Pain Of Heart

It beats, again it beats
sounds as someone beat
It bawl, but no one hear
Only, came out a tear
Something latent
which is inexpressible
And yea, not adorable
Lonely hearts pain bellow
but a wayward, never gripe
Feelings find way to insertion
now, its time for salvation

Before a itch rouse
for a pleasant row
Let it repose on the bed of rosette
Its tenderness will heal the pain
no loss, no gain
Unaware from the entire mundaneness
and nobody beside with sorrowfulness
So, the count down trigger
it roar twitter
With renounced hope, heartbeat stop

Voice Of Soul

Hey! I'm your soul
don't let me down

You aren't a coward, not a coy
but a shining star of sky
No one can dare to withhold your crown
I'm your soul, don't let me down

I'd chosen garish garland for you
why? ? ? then asking for deadly flue
stop! ..acting like wanted to be drawn
I'm your soul, don't let me down

Not to scare, envy from world
yet, you are a growing bud
the one who'll enrich your brawn
I'm your soul, don't let me down
