who love you,  
And there are things to do

So please, stay alive  
For yourself, and for me to have a life

I need you here  
I need you near

So please stay alive  
And don't let go of my hands

Together, we can make it through  
I know we can, I believe in you.

So please stay alive  
For me, for you, for us to survive.

# My Sky

I see the sky  
With just an eye,  
Oh my!  
I need to pry.

I will feed it pie  
And a sac of rye  
No need for it to cry.

I will then have to buy  
The big blue sky  
And shock our Old Bid Guy

Who made the sky  
And took it high  
Without teaching how to fly.

# All Might

There is a battle at site  
And my foes are air tight  
But that will never give me a fright  
My pride makes killing right  
For years it has never lost it's bite  
So i must fight  
Everyday and every night  
Till their freedom gains no height  
Till their souls never see the light  
Then i shall stand bright  
And hear my name take it's flight  
The one and only All Might

# Stella

Stella

My Stella

My one and only Stella

You kept me under your umbrella

You made my life like a telenovela

That makes me a lucky fella

Stella

My Stella

My one and only Stella

Your voice makes me go crazy like those of a cappella

You are original than my designer: FILA®

Your lips are sweeter than any wine from the worlds cellar

Stella

My Stella

My one and only Stella

I will never mistaken you with any Ella

Because you are a Stellar

Forever beautiful than Disney's® Cinderella

# Tiny Life

Oh life,  
Oh my tiny life.

It seems you are moving at the speed of light.  
I try to retard you with all my might.  
But i cant accomplish it with my sight.

Oh life,  
Oh my tiny life.

Slow down to give me some faith.  
Don't get me killed out of hate.  
Slow down for me to mate.  
We are not in a race.  
Neither is it a chase.  
Don't cross the finish line for me to be judged at the gate.  
Change your mind for it is never too late.

Oh life,  
Oh my tiny life.

PoemHunter.com

How i wish i had the sight.  
Just to see at the speed of light.  
To slow you down with all my might.  
Before i fade and freeze at night.

Oh life  
Oh my tiny life

# A Confused Soul

How far i bet  
How short i guess  
Passing through this path of mess  
Just for life  
Or just for death  
One of them is all i get

So i live my life  
I try my best  
Not to make a single mess  
Pay my dept  
And face my death  
After all that's what i get
