# 1 Last Tear

look through my eyes  
deep into my soul  
what you shall see  
is  
a  
dark  
empty  
hole

listen closely for my voice  
for words you will not hear  
the only sound left  
is  
the  
falling  
of  
1  
last tear

search for me  
i cannot hide  
for you see  
i  
have  
died

# 1 Red Rose

she dug a hole  
planted some seeds  
kept them watered  
picked away the weeds

soon in time  
they started to grow  
to her surprise  
she had a whole row

she loved her bushes  
they grew beautiful and green  
admired by all  
for miles they could be seen

one day  
she fell sick  
no more water  
no weeds were picked

when she didnt come anymore  
the bushes knew  
that something was wrong  
but they knew what to do

they grew bigger and bigger  
stretching for a mile  
they had to find her  
to just see her smile

one day they stopped growing  
they reached this place  
knew she was there  
just couldnt see her face

one small flower grew  
among the miles of green  
one beautiful red rose  
was to be seen

a symbol of their love  
for which they had saved  
one red rose  
they placed upon her grave

# 1 Wish

if i had 1 wish  
i'd wish for you  
for you to love  
me too

if i had 1 dream  
it would be with you  
for you to dream of  
me too

if i had only 1 day  
i'd spend it with you  
all alone,  
just us two

i had 1 day  
i spent with you

i had 1 dream  
was all about you

i have 1 heart  
which i gave to you

and

you broke it  
in two

my wishes and dreams  
never come true  
so it seems  
i'm wasting my time with you

# 10 Arrows

you shot your arrows  
into my heart  
thought was love  
turned out not

the first arrow made me fall  
the second went thru me to the wall

the third arrow cut me in half  
the fourth made you laugh

the fifth arrow drained my blood  
the sixth took all it could

the seventh arrow cut like a knife  
the eighth took my life

the ninth took my soul  
the tenth was your goal

your arrows killed me  
took everything they could  
nothing left now to get  
or you would

# 1000 Miles

i drove a thousand miles  
to visit you  
we spent the day together  
just us two

i wanted you to see  
that i really care for you  
i wanted you to feel  
the love i have for you

when was time for me to go  
you wanted me to stay  
i didnt want to leave  
you watched as i drove away

i thought the day was special  
hoped you felt the same  
but now i feel it was  
all just another game

# A Child Is Sleeping

tonight a child is sleeping  
too many people are weeping  
when they heard her screaming  
did they think she was dreaming

when she had marks and bruises  
why did they just turn their noses  
could they not see her tears  
or did they hide behind their fears

why could they never see  
or was she, not meant to be  
tonight she sleeps in a cold dark grave  
because no one cared enough to save

sandy nobody

# A Drink And A Smoke

drink beer  
fire a joint  
so whats  
your point?

all alone  
you see  
no 1 here  
to bother me

relax and enjoy  
a smoke and a drink  
so quietly now  
i can think

# A Friend Like You(I Wish I Didnt Know)

one of the hardest things  
i will ever do  
is saying my goodbye  
to you

youve been there for me  
all these years  
held my hand as i fought  
back tears

you were the best friend  
i ever had  
you stayed beside me  
kept me glad

together we went everywhere  
just us two  
now i have to go it alone  
without you

now my friend, you will  
be missed  
and maybe for a few days  
ill be pissed

but its time for this to  
all end  
time to part our ways  
my friend

i was weak and you  
were stronger  
but i dont need you  
any longer

but after i saw what you  
have done  
i dont want to be part of  
what you call fun

i saw you kill my dad  
my mother too  
was hell what you put  
them through

you showed no mercy  
wouldnt let go  
so God stepped in  
took their souls

iv made my mind up  
you have to go  
a friend like you i wish  
i didnt know

sandy nobody

# A Long Ride

driving along an open road  
nowhere special to go  
nothing but fields on my left and right  
not another car in sight  
the sun is shining bright  
dont think i'll go home tonight  
wind blowing thru my hair  
i really dont care  
got a cd on  
all my thoughts are gone  
i love a long ride  
with or without anyone by my side  
sometimes i'll come to a small town  
stop for lunch and look around  
and if im tired and its late  
i'll stay the night my drive can wait  
i'll meet new people there  
hear the stories they like to share  
then when i ready and done  
i'm in my car and gone  
probably never again to pass thru  
my memories will have to do

# A Love Poem(Sorta)

when will i write a love poem?  
iv been asked  
guess i can draw upon feelings  
from my past

but seems like everyone  
writes those  
so i'll try to write one  
here it goes

i loved you  
a long time ago  
but its over now  
dont you know

well not exactly a love poem  
so ill try again  
this time maybe i can write one  
but isnt love a sin?

if not  
maybe  
it should be

ok  
trying once more  
but love poems  
seem like a bore

anyway  
i might get it done today  
so here is my love poem  
and what i have to say

Violets are blue  
Roses are red  
I'll love you  
Only after your dead!

sandy nobody

# A Night Of You

punched in the head  
brains on the floor  
but not physically dead  
cant take much more

kicked in the face  
blood everywhere  
got to leave this place  
but go where

bodys all broken  
no spirit left  
words are spoken  
minds adrift

why live this way  
leavings not always easy  
as they might say  
starting to feel queasy

laying there thinking  
will tomarrow come  
feeling hope sinking  
whys it easier for some

drifting in and out  
now quiet all around  
wanting to shout  
but dont make a sound

the sun finally rises  
made it through  
a night of bad supprises  
a night of you

sandy nobody

# A Shattered Life

these last few months  
i could feel you growing inside  
felt you beneath my heart  
was so full of pride

i had hopes for you  
dreams too  
was so happy  
couldnt wait to meet you

i went to the doctor  
had all the tests  
was doing all things right  
what i thought best

then the pains and bleeding started  
this was unbelievable  
this shouldnt be happening  
its unconcievable

if i could hold you in my arms  
for just one day  
just a few minutes  
before they took you away

why did this happen  
what had i done wrong  
why now  
why this long

when i lost you  
what was left of my heart  
was shattered  
from you too, now i was torn apart  
nothing else mattered

i left the hospital  
went back home  
fell into my bed

crying alone

soon i will be holding you  
for all eternity  
then my heart  
shall find serenity

sandy nobody

# A Weeping Heart

like rain falling  
from the dark grey sky  
a weeping heart  
can only cry

like a candle  
without a flame  
a weeping heart  
can never be the same

like a flower  
without any petals  
a weeping heart  
never settles

like a life  
without any love  
a weeping heart  
is never free like a dove

a weeping heart  
shall never mend  
death  
is the only end

sandy nobody

# All I Did Was Love You

the blood is flowing down my chest  
straight from my heart  
soon my body will be completely empty  
from which i shall depart

i gave all i had to give to you  
which you gladly took  
iv nothing left for you or anyone  
feelings of which i mistook

i'll not regret my feelings for you  
to which i freely gave  
please remember i loved you  
when i'm alone in my grave

your words to me were very cruel  
they didnt have to be  
you broke my heart that night  
cant or wont you see

your words cut into my heart  
just like a knife  
you said you loved me  
but i ruined your life

as i sit here my heart bleeding  
not knowing what else to do  
please remember  
i'll always love you

sandy nobody

# All I Want Is You

all i want is you  
noone else will ever do  
i just want you  
to want me too

ill give all to you  
make your wishes come true  
if only you would  
want me too

forever ill love you  
my heart belongs only to you  
if you could love me back  
as much as i love you

sandy nobody

# An Empty Heart

an empty heart, doesnt care  
an empty heart has, no love to share

an empty heart, is a lonely one  
an empty heart, is like a stone

an empty heart, has no compassion  
an empty heart, cannot get satisfaction

an empty heart, cannot cry  
an empty heart, might as well die

an empty heart, is so sad  
my hearts not empty,  
and im glad

sandy nobody

# Answers

i will be here

others will die

these are the answers to my poem called questions

sandy nobody

# Are Words Free

they say we can write  
as we wish  
then why do somewritings vanish  
are our words free  
or are they controlled  
why are some hidden  
others untold  
watch what you write  
some get upset  
theyll try shut you up  
with a threat  
are words free  
what about thoughts  
they want to control them too  
Just a thought

sandy nobody

# Back And Forth

i held you close  
you ran far away from me  
i let you go  
you kept coming back to me

why?

i gave you love  
you ran far away from me  
i gave you hate  
you came back to me

why?

you said you loved me  
i stayed with you  
you said you wanted me  
i waited for you

why?

i gave you love  
you pushed me away  
so i left  
you came back today

why?

# Beginnings And Endings

there are beginnings  
so there must be endings  
there are words to be said  
words circling inside my head

there are feelings deep inside  
feelings i can not hide  
there are pains in my heart  
pains no pills can make depart

there is no one to take your place  
when i dream, its of your face  
there is no one i will ever trust  
building a wall now, i must  
this wall i shall hide behind

my body, my heart and my mind  
i shall never trust to love again  
im afraid now of how it will end  
so now that theres an ending  
its time for a new beginning

sandy nobody

# Between Nightmares And Madness

when will i ever wake up  
from this nightmare  
it is daytime  
i see the suns bright glare

i feel as it's all a bad dream  
but i'm awake  
i want to run away  
i want to escape

my body can't take much more  
there's too much sadness  
soon my mind  
will be driven to madness

how much can one person handle  
i'm in total despair  
i need time  
time for my mind and body to repair

life is not perfect and easy  
nor do i expect it to be  
but it shouldn't be this hard  
do you not see

please help me wake up  
from this nightmare of mine  
i can't take any more  
no, not this time

sandy nobody

# Beware Of The Player

beware of the player  
he will break your heart  
take all your feelings  
rip you apart

he comes to you  
pretends he cares  
he talks so sweetly  
so please beware

he will do anything  
to get his fix  
truth and lies  
to him really mix

he has no conscious  
your hearts a game  
when hes through with you  
you will never be the same

he will keep your heart  
tied to his chain  
he wont let go ever  
your tears will flow like rain

if you complain to him  
that he treats you badly  
he will say it's your fault  
im telling you sadly

SO PLEASE

beware of the player  
he will break your heart  
take all your feelings  
rip you apart

sandy nobody

# Broken Down

i couldnt do it any longer  
i thought that i was stronger  
you broke me down  
now i drown

i can not go on anymore  
i was just your wh\*re  
you broke me down  
you cant be found

i lost my will and my strength  
you went to any length  
you broke me down  
then you left town

sandy nobody

# Chain Of Hate

if you hate someone  
then they will win  
keep on hurting you  
over and over again

hate is a chain  
upon your soul  
controlled by them  
they wont let go

if you forgive someone  
then you will be free  
free from them  
for all eternity

only forgiveness  
can break the chain  
but never forget so  
you dont make the mistake again

sandy nobody

# Chains Of Love

chains of love  
comes with a price  
you must be prepared  
to sacrafice

chains of love  
are made with trust  
handle with care  
you must

chains of love  
are like a fine wine  
they get better  
with time

chains of love  
have many links  
if not cared for  
will be gone in a blink

chains of love  
should not be broken  
giving your heart  
is not an easy token

sandy nobody

# Cheaters

cheaters are liars  
cheaters are thieves  
they are here to use  
they are here to decieve

cheaters play games  
cheaters are lame  
they are abusers  
i can tell you some names

cheaters have no concious  
cheaters dont care  
they are selfish  
they arent fair

cheaters destroy people  
cheaters ruin lives  
for a moment of pleasure  
they need to survive

cheaters are losers  
cheaters are greedy  
they are attention wh\*res  
they pretend they arent needy

cheaters get caught  
cheaters accept no blame  
its someone elses fault  
they are all the same

cheaters deny  
cheaters cry  
i hate cheaters  
they should all f\*cking die

you know who you are!

# Cold Dark Room

i sit alone  
in this cold dark room  
no windows  
no doors  
icy cold air  
i sit alone  
in this cold dark room

i live alone  
in this cold dark room  
no family  
no friends  
no life to share  
i live alone  
in this cold dark room

i stay alone  
in this cold dark room  
no voices  
no sounds  
no one does care  
i stay alone  
in this cold dark room

i sit alone  
in this cold dark room  
no way out  
no way in  
but i dont care  
i sit alone  
in this cold dark room

i live alone  
in this cold dark room  
in my mind  
in my world  
i dont want to share  
i stay alone  
in this cold dark room

i stay alone  
in this cold dark room  
because  
it's easier that way

# Cold Dead Heart

a cold dead heart  
you do have  
is it in one piece  
or cut in half

is it life  
like red  
or black  
like dead

does blood flow  
through your veins  
or just ice cold water  
like winter rains

a cold dead heart  
cut in two  
how do you live  
with what you do

sandy nobody

# Colors Of Me

i write in pink  
color of my love

i write in grey  
color of my age

i write in red  
color of my blood

i write in black  
color of my death

i write in blue  
color of my soul

sandy nobody

# Come Into My World

come into my world  
and you shall see  
what my life is like  
what it is to be like me

come join my nightmare  
of demons and ghosts  
my life you think is so easy  
i'll be your host

come think my thoughts  
cry my tears  
take on my pain  
of all these years

come be me  
for just one day  
then we will see  
what you have to say

life is not easy  
but i make it through  
and so can  
YOU

sandy nobody

# Come Sit With Me

come sit by my side  
on a grassy hill  
come talk to me  
if you will

put your arm around me  
ill lay my head on your shoulder  
keep each other warm  
cause its getting colder

come sit quietly and listen  
to the noises of the night  
come sit with me waiting  
for the morning light

come sit with me  
watch the sunrise  
watch the colors  
in the morning skies

# Crazy

try to sleep  
as lie here in my bed  
not long after  
screams fill my head

taking the pillow  
covering my face  
tossing and turning  
cant get out of this place

im suffocating  
my heart starts to pound  
breathing becomes harder  
i cant make a sound

all the words  
all of the screams  
come back to haunt me  
inside my dreams

all the blame, all the names  
all the accusations  
keep going through my mind  
iv lost all sensations

im falling deeper and deeper  
i feel im going mad  
im losing my mind  
what little i had

im suffocating  
memories become hazy  
mind is now gone  
now i am crazy

sandy nobody

# Cries In The Night

i wake from my sleep  
to the sound of your cries  
run to your bed  
open my eyes

but your bed is empty  
your not there  
i start too look for you  
everywhere

i hear your cries  
but i cannot find you  
starting to feel panicked  
what do i do

then my mind remembers  
as i wake from this nightmare  
you are gone now  
and im the only 1 who cared

i do this every night  
i go to your bed  
looking for you  
then realizing your dead

sandy nobody

# Cruel Words

i sit here late at night  
all alone in my room  
i stare into the darkness  
with a feeling of doom

i sit and think  
of what went wrong  
as i sit and i think  
this night is sooo long

i wonder if  
and how can i fix this  
if you still love me  
is it me you miss

when you told me i ruined  
your life  
your words cut my heart  
like a knife

you said i hurt you  
you told me i was bad  
i asked you how  
no answer you had

i hurt so much  
i hate myself so  
i feel so used  
and like a ho

you said you always  
would love me  
always with me you  
wanted to be

i did anything for you  
everything you wanted  
i gave it all to you  
it was me you said you wanted

i gave you my heart  
my body my soul  
you said you were happy  
enjoyed me so

you took everything  
i had to give  
at times now im not sure  
i want to live

your last words  
to me  
cut my heart  
you see

its not that you left me  
or even why  
its cause your words  
made me cry

your words were mean  
and very cruel  
you shouldve said the truth  
not a lie

i wasnt perfect  
i know  
i told you  
i would go

you said you gave up  
a lot to be with me  
but what you dont  
see

is what i gave up  
for you

iv lost a lot too

but if i ruined your life

as you say  
you sure didnt look  
like it today

your with your others  
i see  
i hope they make  
you happy

i hope noone ever hurts you  
you see  
or plays games with your heart  
like you did me

sandy nobody

# Cut Me Up

shoot my brains out  
so i can no longer think

cut out my tongue  
so i cannot speak

cut off my hands  
so i can no longer write

poke out my eyes  
so i cannot see

cut off my ears  
so i no longer hear

cut off my feet  
so i cannot walk

cut out my heart  
so i never can love

cut me into pieces  
throw me away  
thats what you do to me  
everyday

# Dance, My Little Puppets

dance, my little puppets  
dance for me  
dance, my little puppets  
and you shall see

dance, my little puppets  
the truth you seek  
dance, my little puppets  
the truth i will speak

dance, my little puppets  
set your soul free  
dance, my little puppets  
dance for me

dance, my little puppets  
the truth you find  
dance, my little puppets  
do not hide

dance, my little puppets  
dance for me  
dance, my little puppets  
truth is a lie, cant you see

dance, my little puppets  
dance for me  
dance, my little puppets  
dance to see

dance, my little puppets  
start to begin  
dance, my little puppets  
this is the end

