# A Search Of Myself

I'm on my way  
In a search of myself  
A lost me, who lost herself in a search of happiness  
Happiness is like a butterfly  
When you chase it, you can't have it  
When you leave it  
It'll start kissing you  
I'm on my way  
In a search of myself  
A new me  
Some ask in my way  
Where are you going?  
I smile and say  
Where my destiny will take me  
A dream land, a land with happiness and lots of love  
In search of love, I lost myself  
I myself my self-identity and the real me  
So, I cannot say where I am going  
Even I have no clue  
However, I am on my way.  
I know it's rather far,  
For it has to make me whole.  
The road to the stars,  
The path to my soul.

I'm on my way  
In a search of myself  
I must go alone to explore myself  
However one day I'll miss you all  
And I know you all will miss me  
However, I must travel into the dream land  
I must sail all of the seas  
I want to explore myself and the real me  
Don't ever worry, I'll never ever lost  
As I already lost myself many days before  
While searching for happiness  
I'm on my way  
In a search of myself  
I think I may have left my heart somewhere

I am in search of that  
I need to find it soon  
That's the secret of real me  
Sooner or later, I'll be back one day  
However for a while, I should leave  
In a search of myself.  
I know I'm on my way,  
However don't know where I am going  
What I am doing  
I'm on my way  
In a search of myself

# Waiting For Someone Special

Sometimes I sit silently  
I ask myself repeatedly  
Is there someone who is really like me?  
Is there someone who is really looking for me?  
Is there someone who can love and care for me endlessly  
Is it possible in this life?  
If someone ask me what you see in your future  
Then I'd say  
I'm standing on the front line of the God's door  
To say, I don't need a lot of things,  
I can get by with nothing  
Of all the blessings life can bring,  
I've always needed something  
But I've got all I want  
Except something very precious for me  
When it comes to loving someone  
Who is really made for me?  
Who is only mine?  
Whom I can say mine  
Who is a kind of blessings for me?  
Still I am waiting to get that someone special in my life  
When someone ask me  
What you want in your life  
I repeatedly say  
All I need is love  
All I need is love,  
Love is all I need  
Love is all I am waiting for  
I am not waiting for a handsome hunk or a rich prince charm  
I am waiting for a prince of my type  
Who knows me in deep?  
Who can understand me?  
Who can heals my life with love and care  
All I want is his love  
Not his money and status  
I have faith I am capable enough to get these two  
However without love these 2 are like worthless  
Love makes my life worth living  
Love heals my soul with pleasure

I am waiting for that someone special  
Who is a kind of carbon copy of me?  
Who can understand me deeper than anyone else?  
I am waiting for someone matching  
I know God is listening  
Someday, someone will come to make feel worth living  
I am waiting for that someone special  
I am waiting to love someone endlessly  
I am waiting for someone whom I can say mine  
I am waiting for someone for whom I can be loyal for whole life  
I am waiting for someone who can understand me more than I know myself  
I am waiting for someone who can handle my mood swings  
I am waiting for someone who knows me I am perfect still crazy like hell  
I am waiting for someone who can tolerate my endless dramas still bear it with  
love  
I am waiting for someone who scared to lose me  
I am waiting for someone for whom I can feel my life is worth living  
I am waiting for someone with whom I can take my last breath  
I hope my lord is listening and I have faith that day is not so far to get that  
someone special

# Need Of Love

Sun stop shining  
It's about to evening  
Sun stop shining because of moon's existence  
It give chance to moon because it promise to living being  
Sun and moon gonna take care of us till the earth exist  
They do their work just like daily basis  
Why we human forget our actual existence in this earth  
Why we forget to live a perfect life  
Why we hate more and love less  
Why we worry more and smile less  
Why we fight more, compromise less  
Why such thing are happening  
Why god, why?  
Love and hate are like sun and moon in our life  
Sometimes we hate sometimes we love  
Whereas now a day's people hate more love less  
We feel like we born again when we find love in our life  
We feel like whole world is going to change  
Then when that love turns into hate  
Everything looks black and white  
Why this is happening  
Love is a matters of choice we make  
Still how can we forget?  
Love is all about love all together  
Other name of hate is kill the human existence  
Even though we know everything  
Still we live like we don't know anything  
Oh, god bless this world with purity and love  
Make this world a better place to live and enjoy together  
Now we all need it badly

# A Form Of Autobiography Of Mine

Once upon a time  
The storms capture the earth and blow its mind  
That time I just born as a sun shine  
I born in morning  
When sun already touch the feet of earth to shine  
And all most all storm were ready to leave  
This is autobiography of my life  
What my mom elaborates me  
My life is going to begin from here  
When I born I didn't know the meaning of sorrow and pain  
As I was the first child of my family  
My life was beautiful when I didn't meet this world in deeper way  
Then I grew up and started dreaming high  
Just like few extraordinary girls present under this sky  
I started to prepare myself for ready in every situation  
A storm came and spoiled everything  
Just like my life itself a new version of storm  
My dream became like dream to become school topper  
After that, I just treated just like an useless material  
Which has no worth in this present earth  
People started doubting on my existence and talent  
What they once expected from me everytime  
I ruined many hopes over me  
Many started treating me like hell, who once loved me a lot  
for them today i am nothing  
Then for the first time I realize the world is SO MEAN  
They love you, because they are getting benefit for you  
If you become topper then they'll get more students  
Otherwise who cares about you  
There is no proper existence of a failure person  
I forgot how to live a peaceful life  
Many nights became sleepless  
I still remember those days  
When I was preparing for medical and plan to see as a doctor by myself  
I usually made a small home for myself over my bed  
As I love to read silently and alone even I stay in hostel  
Every of my friends laughed at me still I love to live like that  
Some break my house just like they feel it's looks wired and how I get light and fan

Still I manage to say, it is tolerable for the shake of my dream  
At that time, I was careless  
As my dream fever was overpowering their bouncing words  
I just wanted to keep myself strong and ready for my bright future  
A dream which could change my life  
Then again something happened and again I failed to make my parents please  
Everyone slowly slowly stop hoping on me  
My friends started laughing at me  
My teachers started show sympathy on me  
My family members started scold me for dreaming high and wasting money  
My parents still keep faith on me  
That was my biggest support in my life  
At that time, everyone left myside  
I still remember, many night goes sleepless  
And my pillow knows my story well  
My brother and my father who silently open the door in night  
Just to check what I am doing  
Am I crying or sleeping  
Even though I couldn't sleep I pretend to sleep  
Then they keep books out of me and swich off the lights and left the room  
As I was habituated with keeping my books with me as they turn my best friend  
I couldn't sleep If my books were not on my bed  
My friends called me psycho and my parents get irriated  
Still I love my books more than anyone else  
They are like my sleeping partners  
I still remember when people laugh at me calling looser and high dreamer  
I didn't have any answer to say  
As they were right in their way  
Some started calling me a fake topper and fraud genius  
Still I was silent as I knew my time was against me  
I had everyone still no one can see my pain inside me  
Except few, those who see my struggle  
These are that 3 people in my life  
Which includes my parents and my brother  
Still now also everyone blame me saying I didn't do my job perfectly  
Those friends who laughed at me just because I didn't get medical  
When they also didn't get they repent their mistakes, why I was crazy during  
medical timing  
Some joined in private, some joined in private engineering and some married  
after a while  
At that time I started excel, I got IIIT and some other better options  
Which a kind of bonus to my life

Even though I loss anything still this little hope enough for my family  
My family struggle a hard for me  
As when I cry and live like dead  
They couldn't bear that pain  
In 12th I suffered from severe asthma  
Even though I spend lakhs rupees in my education  
All went vain due to health issue in last time  
My time never ever supported me when I need it badly  
Even during my medical exam too  
I still remember my health issue just before 2 weeks of my medical exams  
May people ignore these facts but those who live with me, they can't say No!  
They see my pains and sorrows  
I also don't know why always tragedy happens in my life during major points  
Sometimes I feel like is it my karma effect or god has a different planning for me  
Still I manage saying &quot;God is not so blind&quot;;  
Then again I move forward  
My life is not less than any kind of dramatic life  
It seems funny and sometimes very emotional  
Whereas I live it. so I know it  
For others it may seems full drama or fake  
My life don't end there  
I face hell lots of problem during my engineering time  
For those mistakes which I never ever did  
My mistake was LOVING OTHERS unconditionally  
My mistake was helping others unconditionally  
Then I became alone after giving everything to everyone  
Even though they don't deserve  
At that time in my face there were 2 things smile and silence  
I never ever beg for any kind of help  
As I never ever show myself helpless and week  
I don't like to pretend myself as a dump and fool before my enemies  
Still I did a blunder mistake but telling my life truth before everyone else  
Through my life message in my blogging  
Those who hate me they got the clue of my weakness  
And they again hit me back with those points  
Still I never ever lost hope to make my dream true  
And my parents watering the plants of hope within me  
They still have faith in my life and god  
But they didn't know God is much cruel and sometimes he act like blind too  
My parents are innocent and fool  
That's why they again gave me chance to become scientist in my career  
Again I failed and same story repeats

