# Hello Girl

Let them barking,

They are filthy.

All the garbage can make a stink.

Hello girl!

Why are you crying for?

This world will never cry for you!

Don't be like a falling star,

Be a sun and shines everyday.

Don't scares your beauty!

All beautiful flowers couldn't make fragrance.

You are a gift!

A gift from God for the world.

Let them babble!

They know how to eat dirt.

O baby!

Don't think you're on fire

Just blow out it.

Skip all the spines

Just smile, go on your way