# Death At My Door

late at night  
a knock on the door  
slowly getting out of bed  
walking across the floor

opening the door  
and there he stood  
in his long black robe  
knew inside, he was no good

he reached out his hands  
pushed me back  
walked inside  
he was the man in black

looked straight into his eyes  
no words he spoke  
felt his hands upon my throat  
as he squeezed, i started to choke

i felt the sweat upon his palms  
dripping down my back  
he had complete control  
this man in black

i could feel his breath  
as he leaned close to my face  
staring into his cold icy glare  
my heart was beginning to race

he squeezed tighter and tighter  
i could not breathe  
i choked harder and harder  
would soon there be a relief?

slowly losing consciousness  
overwhelmed with fear  
i could not speak  
nor shed a tear

he had this awful stench  
i recognized as i took my last breath  
this man in black  
is the Man of Death

i heard that evil laugh  
as my body lay lemp upon the floor  
i knew then  
i let death walk through my door

# Demon Games

when the darkness falls  
the insanity begins  
demons come out to play  
games of evil sins

looking for innocents  
to cast their spell  
standing in the shadows  
patiently they dwell

waiting quietly in the dark  
is their profession  
driving victims into madness  
is their obsession

the game of insanity  
leaving the innocent broken  
empty, hurt, dying  
to the demon, is just a token

sandy nobody

# Demons Inside

demons live  
they are deep inside  
will never leave  
for you cannot hide

demons destroy  
its their will  
you cant fight them  
with a pill

demons eat  
they want your soul  
eat your mind  
they must control

demons rule  
your heart they steal  
ruin your body  
til you no longer feel

demons are evil  
so please beware  
they live deep inside us  
they are everywhere

some demons are strong  
others are weak  
some people can fight them  
others just freak

# Demons Of A 14 Year Old

the demons are taking over  
my child  
they are making her thoughts  
go wild

the urges she tries so hard  
to resist  
hurt, cut, kill her self  
they insist

she fights them off for now  
she's strong  
but soon she might not tell  
right from wrong

she's so young for these demons  
taking over her mind  
she feels it's only a matter  
of time

she has doctors, friends, me  
to help her cope  
but the demons tell her  
to give up hope

they say their way is the only way  
to make them go  
she tries not to listen to them  
it's hard she knows

shes pretty, smart has lots  
of close friends  
calls me on the phone, till  
the feelings end

i see her getting weaker  
everyday  
soon im afraid the demons  
will get their way

what will happen if one day  
i cant be there  
when the demons come back  
will anyone else care

# Destroyed

why do we destroy the 1 we love  
why does the 1 who loves us  
destroys us?

# Devil At My Door

theres a devil at my door  
he wants to come in  
he stands there and knocks  
waiting for me to invite him in

i wont open the door  
the knocking gets louder  
soon he starts banging  
harder and harder

he starts yelling  
screaming for me to open  
this door i dont dare  
ever open again

soon it gets quiet  
i think he might have left  
but then he says calmly  
for you i've a gift

he speaks in a quiet tone  
please open this door  
please let me come in  
i will give you so much more

i know he has tricks  
so the door i wont open  
he keeps on talking  
making promises again

if i opened this door up  
invited him in  
he will steal my soul  
abuse me over again

my mind he will take over  
my body he will drain  
taking from me all he can  
leaving me lying in pain

theres a devil at my door  
waiting to come in  
he can stand there forever  
cause ill never let him in

# Disease

waking up in so much pain  
just to breathe can be a strain

every joint in my body's stiff  
all energy it takes just my head to lift

my legs, my feet down to my toes  
my fingers, my neck, even my nose

sometimes waking up i now dread  
takes 4 hours just to get out of bed

living with this awful disease  
can someone find a cure soon, please

# Do I Want You Back?

you made me beg you  
you made me cry  
you hurt me badly  
i wanted to die

do i want you back?

you lied to me  
you made me feel dumb  
you dissed me  
now all i feel is numb

do i want you back?

you used me  
you took my trust  
you played me  
i will go on, i must

do i want you back?

you broke my heart  
but now i have forgiven you  
time to move on  
time to find someone new

do i want you back?

sandy nobody

# Do You Want Me

How am i you asked  
the pm wanted to know  
i'll tell you  
i'm really kinda low

i got up this morn  
running kinda late  
had to hurry  
things couldnt wait

i'm so tired  
getting too old  
i feel so sick  
im freezing cold

my bones are getting brittle  
my hairs turning grey  
putting on weight  
what more can i say

iv pains all over  
every joint i have aches  
my skin is saggy  
my teeth fake

cant go to far  
might have to use a bathoom  
i cant cook or clean  
mop or use a broom

my mind is going  
cant remember things  
like who you are  
'whats that thing with wings'

see you wouldnt want me  
im way too old  
kids took over  
so my house was sold

im old and broke  
havent any money  
but if you still insist  
i'll be your honey

hmmm  
where did you go?  
dont you want me now  
now that you know?

sandy nobody

# Dont Blame Me

dont blame me, blame the drugs  
dont touch me, i dont want your hugs  
keep your kisses, for whoevers new  
come near me, ill destroy on you  
dont call me, your a lying jerk  
your game, will no longer work

sandy nobody

# Dont Judge Them

take a chance  
know a person first  
dont judge them  
or think the worst

learn who they are  
why they think a certain way  
dont judge them  
for what they might say

listen to what they say  
look at what they do  
dont judge them  
if they are different from you

take a chance  
get to know someone  
dont judge them  
or you may pass on a good one

sandy nobody

# Dont Say You Love Me

dont say you love me  
you know its not true  
if you did love me  
i would feel it from you

please dont play  
with words like that  
its not fair  
to say that

you know you dont love me  
not really  
saying it without feelings  
to me is silly

dont say you love me  
i know its not true  
if you did, you wouldnt hurt me  
like you do

if you love me  
then why arent you here  
or are you hiding  
something there

if you loved me  
you would call  
not make up lies  
or stall

dont say you love me  
we will be together  
cause you know  
it wont happen, ever

if you loved me  
like you say  
you wouldnt act like  
you want me to go away

you wouldnt act like  
i bother you  
or ignore me  
like you do

so dont say you love me  
its just a big lie  
deep inside  
you probably wish i'd die

if you loved me  
you would be happy to see me  
you would want to  
spend your time with me

dont say you love me  
we both know its not true  
saying you love me  
please dont do

sandy nobody

# Dont Tell Me

dont tell me you love me  
we both know, its not true  
maybe you've tried  
or you think you do

but your actions towards me  
show you dont  
i can accept the fact that  
you don't, can't or won't

your words of love  
all seem hollow  
i know it's bit a hard  
to swallow

you are wasting your time  
what little you have left  
i am wasting my time  
what little i have left

we need to both move on  
its something we must do  
please don't tell me you love me  
cause it's not true

sandy nobody

# Dream Ghosts

the ghosts of long ago  
come to me in my sleep  
i hear their voices  
memories i try not to keep

i see the shadows  
in my dreams  
i know its not real  
not what it seems

the ghosts, use my mind  
to haunt  
they use my memories  
to taunt

i hear their laughter  
their evil screams  
all their games  
are in my dreams

they laugh, they yell  
they fight  
they stay in my head  
all night

they steal my breath away  
iv nowhere to hide  
im paralyzed with fear  
feeling like i just died

a sudden noise  
makes them leave  
then i wake up  
i can breathe

i wished the ghosts  
would disappear  
so i could sleep  
without any fear

sandy nobody

# Dying Breath

my heart is racing  
my breathing shallow  
my heart was cut out  
now im hollow

my blood dripping  
from my wrists  
life is too sad  
so many twists

with my dying breath  
to you i will say  
please forgive me  
it has to end this way

before my soul  
leaves my earthly body  
please remember me  
even though i was nobody

i lived in torment  
way too long  
im not perfect  
iv done a lot of wrong

as i drift into this  
unconsciousness state  
it was you i loved  
never did i hate

you hated me  
you said i was evil  
called me names  
said i worship the devil

with my last breath  
i wish you well  
im going now  
to burn in hell

sandy nobody

# Empty Shell

a shell of a person  
who once was  
life was sucked out  
just because

a person who  
trusted so easily  
was made a toy  
of someones fantasy

a empty shell  
life no more  
just turned into  
someones whore

a person who  
gave love unconditionally  
got nothing in return  
but treated cruelly

a empty shell  
a person crying  
hurting badly  
inside dying

a person who  
will never again be  
full of life  
or set free

a empty shell  
is just a body  
no life, no soul  
can be anybody

sandy nobody

# Empty Words

i watch as you speak  
i listen carefully  
hanging on every word  
attentively

i love your voice  
you speak with charm  
your words seem innocent  
make me feel warm

your words my heart  
did touch  
why i fell in love with you  
so much

but your actions and words  
are not the same  
your actions are like cold  
your words like a flame

your actions make your words  
empty and hollow  
words without feelings behind them  
bring only sorrow

empty words are nothing  
but lies  
you probably wont understand this  
but, thats no suprise

sandy nobody

# Endless Chatter

endless chatter  
about nothing much  
it doesnt matter  
about such and such

mindless talk  
about nothing important  
just take a walk  
listen to someone rant

all this is so boring  
dont you see and hear  
away i am snoring  
right over here

all this strife  
i dont want or need  
so get a life  
leave me be

sandy nobody

# Everyday

it was a vicious attack  
thats what they say  
a man was beaten badly  
and left for dead today

it was a vicious attack  
thats what they said  
a baby was cut from the womb  
the mother left for dead

it was a vicious attack  
thats what they say  
suicide bombers killed  
more soldiers today

it was vicious attack  
thats what they said  
kids came to school with guns  
shot their classmates dead

it was a vicious attack  
thats what they say  
a man rapes and kills  
a woman today

it was a vicious attack  
thats what they said  
a dog chewed a baby up  
till he was dead

vicious attacks occurring  
everyday  
are humans worse than animals  
not sure what to say

sandy nobody

# Evil Demons

deep sleep  
almost dead  
evil demons  
come into my head

my thoughts  
they steal  
in my dreams  
they seem so real

drive you mad  
make you insane  
why must they play  
this evil game

hear them  
screaming  
is this for real  
or am i dreaming

sandy nobody

# Fake Feelings

dont buy me flowers  
when i die  
dont pretend you cared  
dont pretend to cry

dont remember me  
when im dead  
remember all the lies  
that you said

keep it all to yourself  
your fake pity  
you did nothing but  
treat me shitty

if you cant love me  
when im alive  
dont pretend you do  
after i die

sandy nobody

# Falling Tears

falling tears  
hitting the ground  
soon a lake appears  
without making a sound  
having no fears  
laying down  
i drown

sandy nobody

# Feast Of The Beast

there was a knock at my door  
i thought was a friend  
so i opened it wide  
and let him in

i welcomed him in  
filled his thirst  
fed his hunger  
then me he cursed

he ate my body  
he drank my blood  
sucked out my life  
as much as he could

he chewed me up  
spit me out  
my life was another  
for his sick count

as i lay there dying  
he reached for my chest  
ripped out my heart  
its what he does best

my heart in his hands  
his icy cold stare  
he played with me so  
he did not care

it is what he came for  
the beast  
was to steal my heart  
it was his feast

sandy nobody

# Feel My Pain

feel my pain  
its all thats left of me  
see my pain  
when you look at me

tears like rain  
alone now, kicked aside  
all but the pain  
my life is slowly drained

im dying inside  
nothing left in this body  
nothing more to hide  
im dying a nobody

sandy nobody

# Feeling Fat

it's hard on me  
putting this weight on  
i thought when it got warm  
the extra weight would be gone

i put a few pounds on  
in the winter, like most  
i tried diets, exercising  
eating nothing but toast

still nothing helps  
i keep on growing  
with no end in sight  
to its slowing

when it first started  
i was a size four  
after two months  
i cant get thru a door

these next few months  
it'll only get worse  
soon i'll be  
bigger than a horse

i'll get so big  
i'll wobble when i walk  
then to me  
guys wont bother to talk

i get thru this fat time  
alone  
cause to me, he doesnt  
answer his phone

sandy nobody

# Feelings

lost  
empty inside  
cannot see  
blind

running  
can not hide  
i am dead  
inside

deaf  
can not hear  
crying  
shed no tear

love  
now a fear  
trust  
no more here

alone  
only me  
for you  
will not see

sandy nobody

# Foggy Dream

i had a dream last night  
the same one i had before  
so many times now  
the first time i was twenty-four

i remember this dream so vividly  
it was so real it seemed  
if i had never woke up  
i wouldnt have known it was just a dream

its late at night  
driving a lonely old road  
im all alone  
not sure where to go

the musics playing  
i hear the same song everytime  
the weathers nice and cool  
so must be springtime

then i drive into a fog  
i see lights coming at me  
the car passes by  
i drive awhile longer, just me

the fog gets thicker  
soon hard to see the street  
thats when i look  
lights are coming straight at me

then i see the glass  
coming straight at my face  
im paralyzed  
i cant get out of this place

my head bounces like a ball  
into the steering wheel  
iv no contol  
pain i dont feel

im laying there stareing  
i cant move  
bloods running down my head  
hoping help comes soon

i lay there for hours  
it seems  
i hear the voices  
the screams

thats all i ever remember  
i wake up then  
iv had this same dream  
again and again

# For My Mom

i remember when i was small  
the stories you told us  
the hugs and laughs we had  
the rides you took us on the bus

then as i got a little older  
things started changing  
you had more kids  
so prioritys needed rearranging

i know life for you was hard  
being poor with lots of kids  
no time to yourself  
tears that you hid

the anger inside you  
took your spirit away  
i still feel bad for you  
even till this day

i know that you are gone now  
i wished we had been friends  
i always loved you  
even until the end

you were my mom  
nothing can ever change that  
i really wouldnt want it too  
no matter what

i just wished you knew  
that i did care for you  
a million times i tried  
to tell you too

i hope you rest in peace  
no hurting or pain  
i hope you can love me  
when i see you again