However now this time I come with different form  
I joined in MBA,  
At first I was bloody fool  
Then I realize my mistakes in my life and realize that I was the murderer of self  
Some people take my weakness seriously  
And try to target on those points again  
Some took my life issues in a different sense  
They try to make my life hell  
As it already  
Some try to compare my life with my past life mistakes  
Some try to tell me -  
If you are not accepted in your past then you are also not going to be accepted  
anywhere else  
Some people perception was too bad about me due to my weakness and my  
blogging  
Finally I realize the bitter truth in my life  
Being good and lovable person is a biggest crime  
Get out of your comfort zone  
And tell them your existence  
A person is not bounds to tolerate same thing in different ways  
My engineering issues based on LOVE AND HELP  
Not rest of my life  
I gonna change my whole DNA of my past mistakes  
I realize the fact that  
It's better to be a new version of self to make a better future for myself  
My life has a simple rule  
Treat me well, I'll treat you better  
Leave me like worthless, I'll pretend you like I never ever meet you  
I may lose my mind when I am in love  
But my heart know for whom it should beat  
People says heart cheats  
My heart is stronger than ever  
After a long time it learnt how to perform better  
Now I fall in love with myself even more than before  
As I realize that I gonna be my best friend till my last ever  
I don't know who gonna come in my way  
Still I have faith one day sun will shine in my life  
I'll get LOVE AND SUCCESS, what I deserve  
I believe Love is blind and I also believe in fairies too  
I believe miracle happens and fairies also exist to make your life perfect living  
I am also waiting for that day  
When I'll get someone who deserve for my emotion

And I'll make my parents feel proud of myself  
As their role in my life is remarkable and not replaceable  
Today I see a different version of me and i proud of that too  
I believe in this world if u are going to get what you deserve  
Adapt the present world's new version  
Otherwise you gonna lose the battle in your life  
I am waiting for a new sun shine in my life with a new version of me  
As I promise to myself, I am not going to tolerate anything less than I deserve  
I am not born to tolerate everything what I get  
I born to explore  
In past I was innocent and fool  
Now I am wise enough to fight my own battle  
Now I realize the world is changing so better to change a new better version of  
self  
This is my new version of autobiography  
Waiting when my autobiography will turn into real version of me  
One day I'll share my story, when my dream touch the castle  
My memories may inspire many  
And after that I never stop singing my life song  
Wish! God give me chance to do this before my physical death  
As I also don't know how many days left in my hand  
If praying could solve my life problems  
Then it could solve many untold problems of mine  
Still I hide within me with a hope that one day God will help me to shine  
He is not so blind  
One day my untold story turn into a real one  
I am waiting for that day when miracle will happen in my life

Now, just praying is in my hand

# I Take The Credit Of Fake

I love to be call as fake  
I know I am fake  
I love to be behave like we never ever meet at all  
ha, we never ever meet also  
are we, remind me the time and date?  
When people say, I am betrayal  
I laugh and say! Yes, I do  
By the way I always do  
So what you can do  
I love to be called as betrayal  
People say, forget and move on  
I swear! I can't do this to you  
I neither can forget nor forgive you too  
Sometimes I tried in my past  
Then again I keep my fire burn like before  
It's remind me those past days  
How I cried and lonely for no reason  
I cried but no one was there to help and support  
Lies and rumours killed me inside  
I know innocence mistakes  
but all mistakes are not forgiveable  
However heart is a different material  
It never melts easily  
Some hearts already turned into stone  
Either they will stay strong or break for forever  
And unfortunately I am in that stage only  
I love myself more than anyone else  
I never let anyone go  
I never let anyone stay alone  
However what I got in the end?  
I never leave anyone's side when they need  
I never take my hand when someone need me most  
So why I always the victim in end  
Am I born to tolerate everything?  
I forgot, better you should do the same thing with me  
I forgot who you are and what's your name is  
Better leave me in my life like how is it  
I leave you without hurting  
Better leave me without saying a single word to me

If you are not there in my worst time  
You also don't deserve to be in my side ever  
I forgot you like I never ever meet you before  
There is no place in my heart for cowards  
I already forgot better you should too  
I love to be called as fake  
I feel it's a best recognition for me  
I love to be known as betray  
There was a time I scared to say GOOD BYE!  
Now from my heart I am saying just leave me for forever  
Ever touching my emotion  
I need peace in my space  
I don't need anyone else  
I just need myself  
People can call me crazy  
That's accepted  
I can't allow you to make my life hell again  
I forgive you like an innocence mistake  
Don't ever do the mistake to enter within the drain  
This time you don't know what you are going to get  
May be you'll be the victim of your fate  
I love to accept the lonely life  
But your company is absolutely not accepted at all in my life  
I am happy with myself  
I am cheering up myself  
live with those  
Once who cheer up your mind too?  
Go and get them  
They are your best freinds  
I was always a stranger in your life better leave me in that way  
My lord is beside me to take care  
So leave my side like you never ever meet me ever  
If we gonna meet ever in my life  
I am for sure either for showing my life partner or as a business partner  
You deserve for this part of my life  
I am sure I don't gonna accept you too  
This is my promise to you  
I love to call betrayed  
I don't know how far this recognition is true  
But I am enjoying this part of mine  
At least I show myself like little bit poisonous through this  
Now some will scared of me to take advantage of me

I gonna cheer up my life whole again  
I gonna start my life whole again  
I am not going to need you again in my life  
Your part already end when you leave me for no reason  
I am happy to start my life whole again  
I am happy with myself whole again  
As I know I am no longer going to dealing you  
I am happy like before  
I gonna start my life again  
Just like a new flower blossom for the first time  
I am happy for my new life  
I hope! You'll never ever enter as a stranger again  
If you have self respect at that time then now you should have too  
Please forgive me  
That's why I take the credit of betray  
Even I am not  
I am happy as call as fake  
however i can't bear your company again  
You are the biggest mistake in my life  
Which i just try to rectify  
I gonna live my life whole again

# I Am Speechless

I am speechless  
Sometimes I cry  
Sometimes I shout  
Sometimes I laugh  
Sometimes I feel like who am I  
Am I the mad behind a normal face?  
I asked God  
You are great  
I salute you  
I don't know what you gonna make me  
What you are doing with me  
Why you are doing with me  
Still I am saying, I have faith on you  
Now my words may seems like  
A mad man's murmuring sound  
I may act like snow fall in deep winter  
I know I am always odd  
So tell me, what I can do  
You are strange my lord  
You made me in such a way  
Neither I can laugh nor can I smile by heart  
Sometimes I feel like my prayer can't reach to your heart  
Today I am saying  
Yes, I am free and open  
I feel like dying inside  
I feel like I am nothing  
I feel like crying  
I feel it's better to be alone for whole life  
I feel it's better to die alone  
Than live a fake committed life  
I hate to be committed  
I don't know why  
I make friends  
But end up with love  
I don't know how it happens and when it  
As I never ever feel from myside  
May be I am different in my perspective  
I am happy with lonely sometimes  
At least no one will be there to drag me down

At least no one will be there to kill me inside  
At least no one will be there to disappoint me  
Now I am happy single but I had a bad past  
Which I always take as a bad dream  
Where I saw myself lonely with mental trauma  
I spend my days with crying  
I found no one was there in my side  
I was begging for help  
However no one was there to support me  
I was crying for save me  
In the end I found no one left in my life  
Then I promise to myself I going to be strong from inside  
I'll not need anyone else in my life  
I happy alone life  
If anyone wants to come in my life  
They are absolutely free  
They can come anytime and also can leave  
But as a visitor of my life  
They can come as a friend of mine  
Sorry to say! I am reserve for myself already  
I am enjoying my life  
Don't stand and stare at my happiness  
It's killing me inside  
Enjoy your life and let me live too  
This is my message  
Which my lord I want to convey you  
Kindly help me with compassion and love  
Give me strength to live this life  
I am not perfect at all  
However I want to live my life fullest and make my dream perfect  
I hope! You are going to support me for that  
This is my only speech before you my lord  
Please! Don't make me speechless for forever

