Big Power

Everyone have a dreaming
A dreaming to be a scientist
A scientist which will be memorized all the time
All the time and even until come the doomsday

Only faith which will create ourself to get big power
Only science which will create ourself to get big power
Only patiently which will create ourself to get big power
Only honestly which will create ourself to get big power

Hi, Mr. President
Hi, Prime Minister
Hi, Ministers
Hi, Judges

Remember every big power have big responsibility
You must implementate it well, don't lie yourself, your family and your people
Remember every big power have big responsibility
You must responsible to God who creates the earth and the sky.

Brain Drain

Strange.....

Beautiful country, fertilizing and Paradise country

Many the country leaders have narrow minded

Strange.....

More the golden years from Independence of Indonesia

Only ' The Corruption a ward ' which have been gotten by mouses of country

Where is the budget for Educational sector?

Where is the government concern to the brilliant men?

Where is the house of representative members promise

Where is the businessmen who have care to the young of M. Natsir and also the young of Adam Malik

Let we realize how foolish we are?

Let we wake up our concern to educational development

Let we minimalize or even we cancel all the new projects in shopping center development and

Let we make house of future for Indonesia

House of future

House to study all knowledges

House to create many Doctorals who have the greatest faith and the greatest knowledge

House to erase Brain Drain and

House to develop Indonesia to be ' The brain country '.

Chase Of Dreaming

Life is adventure
Adventure which need science and belief
Life is struggle and
Struggle need sacrifice

Do you have brave to accept challenge?
Challenge which need extraordinary from your soul
Do you have brilliant minding like Ibnu Sina to get your Idealism?
Dreaming to get happiness in the world and also in the heaven

Only a man who has big vision and big patiently
God willing that man will get his dreaming
Only a man who always keep his idealism
God willing Allah Swt (God) will accept his praying

Jhon F Kennedy said that
' Only a man who has brave than that man will get the total successful
and Prophet Muhammad Saw said that
' Work for your world suppose you will life forever and
Prayer for your heaven suppose you will die tomorrow.

Drug

Begin from smoke a cigarette
Addictive for nicotine
From elementary students
Until the old man

Try more dangerous
Morphine and another drugs
Addictive and flying to Hell
Destroy all Brain function

Suppose theirselve as Hero
But the reality they only hooligans
Suppose theirselve as braveman
But the reality they only cowardman

They have lost everything
Their Future.....
Their body.....
Their family.....
Their dreaming to enter to paradise.

Education Is Not Commercialization

It's time to develop
Develop our faith, our moral, our civilization
It's time to change positively
Change into blessing of God (Allah Swt)

Prophet Muhammad Saw teaches us about faith
Prophet Muhammad Saw teaches us about moral
Prophet Muhammad Saw teaches us civilization
Prophet Muhammad Saw gives smart solution only one word ' Education '

No commercialization
No arrogant action
No gobble action
Not to dismantle of school buildings or let school buildings are collapse

The big country is which develop faith in the whole sectors
The big country is which give more attention to spread good moral
The big country is which increase Islam civilization and
The big country is which make grand design in education, not shopping centers.

Love

Our parents give attention to us
Give us milk, chocolate, Present, Bike, Playstation, and everything
Our parents give the great education for our brighting future
Give anything what they have for one reason ' Love '

That love is given honestly
That love is done willingness
That love is asked to get blessing from God (Allah SWT)

No shadow love
No Hypocrite love
No Monkey love
No Betraying of love

Allah Swt (God) Loves to Prophet Muhammad Saw
Allah Swt Loves to all prophets
Allah Swt loves to all moeslems
Allah Swt loves to all human
Allah Swt loves to me

How about our love to Allah Swt (God) ?
How about our love to Prophet Muhammad Saw?
How about our love to all prophets?
How about our love to our parents 3x?

Mother

Mother.....

Your struggle is really excellent

Mother.....

Your struggle between life and die

Only blessing from Allah Swt (God) you can get easy

Easy to birth, easy to get handsome boy and beautiful daughter

Only pray to Allah Swt (God) your idealism can be gotten

Even, until you give your best pity to your baby

Mother.....

Your struggle never ending until the doomsday will

Mother.....

Your struggle has done willingness

How, I can reply your struggle, mother?

Even, if i give you a gift those are the mountain and ocean are not enough to reply it.

How, I can reply it, mother?

Even, until The doomsday will come, It is not enough time

Mother, only pray which i give to you

Mother.....

Mother.....

Mother, i really love you.

The Real Wealthy

What are you looking for, hi politicians?
What will you get, hi appointers?
What are you doing, hi hypocrite man?
What are you thinking about, hi hedonistman?

You are still looking for position in the governmental
You will get new place or new palace for your families
You are still doing manipulation, lying, collusion, nepotism, and corruption
You are still thinking, how to beat my challengers in the political area

No eternal in the political area just shadow
No happiness, if you are still doing hypocrite action
No honestly in yourself, if you instill lying in yourself
No, No, No.....Nothing

Only honestly is the real wealthy
Only Willingness is the real wealthy
Only Blessing from Allah Swt (God) is the real wealthy
Only Patiently is the real wealthy.....

Yellow Cake

Nuclear.....

The first world war has ended
The world are devided two blocks
The west block and the east block

So many victims were death because of you
So many victims were amputated because of you
So many beautiful girls who become widows
You are the Yellow cake

Where is love of peacefull?
In United States of America? No..
Where is Eternal happiness?
In Japan? No....

Only in heart
We get love of peacefull
Only in Islam
We find eternal happiness