# Forever Lost

i looked for you today  
at the place we used to play

as i waited for you to come  
i started daydreaming of long ago fun

here we used to pick our favorite flowers  
the minutes soon turned into hours

i thought i saw you near the tree  
i waved to you, but you turned away from me

i heard your voice call out my name  
'come play with me, come play a game'

you walked away, i started to follow  
then you disappeared and i felt so hollow

i screamed for you, the people stared  
falling to my knees, i did not care

crying, begging for your return  
inside my heart i felt the awful burn

you were gone, never to be found  
but i still look for you on the playground

looking in the past, the future tossed  
you shall always be  
forever lost

# Fun With A Pm

was bored one night  
surfing the net  
checked out some chats  
see if entertainment i could get

checking out rooms  
most people seem really nice  
listening to music and talk  
then i got a pm, had to think twice

i answer it back  
seemed like a nice young man  
he asked how i was  
if i was a real woman

i said im real  
i think  
sent him a smile  
then a wink

he asked asl  
i rolled my eyes  
told him  
old, yes, its a suprise

he was like twenty five  
to young for me  
i told him goodbye  
leave me be

he wouldnt go  
says he likes older women  
i said good  
i liked older men

he wanted a picture or a cam  
asked what i had on  
what i looked like  
i decided to have some fun

i told him besides being old  
i weighed quit a bit  
i have no teeth  
hold on, i have to spit

i have eight kids  
by eight different men  
you want to be a daddy  
come on over then

hold on a minute  
i'll be right back  
need to grab another beer  
give that fly a wack

i asked if he has a good job  
what do you do  
i cant work, i need my rest  
he might need to work two

he suddenly told me  
he needed to go  
was nice meeting me  
soooooo

i kept sending him messages  
he wouldnt answer back  
so i went got that beer  
gave that fly a wack

lmao

# Giving Up

i cant make you like me  
no matter how hard i try  
i cant make you want me  
even if i cry

i cant make you want me  
no matter how hard i try  
i cant make you be with me  
even if i cry

i cant make you need me  
no matter what i do  
i cant make you love me

i cant make you do anything

## God's Curse (Pt.1)

marriage is a prison  
from which theres no escape  
there is no door  
windows are covered by drapes

marriage is a hell  
living with a devil for all eternity  
nothing but darkness  
cannot find quiet serenity

marriage steals your life  
takes away your soul  
kills your spirit  
buries you in a deep dark hole

marriage is Gods curse  
its worse than living  
compared to this thing called marriage  
death is more forgiving

sandy nobody

## God's Curse (Pt.2)

marriage is God's punishment  
to suffer thru this life  
so we may want to die  
than be someones wife

marriage makes two as one  
no wonder its suffocating  
two as one  
cannot be done

before you tell me im wrong  
rush to my judgement  
iv already felt Gods  
wrath and punishment

i was married to him  
for many years  
felt more than enough pain  
way to many tears

sandy nobody

# Good Old Days

people always talk about  
the good old days  
things were so perfect  
they say

they say those days were great  
but when were they  
i want days like that  
perfect days, i say

i want perfect days too  
days with no pain  
no hurt, no hate  
no blame

i want good old days  
days filled with careing  
love, peace  
sharing

can someone please tell me  
when these days were  
are these days real  
or memories just a blur

sandy nobody

# Goodbye Hugs

once upon a time  
my heart belonged to you  
i gave you all my love  
you said you loved me too

we talked and laughed  
had a lot of fun  
you told me  
i was the only one

you told me  
you only wanted me  
was you and me forever  
you said you loved me

we were talking  
on day  
you seemed so distant  
like faraway

not long after that  
i was soon to discover  
why  
it was you had another

i was so hurt  
things werent the same  
was hard to find out  
i was just a game

so i asked you to go  
leave me alone  
you wouldnt  
you called me on the phone

you said you loved me  
i just didnt understand  
you wanted to be with me  
so we made a plan

we got together  
we had fun, was nice  
after that night  
we talked maybe twice

a couple weeks later  
you called on me  
told me you we moving in  
with someone other than me

you said cruel things like  
being with me was a bad mistake  
i ruined your life  
called me names, like mean and flake

i sat there  
not knowing what to say  
why suddenly you hated me  
why are you talking this way

to hear those words from you  
was like a knife to my heart  
cutting it into pieces  
ripping it apart

so i left  
didnt bother you anymore  
a week later you called  
at four am one morn

told me you loved me still  
was me you missed  
i didnt know what to say  
i shouldve been pissed

i wasnt though  
i missed you too  
i still wanted you  
i loved you too

every now and then

you call on me still  
making promises  
you wont fulfill

you still say you love me  
i dont believe it  
this is one game  
i just dont get

i played your game unknowingly  
and i lost  
was lucky i guess  
was just my heart it cost

im moving on  
going to meet someone new  
someone who loves me  
unlike you

someone who likes me  
that i can trust  
someone who wants me  
not just lust

someone who doesnt play  
these games of yours  
someones who's heart is open  
not a closed door

someone who wants my love  
my attention  
not a life full of  
fiction

i hope life will be kind to you  
i wish you no harm  
i hope you find what you are looking for  
heres Hugs to keep you warm

soon you shall be gone  
moving to faraway places  
new life, new friends  
lots of new faces

i know we would argue  
caused you much strife  
but i hope the best for you  
with your new life

we talked almost nightly  
all these years  
most of the time happy  
some with tears

i will miss you  
ill think of you often  
maybe 1 day  
your heart will soften

photos are all i have left  
and memories of the beach  
now you are gone  
far away, out of reach

you were my friend  
i still have so much to say  
but theres no time left  
so i put it this way

maybe you will read this  
before you go  
if you do  
i just want you to know

i really do love you

# He Does Not Care

i gave up a lot for someone..  
he does know how much..  
but he doesnt care..

i gave him all i could..  
he accepted it...  
but he took it and ran away..

he doesnt care

but when you love someone  
you give to them..  
you give up things for them  
and i made a lot of sacrifices..  
so many it has cost me almost everything

but he doesnt care

why would i do that  
cause i loved him...  
im not sorry for loving him

he doesnt care

im sorry because..  
it was all part of his fantasy  
his game...

and i was too dumb to see it  
til it was too late

he doesnt care

now iv no trust  
afraid of everything..  
afraid of everyone..

he doesnt care

yes i love him still

but

he

does

NOT

care

about me

deep insecurity

dead inside now

# House Of Cold

as i walked in  
i felt a chill in the air  
i had this feeling  
just to get out of there

instead of leaving  
i decided to stay  
my curiosity was  
getting to me that day

many people  
lived in this old house  
lots of children  
a husband and his spouse

as i walked  
from room to room  
deep inside  
i felt a sense of doom

i watched  
as the children play  
they seemed  
happy and laughing away

i saw the dad  
he stood quietly nearby  
just watching  
as his children started to cry

hearing the childrens screams  
i turned around to see  
then that horrible  
feeling overwhelmed me

i know why now  
this house was so cold  
cause of her  
she needed control

she allowed no love  
no feelings, no laughter  
if kids were caught  
a beating came after

she was cold as ice  
she had no heart  
she was dead inside  
of her, i wanted no part

but  
i really did love her  
for she was  
My Mother

# How Can I Believe You

how can i believe you  
believe what you say  
you come to me  
with a new lie almost everyday

you said your sorry  
i wish i could believe  
but i dont  
all you've done to me is decieve

i trusted you  
tell me the truth  
PLEASE  
i gave you my love  
and you MAYBE gave me this awful  
disease

i soon will know  
if my bodys okay  
but then there's my heart  
you broke today

you said your sorry  
but you werent sincere  
you tell me this  
then leave me alone in fear

you wouldnt tell me in person  
or even over the phone  
just a message  
i thought you were grown

at first you didnt even say sorry  
was like you were bragging  
how can you be like that  
knowing that im hurting

you called me names  
saying words that are mean

made me the bad person  
trying to make your concious clean

if i have this disease  
that i caught from you  
i will still love and  
forgive you

this was written i found out im safe

# How Can I Love You

how can i love you  
these are words that you said  
i never loved you  
words now stuck inside my head

why say them now  
for three years you lead me to believe  
the opposite was true  
now i feel so deeply decieved

how could i love you  
your words cutting like a knife  
ripping apart my heart  
scars from you ill carry for life

sandy nobody

# How Could You

why would you do this  
how could you  
what was the purpose  
and you knew

are you telling me the truth  
or just another lie  
do you even know the difference  
why

why would you hurt me  
cause me harm  
you said you loved me  
you had charm

i trusted you  
believed what you said  
i loved you  
slept in your bed

i wasnt with anyone else  
you said the same  
i was disease free  
you said the same

now four months later  
you tell me your sick, dying  
is this the truth  
or are you lying

you tell me not to worry  
that ill be okay  
what am i supposed to do  
what should i say

you dumped for another  
you told me lie after lie  
now you come back  
saying your going to die

is this another sick joke  
to get my attention, my sympathy  
if it is, you really need help  
like longterm therapy

# Hurting

im hurting so badly right now  
why dont you care

you should be here  
help me get thru it  
or at least care

i could end it all right now  
i wont, thats to easy  
thinking of you, how you treat me  
makes me queasy

why do you play with my emotions  
my heart, my life, my body  
i gave it all to you  
now to you im a nobody

you said you loved me  
you said you would be here for me  
so where are you  
your with someone else, not me

im hurting so badly right now  
why dont you care  
why are you so mean to me  
why cant you be fair

i hope you read this  
it comes straight from my heart  
i cant keep going like this  
its torn me apart

i love you so much  
all the times we are together  
the times we made love  
i wanted to last forever

my passion for you  
was more than just lust  
cause to be with you  
loving you was a must

our kisses were special  
touching you exciting  
your body aching for me  
my body was inviting

after making love, our bodies  
lay there and tremble  
our minds, our thoughts  
we couldnt assemble

we made love over and over  
all through the night  
we kissed and touched  
it was so perfect, so right

i proved my love to you  
i gave you all i had  
now i sit here alone  
so hurt, so sad

you said you loved me  
then you took it away  
you never loved me  
you said today

you said you have another  
leave you be  
you said you could never  
love me

i go to bed, cant sleep  
feeling hurt and used  
you call me  
now i am confused

you say you love me

# I Died Today

i died today  
no last goodbyes  
no funeral will be held  
no tears shed from your eyes

i died today  
my chest filled with pain  
it became unbearable  
life if lived wouldnt be the same

i died today  
words i could no longer speak  
i could not breathe  
my body was so weak

i died today  
your words killed me  
they broke my heart beyond repair  
something you will not see

i died today  
but you dont care  
i was alone  
you were not there

# I Dont Belong Here

time for me to go  
where it is for me to be  
i dont really know

there's something missing inside  
i feel it again  
i know when its time to go  
i get this pain

i was hoping this was the  
place for me  
i was wrong again  
dont you see

will i ever find a place  
to belong  
i keep on looking  
takes so long

one day maybe i'll find  
what im looking for  
cause want i want  
has no windows or a door

finding where i belong  
is the hardest part  
because i want to belong in  
someones heart

sandy nobody

# I Dont Hate You

i dont hate you  
like i should  
what youve done to me  
others would

im not angry  
but im not happy either  
at least you told me  
i just need a breather

i need time to think  
about what to do  
time to think  
of my feelings of you

i love you  
i always will  
after what you told me  
i need time to heal

if we decide  
never to speak again  
ill love you forever  
til the end

im forgiving  
no matter why  
no matter what  
even if i die

i wont live my life  
going thru hate  
God says'to forgive'  
to get thru his gate

one day when your watching  
the birds in the sky  
remember me  
after i have died

so i leave you with  
these words from me  
I Love You forever  
and please forgive me

as i have done you

sandy nobody

# I Dont Want You Anymore

i dont want you anymore

im done, why are you suprised

i dont want you anymore  
i gave you love and trust  
to which you took advantage  
you gave me pain and disgust

i dont want you anymore

i am through with you  
to me, you now are dead

sandy nobody

# I Feel Dead

i feel dead  
im empty inside  
no love left  
my life has died

im just a body now  
going from day to day  
making the motions  
nothing to say

my lungs breathe air  
blood flows thru my veins  
whats left of my hearts still beats  
thats all that remains

i cannot live  
life without love  
life without love  
i cannot be part of

when you went away  
you took my love with you  
along with my trust  
and my life too

all that remains of me  
is an empty shell  
forever alone  
i shall dwell

# I Found Out The Truth Today

i met another one  
a guy i thought was cool  
he seemed so sweet  
cute enough, you would drool

we talked a lot  
past couple weeks  
his voice so deep  
not a squeak

his words he spoke  
sweet as wine  
but i was more  
cautious this time

his words so nice  
his face so sweet  
knew it wouldnt take long  
he wanted to meet

he was so perfect  
just like a dream  
but soon i would learn  
he wasnt what he seemed

he lives in a big house  
has money and cars  
doesnt go out  
hanging in bars

he wanted me to come over  
i almost did  
but waited to see  
if he had anything hid

i never went over  
never took the bait  
if he was what he said

i knew he would wait

i found out the truth today  
he has all those things  
other things too he never said  
important things, like wedding rings

# I Gave All My Love Away

i gave all my love away  
now empty inside  
my love was not returned  
my heart has died

when you give out love  
and it doesnt come back  
it turns your heart from  
gold to dead black

my heart is shattered  
my trust abused  
my emotions in shambles  
my body used

i gave it all to someone  
who took it and ran  
stomped all over me  
now doing it to another woman

sandy nobody

# I Gave Love A Chance

i gave love a chance  
you put my heart though  
your wicked dance

i did whatever you asked  
everything you wanted  
while you hid behind your mask

your words were sweet to the ear  
all the right things i needed to hear  
took the things which i held dear

soon my heart was lost  
my head tried to be careful  
my love was yours, no matter the cost

in you i believed  
i gave up so much for you  
now i find out, i was decieved

now my heart is broken  
my head is a mess  
to you i was just a token

i gave love a chance  
you put my heart though  
your wicked dance

sandy nobody

# I Gave You The Key

i gave you the key  
that unlocked the door  
you walked in  
turned me into your whore

i let you do to me  
as you wished  
you took it all then  
with me you were finished

you took not only my body  
but also my heart  
used me as you wanted  
then from me you would depart

you walked out the door  
with your things all packed  
i watched as you left  
and you didnt look back

then you drove away with  
my heart you stole  
only one thing you didnt take  
was my soul

sandy nobody

# I Had To Go

i had to go  
why?  
you want to know

i have to be me  
cant you see

i was dying  
tired of trying

i was suffocating  
started hating

filled with anger  
felt like danger

internal pain  
life was a drain

i had to leave  
to save me

# I Heard The Voice

i heard the voice  
it came to me last night  
it was calming  
me, it did not fright

i heard the voice  
it told me whats to come  
not to be afraid  
soon i was going home

i heard the voice  
it told me ill be fine  
no more hurting  
no worries, not this time

i heard the voice  
it said place your trust in me  
i will help you though this  
wait and see

i heard the voice  
soon my pain will disappear  
no one will hurt me again  
but i must prepare

i heard the voice  
as it took a long deep breath  
i heard the voice  
the Voice of Death

# I Killed You

i killed you  
made you suffer in pain  
i took your life  
your blood i did drain

i shot you  
not enough for you to die  
just to make you suffer  
make you beg and cry

i cut you up  
watched your blood pour  
out of your veins  
and onto the floor

i sat next to you  
as you lay there dying  
bathed in your blood  
i was also crying

i killed you  
it was time  
i killed you  
even if only in my mind

sandy nobody

# I Know All About You

i know all the details of your life  
and im not your wife

i know all about you  
everything that you do

i know where you live  
by the details you give

i know who your friends are  
i know about your car

i know where you work  
i know if your a jerk

i know what you do for fun  
what you eat, where you run

i know your kids names

i heard you on your cell phone

# I Like My Freedom

what you ask  
'how'

i like my freedom  
i really do  
love my freedom  
from you

i dont need you  
anymore  
telling me what to do  
you old bore

for twenty years  
you tried to lock me away

you tried to tell me  
what to think  
how to feel  
did it all, with a wink

when you thought  
i was dead inside  
i suprised you  
didnt i

i got up and left  
left you behind  
took the kids  
then you wined

you ran off all my friends  
hated my family  
for twenty years

when my mom died  
at christmas  
you said 'Good'  
you big ass

i knew right then  
how sick you really are

with my car

twenty years of your  
abuse  
you think your perfect

all about you  
iv my own world now  
without you

# I Need A Drink

I WISH I HAD A DRINK  
NOT FROM THE KITCHEN SINK

NOT FROM A PLASTIC JUG  
BUT A COLD FROSTY MUG

A DRINK AS COLD AS ICE  
SURE WOULD BE NICE

MAYBE I'D HAVE A FEW  
THEN YOU KNOW WHAT I'D DO

I'D FEEL REALLY GOOD  
AS I SHOULD

ONLY FOR A SHORT TIME  
CAUSE I SPENT EVERY DIME

THEN I MIGHT GET SICK  
OR ARRESTED, YOU TAKE YOUR PICK

I THINK NOW, I'LL GO GET THAT DRINK  
BUT, IT'LL COME FROM THE KITCHEN SINK

# I Rather Be Alone

i rather be alone  
than in a empty relationship  
one without love, trust  
passion and friendship

i cant just love anyone  
dont understand those who do  
or those who love everyone  
dont understand them too

real love is not a game  
love is more than lust  
love you give your heart  
so you need a lot of trust

love has to be given freely  
and accepted freely too  
love cant be forced  
then it has no value

love should be passionate  
mentally and physically  
real love can take time  
dont move to quickly

with every word spoken  
every touch felt  
should be with love  
and heartfelt

when you make love  
you give them all of you  
or its just sex  
and for me, that wont do

i rather be alone  
than have empty love  
sex with no feelings  
is sex not love

sandy nobody

# I Still Love You In The End

i can destroy you  
make your life hell  
but  
i wont  
your secrets ill never tell

i can hurt you  
make you cry  
but  
i wont  
i would rather die

i can embarrass you  
to your family and friends  
but  
i wont  
i still love you in the end

sandy nobody

# I Wanted You!

you thought you were needed  
but that wasnt true  
i never needed you  
I WANTED YOU!

i do not need anyone  
that is true  
i wanted someone  
I WANTED YOU!

i do not need to love  
that is true  
i wanted to love  
I WANTED TO LOVE YOU!

if i only needed someone  
then anyone would do  
but i wanted someone  
I WANTED ONLY YOU!

