# Betrayal

</></>Have you ever been betrayed? Some one who you thought you could trust, but still they go behind your back and do the less expected. Have you ever been betrayed? It's such a horrible thing to feel. Betrayal is the best way to put someone down, but if you ever been betrayed, just stop and think should I be done with that person or forgive them for hurting me. My answer is forgive but don't forget what they did to you. Is it hard to forgive? Yes it is but the best way to forgive someone is to pray about it. Let God handle the situation; let him be your steering wheel of your life. Have I ever been betrayed? Yes I have, it was by the person I less expected it would be. It was my best friend and my ex girlfriend

# Happy & Lonely

when you held me at nite i became happy. when you kissed me on my lips i became glad.

when you step out the door i became lonely. when you left and didnt return i became sad.

when you hit me in my face i became shocked cause you never did anything like it.

when you left me for one of your h\*\*\* i became mad and fierce. now that your gone im lonely all over again

# Sitting In This Room

sitting in this room full of gladness  
thinking of you and me forever  
i close my eyes and imagine  
what kind of life we would have

sitting in this room  
wondering why you picked me  
we was strangers but now we're best friends  
i love feeling this way

sitting in this room  
loving the life of your girlfriend  
one day we will have each other forever  
but now we have to perish this day together

sitting in this room  
thinking about how god loves me  
that he looked on this earth and sent me you  
how i love you

sitting in this room full of gladness  
thinking of you and me forever  
i close my eyes and imagine  
what kind of life we would have

# Thank God You Didn'T Listen

Thank god u didn't listen where would I be...  
Id truly be lost if u actually listened to me  
It was about 3 to 4 years Into the past, I can finally admit this at last  
Every time I see them I gasp...  
You were young and so was I  
I watched u smile, I seen u cry..  
I tried to make u leave them u had the wisdom to ask why...  
thank Allah above you ultimately did, because I'd be lost without your kids....  
Charlie can have my heart today if she ever needs n e thing I'm there  
J is wide open just like me and the same face we share  
I guess to put it best...the greatest feeling I must confess...is having my niece or  
nephew smiling, sleeping on my chest...just to clear it up, I simple love you  
enough to say n do weird stuff....I just wanted you and them to have a better life  
then our mother had to witness..So every time I hold them I hug harder to ask  
for their forgiveness  
Iv fought back tears from my eyes so they don't see that uncle cries and he is  
not that great, he's human to....  
Take all this in mind young beautiful mother when I say I love you and your little  
family too...  
Thank god you didn't listen to my advice, thank god you didn't quite on their  
lives thank god you fight  
If it wasn't for your stubbornness I be lost today...if you listen to me that day I  
wouldn't have a niece or nephew to say 'I love you uncle' every day

# Why Do We Love Love

&lt;/&gt;Why do we love love  
why does love even exist  
we all get hurt by love  
so why love love

we all have our faults in love  
love comes and goes like the wind  
you have to be careful who you fall in love with  
cause if you dont you will end up hurt

why does love even exist  
to me love is just like a can of worms  
you will never know what you are opening up to find  
love is a challege which i like to take

be careful who you love  
cause one day you might wake up and their gone forever  
live life to the fullest  
dont let love hold you back

# Why U Wanna Leave

&lt;/&gt;why you wanna leave,  
when all i did was love you?  
why you wanna leave,  
you could have helped me, through the rain,  
but all you did was, leave me in pain,

why you wanna leave,  
with all we worked for,  
why you wanna leave me,  
like you did before,  
no explanation,  
just a closed door,

you shut me out,  
in the cold to freeze,  
why you wanna leave,  
i thought you loved me,

was we all a lie?  
why you wanna leave,  
leave me for her,  
with those bad things,  
she did to you.

you had my heart, from the start.  
we both know that,  
do you really want to leave?  
I can say, I hope not,

but tell me this, my love no more,  
why did you leave me,  
abandoned and alone,  
why you wanna leave?