# My Untold Story

Oh ho ho, yay yay yay

Hmmmmm

Oh my beloved oh my god

I don't know whether you are listening or not

however I came here to deliver my hope

I came here with empty hand

Like a tree in autumn season

I wish to return like a full cover trees in rainy day

Oh, god

Are you listening to me

I have a doubt

is it was okay to be melodramatic

is it was okay to be short temper

I am just asking

I don't come here to change my nature

Ha, I know you might be thinking

I am an exceptional product in your human factory

Sorry to say

Hell, yes

I love the way you make me

I don't want any modification still I believe in upgradation

I love myself the more you think

Oh ho ho, yay yay yay

Hmmmmm

Oh my beloved oh my god

I gonna tell you my story

I know you know all

still I gonna share my heartfelt words from the beginning

You have given me wonderful life

I bow my head with gratitude to have it

I've lived with my family friends

And I've shared in their joys,

I known sorrow with all of its tears;

I have harvested much from my acres of life,

though some say I've squandered my years

I am enjoying my life within

and I think I have lived to my best

And I have no regret for anything I made

Still I find deep a deep snowy winter within myself  
Like a dark lonely night  
Which covers with many layers of shows  
Melts easily as soon as sun kiss it's body  
Some questions make me worry  
Why this is happening with me  
Why I am scared and lonely inside  
Is it someone who is missing  
Or is it my life purpose which I am missing now  
I learnt one lesson  
You do not have to be good. ?  
You do not have to walk on your knees for a hundred miles through the desert,  
repenting  
You don't have to talk with every human being  
To know the real you  
And your life purpose  
You can find it within yourself  
The place you belongs to now  
You only have to let go those thing which you can't ever  
Still believe miracle can happens also  
The sun and the clear pebbles of the rain are moving across the landscapes  
The wild geese, high in the clean blue air, ?are heading home again.  
They don't have lives still they are mobilizing and living a proper life  
over the prairies and the deep trees, ?the mountains and the rivers.  
I learnt one lesson  
Whoever you are, no matter how lonely, ?  
the world offers itself to your imagination,  
gives you all the thing you need in your life  
I learnt one biggest lesson  
I am the master of my fate  
I am the captain of my soul.  
Oh ho ho, yay yay yay  
Hmmmmm  
Oh my beloved oh my god  
This is all about me  
I hope you hear me and listen me properly  
Oh ho ho, yay yay yay  
Hmmmmm  
Oh my beloved oh my god

# My Darling, Only You

Oh my darling  
You are my one and only  
You may wonder  
What I am saying  
Ha! I know you will never believe  
People come, people goes  
But this heart only cries for you  
Oh, yes! I am crazy for you  
Don't know what is happening  
Don't know, why I am crazy for you  
I know Love is not our choice  
It's in our fate  
I wish! I am in your fate  
If you glad to have me  
My darling  
Oh, yes  
You're still the one I run to  
You are still the one, I am crazy for  
The one that I belong to  
You're still the one I want for entire my life  
You're still the one that I love madly  
The only one I dream of  
You're still the one I want to have mine  
I can't understand, how people doubt on love  
I feel, love is blind and bind with truth  
I have faith on you  
That is enough  
I love you  
That is enough  
I can do everything for you  
That is enough for me for this life  
I want to have you for my entire life  
Can you give me your heart to treasure?  
I swear, I'll never ever let others to steal it  
You are mine and that is enough for me this life  
Oh, my darling  
I'll always love you  
This is my promise to you  
You were there when nobody was there

You gave me mental support  
You helped me to rise  
My life surprised me with a gift like you  
I pray! My fate will be with you  
You the that person whom I always looking for  
Oh my darling!  
Yes! Only you  
You can make my life well loving  
That much faith I have on you  
I have been waiting for last few years  
And few years more  
Then our waiting will be over  
I have faith!  
God will still reserve me for you  
This is my only wish before my mighty God  
You don't know my darling  
How much I love you  
I have faith on you  
That much faith, I think enough for you  
I love you always  
And I promise! I'll love you always  
Oh my darling  
You for me and I am for you  
I am struggling and working hard only for you  
To get you in my life  
I know you are that person  
Who not only can complete me but also can make my life worth living  
I always have been waiting for you  
And I'll be wait for you  
Till that day come  
When I'll meet you for a promise to take my last breath with you  
Oh my darling  
I am crazy for you  
Wish! You also feel the same for me too

# My Real Man

Oh, God

please help me to solve my life query  
When people ask where your real man  
i answer! i am on search mode  
wait for a moment!

I need a man

A real man

a man never fear, a man who rarely cry  
a man who knows the value of humanity and empathy  
a man who's willing to share with me  
Not his money, but his heart  
Not his car, but his soul  
Not his home, but his love  
when people ask me it is possible  
as love made in heaven  
i always answer  
yes! i'll

no matter for that if possible i can cross 7 seas  
to get that real man

A real man always stands beside her lady

To hold my hand and be my friend

A real man doesn't let you go

Not even when it seems impossible

Even though it hurts

Even though it's hard

A real man knows what he has in his heart

I need a man.

One who can look at another female

Then look at me and tell me

I'm still the most beautiful thing

He'll ever see.

a man who fight for right

and where i can feel secure for myself

I need a man

Faithful and true

One who wants me for me

Not just my body or my sexuality

Not someone who's looking for a trophy

But one who accepts me for the whole package

Intelligent, funny and kind too  
I need a man  
I'm not looking for perfection  
I am not looking for handsome figure  
I'm just looking for a man  
With strong from his mind  
I need a man  
I don't need to be taken care of,  
I can handle me  
I need a man  
who can be the reason of my smile and live in this world  
i need a man not a baby  
who can be easily impressed and fluctuated by others  
I need a man  
To stand alone  
And not depend on me  
For anything but love  
I need a man  
Someone I can respect.  
Who'll do the same for me.  
ha, when my parents and other people ask  
does this man truly exist?  
i answer, I don't know  
however have faith on lord  
he'll send a real man for a real lady like me  
I know how i am  
I am difficult to understand but easily handled  
I strong lady need a strong man  
Mental strength is much more important than physical strength  
anyone can protect you once through physical strength  
but a real man always stand besides you and support you always when no body  
is there  
That's the mean of real man  
It's seems difficult to be a real man  
still i think, this kind of man really exist in this present world  
specially for me kind of woman  
I am on my way to search my real man  
I believe that man exist specially for me  
I am waiting for my real man  
who also can see the real me  
Not the outside world but inside me  
who don't believe anything fake but the truth only

I am on my way to search  
I know it's a difficult journey  
however i always believe, every difficult road ends with positive result  
Oneday i gonna get  
My real man

# New Year 2016

Life is a book in volumes three  
The past, the present, and the yet-to-be.  
The past is written and laid away,  
The present we're writing every day,  
And the last and best of volumes three  
It's time to look back at our memory diary  
My time goes like river flows  
2015 is a year of tear and fear  
I cried and lost many precious  
I gain less and spend much  
Still I love 2015 as it gave me lots of memories  
Now, It's time to say good bye to 2015  
Lets welcome 2016 with happy heart  
Even though time does fly,  
I won't let this year be wasted.  
I'll look forward to new adventures  
And be open to opportunities I am graced with.  
I'll learn and laugh and have good times with everyone I gonna meet  
I won't dwell on years gone by  
Past is past, I gonna flush out all  
I'll start each new morning a brand new way.  
I'll start my life as a new journey  
Old dream but new way to gain it  
Worst time already gone  
Best is yet to come  
Best will come when we are willing to take risk  
Now it's time to  
welcome to a new adventurous journey of my life with pride  
I hope I'll try my best to make my most memorable year ever

It's time to say happy new year to all of you

# God Bless Our Love

The best is yet to be  
When our time has come  
We will be as one  
Our love will be forever  
We may grow old but our love will be forever green  
Oh, God bless our love  
Oh, God bless our love  
We are like two branches of one tree  
Face the setting sun  
Lets take a promise  
To Spend our lives together  
Man and wife together  
World without end  
Lets take a promise to grow old along with me  
Whatever fate decide  
Whether it's good or bad we'll fight together  
When our fate mixed with each other  
It'll shine much better  
We will see it through  
For our love is true  
Oh, God bless our love  
Oh, God bless our love  
I always want to see  
you smiling back at me  
And I've been thinking  
this is where I wanna be  
If I can make it so  
you'd never hurt again  
I'll do whatever  
Say whatever give the best I can  
I want to be with you  
and this is what I planned  
that's why I want to grow old with you  
Thank you for loving me

For being my eyes  
When I couldn't see  
You parted my lips  
When I couldn't breathe  
Thank you for loving me  
Oh, God bless our love  
Oh, God bless our love  
When I couldn't fly  
Oh, you gave me wings  
You parted my lips  
When I couldn't breathe  
Thank you for loving me  
Thank you for loving me  
Thank you for loving me  
Oh, for loving me  
Oh, God bless our love  
Oh, God bless our love