# I Was In A Hurry

i was in a big hurry that day  
didn't have time to stop by  
the baby wanted to come over  
for her grandma she'd cry

i heard you didn't feel too well  
you were always sick  
so i brushed it off again  
thought you would nit-pick

so i drove on past your house again  
not stopping by  
see how you were, what was up  
or just to say 'hi'

i was by the week before  
thought that was enough  
i wanted to come over many times  
trying to find the time was tough

seems like i was always too busy  
running kids here and there  
working all those hours  
maybe seems like i didn't care

now you are gone  
i think of you everyday  
there are so many things  
i wanted to say

i did care  
i wanted to be closer to you  
i wished you had known  
that i loved you

# I Was The Fool

i can see it in your eyes  
all of your lies

i can feel it in my heart  
right from the start

my mind was closed  
but now youre exposed

you took advantage  
when i needed a bandage

i opened my eyes  
now you act suprised

i opened my mind  
so now my faults you find

me you blame  
cause i am not the same

iv changed you say  
so you took your love away

i was the fool  
but now so are you!

sandy nobody

# I Wasnt Thinking

i think i lost my mind  
not sure where  
i've looked for it  
everywhere

maybe its better i have  
i dont think i really need it  
its easier i know  
now i dont have to think

when i think  
i get into trouble  
cause i think it over  
then think it double

i think it this way  
then that way  
hard to decide  
oh, what shall i say

all that thinking of things  
causes great pains  
making my poor head hurt  
better now with no thinking brain

i can live life my way  
do as i feel  
not worrying about concequences  
hmm, is this real?

guess you can tell  
i wasnt thinking  
when i wrote this  
it's rather stinking

# I Will Keep Writing

I WILL KEEP WRITING  
I WONT LET THEM SHUT ME UP  
NO MATTER HOW MAD THEY GET  
THEY ARE JUST STUCK UP

IF THEY DONT LIKE WHAT I WRITE  
THEY DONT HAVE TO READ IT  
ITS MY THOUGHTS  
MY FEELINGS  
THEY CANT MAKE ME QUIT

THEY WANT TO BE BULLIES  
PUSH PEOPLE AROUND  
MAKE THEM DO WHAT THEY WANT  
KEEP YOU QUIET  
NOT MAKING A SOUND

THIS IS A FREE COUNTRY  
I CAN WRITE WHAT I WISH  
AS LONG AS I CAUSE NO HURT  
ILL KEEP BEING ME  
THEYLL KEEP BEING BOORISH

FORGET THEM  
FORGET WHAT THEY SAY  
THEY MEAN NOTHING  
I WILL KEEP WRITING  
HOPE THEY HAVE A NICE DAY

# I Wonder....

today is gone  
i thought about you  
i wonder  
if you thought of me too

the night is here  
im thinking of you  
i wonder  
do you think about me too

i know your name  
do you remember mine  
i wonder  
if you even do sometimes

im in love with you  
you know this is true  
i wonder  
why you cant love me too

sandy nobody

# I Write For You (1 Last Time)

i write for you one last time  
hoping you read it and understand

i write these words for you to read  
my feelings for you, i want you to see

iv written words of my love for you  
my internal pain, you never knew

iv written many times of how i feel  
but you never believed my love was real

so i write for you, one last time  
wanting you to understand

memories of you will be inside my heart  
my love for you, shall never depart

i will always love you  
i just wanted you to love me too

i wrote for you, this one last time  
but  
you still do not understand

sandy nobody

# I'Am Not Your Wife

you emptied my soul  
you drained my heart  
you took everything from me  
right from the start

you played my emotions  
filled me with fears  
you sat back and laughed  
left me in tears

you made me feel insecure  
now i question my sanity  
i lost all trust  
all respect for all humanity

you abused me emotionally  
called me names  
nothing i did was ever right  
all part of your game

now im not under your control  
i have my own life  
you dont understand  
i am no longer your wife

## If I Give You...

if i give you my money will you waste it  
if i give you my kiss will you taste it

if i give you my home will you live in it  
if i give you my car will you drive it

if i give you my body will you use it  
if i give you my trust will you abuse it

if i give you my life will you destroy it  
if i give you my mind will you toy with it

if i give you my love will you accept it  
if i give you my heart will you break it

sandy nobody

# If Only

if only  
i was cold deep inside  
i had no heart  
my feelings i could hide

if only  
i caused so much pain  
i had no concious  
could play the game

if only  
others i could use  
had no empathy  
love i could refuse

if only  
i was cruel  
then i would be  
just like you

sandy nobody

# If Something Happens

if i disappear one day  
never to return  
hope you understand  
hope from me you learn

dont get mixed up  
with a angry person  
or one who does drugs  
together they are poison

please run away  
fast as you can  
dont look back  
run from the madman

dont end up like me  
knowing soon you might die  
noone can help you  
watching your children cry

the judges might give you a paper  
thats all that it is  
it wont save you  
from that temper of his

the cops might lock him away  
for twenty-four hours  
he will get out  
your life he devours

sometimes i think  
let him kill me  
it might be easier  
you see

but then my kids  
will be alone  
no mother, no father  
no home

i got out  
got away  
over my shoulder  
i look all day

he comes around  
seeing kids is his excuse  
why cant judges  
end this abuse

i cant take much more  
but for my kids i will  
suffer  
his abuse still

innocent and pure  
my broken heart  
has no cure

i will love no other

for anyone but you

my heart will be broken

how can love be so fake

feel death drawing near  
the end of my world shall come soon  
why do i suffer through all this  
feels like midnight but its only noon

your heart seems so cold inside  
why have you no compassion

can you fall in love with someone  
even though you never met  
i know so many have and do  
others just walk away and forget

can you give your trust to words  
give your heart away

# Inside My Madness

driven into madness  
living a life of just sadness

trying to make the best  
but cant forget the rest

life is so full of pain  
always losing never to gain

feeling like living dead  
waking up sometimes i dread

nothing but emptyness inside  
can not run and hide

my mind is slowly deteriorating  
life is death, just waiting

why must i suffer so  
i really do not know

my bodys full of pain and numbness  
my mind is blank and full of dumbness

ending it all, is not a choice  
saying anything, i have no voice

i have to keep going through the days  
looking for better or different ways

cannot let the madness take over  
putting my head under the cover

going to sleep at the end of the day  
trying to keep the demons away

sandy nobody

# Internal Or Eternal Peace

blind me  
so you i dont see

cut off my ears  
so your lies i cant hear

rip out my heart  
so you cant break it apart

blow out my brains  
so you cant play your games

kill me  
chop me into pieces  
maybe then ill find internal peace  
if not  
it will be eternal peace  
at least

# Internet Liars

there was a little man  
he told little lies  
until one day  
he got a big surprise

women didnt believe him  
they wouldnt play  
he didnt know what to do  
or what to say

so, he was embarrassed  
to be found out  
he ran and hid  
and began to pout

he sat there for days  
alone in his room  
feeling sorry for himself  
he knew he was doomed

HAPPY ENDING IS

he figured had to grow up  
change his ways  
or he would be alone  
the rest of his days

BUT MOST LIKELY ENDING IS

he made up a new name  
found a picture on the internet  
went back playing  
see how far he would get

which ending will  
YOU  
choose  
in the second  
you will again

when you said i was important  
that i was special  
i was your confidant

it was just words

# Leave My Heart Alone

why did you call me  
in middle of night  
saying you love me  
yeah, right

over a year and a half  
you told me you loved me  
all that time you said  
was with me, you wanted to be

i gave you all my time  
my love, my heart  
you promised not break  
it apart

when i gave you all  
i had left to give you  
you happily took  
and then what did you do

you dumped me  
you didnt say why  
you didnt tell me  
you didnt say by

you found another who  
with you wanted to be  
you moved in with her  
you didnt want me

now a few weeks later  
you call on me  
saying you love me  
with me you want to be

i dont believe you this time  
leave my heart alone  
last time you broke it

then you were gone

you live with another now  
she takes care of you  
at least till her hubby gets back  
then what will you do

# Let It Go

its time to let it go  
all the hate you keep  
i know its hard  
cause its buried so deep

but noone can hurt you  
not anymore  
they are dead now  
show your hate the door

it will consume you  
if you dont let it go  
ruin your life  
devour your soul

you must learn to forgive  
then you shall have peace  
life will be easier  
just let the hate cease

please dont let this hate continue  
or they still have control  
making your life hell  
owning your soul

i know you are hurting

as everyone should do

so please let it go  
this hate you keep

let the love run deep

# Lies

just to get by

cause the only one you lie to  
is you

oh, others might believe you  
but do you

but sooner or later theyll see thru you  
and then what will you do

i know, you will tell another lie  
cause your that kinda guy

when you get caught  
you make it anothers fault

you never accept blame  
not in your kinda game

so go play your game  
tell your lie  
cause this is my goodbye

sandy nobody

# Lies Between Friends

i found out why today  
why you kept pushing me away  
i know what you tried to hide  
but what i dont understand is why

it was nothing that bad  
your not trusting me is whats sad  
were you afraid of my reaction  
the truth would have been satisfaction

you kept your secrets out of fears  
but you lied to me all these years  
i was willing to forgive you  
and i wanted to start over new

i see my time is wasted  
cause the lies on your lips are pasted  
we can no longer be friends  
all your lies have caused it to end

im leaving, not cause of youre race  
im leaving, cause you STILL lie to my face

# Life After

screaming

burning, aching  
not faking  
in pain, but numb  
sounds kinda dumb  
driving madness  
full of sadness  
stabbing  
now im babbling  
no sleeping  
just weeping  
no tears, but crying  
not lying  
feels like dying  
but keep on living  
with pain thats unforgiving

what am i talking about  
i'll not shout

this is my life everyday  
why?  
you may say

seems kinda sad  
but  
its life

ripped into parts

lies are told  
people used  
feelings hurt  
trust abused

life is over  
voices screaming  
doors slam  
no more dreaming

dead inside  
eyes with tears  
nothing left  
but eternal fears

# Life With A Drug Addict

life with a drug addict  
get up early, take kids away  
rush off to work  
get home, cook and clean everyday

help the kids with school work  
sports, send them out to play  
before the drug addict gets home  
pray he doesnt come home today

when he walks through the door  
starts to holler and cuss  
hitting, throwing things  
making accusations at us

holes in the walls  
children crying  
broken toys and hearts  
inside dying

finally getting to bed  
to be awoken at midnight  
hes out of drugs  
so wants to fight

getting up and dressed  
have to take the kids  
run out get him some  
he stays home all hid

cant leave them home  
alone with him  
if they shall awake  
he might hurt them

getting what he demands  
just to have peace  
still not enough for him  
cant get help from the police

he sits and does his drugs  
for awhile  
comes to bed  
with a big stupid smile

says hes horny  
demands i give in  
i hate his touch  
hate this life iv lived in

i hate his voice  
i hate his smell  
i hate him near me  
but he cant tell

then his cock doesnt work  
but blames me  
its his drugs  
but, he doesnt see

my kids are hurting  
this life they live in  
i died inside  
but one day, awoke again

taking my kids  
moving far away  
leaving it all behind  
so we see another day

this is only part of things  
a lot more went on  
but  
now i am gone

it couldve been a lot worse  
like being killed or sitting in jail  
but now im alive and free from him  
to tell this tale

# Life's A Joke

lifes a joke  
then you grow up  
and marry one

then after a few years  
you get smart  
and divorce one

you spend rest  
of your life  
regretting your mistake

# Little Candles

four little candles  
sitting before my eyes  
four little candles  
full of suprise

four little candles  
with flames so bright  
four little candles  
light up the darkest night

four little candles  
i watch them glow  
four little candles  
the flames start to grow

four little candles  
all mine to hold  
four little candles  
watch as they grow old

so i thought

but the wind did come  
blew out the flame of one

now

iv three little candles  
and a dark empty space  
iv three little candles  
and one i cant replace

# Little Girl On The Beach

shes sitting on the beach  
playing in the sand  
digging holes  
making castles by hand

i sit and i watch her  
for hours it seems  
shes so determined  
to build her dreams

after shes through  
she stands and stares  
admiring her work  
without any cares

the waves will come  
her dreams will wash away  
her hopes are still there  
to build new dreams another day

# Locked Behind The Door

the darkness  
is taking complete control  
the demons have returned  
to claim my soul

im getting weaker  
with each passing day  
no longer i can hide  
nor can i run away

the demons are feasting  
upon my mind  
destroying what life  
they do find

i can not keep going  
im not strong anymore  
the demons  
have locked the door

# Look Into My Eyes

look into my eyes  
you shall see  
all the pain  
you bring to me

look into my heart  
you shall see  
all my love  
you took from me

look into my soul  
you shall see  
its empty now  
you've killed me

look for me now  
you shall see  
a dead, lifeless nothing of  
what used to be me

# Love Is

love is cruel  
love is for a fool

love is mean  
love cannot be seen

love will chew you up  
spit you out  
love will make you angry  
cry and shout

love will break your heart  
rip you apart

love is full of pain  
losing more than you gain

love makes you insecure  
your mind isnt sure

but

i guess

Im a fool too

cause

a life without love  
even with all the above

i dont want to live  
iv too much love to give

cause

even i know  
real love  
isnt like all

the above

sandy nobody

# Love Never Dies

my love for you  
shall never die  
forgetting you  
i will not try

some days my thoughts  
will turn to you  
but moving on now  
was right to do

my love for you  
will always be  
deep inside  
whats left of me

though we live  
many miles apart  
you will always be  
inside my heart

# Maybe It's Not To Be

am i wanting something  
thats not meant to be  
is there anyone  
who will ever love me

will anyone ever want me  
just for me  
maybe for me, love isnt

am i meant to have a life alone  
no one to share  
should i give up hope  
and just not care

maybe i dont deserve anyone  
i am evil  
as i was told once  
im the devil

# Meaning Of Death

when a poet writes of death  
don't take it literally  
death has many meanings  
which differ significantly

to a poet death might mean  
death of a past  
which is a new beginning  
one that might last

death to a poet is life  
time to start a new chapter  
turn the page  
turn sadness into laughter

to a poet death is a new start  
ending of strife  
closing, locking the doors  
of their old life

death has so many meanings  
not only for a poet  
all parts of life leads to death  
some just don't know it

death means change  
chance for a new beginning  
put the past behind  
stop losing, start winning

so to a poet  
death is not always bad  
we must write our feelings  
whether good or sad

sure this makes much sense  
but i was buzzed ;)

# Miracles Of Beer!

for 2 weeks  
i had nothing to write  
dont know why  
but wasnt right

for 2 weeks  
i had nothing to say  
dont know why  
but i do today

for 2 weeks  
i had no feelings inside  
dont know why  
not like i died

so decided  
i might need a drink  
dont know why  
but i can now think

oh!  
miracles of beer!

