SUKHBIR SINGH(17/July/1995)

Hello, I liked to write & read poems in Punjabi language.

Crying Daughter

Why you want to kill me
I want to live

How the world is
I want to see

During my childhood
I will not tease you

For anything
I will not bother you

Oh mother,
Why you making sin
Trapped in greed of son

You also had birth by female

So,
Why you want to kill me
This world is going on
Due to female

Please do not kill me
I want to see the world.

SUKHBIR SINGH

Don't Be Shy

Please change yourself
Otherwise one day,
You will regret.
This world is very clever
If you would not change yourself
Then people will take advantage of you.
People will make a joke of you.
People will think you are mad.
Now, you have to go out and open yourself.
Don't be shy.
Otherwise one day you will regret.

SUKHBIR SINGH

Don't Show Ego

Without blessings of lord,
a human is nothing.
They have no power for anything.
God has so much power
It can make king from beggar
& beggar From king.
That's why Humans should not show ego...

SUKHBIR SINGH

Dreams

A Human Can't fulfill his all Dreams.
In his Life, He always have some Dreams.
He work hard for fulfill these wishes.
And he has succeed to fulfill his dreams
But In Every Success,
His wishes have also increased.
If, a human will become
Rich person of the world.
Yet, his wishes will not finish.
This is the truthiness of human life.

SUKHBIR SINGH

Life Can Not Buy

One Day,
You will have to leave this world
It does not matter how rich you
With the money you can not buy life

After Death
You will be taken to a court
Which will be different from our court
Then will be seen
How much time you have to remember God
How long have you served the humanity.....

SUKHBIR SINGH

Living Together

All humans are part of one god.
But still they fight among themselves.

In the name of religion,
Ever at the name of caste,
At the name of the country.

Why cannot we all live together?
If we all live together
then maybe there would be no country boundaries
The country will not have to spend
so much money for making weapons
Then terrorism will end from the world.
We all should learn to live together.

SUKHBIR SINGH

Religion

Why some people hate others
in the name of religion.
Religion does not teach to hate anybody.
Religion teaches how to live together.
Religion teaches how to live the life.
The person who lives according to his religion
Which fully adhere to his religion
He never hates anyone.
Rather, he sees one God in everybody.
If religion teaches all this
So why some people hate others
in the name of religion?

SUKHBIR SINGH

Selfish

The human is very selfish.
They remember to lord
For his own purpose.
When lord fulfill these wishes.
Then human forget them.
The lord knows everything.
Yet God helps human.
God does not hate anyone.
It is his nature.

SUKHBIR SINGH

Time

I have only 24 hrs in a day.
But I have work a lot in a day.

The Time is passing out day by day.
Only work & rest is my routine in a day.

How can I manage my working day.
How can I do other works in a day.

In life, work is important but
I should try to give time for other works.