# My Wishes

Life is very short  
Live like there is no tomorrow  
Sadness is a disease, happiness is the cure  
Joy is like an angel, always clean and pure  
Always be sure, always be kind  
Think what you want and your heart will be pure  
What I dream is beyond me, my imagination is wide  
Still I have hope that one day it'll be real  
I am dreaming of wonderful wishes for the children of the world.  
I never ever afraid to dream  
Something that I dream of, something that I wish  
Is to be a super star and have a jacket that goes swish, swish.  
We are the real star who shine everyday in their daily life  
We are not less than nay actor or actress  
We also sometimes act behind lights, camera and action  
Yes, I would love to be a superstar, I wish, I wish, I wish  
I am thinking about love, happiness and someone special  
Who can make my life a beautiful place  
Now I am thinking about my beautiful past life  
I wish that school was never ever over  
I am dreaming about fun  
I miss my grand parents whom I lose many years before  
I miss each and everyone who once show me the path towards true love  
Thinking how life is stressful  
I'm thinking about my future  
And I'm missing my past,  
I'm dreaming of fantasies  
And I'm wishing they would last  
I want peace in my present life  
Wish! one day I'll get all those what I lost once

# World Peace

I want to change the world  
I want to change the meaning of peace  
To something permanent  
I want to open doors of everyone's heart  
And shut out doubt  
Oh yes! I am in confuse  
The world is so big and I am so little to make a big change  
Sometimes I also confuse about myself  
who I am  
where the future lies  
sometimes I look at myself in mirror and say! am I the real me  
is it an illustration of image  
a different person hide within my face or within me  
sometimes I feel the world need the people like me  
where people cry for peace but no one is the true path follower  
sometimes I ask myself  
what passion I should follow to make the world a better place to live  
sometimes I ask myself where should I go and I can I touch the sky  
Sometimes I dreams of helping others  
But In the end I end up with proving myself wrong  
We all live here on Earth together  
Together we can find a way; together we will reach the stars  
Together we can dreams better and together we can erase our fear and tear  
Together we can smile and together we can fight  
Together we can do manything  
I always dream about togetherness  
Alas! in d end again I prove myself wrong  
I end up with lonely journey and fighting with myself for making this world a  
better place  
I'm dreaming of a better world where what we do is care

I'm dreaming of a fairer place where everyone will share  
I had a dream, the world would be a team with peace and love for all  
If only the world could be a better place for all  
Irrespective of color, race or creed  
Indeed put an end to greed  
That bring me to the world you live  
We'll call for all the other people  
Until the world will have a heart that beats as one.

I wish for global understanding and dream  
That the love of reading will reach every boy and girl on earth  
End up seeing the world in a whole different light  
Equality for all in our world.

# Carry Mask

I wish I carry a mask with me in every time  
To hide the real me  
I wish, I carry masks to disguise  
the pain I carry secure behind my eyes  
I can never let out again, the misery I hide  
My eyes close  
I'm holding onto my memories and hatred.  
all alone in my head, so I am silent  
I can't explain the way  
my tears run blood along my veins  
sometimes I wish to let go my all pain  
I wish I forget that all  
I can't deceive the darkness anymore  
I'm letting go, I'm losing control of myself  
I'm crying my soul  
I'm losing control  
I wish I wear the mask  
So that no one can define me who I am  
I hope soon you all can see me a person within a person  
Not a person real me

# What Is Love

What Is Love?

Can anyone tell me

What it defines

What it's color and what's it's beauty?

People astonished me what kind of person is me

People says love so blind,

or I can't see it

I guess Broken Hearts are only made for me,

Because love finds everyone else but love never found me.

I can see it from where I lie,

The sun is setting, going to sleep,

The dark surrounds, like the ocean deep

I ask myself time after time,

What is it?

I have no one to look after me,

The real me is someone no one can see,

So I'll wait until I find some sort of love,

And until then it's just me and the stars above

# Keep Loving Me

You hide behind your feelings  
And I never force you to tell me  
Just because when you are ready you will remind me  
If your love and true and pure from side  
I still remember once you innocently tell me  
time has all answer  
Still I can hear the love in your voice  
each time we talk and meet  
I can feel your love  
You no need to say a single word about it  
My patience has no end  
when it comes to loving you  
and I will wait a lifetime  
for you to make you mine  
Real love doesn't go away  
it doesn't fade into the past,  
it goes on forever  
and always finds its own way  
I will wait a lifetime for you  
because you are my soul mate  
You are my love  
I can't let you go  
You are my soul,  
and I am yours, too.  
If two people were ever meant to be,  
it's me and you.

# You And Me

You and me  
we've been through everything  
We've stood the test of time  
We've faced every storm  
and still, here we are for each others  
we've had our ups and downs  
We've gone through many misery  
Nothing can apart us which time already understand  
It's going to be 4 years  
It's doesn't matter from where you are  
What's your religion and who you are  
You have the power to touch my heart  
You've reached a place deep inside  
No one else could ever find  
People laugh at me  
and say long distance relationships are difficult to keep  
But the fact is, love doesn't care about area codes  
Sometimes you find that perfect someone  
lives in another city, state, country or continent.  
it's not easy maintaining a relationship  
through phone calls, texts, emails and video chats  
long distance relationships do have their benefits.  
Though long distance relationships require more work  
It's worth enough to wait  
when you find your God within that person  
From where you are, it doesn't matter  
You move me in so many ways  
Lift my spirits, take my breath away  
And I can feel the love  
Without the simplicity of one touch  
From where I stand  
I can see all that I am  
Where you are  
You've turned my world around  
And I'm so lost in you now  
That even you are not in my side  
I still can find you within everyone else  
No longer this distance will be likely distance  
Sooner we can gonna be united

Sooner we gonna meet each others  
And our Love story will take a new turn  
It's a story of you and me  
And nobody can be enter within here  
Just like the river travels long rough  
Miles through cities and towns just to  
Flow into the sea for eternity

# Love Is What

Love is blind  
Love is also wild  
Love is what I came to know  
When you came in my life  
Love is between You and me

Oh my love, Oh my sweetheart  
Love me  
In the way that one loves for the first time  
love me  
for the rest of the entire live  
and love me  
during day and night

Oh my love, oh my sweetheart  
I wanna be all time in your side  
I want to be your song from start to end  
I give you everything what I can  
Because i love you  
Even if you find hard to smile, my love I will love you  
I will give to you bunches of caresses

Oh my love, oh my sweetheart  
give me your sorrow and pain  
give me your inner world  
give me your cold and your fever  
give me your hidden rancor  
I beg you please  
that i can give you my company  
day and night every time  
I'll try to make you mine  
As you are my everything

Oh my love, oh my sweetheart  
Before I lose sight of mine  
I want to see you and dream that destiny is allied with you  
I don't want your compassion;  
I want you to be with me  
Until I have gone

And embrace me, and embrace me, and embrace me and embrace me.

# Oh My Beloved

My beloved  
Oh, My beloved  
Is this love  
Say something  
I need to hear your voice  
My beloved  
Oh, My beloved  
Steal me from myself  
Hide me in somewhere else  
Hide me in your heart  
It'll be the best choice  
Don't ever leave me  
Don't let me get lost in loneliness  
You are everything for me  
I don't want to be away from You  
Who knows what tomorrow will bring  
Let's take our vows together today  
For forever we are going to be together  
My beloved  
Oh, My beloved  
Open the door of my heart  
You will find one name written  
And that's you only  
I lost myself in your eyes  
I start dancing without any reason  
I start murmuring silently without any reason  
I start forgetting my words while speaking  
Why do I do what I do, I don't know  
My beloved  
Oh, My beloved  
Is this love  
I told my heart felt words  
Prove to me that you truly love me too  
If there's any doubt in your heart, let it go  
I won't give myself up so easily  
My loving heart says one day I'll be crazy for you  
look at me with eyes closed,  
behind the shelter of your hand  
My beloved

Oh, My beloved  
How do I tell you my love, how love happens  
Who knows when and how  
one will meet one's true love  
The name that's written on your heart, is the one you will fall for  
How do I tell you my love, how love happens  
My beloved  
Oh, My beloved  
I feel I am in love with You!

# I Am Here For You

oh my beloved

Here I am now

here I am for you for, forever

oh my beloved

is It okay to give you my everything and lose my everything.

You may not know how much do I love you

However, it's true I do

I will wait for you here forever

You are one and only for me

The one who let me know my heart is beating

My heart also felt love kind of words

The one who fills my heart with joy and kindness

The one who's hurt more because of too much love

The one, whom i can see when i close my eyes

oh my beloved

Here I am now

here I am for you for, forever

you are the reason I wanna live for forever

You're my everything, one and only in the world

people say, Love changes a lot of things

even things you think that could never change

Now I can realize it

Even it change my little habits

In the end I hope i will be

The person that will be with you,

Though it pains, though it aches

still, I am saying, I love you

Oh my beloved

What did you just do to me?