# My Baby

when the darkness falls  
i'll be alone  
thats when it hits me  
you are gone

the emptyness i feel  
deep down inside  
when you left me here alone  
part of me also died

as the tears stream  
down my face  
no one sees them  
in this lonely place

i keep trying to go on  
as i am still needed here  
but my greif is consuming  
my heart, i fear

i want you here with me  
missing you so much  
i want you in my arms  
i want to feel your touch

its been three long months  
since that awful day  
i will never forget you  
cause you've gone away

you are my baby  
i will always love you  
cherish you in my heart  
one day soon i'll hold on to you

# My Demons

ITS NIGHT, IM ALL ALONE  
NOONE TO TALK TO

THIS IS WHEN MY DEMONS  
COME OUT

I WISH THEY WOULD GO AWAY  
LEAVE ME ALONE

THAT WILL NEVER HAPPEN  
NOT IN MY LIFE

THEY PLAY ME, TORMENT ME  
MESS WITH MY HEAD

THEYVE BEEN WITH ME  
ALL MY LIFE

I THOUGHT I COULD  
HANDLE THEM

THAT ONE DAY THEY  
WOULD GO

OH, HOW I WISH FOR  
A DAY WITHOUT THEM

NOONE KNOWS HOW IT IS  
FOR DEMONS  
TO BE THERE  
EVERYDAY  
EVERYNIGHT

IV TRIED TO MAKE THEM GO  
IV TRIED EVERYTHING

THEY ARE IN MY THOUGHTS  
MY DREAMS

OH GOD, PLEASE END  
MY DEMONS  
MY PAIN  
MAKE THEM GO  
OR  
PLEASE END MY SOUL

# My Dream

i had a dream about you  
late one night  
we were together  
seemed so right

we listened to soft music  
drank sweet wine  
danced so slowly  
endless was our time

we talked and laughed  
touched and felt  
each others bodies  
our hearts did melt

when we made love  
was wild and passionate  
our bodies became one  
our feelings no secret

we kissed and cuddled  
held each other close  
all thru the night  
till the morning sun arose

you told me you loved me  
soon we would be together  
kissed me goodbye  
our time i did treasure

then the sun came up  
i awoke  
discover my dream  
was just a joke

sandy nobody

# My Friend

you walked beside me, i held your hand  
you listened and you did understand

you held me, when my heart was bleeding  
you were there for me, when i was needing

you would help me through, lonely nights  
in my darkness, you were my light

when i was happy, you would be there  
good or bad times we would share

when i was hurting, you were there  
i loved you and you always did care

you will always be my friend  
even though my time came to an end

you, i will always love  
but now it's from heaven above

sandy nobody

## My Friend 2

i will walk beside you, i will hold your hand  
i will listen and understand  
i will hold you, when your heart bleeds  
i am here for you, when you need

in your darkness, i am your light  
when you are happy, i will be there  
good or bad times we will share

when you are hurting, i will be there  
i loved you and i always will care  
you will always be my friend  
even though my time has come to an end

you, i will always love  
but now it's from heaven up above

# My Head And My Heart

every day  
every night  
between my head and my heart  
there's a fight

my head says to go  
my heart says to stay  
what should i do  
this isn't the way

my head says to hate  
my heart says never  
but i know  
i can't go on like this forever

my head says forget about you  
my heart says no  
you are there forever  
it'll never let you go

my head says you only hurt me  
my heart doesn't care  
it's been hurt before  
by love unshared

my head is afraid  
my head is a thinker  
my heart is broke  
my hearts a dreamer

my head says be careful  
my heart says i try  
life without love  
i'd rather die

sandy nobody

# My Heart Aches For You

my heart aches for you  
longs for your touch  
wants to belong to you  
loves you so much

my heart is all yours  
will love you forever  
noone can take your place  
no, not ever

my heart will wait for you  
hoping one day  
you will love me back  
the same way

when my body grows old  
my heart is still yours  
my love for you  
has no cure

when my body dies  
my love for you wont  
i'll love you always  
even if you don't

sandy nobody

# My Hearts Crying Blood

my hearts crying blood  
it's bleeding inside  
so badly hurt  
wants to die

a broken heart they say  
time will heal  
but how do they know  
how i feel

everyone says they have  
all been hurt  
im sure they have  
but im badly burnt

the bloody tears  
scream and shout  
'please end this suffering  
take the easy way out'

my hearts crying blood  
life and love all withdrawn  
it's almost empty now  
all life from inside will soon be gone

sandy nobody

# My Inner Fight

I WANT MY DEPRESSION BACK  
YOU TOOK IT AWAY  
IT WAS MY LIFE  
WAS MY NIGHT, MY DAY

I WANT IT BACK  
I NEED IT NOW  
ITS ALL I KNOW  
YOU MADE IT GO

IT WAS ALL MINE  
DO YOU NOT SEE  
IT WAS MINE ALONE  
IT MADE

MAYBE YOU THOUGHT  
IT WAS BAD  
MAYBE YOU THOUGHT  
I SHOULD BE GLAD

BUT IT WAS'NT TO ME  
IT WAS MY INSPIRATION  
WAS MY LIFE  
WAS MY DESTINATION

IT MADE ME THINK  
IT MADE ME FIGHT  
MADE ME GET THRU  
DARK LONELY NIGHTS

SEE IT WAS MY INNER TORMOIL  
WAS MY THOUGHTS, MY DEEDS  
YOU THINK IT WAS LIKE GRASS  
FULL OF WEEDS

YOU PICK THE BAD SEEDS FROM  
ALL THE GOOD  
YOU TAKE THEM AWAY  
YOU FEEL AS THOUGH YOU SHOULD

THAT'S NOT ME  
I LEARN FROM MY SAD  
MAKES ME FIND GOOD  
WHEN THINGS ARE BAD

WHEN I DO FEEL DOWN  
SAD, LONELY, DEPRESSED  
WANTING TO JUST STAY IN BED  
NOT GET UP AND DRESSED

I LAY THERE AND THINK  
I THINK AND I THINK  
HOW TO MAKE THINGS BETTER  
TURNING GREY TO PINK

WHEN I FIGURE THINGS OUT  
FIND A NEW WAY  
IT GIVES ME A RUSH  
LIKE THE START OF A NEW DAY

ITS LIKE A BUTTERFLY STRUGGLING  
TO GET OUT OF THAT CACoon  
WHEN IT GETS FREE  
HAPPINESS OVERTAKES ALL DOOM

THEN WHEN IT FLYS AWAY  
THAT'S ONE FIGHT THAT ITS WON  
MAKES YOU STRONGER  
FOR THE NEXT ONE

i think not

we can be pigs  
eating anything  
in fact maybe eat  
everything

we can sit and talk

all we like  
till we choke

sit and talk  
feeling sorry for ourselves  
wishing those who wronged us  
burn in hell

see this isnt just

PITY PARTY

# My Shannon

but still a lady

so full of life  
full of love

her reddish blond hair  
her deep blue eyes  
always something new  
full of surprises

lots of hugs she gives  
and kisses too  
filled with imagination  
and wishes too

loves telling stories  
never know what she will say  
she makes you laugh  
finds something new, everyday

her love is so innocent  
her intentions true  
always has a smile  
and a i love you

# My Sleeping Nightmare

i live with a nightmare  
that has no end  
cant keep going  
no longer pretend

feel like im going mad  
losing my mind  
cant take much more  
tired all the time

is this all in my head  
am i insane  
is there a reason  
should i place blame

did i cause this  
what should i do  
is there help for me  
or a cure too

i need rest  
but afraid to sleep  
the dreams are bad  
they make me weep

soon after falling asleep  
the nightmare begins  
my heart pounds faster  
my head spins

soon im paralyzed  
overwhelmed with fear  
cant breathe  
cant make a tear

i fight to try to move  
to breathe  
i dont want to die  
not ready to leave

i feel myself  
drifting away  
feeling my life  
slipping away

if only someone will notice  
i cant breathe  
i cant move  
please dont just leave

i cant talk  
tell you im dying  
outside frozen  
inside crying

i pray and hope  
soon ill awake  
if only a noise  
i could make

you i can never trust  
you want whores  
thats all you lust

go to them  
tell them your lies  
if they make you happy  
it wont be a suprise

im numb inside now  
feeling like im dead  
its cause of you  
how you act, what you said

dont come to me  
when they are too busy for you  
i wont be here  
here your lies wont do

you wont get my attention  
not anymore  
go tell your lies, get pity  
from your whore

she will never love you  
she has someone  
not you  
to her, you are noone

you are her toy  
her game  
but, you deserve each other  
you are the same

dont come back to me  
not ever again  
im through with you  
this is the end

sandy nobody

# Never Mend

broken hearts that never mend  
love lost forever for a friend

trust was broken  
cruel words spoken

when truth was found  
only a silent sound

now numbness remains  
life will not be the same

sandy nobody

# Nightmares

can not sleep, can not hide  
whats wrong with me inside

they come to me in my dreams  
this is so real it seems

i take a drive  
why am i still alive

what do they want from me  
why cant they let me be

am i crazy, am i insane  
am i the 1 to blame

why must they torment my mind  
it is not my time

i see them on the wall  
come join us, they do call

i know they are not real  
but their icy touch i do feel

for some of them i have shed tears  
others i admit, i have my fears

i am afraid  
they will win 1 day

they are inside my head  
but they are dead

sandy nobody

# No Answer

it was a nice spring morning  
i was waiting for a call from you  
we talked everyday  
when i didnt get it, i called you

a strange voice, answered your phone  
asked who i was  
i said'im your sister'  
i asked why, the voice said because

the voice said i should come quickly  
i asked 'why, who are you'  
the voice explained  
'you need to come soon'

so i hurried to your house  
there at the door  
i met the voice from the phone  
right behind him i saw on the floor

the house was tore apart  
everything was smashed  
blood was everywhere  
even on your plants

the voice tried to explain  
i couldnt hear him  
i was in like total shock  
my head started to spin

i walked inside  
the voice behind me  
talking, asking things  
i couldnt hear, only see

as we walked through one room  
and then another  
the voice and i stopped  
another voice lifted two covers

under one i saw  
YOU  
under the other  
YOUR SON

PLEASE WAKE UP  
BEFORE ITS TOO LATE

not good enough for you  
nor your family

nothing i ever do

i want to die again today  
i must go on, this i know  
living is just dying, but slow

so as i lay me down to sleep  
memories of you i will keep  
memories good and bad i hide inside  
where they'll stay even after i have died

# Of Him I Dream

i took a trip  
to pick up a script

as i walked up the isle  
thats when i saw him  
next to a pile

stopping to admire  
to fill my desire

he did insist  
and i couldnt resist

he would fill my hunger  
i couldnt wait any longer

i grabbed him and ran  
to the door, fast i can

he i craved  
he couldnt be saved

him i had to eat  
right in my front seat

ohhhhhhhh

(of him i dream)

he was my

creme

santa

and i ate him all up!

sorry...about writing this...started as a joke....

now without you!

# Old House

the old house is empty now  
standing all alone  
only the memories remain  
the people are gone

the windows are boarded  
the grass grown tall  
doors knocked off hinges  
holes in the walls

standing here looking  
thinking way back when  
remembering life long past  
i start to grin

i close my eyes  
remembering long ago  
back to happy times  
i used to know

back when we were children  
laughter filled the air  
back when life seemed easy  
we didnt care

but those days are long over  
we have since grown  
we moved away  
have families of our own

so the old house is empty  
stands all alone  
only memories are here  
the people all gone

sandy nobody

# Once

once i loved  
it made me cry  
once i hated  
i wanted to die

now i sit here  
all alone  
now i sleep here  
all alone

once i loved  
felt alive  
now alone  
empty inside

once i hated  
felt dead  
now alone  
enough said

the love is gone  
the hate is too  
the pain is gone  
so are you

gave you my heart,  
body and trust  
was only for you  
i did lust

as time went on  
life without you seemed so wrong  
but one day we had an arguement  
and now you are gone

ill wait here forever  
for you to return  
for in my heart  
your love has burned

# Only Memories Of You

im coming back, you did say  
keep you safe i would pray

i watched you walk out the door  
you marching off to fight a war

as you turned away, i felt a burn  
in my heart i knew you would not return

everyday i would sit and wait  
watching for you to walk through the gate

one day a car pulled up  
2 soldiers got out and walked up

no spoken words did i hear  
my mind was racing with my deepest fear

you would never return home  
inside my heart i never felt so alone

they offered their deepest sympathies  
now all ive left of you are distant memories

memories of which shall never part  
memories living deep inside my heart

sandy nobody

# Open Door

i opened my door to you  
let you come inside  
i welcomed you  
my arms opened wide

i gave you my body  
to keep you warm  
gave to you my heart  
shelter from the storm

you were starving  
i gave you my plate  
you were thirsty  
from my cup you drank

i gave you my time  
you were alone  
i gave you my love  
then you were gone

i gladly gave it all to you  
i hope for you only the best  
hope you find what you're looking for  
hopefully then, your heart can rest

sandy nobody

# Open Eyes

i opened my eyes  
what did i see

i saw you

i opened my ears  
what did i hear

your lies

i opened my mind  
what did i learn

not to trust

i opened my heart  
what did happen

you broke it

# Pains

pain in the neck  
what the heck

pain in the head  
not dead

pain in the arm  
cold not warm

pain in the eye  
just die

pain in the feet  
weak

pain in the thigh  
why

pain in the heart  
torn apart

pain in the butt  
say what

what does all these pains  
have in common?

hint: YOU

sandy nobody

# Painted Smile

you wear that painted smile  
upon your pretty face  
you hide behind your mask  
covering your disgrace

you keep your secrets hidden  
deep within your mind  
your shame is eating your soul  
you're running out of time

you never show emotions  
you cover up your fears  
so you wear that painted smile  
as you have all of these years

your thoughts are in the past  
you're afraid to let them go  
you need to move on now  
leave the darkness of long ago

remove that painted smile  
upon your pretty face  
open up your heart  
and a real smile will take its place

sandy nobody

# Pieces Of My Heart

you held my heart in one hand  
you promised to be careful  
i saw your knife in the other  
thats when i became fearful

you smiled that evil grin  
upon your sweet face  
i tried to grab my heart  
get out of that place

as you brought that knife  
closer to my heart  
i saw you killing me  
piece by piece, part by part

thats when you started cutting it  
slowly at first  
then stabbing faster and harder  
my blood you did thirst

you were chopping me into pieces  
laughing as you did it  
when you were through  
you picked up the pieces, bit by bit

then you took the pieces  
put into your mouth  
started chewing hard  
spit me out

im nothing but pieces  
chewed and spit all over the floor  
i hear you laughing  
as you close the door

sandy nobody

# Pills

i went to a doctor  
he said'you look depressed'  
i said'no,  
maybe im a little stressed'

he gave me some pills  
to help me 'feel happy'  
after a few days  
i no longer felt crappy

in fact  
i was totally numb  
i felt nothing  
i mustve looked dumb

i walked around  
like the living dead  
thoughts no longer  
inside my head

no more feelings  
happy, sad nor pain  
no more thinking  
no more anything

the pills did their job  
they made me 'well'  
now im just a mindless  
empty shell

now  
im like everyone else  
no self identity  
i am no longer  
me

p.s.i wrote this after a miscarraige and dr gave me antidepressents for a couple months

# Player Wanna-Be

this is so the world will know and see  
about this player-wanna-be

he plays games with many hearts  
sits and laffs as he breaks them apart

he uses, lies and cheats  
thinks he cant be beat

he thinks women are stupid and wont find out  
but im telling everyone what hes really about

he lives in a fantasy world  
has a right to every girl

his storys all made up and sad  
after what i tell you, you will be glad

he may tell you hes in a band  
but hes just a silly old man

he tells you sick and can no longer work  
he's such a lying jerk

he will try to get money from you  
he sells his body too

why anyone would pay him for it  
i really dont know, he aint shit

he will waste years to get want he wants  
plays innocent first, then he taunts

hes a drug addicted user  
sex department a loser

he tries make you feel guilty and bad  
does mean things and makes you sad

when hes saying 'i love you'  
hes telling many others the same too

when he saying 'i love you'  
hes watching another womans cam too

he has you naked in his bed  
but the camhos are in his head

but the camho he watches isnt any good, just dumb  
cause after three hours, he still couldnt cum

p.s. want his name, address, phone number, picture or yahoo i.d.  
just ask me

sandy nobody

# Please Tell Me The Truth

please tell me the truth  
you need not lie  
even if it hurts me  
i'll not die

my feelings might be hurt  
my may be heart broken  
but not knowing hurts as much  
as words that are spoken

please tell me the truth  
so i'll understand  
whats going on with you  
what you have planned

if you really love me  
then tell me so  
if you dont love me  
i will go

will we ever be together  
or keep things like this  
will we ever touch each other  
again or kiss

we touch in real  
once before  
was love for real  
or just another score

please tell me the truth  
is all i ask  
a computer screen  
is the same as a mask

dont hide behind it  
cause  
we both know we are real  
we know how we feel

but do you like it this way  
do you want more  
tell me what you want  
or close the door

# Prayer For Death

burning words scorched inside my head  
a flaming sword piercing through my heart  
river of blood flowing out my wounds  
from my earthly body soon i shall depart

going limp, breathing becomes shallow  
body savagely beaten, horribly abused  
no tears, lying on the floor, waiting to die  
remembering the cruel words you used

i lie here dying, thoughts filling my brain  
'God above, show your love', with my last breath  
'God in heaven show mercy upon my soul  
God up high, hear my prayers', my prayer for death

sandy nobody

# Prisoner Of Marriage

i used to live in this prison  
of a so called life  
it was full of turmoil, stress  
uncertainty and strife

the prison of which i lived  
was full of fear  
emotions were not allowed  
no love allowed here

the windows had no bars  
for others to see  
but it did have locks  
for which i had no key

inside this prison i had stayed  
for over twenty years  
was just a living nightmare  
full of pain and tears

the prison i was sentenced to  
was of my own fault  
i lost my heart to a guy  
and got caught

i used to live in this prison  
of a so called life  
i lived there not for doing wrong  
only cause i became a WIFE

i left that prison of marriage  
one day i broke free  
it was not a life, it was only death  
now that i can see

# Questions

where will i be  
if they come for me

what will you do  
if they come for you

why do they come  
only for some

they only take a few  
then what do they do

will anyone ever care  
what they do there

who will know  
after some go

will you be scared  
that noone cared

is there even hope  
how will we cope

can they be stopped  
is there a different opt

do these questions have answers?

