# End Of My Night

I once had a heart  
with no pain, so no gain  
it was dry, so thirsty  
till I found you...  
I dranked your kindness like water  
sweet for my spirit  
& now I feel a stronger power  
harder and harder  
in my heart  
the result of your love  
& a finish for my night  
It's a lot...so hot...

# Need You

looked at your face  
my heart began boging  
no no rattled...I heard its beats sound!  
& I felt world's shaking  
& my eyes warmed...  
felt love u  
I can take for u miles  
I need your eyes...your smile  
didn't know whats up! felt my heart may stop!  
to your eyes gazed up...& said:  
love you...alot  
would remain in my heart h.a