I used to be normal, but where did I go?

Why do you keep burning up my heart?

Why do you keep preventing me from doing anything?

You're driving me crazy

Crazy for love

I'm in love with you

oh my beloved

The more I know you, the more I fall into you

I have fallen deeply for you

Each day, it make me more crazy for you

I can't see anything else but you  
I don't know if this is love or unhappiness  
Still I don't care  
As I love you more than you expect from anyone else  
Oh my beloved  
Here I am now  
here I am for you for, forever  
oh my beloved  
Here I am now  
here I am for you for, forever  
oh my beloved

# Only For You

My heart slip slip  
Just because I feels  
My feel is something I can't explain  
I hope life, will treat you kind  
And I hope that you have all  
That you ever dreamed of  
Oh, I do wish you joy  
And I wish you happiness  
But above all this  
I wish you love me  
Wish! I can say you I love you more  
I will always love you  
You are the only one my everything and for you this song I sing  
And all my life, I've prayed for someone like you  
And I thank God that I, that I finally found you  
And I hope that you feel the same way too  
Sometimes I think where I was before  
I think I was blind before I met you  
I don't know where I am  
I don't know where I've been  
But I know where I want to go  
You are my destiny  
You are my dream  
Every step I take just because of you  
I have died every day waiting for you  
For a thousand years  
I'll love you for a thousand more  
Like a river flows surely to the sea  
So it goes, Some things are meant to be  
Take my hand, take my whole life too  
For I can't help falling in love with you  
I believe when I fall in love with you it will be forever,  
I believe when I fall in love this time it will be forever

# Life Is Painful Still Beautiful

People wandering I'm still alive  
Even after I hurt again and again  
Some want I should die in pain  
Some want I should be crazy in pain  
Some want I should live like nothing happen  
ha, still I am alive  
Now nothing matters even noon does  
No onwards I gonna be strong like stone  
No heart, no pain  
holding my heart pieces in my hands again  
I am moving again  
I don't want someone should come to join it together  
I am happy it's broken  
Some showing me my heart is bleeding  
I say them let it be  
Let it damage purely  
So that there will be no echo if I got pain  
I'm broken where I stand again  
I am broken wherever I go  
I am broken whomever I meet  
I am broken whatever I do  
I got a unique life  
I learnt many lessons right  
now I am counting how long I gonna be hurt  
The sun shines in April,  
but I hate going outside  
as my life is full of darken by mighty god  
I can't enjoy the sun with a darken life  
People become happy when I sad  
People become jealous when I win  
People become sad when I smile  
This is my unique world where I live in  
I can't be joker for a longer period  
Who cry inside but smile outside  
I gonna show how I am  
I gonna leave my mask  
I gonna unmask some people before I die  
My life is painful still beautiful as it is  
As it is unique

Everyone don't posses such life  
I feel proud having such life  
Gonna live as per my god plan for me

# My Bad Life

Don't know why I feel like  
My bad shadows are finally going to free me  
They are dancing in my soul  
Sorrow slips over me like rain usually does on soft skin  
it as cold as marble stone.  
I'm overwhelmed by this sudden state of neutrality  
Feeling tough as my life is rough  
I sense that I am no longer alone in my lonely journey,  
some little angels whispering music to my hear that's really inaudible.  
I cannot understand a thing of what they're saying.  
Silence is the beauty that I behold,  
Sometimes I feel Let the life how it is going  
Sometimes I feel let me give some time to make it perfect  
I am not going to lose my hope  
Like when caterpillar feels life is going to end it becomes butterfly  
Everyone is there to laugh at you  
But nobody is there who can cry with you  
This is the world where I am living  
Now neither I am expecting anything nor am I blaming to anyone  
I have problem with my lord & my misfortune  
Whom I scold and why I scold  
If my own life feel jealous on me then whom I blame  
Oh, yes! My life is painful I know it  
Still I find peace within it  
People are here spreading rumors about me  
People around me busy in spoiling my image & career  
People behave me abnormally  
Still I am living keeping my life problems separately  
I have decided I'll not give up my life  
Let me try to make my dreams true  
When life is going through bad situations no one stands beside you  
Even your image also left you alone  
As they feel it may be contagious  
They may affected the sorrow kind of disease  
No one really cares no one really understand  
This is the unique world  
Neither your family not outsiders who really deserves for your life  
This is the world that I know  
I wanna go very far but before that I have to be that much eligible first

I wanna got somewhere, where I can get the peace first  
I am searching love & peace around me  
Whereas I born with faulty birth moon time  
My life taught me tolerates everything & don't say anything to anyone  
My life always ask me one question  
Don't say anything to anyone otherwise people will call you mad  
No one will believe you & no one cares for you  
Whom you are going to say & why you are going to say  
Is there anyone who really cares for you?  
Who really wants your success?  
Who really wants to see your smile?  
Who really loves you?  
Is there anyone left who really loves you  
Is there anyone left?  
If no then why you are worry & for whom  
Precede your life but never give up your life  
You don't know miracle can happen at anytime  
Much time I want to give up my life  
However in next moment when I realize my purpose of my life  
I give up the thought life murder myself  
I know many people are there who wanna literally kill me  
Who actually wants I should die  
Some told me in front of my face & some in back  
Even I know if I'll die today many people will become'll make merry  
Still I am suborn I'll try till my death & never ever give up  
I am in right place  
Ha, people are moving as per rumors to ruin my dream  
However no one wants to know me personally  
I give you challenge, go and research about me, my careers & my life  
You'll not get any black spot or bad mark  
I am conscious even very strict  
That's why I have too many enemies  
Still I don't care I can't support wrong & bad  
I am moving forward as per my life plan  
Let God decides what gonna happen next  
I am trying as per my talent  
Let my God decides next  
Yes, I'm going' down to the wonderful life  
yes, I'm switching to another world  
yes, I'm going down on the perfect dream  
yes, I'm going' down with broken ribs  
yes, I'm going' towards my day dreaming

# You Are My One And Only

The day you arrived in my life  
The day I realize I can't stay a day without you  
From that day I start feeling that I start loving you  
I had no idea what love is  
You enter into my life like a stranger  
Whom I never seen before  
Still You able to capture my soul  
I keep you a special place in my heart  
and no one can steal you from there  
You gonna stay for ever in my soul  
I had no idea you'd be my life  
Oneday I'll become crazy for you  
Now whole world act as a blind for me  
You are my angel  
Who is send from my lord  
My heart says someday, you'd be mine  
Oneday sure at least before I left this earth  
I know there's times when I am wrong  
Still you are with me  
You are with me in my every period  
You took my heart so unexpectedly  
Who knew that you would be the one  
But I always knew that there was something special about you  
From the day that you walked into my life and sat in my soul  
In my dream, I see you smile  
Now only you are in my eyes  
Just like fate, each day gets filled with you  
sometimes I feel like our relations is like a thousand years has passed  
And I was made for you before too  
Your breath softly touches my heart beat  
I dream every day, when you will be mine  
You came to me without a word  
The moment you started to breathe  
You became my heart  
I want to live my days in your precious arms  
I love you  
you are my love, you are my destiny  
I am falling for you  
Now only you can feel my heart

Though I sit and wonder why  
You are the one I love, day and night  
and then I come to realize  
There's a reason you are my life  
But I always knew that there was something special about you  
You're the one my love, you are my life  
You are my lover for forever mine  
The tears in my eyes says your name  
I want you  
I want to make you mine  
You're my destiny, you are my love  
Everything has changed in my life  
except my Love that's for you  
You're the one my love, you are the one who is my destiny  
Even if the world changes, My love never change for you  
We meet 2 years before  
I never see you before  
I never see you in real, I never hear you voice  
Still my love is younger like before  
You are the one I love, day and night  
And then I come to realize  
There's a reason you are my life  
But I always knew that there was something special about you  
You're the one my love, you are my life  
You are my lover for forever mine  
I want you  
I want to make you mine  
You're my destiny, you are my love  
You became my heart from the day I meet you in my dream  
I want to dream with you and love you  
I want to live my days in your precious arms  
Very soon I gonna meet you and make you mine

Our God will support us if our Love is true  
I love you, you are my destiny  
I love you, I love you