# Release Me From My Demons

will these demons ever release me  
from their tight grip  
why must they possess my body  
my mind they try to rip

what do they want from me  
why are they so cruel  
what have i done to deserve this  
constantly im in a duel

release me from my demons  
free my soul  
cause  
destroying me is your goal

will these demons ever release me  
leave me in serenity  
leave my body, my mind  
or are they here for all eternity

the demons find my weaknesses  
play upon my my trust  
soon took over  
in the game of lust

release me from my demons  
free my soul  
cause  
destroying me is your goal

the demons slowly took over my body  
quietly stole my mind  
what was their selfish purpose  
i didnt find out in time

will the demons ever release me  
from their tight grip  
when the day comes, my tombstone  
says

R.I.P.

# Releasing My Soul

TWS THE NIGHT BEFORE DYING  
WHEN ALL THRU THE HOUSE  
ALL THE PEOPLE WERE PANICKING  
RUNNING LIKE A MOUSE  
THE AMBULANCE WAS CALLED  
AND THE PASTOR TOO  
PEOPLE WERE CRYING  
NOT KNOWING WHAT TO DO  
THE CHILDREN WERE HUSHED  
THEN SENT OUTSIDE  
ADULTS DIDNT WANT THEM TO KNOW  
SOMEONE HAD DIED  
AS I SAT IN MY CHAIR  
WATCHING THEM ALL  
ONLY THING I COULD DO WAS TO STARE  
LISTENING TO THEM TALK  
WONDERING WHAT WENT WRONG  
WHEN I HEARD THE CHILDREN  
WHAT SOUNDED LIKE A SONG  
SEE IT WAS ME WHO HAD DIED  
NO MORE TORMENTED SOUL  
NO MORE DEMONS TO HIDE  
I HOPE YOU KNOW  
AND UNDERSTAND TO  
IT WAS SOMETHING I HAD TO DO  
BE HAPPY DONT CRY  
FOR ME  
I HAVE THE PEACE  
THAT IV ALWAYS SEEKED

# Remains

walking dead  
among the living  
coldness inside  
not forgiving

icy slivers  
flow through veins  
broken hearts  
all that remains

full of hate  
empty inside  
all alone  
something died

used and abused  
couldnt take more  
ended it  
forevermore

sandy nobody

# Roses Are Dead

roses are red  
violets are blue  
roses are dead  
so is my love for you

roses were fake  
violets too  
all you did was take  
it was all about you

roses cried  
violets hide  
you lied  
to me you died

dead like the rose  
dead like the violet  
dead you chose  
time to forget

sandy nobody

# Rough Night

unbearable pain  
cant sleep  
nothing helps  
can only weep

wishing for death  
wanting to live  
pains overwhelming  
something has to give

trying to hold on  
one more day  
and then another  
must find a way

useless pills  
down my throat  
does nothing  
but make me choke

pains getting greater  
can no longer think  
my minds delusional  
brains cells shrink

looking for a gun  
bullet to the head  
pain will be gone  
if im dead

sandy nobody

# Run And Hide

run and hide  
its what you always do  
your good at it  
too

you be mean  
play games  
then run away  
always the same

run and hide  
its what you do best  
hurt people  
all the rest

so run and hide  
you need to grow up  
one day maybe you will  
then maybe you will show up

sandy nobody

# Same Game, Different Face

i thought you were different  
but you the same  
just like the others  
i'm just a game

you come to me  
with your words so nice  
i try not to listen  
turn my heart to ice

your words get sweeter  
making it hard not to hear  
so i start to listen  
soon i lose all my fear

so i start trusting you  
giving you all that i can  
playing a game  
i didn't plan

then you tire of me  
like a little boy  
i find out  
i was just a toy

you played with me  
when you were done  
threw me away  
the game you won

to another you move onto  
leaving me behind  
another game to play  
a new toy to find

you wont always win  
these games you play  
someone better at them  
will come along one day

then you will know  
what its like to lose  
how it hurts  
to be used

it's just the same game  
different face  
different player  
different place

i have to save me  
its the only way  
we will ever be free

while there's still time  
say it now  
please dont whine

say it now  
please dont wait

say it now  
while you can  
say it now  
you dont need a plan

say it now  
they need to hear  
say it now  
have no fear

say it now  
before you go  
say it now  
so they know

say it now  
three little words will do  
say it now  
I LOVE YOU

# Secret Scars

she picks up a small piece of glass  
slowly tracing it across her arm  
slicing deep into her skin, breaking it  
only herself she wants to harm

blood flowing dripping onto the floor  
alone she sits and she stares  
as the blood drips out so does her pain  
alone inside, she thinks no one cares

the flowing blood, the flowing pain  
secret scars shes keeps  
hidden scars hidden deep inside  
outside she smiles, inside she weeps

do you know her, do you care  
she hides her secrets, she hides her pain  
can you help her, are you there  
she hides her scars and she HAS a name

# Seeds

in my garden  
i planted some seeds  
soon after  
along came the weeds

they crept in slowly  
thought they could sneak  
thought i wouldnt know  
or i was too weak

everyday i pulled  
the weeds out  
they kept coming back  
making me shout

why do these weeds  
want to kill  
want to take over  
have their own will

so i watch over in my garden  
protecting my flowers  
i must save them  
from the weeds powers

my life is the garden  
my kids are the flowers  
the weeds are drugs  
a fight i wont cower

# She Loved To Watch Him Play

she never missed a practice  
never missed a game  
sat there watching  
yelling his name

baseball, soccer, basketball too  
she was always there  
cheering him on  
win or lose she didnt care

he was her little boy  
he loved to play  
she loved to watch him  
even far away

for 12 years she was  
at every game  
always watching  
yelling his name

then 1 day  
he asked her not to come  
he loved her  
he would always be her son

he said other parents  
never come  
and he didnt want to have  
the only one

he said he was a grown  
man now  
doesnt want his mom  
around now

she said  
ok  
i wont embarrass you  
that way

a few years later  
he walks to the mound  
looks at the bleachers  
he hears a familiar sound

then he sees her  
watching his game  
sitting there patiently  
yelling his name

he smiles real big  
tips his hat  
throws the ball  
right past the bat

after the game  
he runs to the stand  
looking at his mom  
she waves her hand

he runs past the fence  
around the post  
then realizes it was  
his moms ghost

she never missed a practice  
never missed a game  
sat there watching  
yelling his name

# She Sits Alone

she sits by the window  
all alone  
waiting for her lover  
to come

she will sit there watching  
never to leave  
but inside her heart  
she grieves

she hears a noise coming  
down the road  
her heart beats faster, loosening  
her heavy load

she jumps up looking, hoping  
its him at last  
but the car keeps on going  
her house it has passed

she sits back down  
as tears fall from her eyes  
she will sit waiting forever  
until she dies

she knows in her heart  
he will never return  
but she will keep on waiting  
for his love she yearns

she gave her heart  
to this man  
he took advantage  
then he ran

sandy nobody

# She Waits

every night she waits  
waits for her lover  
hoping soon her love  
he will discover

she gave everything to him  
she loves him so  
so she waits for him  
he doesnt know

she longs for his love  
his touch  
if only his heart  
she could clutch

for him, she will wait  
her love is true  
to bad  
he hasnt a clue

maybe he does know  
was she he kissed  
but now chooses to ignore her  
pretends she doesnt exist

one day  
when she dies  
then all will hear  
his cries

he will miss her then  
but it will be to late  
he will be alone  
his own fate

# Sick Games

you take peoples feelings  
turn them into a game  
you tear them into pieces  
having no shame

you're mean and cruel  
play on peoples insecurities  
what motivates you  
is your own sick impurities

you have an agenda to keep  
you want to destroy  
you think the worlds about you  
people are just a toy

you come on all innocent  
looking for a heart to snatch  
one day  
you will meet your match

# Story Of Jack And Jill...(Short Story)

this is a true story.....

this is a story about people ill call jack and jill (always have to change the real names) let me introduce you to them....then ill tell you their story....

jills first....shes about 40..lives in the midwest...married..4 kids...suffers depression..possibly bipolar...and alcoholic..she lives in poverty..what some call working poor(she doesnt work..but her husband and a couple of her kids do) ..they have no car...their apt is small and in a bad area...her marriage isnt good..shes lonely...her husbands emotionally \*not there\*...basically you might say her life is rough....

jack now...hes 40s...not bad looking...a \*widower..multi millionaire...ownes a large corp\* has a teenage girl...from new zealand.....for him..life is great....

now to the story.....

jack and jill met chatting..became friends chatted for yrs....they soon talked almost nightly...he would call from overseas after the kids were asleep and her husband was at work.....

soon they were in \*love\*.....

about a yr ago they decided they wanted to be together....jack asked jill to marry him....he would buy her and her kids a big house...he would move to the states to live with her....

jack promised jill everything.....

jill thought she was in heaven.....someone to love her...someone who was there for her.....and a way out of poverty.....

jack had her looking for houses for them...

he was going to sell off his company...move and they would have plenty of money forever.....and he would start a new company in the states....

last monday.....

jill told her family...she wanted a div...was leaving..her and jack were finally

going to be together.....

her family was devastated.....the kids were going to stay with their dad...jill was moving out...she gave up everything for jack....

she found a place for her and jack...jack would pay for it when he got here.....told her start packing up.....

jack calls jill on wed..said he was boarding a plane Thurs would be there fri at 1 pm...for her to wait at the gate carrying 1 red rose...so he could find her easier.....

fri.....

jill gets up...showers gets dressed up pretty..shes so excited...her and jack will be together finally...after all these yrs....she was happier than she had been in yrs....

about noon jill takes a cab to the airport..stops on the way to buy 1 red rose.....

12: 30 fri.....

the cab pulls up to dropp jill off at the airport....she climbs out..almost forgetting her rose...the driver hands it to her...shes so nervous...

1 pm fri....

planes are landing and people walking in and out of the airport....jills standing right in front..holding the red rose...waiting for jack...

1: 30....

jills standing in front still...holding the red rose..in both hands....

2: 00 pm...

jill still standing and waiting.....

3: 00....

waiting.....

4: 00.....

jills standing in front....

holding the wilted flower..

her hands shaking...

tears falling from her eyes....

that awful feeling coming over her...

at that moment she realized jack was not on the plane and  
he would never come.....

4: 15 pm....

jill slowly walks away...dropping the dead flower on the ground.....

was not written for sympathy for jill..its written more for anyone who might think  
of breaking up their families and giving up everything..over someone from the  
internet...someone they dont know...or ever met...jill is not a friend..she has  
ruined a lot of lives..and wont seek treatments for her probs..so she goes on with  
her selfish ways...ill updat this 1 later...this just happened within last few  
days...so not sure what will happen now.....

# Strong Mind, Weak Heart

why does the head  
never agree  
why cant the heart  
ever see

why does the mind know  
deep inside  
what the heart chooses  
blindly to hide

why is the mind  
so weak  
when the heart starts  
to speak

why wont the mind  
take the lead  
even if the heart  
starts to plead

maybe if the mind took over  
grew stronger  
then the heart wouldnt hurt  
any longer

# Stupid Me

# Suicide Struggle

holding on  
trying to make through  
just one more day  
its all i can do

when the day is done  
and the darkness comes  
will there be light  
can i still fight

holding on  
trying to find a reason  
just one more night  
and i can go on

when the night is done  
will i see the morning sun  
will i still be here  
will i still have fear

why must i continue to struggle  
just to survive  
why must i find reasons  
to stay alive

# Tears Of Blood

i lie in my bed every night  
i cannot sleep  
for there is too much pain  
i can only weep

tears streaming down my face  
nothing left good  
tears pouring from my eyes  
tears of my blood

laying in my bed alone  
trying to decide  
holding a gun  
how i want to die

should i blow off my ugly face  
so noone will ever see  
should shoot my brains out  
end all thoughts from me

should i shoot my heart out  
its already dead  
you made sure of that  
with all that you said

# Thank You For The Great Birthday

november fourth  
i shall never forget  
i drove 14 hours to see you  
together that day, we spent

it started off so right  
i drove a 1000 miles  
when i got there  
you were all smiles

we made love awhile  
your phone kept ringing  
you didnt answer, then  
your beeper started beeping

i fell asleep in your arms  
2 hours later i awoke  
you were on the phone  
i heard as you spoke

you hung up quickly  
then wanted us to go out  
as i waited outside for you  
i heard you talking and a shout

10 minutes later out you came  
for a few hours we drove around  
got something to eat  
as you showed me your town

when we drove back to your house  
there was a van in the driveway  
you told me keep driving past  
so i sped away

we went down the street  
and parked a few  
then it hit me  
and inside i knew

for 2 long years  
you played with me  
led me on  
made me believe

your phone rang again  
you wouldnt answer  
you just sat there thinking  
told me it was your sister

i didnt want to believe  
so inside went numb  
pretending this wasnt happening  
or maybe playing dumb

i leaned my head down  
inside i was crying  
i didnt let on  
that my heart was dying

we went back to your house  
you asked me inside  
i just wanted to go home  
my eyes i did hide

when you kissed me good bye  
i knew it would be the last  
i never would see you again  
you would put me in your past

november 4th  
i shall never forget that day  
cause november 5th  
was my birthday

as i drove 14 hours home  
outside my eyes were crying  
inside  
my heart was dying

driving a 1000 miles home

with 2 hours sleep  
heartbroken  
my eyes could only weep

thank you for the great birthday

# Thanks

i gave you trust, you told me lies  
i gave you love, you blinded my eyes

i gave you loyalty, you gave me excuses  
i gave you honesty, you became abusive

i gave you my body, you ate my soul  
i gave you the truth, you hid in a hole

you disappeared now, you met another lady  
only thing left to say is 'Thanks for the baby! '

# The Break-Up Poem

this is hard for me  
but has to be done  
its not to hurt you  
saying this is not fun

please understand  
for you, i really care  
i love you  
and the time we shared

but its over now  
time to move on  
time to leave the past  
a new life has begun

we both have reasons  
we both know why  
lets let things go  
before i start to cry

this way we can part  
maybe one day  
we can be just friends  
who's to say

i will always  
keep you in my heart  
but circumstances have  
torn us apart

so this is it  
time to go  
remember always  
i loved you so

# The Bridge

alone upon the bridge  
staring at the icy water below  
alone in my thoughts  
as the cold north winds blow

the snow is falling  
frozen tears run down my face  
all alone in this world  
no one shall ever take your place

as i stand upon the bridge  
alone on this cold winter night  
my thoughts are of you  
wishing i could make things right

if only we could change the past  
if hearts didnt turn to ice  
i looked for you one last time  
my heart now, i shall sacrifice

as i lie here in the icy cold water  
staring at the bridge up above  
with my last breath, i say  
was only you i shall ever love