# Love Is Blind

Oh, my sweet heart  
You know me not my story  
Stop your mouth, stop the rumors  
Oh! Please listen me  
Come, yeah! Come here  
I am ready to tell my story  
The shorter story  
No love, no glory  
No hero in her skies  
And we drive  
yeah, I have found someone  
After that my life totally changed  
I'm feeling more alone  
than I ever have before  
As I can't think about another except him  
I am not like others who knows how to break  
I am among those  
Who loves to keep?  
I don't know how to reach at his place  
Still my eyes always searching him  
He pours love into my dead life  
I met him in my virtual world  
Still that's quit enjoyable  
Every time I keep watching through windows  
People're wondering  
If I'm OK  
Who knows what I feel inside?  
I am searching him in my dream  
even everywhere wherever I go  
some Secrets stolen from deep inside  
the drum beats out of time  
I'm so tired but I can't sleep  
Standing on the edge of something much too deep  
it's funny how we feel so much but we cannot say a word  
we are screaming inside, but we can't be heard  
We dream for each other but we can't share our thought  
As our lives are different  
Still my heart says one day we will meet each other  
We will share our love

May time goes by so slowly  
may time can do so much  
but you will always still mine?  
You will be mine  
I don't care where you from, what's your religion  
I can give up anything in the shake of love  
As my love is blind even pure  
I know someday you'll have a beautiful life  
I know you'll be a sun in somebody else's sky  
If I can't reach in perfect time period  
Why, why can't it be, can't it be mine  
This is the great fear which almost kills me inside  
It's hard to believe that there'll be nobody out in my life  
it's hard to believe that I'm all alone  
I want to have control  
you're so special  
That I can't think a life without you  
and life's like an hourglass, glued to the table  
No one can find the rewind button  
I'm nothing without you, my existence is useless  
I am close to you and close to me  
come and make me complete  
This is my love story  
Half virtual, half real

Still a guy for whom I always die

# Lonely Path

After a long time  
I wake up from a long dream  
I gotta know today  
No one is truly mine  
No one was and is mine  
I feel like I wake up from long dream  
All are fake  
All are for temporary period  
I cried, I screamed, I shouted  
In the end I came to know no one is besides me to come  
I tried to hide my tears inside my eyes  
However it flow like a lonely river eagerly waiting to meet its ocean  
Then I tried to hide my face inside my coat  
Whereas my coat refused me to behave me like a failure or dump person  
Then I move forward in a lonely road with a big hope  
One day I gonna reach at my destination like the river  
While walking alone  
I saw a new born butterfly smile at me just like she was mocking at my situation  
She was indicating her life is far better than me  
It made me cry more  
Then she repents her mistake and told me her story  
There was a time she was moth and hated by many  
But now she is beautiful butterfly who is loved by all  
Now everyone try to touch her but she refuse all as she became butterfly due to  
her situation  
She taught me a beautiful life lesson when you feel your life is going to end  
That's the starting point of your next life  
So never give up and never lose hope  
I move forward with little confident  
Then I meet a tree without fruit and leaves  
I asked what is happening  
Are you all right  
Then the tree answer me  
It's nature's rule  
Onetime come when you have to lose your everything  
Then in the next moment you further get your everything  
This is spring so I have to lose my everything  
Wait for rain  
You gotta find everything

This is nature's rule  
You can't have everything in every time  
I became more confident after getting the nature's lesson  
I move forward with a hope one day I'll get my all lost people and love  
Then I meet a female Chameleon  
I constantly look at her activities  
It astonished me how she can change her color time to time  
I asked Chameleon, how can she do like this  
She smiled and answered to save herself from society  
This society is very rude so god has gifted this quality to save herself from her enemies  
She taught me a beautiful life lesson you have to change yourself time to time to save yourself  
After getting a valuable life lesson I feel more confident and move forward with great hope  
I couldn't understand how I reach at my destination without any support  
I didn't feel lonely in my lonely path  
I felt like I got many friends who are better than humans  
Who taught me valuable life lessons?  
Which I can use for life progress  
I may be lonely but my nature is with me  
I love my animals and this beautiful nature  
Who is my best friend from now?  
I gonna live my life with my best friends  
They all taught me beautiful life lessons  
I gonna use it from now  
I promise to myself I'll never cry and I'll stay strong for forever  
In this world no one is truly yours  
When bad time comes even your shadow also leaves you alone  
That's why I gonna live alone  
As I know no one gonna help me  
I born alone and one day I gonna left this world alone  
So why I'll cry, why I'll worry and for whom  
Ah, I am happy today  
As I am free from many tensions  
I got my all answers  
I feel like I got a new life today  
I gonna make my rest life as best life  
Oh, my nature you are my bestest friend  
Thanks for the beautiful life lessons

# Valentine Day Special Poem 1

Ooh, Ooh Time  
please stop for while  
You run so fast  
Whereas I am in my previous state  
Watching every couple enjoying valentine day  
Whereas I am lying on my bed  
Watching someone in my dream land  
It's Just like my life going to end in waiting for someone  
All of my life spend in dreaming  
how & when we gonna meet  
I wish, I can make you realize that how much I love you  
I am in doubt, can you recognize my face?  
So many dreams to wake  
and we've so much love to make  
I think we're gonna need some time  
Maybe all we need is time to live together  
And it's telling me it's only you  
All of my life, I am searching someone & that's you  
I've been saving my heart only for you  
And there's so much more  
No one's ever heard before  
It's only you  
I've been waiting for  
all of my life  
That person is you & only you  
I wish I can reach in your heart & capture it for forever  
I am seared of losing you  
I can't wait  
I wish I could carry your smile in my heart  
I wish I can give you everything you want  
I don't know what tomorrow is going to give me  
I'm so lost without you  
I know loving you was my great fault  
But giving my heart was my greatest fault  
Now I am like heartless & you keep my heart with you  
One request gives me my heart  
If you can't then stay with me for forever  
I promise I'll never let you go  
I'll love you like no one can give

I can't be too late to say that  
I am in love with you  
All I want is you  
I want you in my arms  
I want you and all your charms  
whenever I want you  
All I have to do is dream  
Dream, dream, dream  
When I feel blue in the night  
And I want you to hold me tight  
I need you so that I could live  
no longer I gonna be in dreamland  
What my heart says  
Very soon we gonna meet  
Promise me you will never forget  
Keep wait, I am going to reach at your place  
I am going to bring my heart which you keep with you  
Or live with you for forever  
I can't live in dream land  
Oh, no! ! !  
No dream land, can't be live like this

I open my mouth because I'm waiting for your love  
Don't feel angry, don't feel insecure  
I was & will be always yours  
And I feel you think that I'm out of my mind  
and maybe you're scared to be right

How much I crazy for you

# God's Existence

I am on my way to search my lord  
I am asking about his existence in every place & everyone  
Alas, no one can perfectly give my answers  
I wonder don't anyone meet him till now  
Then how can we fight among each other taking the name of God  
Oh, my great God, you are a great politician  
Who watch everything but don't say anything  
I know you wanna be good for all  
Let others die for taking your name and for your love  
Very soon I gonna reach your palace  
I wanna see you and ask you many questions  
People believe you blindly and quarrel among each other  
Whereas you are silent and enjoy your life in heaven  
You are doing injustice with everyone  
Innocent people love you truly and their love is pure  
I am sure  
So that they can ready to kill them to save their Loving God  
When I'll meet you, I'll say you what I saw in earth  
How people are taking you and how much they love you  
My all experience in different place  
When I ask your children about your existence  
I got different answers  
I felt like you gave them birth but forget to say about your existence  
It astonished me?  
When I ask your actual name  
Some call you Krishna  
some call you Jesus  
some call you Allah  
some call you Buddha  
They confuse my mind  
I wonder how a single person posses so many names  
They all have different customs  
But you are the only creator of this earth  
I found everyone saying my religion is great  
Some show it and some try to prove it  
Some try to capture the whole earth taking your name  
Whereas you live silently in heaven  
And enjoy the scenery and our stupid work  
I think you might have feel shame when you see us in quarrel stage

We all are from one creator father and mothers  
Where as we cut each other's taking separate name of our creator  
This must in your mind, let my children show their love in different form  
You might be enjoying or feel suffocating  
Whatever you are doing  
It's not my business  
I am looking after where is your real existence  
I wanna ask you some questions  
About your existence and May I beg you help to stop the quarrel  
Your children are following wrong direction  
I want you should declare we all have one father & mother  
But we can love them in different from, from one to another  
This religious thought makes people cruel even mocked  
Sometimes one question I asked to myself  
In which era is my existence?  
To make this world a beautiful place  
I have to search your birth place  
I am on my way to ask you my questions  
Then only I can stop the human pain  
However, I found that you are one, yes you are ONE  
I am sure of it  
Like a tree with many branches  
Many in ONE  
you are Krishna, JESUS, ALLHA, SAI, BUDDHA & GURU NANAK  
One father but we call you in many names as per our love  
So many questions I am going to ask you  
I'll come from you with a valid letter  
To show the world who are you and where is your existence  
Sometimes I wonder we call you God  
But what's your actual name, what would it be?  
Are you present inside us who operate us?  
Or are you are in gene form who regulate us  
Some questions give me big headache every time  
Oh, I can't handle my mind more  
I feel pressure  
We are staying in one home  
Like we all have one father & mother  
And we all have different room  
Still we quarreling among each other  
I am trying solving many mysterious questions  
I am trying to make this earth a beautiful place  
I am on my way to reach at my god's palace