# The Broken Child

the broken child lives inside her mind  
the only light inside her darkness  
feelings and emotions deeply hidden  
sanity slowly slipping into madness

too young to understand her purpose  
living a life she can not escape  
retreating inside from reality  
leaving her physical body that was raped

the world inside her mind is perfect  
here is where she wishes to stay  
feeling love, cared for and safe  
free to dream, free to run and play

the broken child shall never be free  
free from the nightmares of reality

# The Chain On My Heart

theres a chain on my heart  
it leads to your hand  
which you hold securely  
pulling at your command

you loosen the chain  
almost letting go too  
yank it back quickly  
as it pleases you, you do

iv tried many times  
to break this chain  
but i am to weak  
causes to much pain

i do not understand  
why you wont unchain my heart  
let me go  
our ways we part

i gave to you my love  
all that i had to give  
i gave to you my body  
with no hidden motive

im not want you want  
you dont love me  
i am nothing to you  
nor will ever i be

im not good enough  
for you, you say  
so why hold onto my heart  
this way

# The Children Of The Night

when the night falls, they come out  
many are quiet, never a shout

the streets are their life, they have no home  
some are scared, all alone

they have been, abused badly  
some their lives, will end sadly

they will do what, they must  
a life with no love, no trust

they have names, they have faces  
they are from all kinds of places

no one ever hears their cries  
they are blown off as just lies

for them, will anyone ever care  
for them, will anyone ever be there

who do i talk about, who are they  
ill tell you, ill just say

they are

# The Cyber Bullies

like to hide  
you want to know  
reasons why

cause in real  
the games they play  
the hurt they make

cyber bullies  
in real are small  
in cyber  
they are very tall

they hide behind  
a computer screen  
creating havoc  
is their dream

in real life  
they cannot be mean  
so they make nice  
they arent what they seem

cyber bullies  
can be almost anyone  
moms and dads  
kids out for fun

cyber bullies  
are every size and shape  
doesnt matter  
they think they are great

on a computer screen  
they are wicked  
in real life theyll get

# The Doormat

the doormat  
that you stepped on everyday  
wiped your feet  
then walked away

the doormat  
is covered with your dirt  
is all wornout  
nothing left to hurt

the doormat  
has been stomped on  
to many times  
is too tired to go on

the doormat  
so often you used  
cleaned your shoes  
kept you amused

the doormat  
that you threw away  
was always there for you  
everyday

the doormat  
you shredded apart  
wasnt a doormat  
it was my HEART

# The Empty Chair

the children walk into the class  
the empty chair, they must pass

at their desks they all sit down  
quiet whispers are the only sound

the teachers job is now to explain  
totally numb, her emotions drained

the children feel somethings wrong  
the silence seems forever long

her voice is nervous as she speaks  
she stands, even though her legs feel weak

as she struggles for the words to say  
speaking from her heart, is the only way

she walks over to the empty chair  
tells the children that life isnt always fair

as she speaks, tears fall from her eyes  
she must now explain why a child dies

she tells them to hold their memories dear  
their friend is gone now, but not to fear

remember their friend who used to sit there  
the friend who sat in this empty chair

# The End, My Friend

# The Game Is Over

sorry this game i can not play  
no not anymore  
its no fun, its not right  
its not like before

at first it was fun  
but i made a mistake  
i let it become real  
now iv a heartache

i'm sorry i did all  
this to you  
how much i wish  
the past i could undo

somewhere i let it become  
like reality  
for all this i am  
guilty

you were here just  
to have fun  
when you were finished  
you were done

but i fell for you  
i shouldve known better  
you were just words on a screen  
nothing but letters

but then one day  
we crossed the line  
let it become real  
for a short time

so now you took your toys  
and went home  
and i will sit here forever  
all alone

as i sit here alone  
my waistline expands  
you go on with your life  
and all your plans

its all ok  
not your problem  
dont worry  
i'll keep mum

noone will ever know  
not even you  
i'll make it thru this  
i always do

i thought maybe you would  
want to know  
i started to tell you  
then you had to go

i ask nothing from you  
i know you dont care  
just thought you  
ought to be aware

i understand it all now  
now its too late  
i played the game  
i took the bait

i played and lost  
i lost everything  
turns out i was  
just a plaything

i learned my lesson  
the hard way  
so iv nothing left  
to say

goodbye

be on your way  
hope your happy  
have a nice day

the giver loses, the taker wins

# The Guilt I Must Carry

when i was 6 i smoked my first cigarette  
when i turned 9, i will not say

was all downhill from that day

when i was 10 i had my first drink  
at 11 helped steal my first car  
at 13 got my first probation  
14 smoked my first joint,15 my first bar

wanted to live  
so went away  
learned not to take but to give

# The Guy In The Bar

he thinks hes smart, the guy in the bar  
he picks up his keys, heads to his car

he slips as he stands, falls to the floor  
he gets up, fumbles as he opens the door

he gets to his car, drops the key  
will he get home tonight safely

he climbs into his seat, behind the wheel  
starts it up, saying to himself'no big deal'

he puts the car into gear  
driving he has no fear

he takes off fast, driving off the curb  
he comes to a light, lets out a burp

as he pukes down on his chest  
still thinking he knows whats best

as hes cussing, the light changes red  
drinking, is something he will soon dread

thinking it's the brake, he hits the gas  
he runs the light, he's to going to fast

he finally gets home, all safe and sound  
climbs out of his car, falls asleep on the ground

wakes up in the morn, stinking, sick and weak  
swears he wont drink again, then comes next week

he thinks hes smart, the guy in the bar  
he picks up his keys, heads to his car

he gets to his car, he drops the key  
BUT, will he get home tonight safely?

# The Little Girl And The Moon

once upon a time there was a little girl.  
she liked to sit outside at night and talk to the moon.  
everynight she kept the moon company.  
one night she noticed the moon seemed tired, so  
she climbed upon the roof, to tell the moon a secret.  
the old moon smiled, so she reaches up  
takes the moon in her hands and puts him in her pocket.  
then she climbs down and goes into her house, up the stairs  
to her she takes the moon out and lets lay on  
her hours they talked, told secrets and giggled.  
then they heard people asking where the moon was.  
outside was so dark, they couldnt find their ways.  
the old moon says to the little girl  
'maybe you should put me back into the sky,  
so the people can find their way home at night'.  
the little girl she picks up the moon,  
puts him back into her pocket.  
she walks downstairs and goes outside.  
it was very dark, but she wasnt afraid,  
she had her friend the moon to help  
show her the way.  
she climbs back upon the roof, takes the moon out  
of her pocket. holding him with both hands  
she tells the moon'i love you,  
we will still talk every night, but you must go back  
give people light at nighttime'.  
she leans over kisses the moon goodnight.  
then reaches back and tosses the moon  
hard as she could back into the  
nighttime sky.  
then the little girl and the moon hear, all the people  
shouting and laughing.  
after everything quietened down  
the stars who were so happy the moon returned  
all gave the moon kisses.  
the little girl climbed down  
with the moon lighting her way  
went inside up to her room  
took 1 last peek out

blowing the moon a big kiss goodnight.

# The Pain Behind The Words

behind the words i write  
are things noone sees  
my words are my thoughts  
feelings, they are of me

i put my pain into words  
my way of letting it out  
without hurting anyone  
calmly, no need to shout

for years i kept them inside  
out of shame, out of fear  
kept all my feelings hidden  
year after year

was never allowed to feel  
as a child  
to have feelings  
meant you were wild

then grew up  
got married too  
still feelings  
you couldnt do

i decided when  
my baby came  
i could no longer play  
the no-feeling game

i loved my kids with all my heart  
i told them always  
i hugged and held them  
showed them, in many ways

i didnt want my kids to  
have no feelings inside  
grow up cold and lonely  
empty, dead inside

after years i finally left  
that thing called marriage  
was nothing but a cold  
empty cage

im much happier now  
iv still a lot of hidden pain  
im letting it out in my words  
so i dont go insane

the pain behind my words  
is real  
the pain behind my words  
i feel

some are good  
others bad  
some would

# The Predator

he surfs the the rooms  
looking for a victim  
he has it down  
he has a system

he can be shy and quiet  
outgoing and friendly  
once he targets you  
he moves very smoothly

he gets you to talking  
about yourself  
he studies every word  
keeping to himself

he asks lots of questions  
want to be your friend  
while you are talking  
he's sucking you in

pulling you into his game  
he will talk to you many times  
doesnt care how long it takes  
cause hurting you, is his pastime

he wants to steal from you  
your heart, your soul  
he has to hurt you to win  
cause winning is his goal

he will do whatever it takes  
waiting days, weeks, even years too  
this is his game  
he has nothing else to do

some will leave  
after they get what they want  
others keep coming back

# The Sperm Donor

the sperm donor  
leaves something behind  
whenever he is found  
he just whines

he takes no responsibility

most accept blame  
not the sperm donor  
he's not the same

it's never his fault  
'the woman lied,  
it's all her fault'  
he cried

part of that is true  
but the ones who are hurt  
is not the sperm donor  
he just had to squirt

the sperm donor  
sometimes makes threats  
he has no conscience  
has no regrets

in the end  
it's the child who hurts  
because the sperm donor  
just had to squirt

this is my only choice  
to build my wall  
to protect my heart  
it shall never again fall

# The Word Love

THE WORD LOVE  
IS NOT JUST A WORD  
ITS NOT SOMETHING SAID  
JUST TO BE HEARD

THE WORD LOVE IS  
NOT A GAME  
EVERYONES MEANINGS  
ARE NOT THE SAME

THE WORD LOVE IS  
IS VERY STRONG  
IT CAN CAUSE PAIN  
IF USED WRONG

THE WORD LOVE IS  
A FEELING TOO  
USING IT NEGLECTLY  
YOU SHOULDNT DO

THE WORD LOVE  
SHOULD NOT BE ABUSED  
WHEN NO FEELINGS ARE BEHIND IT  
IT SHOULDNT BE USED

# The Words I Write

the words i say  
the words i write  
are not ment for hurt  
or start a fight

these are my feelings  
they are from deep inside  
writings my release  
feelings shouldnt hide

i dont want to cause harm  
not looking to hurt you  
want you to understand me  
is all i want to do

i like writing words  
words are my passion  
my feelings, my thoughts  
its not just a fashion

these words i write  
are of me  
its how i am  
how i will be

read my words  
if you want to know me  
read my words  
carefully

# These Words

'You are nothing!  
never was, never will be! '  
these words  
you screamed at me

'You mean nothing!  
never have, never will! '  
these words  
are in my head still

'I never loved you!  
How could I? Why would I? '  
these words  
used to make me cry

these words  
were all you had to say  
they killed my love for you  
so now im gone away

these words  
when i hear your voice  
helps me know  
i made the right choice

these words  
set my heart free  
so why now  
do you look for me?

sandy nobody

# They Are Hiding My Words

they are hiding my poems  
deleting my words  
soon my thoughts and voice  
will not be heard

i thought in America, we had  
freedom of speech  
but they are hiding my poems  
beyond anyones reach

why dont they like my words  
or what i have to say  
so they take my poems  
hide them away

my poems are my thoughts  
they belong to me  
my words are my feelings  
can they not see

they say its the words that i use  
my ways of expression  
so here i go  
heres my confession

yes i must admit  
and it comes to no suprise  
i will never hide  
behind some fake disguise

my name is sandy  
and  
i have  
a  
potty  
mouth  
(sometimes)

# Time

it's time  
yes it is  
it's time  
to end this  
the night has come  
tonight not tomorrow  
the night has come  
filled with sorrow  
it's over  
nothing more to say  
it's over  
this game you play  
the day has come  
today not tomorrow  
the day has come  
to end this sorrow  
it's time  
for the end  
it's time  
my friend  
no more tomorrows  
no more sorrows  
no more game  
no more blame  
it's over  
no goodbye  
it's time

# Time For A New Start

we must let go  
that which tears us apart  
we must move on  
time for a new start

we must break free  
that which holds us back  
we must get away  
from being under attack

we must look forward  
to new things in life  
we must go on  
letting go causes of strife

we must be free  
to be who we are at last  
we must move on  
letting go the past

sandy nobody

# Time To Go On

its time to go on  
say our goodbyes  
time to stop  
telling these lies

its time to go on  
the game was fun  
its over now  
and you won

its time to go on  
get on with your life  
time to leave  
go to your wife

its time to go on  
you've cause enough pain  
time to go  
nothing left to gain

its time to go on  
nothing more to say  
its time now  
have a nice day

# To The Loser

to the loser  
who not just broke my heart  
you stomped on it  
and shattered it all apart

to the loser  
the one who played me  
you used me  
and then you betrayed me

to the loser  
you keep on telling your lies  
getting yourself pity  
soon youre going to be surprised

to the loser  
yes you know who you are  
your times coming  
keep on running, but youll not get far

to the loser  
your past is going to haunt you  
remember my words  
forever they will taunt you

to the loser  
in the end you will lose  
its the life you wanted  
its the life you did choose

to the loser  
goodbye and goodluck  
yeah right  
i really mean go get F\*CKED!

# Tonight I Shall Sleep

tonight i will end this pain  
for there is nothing left of me  
you have taken it all away  
left me in the pain filled sea

tonight the end shall come  
i havent the strength to go on  
i havent the will to live  
its finally over, soon i will be gone

tonight you finally broke me  
i am broken, i cant be fixed  
the pain is too overwhelming  
i couldnt live with all your tricks

tonight is the final ending  
there shall not be anymore grief  
go on with your life  
i am gone, so you have your relief

tonight you got what you wanted  
for now i am in your past

tonight  
i shall sleep  
never again  
i shall weep

with my self pity!

you couldve loved me  
couldve been my friend  
you chose not to be  
now its the end

dont call on my phone!  
all i want now  
is to be left alone!

sandy nobody

# Waiting

sitting all alone  
waiting  
for you to call

sitting at the door  
waiting  
for you to knock

laying in bed at night  
waiting  
for you to come

going thru each day  
waiting  
for your love

after many years of  
waiting  
you never called

after many years of  
waiting  
you never knocked

after many years of  
waiting  
you never came

after many years of  
waiting  
you never loved back

if you walk on me  
1 day  
i will walk away

and

i wont look back  
i will

that you will miss me

in the end  
we are dead  
waiting a new life to begin

# Weapon Of Words

the most powerful weapon  
everyone has in their possession  
it's not guns, knives, bombs  
it is just words that are spoken

words can do a lot of damage  
words can cause pain  
bring on wars, hurt, death  
drive you insane

words are very powerful  
when use the wrong way  
ruin lives, break up families  
trust they can betray

words are not all bad  
its the way they are used  
when they cause hurt  
words are abused

words can be good  
they bring on healing  
words help to understand  
show how you are feeling

words can bring happiness  
love and forgiveness  
feelings of comfort  
to all with or without illness

we all have this weapon  
weapon of words  
so please use it wisely  
it will be felt, not only heard

# Welcome To Hell

welcome to hell  
burning souls you smell  
does no good to tell  
so stay here and dwell

sit here till you rot  
this is all you got  
like it or not  
its so damn hot

there is no escape  
no covers under to drape  
your soul is raped  
body bound in tape

your mind runs loose  
find the noose  
what do you choose  
theres no excuse

never first, always last  
try to run fast  
look at your past  
your destiny is now cast

so welcome to my hell  
your burning soul you smell  
does no good to tell  
so stay here forever and dwell