Let him know I am going to ask him some questions  
Oh, great God  
You might be great politician  
But don't forget I am your child  
I am on my way to make this earth a better place

# Life Menaing

A darkest rainy night  
And I was moving forward without knowing anything  
I didn't know my destination  
Even I didn't know where I am going  
I was on my way & keeping one thought in my heart  
Lets my time decides next  
Suddenly rain fall heavily  
And I couldn't understand where I am moving  
I tried to escape myself out from this evil rain  
Who wanna distract my mind & path?  
I was running with a hope  
I could get one place to dry myself  
Suddenly I fall down one small pool  
Which filled with mud & dirty polythine  
I tried to except myself out  
Still I couldn't  
I shouted for help  
Alas! My voice can't reach to anyone's ear  
Slowly I was entering into mud  
Suddenly I saw a smiling face coming on my side  
I felt like I got to a new life  
I felt like God send an angel to save my life  
I gave my hand to lift me up  
Suddenly that person kicks me inside  
I was wondering is it my society  
I cried & but didn't shout  
I silently cried & prayed before God without losing hope  
I felt like someone pulling my leg from inside the mud  
Slowly slowly I lost my all hope  
Suddenly I found a branch was besides  
I tried a lot  
Finally I escape myself out  
I was dirty with mud  
I looked at everywhere  
But I found all were wearing the mask  
I couldn't understand what the reason is  
Nobody try to looks at one another  
Suddenly I saw a little girl in front of me  
She gave me her little jacket

And cover me up  
That was too small  
Still she tried her best to help me out  
And she told me not to cry  
This world is very cruel  
Let's enjoy within mud like us  
Don't worry how you looks what's your dress up  
You still look beautiful  
Be like us  
We smile when we looks dirty  
And love to play within mud & sand  
It astonished me  
A little kid understand the meaning of life & love  
Whereas this world is not  
I was searching for a particular path to get peace in my life  
She showed me how to live  
She taught me a valuable lesson  
No matters how others treats be yourself as you  
See inside & find God inside you  
Smile & play like nothing happen  
This is world where we all were the mask to hide our actual face  
Don't let the world to victims you  
Be you & enjoy life like nothing happen

# My Nightmare

Oh my loving heart  
Why you are crying  
for whom you are crying  
Can everything possible in everyone's life  
If not, then why you are still crying  
I know, I am living in an imaginary world  
I searching my love within someone  
whom I never seen before  
People says love is blind  
Yes! Now I can realize  
I never seen even talk with my dream man  
Still loving him like blind one  
I never try to know How he is  
Still believe him more than me  
I saw him in my dream land  
from that day  
He become my loving nightmare  
I feel insomnia as I spend my night over his name  
My morning starts with the looking face of him  
My eyes filled with teardrops  
I don't know why?  
and  
Now I am starting to realize  
I can't live like this anymore  
I wanna leave from my dream land  
I wanna touch the feet of reality  
I wanna see my brighter days  
Can't live in my darkest night dreams  
I am waiting  
when I'll meet my dream man  
that day will be my memorable day  
If I could learn to hide the feelings  
That I have for you keep hurting me inside  
my day begins with simple thoughts of you  
hoping my tomorrow would be me and you  
lets see our dreams with each other  
& making them come true  
holding one another, saying all I need is you  
Ooh my dearest

Ooh my dream man  
I will always love you  
My love will be always there for you  
I am, I will always love you  
Oh my dearest,  
I love you for forever  
I was yours & I'll be yours  
One bright day will come in my life  
No longer I gonna live in my dream line  
I swear is true, my love will always be with you  
My nights always end with just one wish that  
One day you'll hold me in the dark & show me in bright  
& help me make it through  
because the pain that's inside me, would simply melt away  
if I had you here with me and promise me you'd stay  
Ooh This I swear is true  
my love will always be with you  
I'm sleeping in silence  
still my eyes & heart etches for you  
In my dreams I'm calling your name  
You are my love & you will be mine one day  
In your eyes I search for my memory  
Hold me tight and swear again and again  
We'll never be apart  
I gonna search you  
For that I gonna leave my comfort zone  
I am on my way to get you  
My love will never fail you  
One day I will make you,  
I will make you mine  
I swear to always fight for you when you suffer  
And I swear no one can touch our love  
Ooh my dream man  
One day I will make you, I will make you mine  
MY love is forever & distance doesn't matter  
One day I'll reach at your place to get you  
Please wait for me  
One day I'll get you  
I promise before you  
I can't let you go even can't forget you  
I can't forget those days  
When you are with me in my darkest period

When everyone left you were with me so I'll be with you  
I promise before you, I am not fake  
please don't take me like that  
I am waiting for a perfect day  
Ooh my dearest one  
Ooh my dream man believe me  
I only love you  
You came in my life in my darkest period & lighten my life  
I gonna get you  
I gonna make you mine  
For you I can cross seven seas  
You may come in my dream  
Still our memories are not less than reality  
You are the only person whom I can believe blindly  
You are the person who never left my side  
You may have many options but i have one  
And that's you  
I gotta know my life is incomplete without you  
You silently support me in every period  
It's my time to help you  
I can't lose you  
I can't think about to lose you  
After coming in my life my life become brighten  
You are my sunshine  
You are my dream  
Oh my dearest  
Oh my dream man  
I will always love you  
My love will be always there for you  
I am, I will always love you  
Oh my dearest,  
I love you for forever  
I was yours, I'll be yours

# Dream Or Reality

Sometimes it seems like dream  
Sometimes it feel like reality  
What is it?  
Can anyone tell me?  
Is it love or what?  
What drive me crazy?  
Am I in love?  
I feel blush when people say I am in love  
My cheeks shows my shy  
Oh, it's true  
May be someone can't understand  
So What I can do  
Don't know why sometimes this seems like a dream  
When I feel like someone becoming mine  
Why the world seeming lost now  
Is it I am living in my dream land?  
Why do I feel I am not alone now?  
Is there anyone who secretly care for me now  
Is ether anyone who also dream for me now  
Is there anyone  
Is! I know who he is  
Please don't make noise  
Let him realize  
I know he is not fool  
He knowingly showing me like he never cares me at all  
I don't care, I care that's all  
Its gives me pleasure  
I am taking along dreams made of glass  
I hope I don't collide somewhere  
Otherwise the flame of hope is alighted  
Wait I m in fear, a fear for losing you  
A fear for see you with someone else  
I can't tolerate that one  
I can tolerate your words, your ignorance  
Not with others  
How can I share as you know you are wholly mine?  
Everything I can share in this world without you  
Oh my beloved  
I know you may think I am a crazy girl

Still I love yak!  
Just one request for your yes  
Then there will be a rain of joys  
There is the moon, the sky and the clouds are dense  
I am watching them from here  
I know you are also under the same sky  
May be little different from here  
I wish one day will come when you will mine  
& we both watching the moon, sky & clouds together  
My heartbeat becomes slow whenever I think of losing you  
At that time I feel like my soul is not trying to live in this earth  
It wanna escape out without you  
There is no peace for a moment  
It's such a strange story  
May be you can't understand

As you is a gentleman

# Oh My Life

Oh my life  
Look at me  
Here now I am back!  
I'm back to break the chain of sorrow  
I'm back to break the bad rules which ruled over good  
I unlock the door of fear & climb over the walls like tear  
Now no one can defeat me  
I already won over the fear & tear  
I am here with full of confidence  
Now my tear can't tear my life

Oh my life  
Here now, I am again!  
Now, I am back with all preparation  
like a new day, like a new moon  
to shatter in piece the wheel of fortune  
Now only my death can stop me from doing what I gonna do now

Oh my life  
you know why I am back  
I had an unfulfilled dream  
Which I have to do  
How can you protect me to do this?  
Even death God also can't take before my time complete  
I come again to do something different  
I am so excited even in a painful state  
A burning desire gives me lots of pain  
Which nobody can understand  
I gonna make the rough roads into smooth  
My life gonna finished  
I am doing this for the next generation  
I Dream with Powerful Intention  
I am Opening my mind to Spirit, I trust my heart  
I gonna deliver powerful visions to my next generation  
I gonna empower my intent to transform those visions into reality  
I gonna do it  
It's not easy  
But my purpose of life is like meaningless without it

Oh my life  
Look at me  
Here now I am back!  
I'm back to break the chain of sorrow, fear, war, discrimination from the world  
May I be shattered, May I fall apart  
May I die in the battle field while trying to make my unique vision into reality?  
Still I am careless about it  
I know I am right, my path is right  
I come back again to do something good thing  
I gonna break some rules, I gonna give pain to my lord  
I gonna say sorry to all for my work  
However I know it's good to do something bad for lifelong good future

Oh my life  
Look at me  
Here now I am back!  
I am back with all sorts of preparation.