# What Should We Do?

hurting  
filled with pain  
i say  
you're to blame

maybe your  
right  
i dont want to  
fight

its my fault  
i love you  
i care  
i want you

i cant make you love me  
i cant make you care  
i cant go on like this  
its just not fair

but

you said

you love me  
that you really do care  
you want me  
then why arent you here

you hurt  
filled with pain  
its my fault  
im to blame

you say

# What Would You Do?

what do you do  
when told youre dying  
go home to bed  
and lie there crying

who do you tell  
your times near the end  
keep it inside  
or tell your family and friends

how do you feel  
at first maybe disbelief  
after awhile  
do you feel relief

do you hide your pain  
cover your sadness  
or go on  
faking happiness

do you do  
all the things that you can  
fill your wishes  
or just make plans

how do you tell  
your little girl  
you wont see her grow up  
youre leaving her world

if you knew  
tomorrow you might never see  
what would you do  
if you were me

sandy nobody

# Where Did You Go

the tears from my eyes  
belong to you  
you broke my heart  
broke it in two

why did i love you so  
how could i have trusted you  
i gave you my heart  
and this is what you do

you disappeared  
never said why  
just went away  
never said goodbye

you told me it was me you loved  
was me you wanted to be with  
was it all real  
or just another myth

how can you look in a mirror  
and not feel guilt  
how you used me  
then just split

# Who Am I

im the lowest person on earth  
i shouldve died at birth

im meanest of the meanest

i can and will ruin your life  
cut you like a knife

i am your nightmare  
even when im not there

my words will taunt you  
your dreams, i will haunt you

i will chew you up, spit you out  
i will walk away as you shout

im not very nice  
my heart is cold as ice

i will get to you deep inside  
from me, you cannot hide

i will torment you  
and theres nothing you can do

who am i

# Who Will Be There For You

life is passing you by  
your getting old  
what memories will you  
have to hold

when your old and tired  
lying alone in bed  
will you have regrets  
of anything unsaid

who will comfort you  
when your too weak  
who will care for you  
help you drink or eat

who will hold your hand  
as you lay there dying  
who will care  
will anyone be crying

will you ever think back  
to long ago  
you couldve had real love  
but instead  
you chose a camho

will those camhos  
be there when times are bad  
when you are hurting  
will they be sad

camming another  
while you suffer in pain

who is the lucky one  
who shall have the honor  
who is the most fun

who will it be  
will it be ellen, linda, maybe sue  
who will it be  
who will entertain you

who will have your love  
just for the night  
who gets the honor  
standing in the light

who gets your attention  
who will you play  
who will you want  
who will you love today

so tell me  
who will it be  
cause i know  
it wont be me

sandy nobody

# Who Will You Blame?

who will you blame  
when youre feeling sad  
who will you blame  
when youre feeling mad

who will you blame  
when things go wrong  
who will you blame

WHY DO I LET YOU ABUSE ME

WHY DO I BELIEVE WHAT YOU SAY  
WHY DID I BELIEVE YOU AGAIN TODAY

WHY DO I WANT YOU  
I WISH I KNEW

WHY DO I LOVE YOU SO  
WHEN I KNOW I SHOULD GO

WHY DO I LET YOU BREAK MY HEART  
WHY DO I LET YOU TEAR ME APART

WHY DO I LET YOU HURT ME SO  
WHY CANT I LET YOU GO

sandy nobody

# Why Am I Alive?

Can't write, can't fight  
Can't trust, am I dust?  
Can't feel, can't heal  
Can't live, can't forgive

Can't speak, feel so weak  
Can't breathe, can't leave  
Can't cry, can't lie  
Can't love anymore, feel like a wh\*re

So empty inside, but can not die  
Why?  
Why am I alive?

sandy nobody

# Why Am I Here

everyday that i wake up  
i wonder why  
why am i here  
why cant i die

what is my purpose  
i dont understand  
my bodys wasting away  
my thoughts i no longer command

why do i have such torment  
why all this hurt and pain  
why am i unlike others  
from this i see no gain

so i turned to God  
and asked him why  
why me O Lord  
please let me die

God said to me  
my child have patience  
trust in me  
i'll give you guidance

place your trust in me  
i'll always be with you  
your faith in me  
will always get you through

your time here is short  
soon i'll bring you home  
no more suffering then  
you will never be alone

but now is not your time  
trust in me child  
then he blessed me  
and smiled

sandy nobody

# Why Can'T I Think

what was i thinking  
or better yet  
why wasnt i thinking  
i forget

why do i do the things  
that i do  
why cant i at least  
think them thru

why must i act upon  
things first  
think about it later  
think the worst

why am i so impulsive  
i wish i knew  
why cant i think first  
like you

sandy nobody

# Why Do People Hurt Others

why are people so mean  
why do they like to hurt others  
i dont understand them  
everyones sisters and brothers

what is the point of being mean  
why cant people get along  
everyone has feelings  
and wanting to belong

mean people are just bullies  
pick on the small and the weak  
they think it makes them greater  
they are nothing but a freak

they need to grow up  
leave others alone  
need to get lives  
or just stay home

mean people arent cool  
they think they are  
their behavior  
is just bizarre

they should be careful  
what they do  
itll come back to haunt them  
the way they treated you

why  
do we cry  
why  
are we hungry  
why  
are we poor  
why  
are we rich  
why  
are we sore  
why  
must we love  
why  
must we hate  
why  
must we trust  
why  
must we accept fate

cause

we are human

sandy nobody

# Why Must You Lie

why must you lie to me  
is it for my attention  
my sympathy  
or a addiction

do you want me to chase you  
so you can blow me off  
be mean to me  
or piss me off

im too tired for this game  
we are both too old  
this game needs to stop  
before one of us explodes

sandy nobody

# Will Anyone Care

how will i do it  
when will i do it  
maybe soon

will i scream  
will i be calm  
like in a dream

and im not there  
will i be missed  
will anyone care

sandy nobody

# Will You Die Alone

when you are dying  
will your conscious be clear  
will you remember  
that you caused hurt and fear

will you be sorry  
for what you've done  
asked to be forgiven  
by everyone

will you die alone  
wondering why no ones there  
to hold your hand  
why no one will care

when you are dead  
how will people remember you  
i'll tell you  
you will be remembered for what you do

sandy nobody

# Will You Remember Me

will you remember me  
when im gone  
will you ever think of me  
when you are alone

will you remember me  
on a dark rainy night  
will you remember our laughs  
and our silly fights

will you remember me  
in the early morn  
will you ever think of me  
and our time forlorn

will you remember me  
as me  
not as someone  
i couldnt be

will you remember me  
when im not there  
will you ever miss me  
or do you really care

sandy nobody

# Wish Me Dead

no love to give  
no will to live

words you say  
push me away

no place to belong  
cant go on

dreams shattered  
words dont matter

heart's broken  
by words spoken

wish me dead  
words you said

sandy nobody

# Words From A Parent

'no one will ever want you  
no one will ever care  
no one will ever love you  
no one will be there

no will ever like you  
you will never be good enough  
no one will ever need you  
you will never be tough

you are way too ugly  
you are way to fat  
you are way too stupid  
and thats a fact

you will always be nothing  
you will never be right  
you will always be in the dark  
you never see the light

you are a waste  
dont you see? '

(kid)

'yes, i see now  
cause you told me

but

i dont mind what you say  
as long as im NOT like you one day! '

sandy nobody

# Words Not Read

as i sit and type  
my words on a screen  
i pour my heart out  
on words not seen

i put my thoughts out  
my feelings too  
the whole world sees them  
but not you

if you want to know  
who i am  
what i think  
you can

just read my writings  
they come from deep inside  
these are my feelings  
i've nothing to hide

everything i've wrote  
you've never read  
maybe one day you will  
after i'm dead

sandy nobody

# Write The Words Before They Die

why do i write  
people ask me  
ill try to explain  
hope they see

i write because  
it relieves my stress  
helps me feel better  
when depressed

its my way of explaining  
of how i feel deep inside  
iv the need to let feelings out  
not keep them in to hide

the words i write are from  
deep within my soul  
words trying to get out  
find their goal

'please let us out'  
the words do cry  
'keep us inside  
surely we will die'

'we have stayed inside  
all these years  
its time to come out  
have no fears'

'write us down  
let others know  
noones alone  
the words will show'

'the words can give hope  
where none might be  
open the eyes of those  
who dont see'

'all people have  
feelings deep inside'  
the words no longer  
want to hide

'we must come out  
so write us down  
so maybe one day  
everyone will understand'

sooo

'please let us out'  
the words do cry  
'keep us inside  
surely we will die'

sandy nobody

# Writing For You

once upon a time  
i wrote for you  
now its time  
i write about you

i wont write  
things untrue  
i will write  
feelings of you

i wont write  
to hurt you  
i wont write  
to be cruel

i will never write  
again for you  
i will write  
cause thats what i do

sandy nobody

# Written In Pain

ripped into pieces  
blood dripping  
trying to walk away  
but only tripping

tearing at my flesh  
stealing my soul  
trying to run away  
but can not go

feelings tossed about  
mind is spinning  
trying to stop this game  
but you are winning

so lost, confused  
inside empty and numb  
trying to get away  
i am too dumb

sandy nobody

# You And I

you and i  
can never be  
together  
i now see

you and i  
are not the same  
no one  
is to blame

you and i  
should part ways  
never speak  
forget these days

you and i  
cannot be friends  
everything  
must come to an end

you and i  
we must say  
goodbye

sandy nobody

# You Are Back

you are back again  
i knew you would  
my friends say to ignore you  
i know that i should

i love you still  
my heart never let you go  
i want you badly  
i missed you so

my friends say  
you will hurt me again  
this is a game  
that i cannot win

i will always love you  
you know that is true  
no matter where you are  
or what you do

sandy nobody

# You Are Gone

where did you go  
why did you leave  
i trusted you  
in you i believed

i was your puppet  
your toy  
i was all yours  
for you to enjoy

i dressed as you liked  
i did all for you  
wore colors of red  
pink, white, black, blue

i did anything for you  
i gave up a lot  
just to be with you  
this in return, is what i got

for you i was just a fool  
a toy  
you played with, like a  
little boy

i never hurt you  
or made you cry  
or feel so bad  
you wanted to die

how do you look at yourself  
everyday  
knowing how you played me  
everyway

have you no concious  
no feelings inside  
how do you go on knowing  
my heart has died

i freely gave to you  
all i could  
i gave you a lot more  
than i should

my love for you  
i dont regret  
my time with you  
i'll not forget

you are gone now  
did'nt say why  
you did'nt even  
tell me goodbye

i wish you well  
a happy life  
even though you live  
with another guys wife

# You Came Knocking

you came knocking at my door  
i let you come in  
you came calling on my phone  
i answered it, again and again

but then you went away

i came knocking at your door  
you wouldnt answer  
i came calling on your phone  
you wouldnt answer

so i went away

then you came knocking at my door  
so i opened it  
i let you in  
i gave you my heart, again

then you went away, again

i came knocking at your door  
you wouldnt answer  
i came calling on your phone  
you wouldnt answer

so i went away, again

so

next time

you come knocking at my door  
i wont answer  
you come calling on my phone  
i wont answer

cause

last time i went away

at your door  
i left my heart  
you stomped on it  
broke it all apart

# You Cant Blame Me

im a bad person  
so im told  
im fat, ugly  
and old

im a mean person too  
so was said  
im not good  
i should be dead

im a waste of time  
waste of breath  
people like me  
deserve only death

i was told im selfish  
told im crazy  
noone wants me  
im just lazy

i was told noone will  
ever care for me  
for people like me  
love will never be

but you know what  
i dont care what you say  
your opinions are not  
important to me today

your opinions and you  
dont bother me  
i dont care what you say  
so let me be

all i feel you now  
is sorrow  
cause you will still be  
the same tommorrow

and every day after  
for as long as you live  
hurt and pain to others  
is all you will ever give

but you cant use your  
words to hurt me anymore  
you cant use your fists  
to knock me to the floor

i hope the best for you  
you see  
a life full of hate  
is not for me

i wont hate you or  
things you ve done  
if i do  
that means youve won

you took part of my life  
killing my spirit was your goal  
you got my mind, my body  
you didnt get my soul

so as you grow old all alone  
you will have noone to blame  
oh, yes you will  
cause you will still be the same

# You Got What You Wanted

as i lay here in my coffin  
i hear you laughing  
you got what you want  
but you still taunt

laughing and lying  
as i laid there dying  
now that im gone  
you still go on

you wanted me dead  
thats what you said  
you still wont release  
you wont let me be dead in peace

sandy nobody

# You Killed My Garden

you used your tools  
to dig up my garden  
killed off the weeds  
that made the ground harden

you planted flowers  
made them come alive  
soon they were growing  
no more struggling to survive

soon you noticed  
they were growing stronger  
you needed to control them  
or they wouldn't need you much longer

so you started  
withholding your love and care  
planting your own weeds  
you left the flowers dying there

then you used your tools  
to dig up my garden  
killing off all the flowers  
why?  
why did your heart harden?

sandy nobody

# You Never

you never read the words  
i used to write for you  
you never heard the words  
i used to say to you

you never saw me  
even as you looked at me  
you never felt my touch  
when next you i was laying

you never got to know me  
even though we talked  
you never held my hand  
when beside you i walked

you never accepted my love  
i told you many times over  
you never believed in me  
and now its all over

this is the end  
and you will never see  
you will never know  
the real me

sandy nobody

# You Sold Your Soul

you sold your soul  
for what?  
do you even know?

with the devil  
you made a pack  
now you are full of evil

what will you do  
when he comes  
for you?

you cannot run  
cannot hide  
will you then think its fun?

you sold your soul  
for nothing  
you're a fool

sandy nobody

# You Threw Me Away

i gave you kisses  
you gave me wishes

i made you first  
you made me last

i gave you my heart  
you ripped it apart

i gave you my body  
you made me a nobody

i gave you my life  
you caused me grief

i gave everything to you  
what did you do

you threw me away  
again today

WHY

when i gave you hugs  
you just wanted DRUGS

WHY

did you throw me away  
again today

sandy nobody

# You Want Me To Go?

if you want me to go  
just say so

i wont bother you  
thats the last thing i'd do

all you have to say  
is 'i'm in your way'

you don't have to lie  
i'm NOT going to cry

this game  
is so lame

if you don't want to talk to me  
it's ok, don't you see

so if you want me to go away  
i will be on my way

sandy nobody

# You Want Revenge

you want revenge upon me  
for some wrongdoing you percieve

in the midst of your small little mind  
good to bad is what you did find

you took my innocent intentions  
made them into yourself afflictions

you just want to torment me  
your evil intentions now i do see

in that small brain driven by a large ego  
your paranoia will never let go

so you now seek to persecute  
so inside you dont go beserk

you turned right into wrong  
this has been going on way too long

you have many personal issues  
so, heres a box of tissues

go cry to your new girlfriend  
cause this is the end

sandy nobody

# Your Loss

you dumped me  
did you dump your kid too  
one day your kid will  
want to know about you

your child will ask why  
why you dont care  
why you dont see him  
why arent you there

you child will want to know  
everything about you  
maybe come looking for you  
then what will you do

your child will ask  
what has he done  
why you dont love him  
why did you never come

your child will hurt  
as long as he lives  
wondering why  
and what gives

you must be very  
cold inside  
hurting a child  
why

i can give answers  
try make him feel peace  
but his  
emptiness will never cease

your dumping your child  
is mean and cruel  
to him, not me  
its your loss, you fool

sandy nobody

# Your Mark In My Heart

the angels came  
they took you away  
said we'd be together  
again one day

these long rainy days  
endless dark nights  
wishing you were here  
so i could have light

you were so small  
it doesnt seem right  
to let you go  
i wanted to fight

you never had a chance  
to find your place  
in this big world  
to show your face

fill it full of your joys  
laughter and sorrows  
no what ifs  
or tomarrows

you did leave just  
one small mark  
you placed it perfectly  
right in my heart

i will never forget you  
or what you couldve been  
someday  
we will be together again

sandy nobody

# You'Re A Man Whore

# You've Been Replaced

yes, it's true  
you have been replaced  
so hang you head  
in shame and disgrace

your new replacement  
is cute and cuddly  
i thought long and hard  
not making this decision suddenly

he's not like you  
his loyalty i don't question  
his love is unconditional  
out of guys, he's the best one

he is there for me  
accepts me for who i am  
if i want to be alone  
he doesn't give a damn

he doesn't yell at me  
doesn't call me names  
he loves me  
without all the games

you have been replaced  
and that is that  
yes i replaced you  
by a cat!