Now you also can't defeat me

# My Special Person

Day is done  
gone the sun  
Welcome the night  
It's time to enjoy the moon  
In the snowy, dreary days  
from window, in my quiet side  
I am watching the beautiful snow fall  
Silken snow is falling down, slow, slow  
and I am thinking of tomorrow.  
What gonna happen in next  
Will it give me a chance to meet with my someone special?  
Whom I have been waiting from long time  
There is a fear inside me  
If I close my eyes before I see his charming face  
I don't think so!  
My Lord is not so cruel  
I always pray for that someone special  
In my every pray I beg something for him  
In future if I'll die before I meet him then I can't be with him  
I would rather have a different face  
If I can't be near to him I would rather be adrift in space  
if someone tries to hurt him I would put myself in his place  
I can sure for myself  
how can I be sure for him  
the world are constantly changing & everyone else?  
How can I be sure whether he remember my face or not  
That day will be last day  
When he will pretend me as an unknown person  
I know, I may be I am not so much important for him  
Still my soul always already tie with his soul  
He can't treasure my soul  
It has no boundary  
It like a lovely honey bee  
& it searching its flower  
No one can protect it to sit over it  
No one has power to capture my soul except him  
I have already lost the key where I lock my soul where his name has written  
How can I unlock it?  
Is there any idea to free myself from him?

Whenever I, whenever I am trying to away from him  
I feel like dying  
Now I may be far from him  
Still my soul always present besides him  
He is my day & he is my night  
He is my seven stars in my sky  
Whenever I see the sky I find him everywhere  
That's why I am sitting besides window to search him within the snow & stars  
As he is everywhere  
He is powerful like sun  
He is cool like snow  
He is my special person  
My life is empty void without him  
I know sooner it will be filled with love  
As long as the stars in my sky  
Snow fall from the sky  
My love will grow more  
Under my golden smile  
Life goes on worthwhile  
Hope he sooner understand the meaning of love life

Loving him has made my life so beautiful  
every day of my life is filled with loving him  
and every time I'm more in love with him

# Live For Today

O dear O beloved

Live for a while, live for today

Past has gone

Never look back

Live for today, this is your present

Some stories hurt us badly

I know sometimes our time treat us badly

I'm sad, time too are silent

Still I am trying to live

It's not the fault of yours & mine

All fault of time only

Sometimes it plays game with our emotion

A sorrow stays there in the heartbeats

Don't know why still the heart says

Live a little, come on, and live a little

O dearest O beloved

Live for a while, live for today

I know that the life is full of pain

Still we have to live

Our eyes are dry now no more tear

Heart is full of pain

But eyes stop showing emotions

It already tired & fed off from life

Still there is a hope in heart

One day everything gonna be ok

O dearest O beloved

Live for a while, live for today

If life is full of pain

Still there is this relief in it too

If there is rain, there is rainbow too

let the broke the bridges of our life & pain

Detach it for forever

Live like there is no pain

Why are we so angry with life?

Come let's open the gates of hearts

Come, let's both cry our hearts out together

Let these clouds of sorrow pass

Now let life be clear, better

Now stop enduring the sadness of memories

listen to what the heart says

O dearest O beloved

Live for a while, live for today

Free your sorrow

Don't let them ruling over you

Cry till your heart feel peace

Cry till your all sorrow flow through tear

Cry till your eyes feel tired

Then after you will feel peace

Don't keep it inside

Don't live like dying

O dearest O beloved

Live for a while, live for today

# Why You Send Me To This Earth

Oh my lord oh my majesty  
Why you send me to this earth?  
Why you give me life?  
What's your intention?  
Why you are smiling?  
Tell me  
Oh my lord oh my majesty  
I need to listen your voice  
I wanna know my life purposes  
Why you are ignoring  
What's my fault?  
Oh, my beloved God please tell me  
Oh my lord oh my majesty  
I am alone  
My path is lonely  
No one was even is besides me  
I am wandering with confusion  
I am wandering with pain  
I am wandering with pleasure too  
As no one in my side to lose  
When I feel lonely  
I look are the mirror  
And my mirror replay me back  
I am with you my dear  
Then I get strength  
I am for myself  
I am the owner of my life  
There is no tear in my eyes  
It's now filled with dream & a future hope  
Oh my lord oh my majesty  
Thanks for everything you give  
I may be alone not weak  
I am strong enough to fight  
I gonna fight for myself  
I gonna make myself stronger than before  
I am alone but wise  
I am living in a complicate selfish world  
Here anyone can sell you for their own benefit  
Here anyone can divide you for their own dream

Here anyone can kill you for their own pleasure  
Oh my beloved god  
This is your world architecture where I am living  
I am in doubt  
How can you made such kind of world this in your hand  
Where no word like kindness, selfless love exists  
Everyone follow each other for their benefit  
I am fighting with truth  
I am fighting with wrong  
I am fighting with my own world  
I am just like a bird whose one wing has cut  
Still try to fly but can't  
Oh my lord oh my majesty  
There is no one whom I can say my sorrow  
There is no one who can bear me too  
There is no one who can make me smile  
And save me from this wonder world  
Everyone smile when I cry  
Now I got a life lesson  
Do what others do with you  
If others play game do the same  
This is world where you have to fit for survive  
No longer I gonna surrender myself as a victim  
No longer I gonna stay like prison  
I wanna fly, I wanna see the world  
I wanna touch the sky  
I wanna play with my nature  
And kiss my mother earth  
Its beauty always makes me smile & calm my mind  
I am bowing my head  
And showing my gratitude before my mother earth  
Oh my lord oh my majesty  
Why you can't make the human heart as beautiful as our mother earth  
I feel suffocating here  
I feel like dying  
I feel like I am not fit for survive  
Still I am smiling  
As I have to live here  
I have to live for you, my beloved god  
You send me to this earth with some purpose  
I am waiting when you will give me my duty  
After completion of my duty

I'll leave this earth for forever  
I am trying to complete my duty as soon as possible  
Oh my lord oh my majesty  
Give me my work  
For which you send me to this earth  
I promise, I'll do that from my whole heart  
However can you promise me?  
Not to send me to this earth as a human in my next birth  
Human creature is worst creature  
You have ever made  
I feel better as animal or bird  
They have better heart & emotions than human  
They all directly send to the heaven  
But all human stay for forever in this hell earth  
Continue their duty till they become perfect  
Oh my lord oh my majesty  
I surrender myself before you  
Decide my future as per you  
I have faith on you  
Oh my lord oh my majesty  
Oh my beloved  
I need you  
I want you  
I wanna hear you  
As you are powerful than all  
You are my friend & soul mate  
Oh my lord oh my majesty  
Can you hear me?  
Please stay with me  
This is my only wish before you  
Oh my lord oh my majesty

# Don'T Cry

Oh my little heart  
Why are you crying?  
For whom you are caring  
Who is truly yours?  
Have you find anyone  
Whom you can say mine  
Just say! I am asking you  
Is there any answer with you?  
Cheer, you are alone  
Cheer, you need not to worry for other  
You are like a little bird  
Whose wings are her strength & her own?  
Except her own wing no one in this world  
Whom she can say her own  
You are like that  
You are your own mentor  
You are your own lover  
You are your own caretaker  
So why should you worry for?  
Why is your crying for?  
Is there any reason to shade tear  
Is there anyone who care for your tear  
If No! Then why you wasting your time here  
Your time is short  
You can't waste your whole life thinking about others  
Live your own life  
If Sorrow is your best friend  
Accept it gladly & move forward  
Everyone's life is not same  
This world is very cruel  
Here no one has time for yours  
No one really care for yours  
In this show up world you'll rarely find the true love  
Especially when you are a girl  
Your journey is different, your life is different  
No one can be equal with you even can't be  
Oh my little sweet heart  
Don't cry!  
Move on move on

This is the life song  
Everyone have to sing  
Your life may be different but no one is here to listen for  
So why are wasting your time  
Why you are thinking about those who was even not yours  
No one is truly matter even will not  
In the end of your life you gonna leave this earth alone  
So my kindest heart don't be fear for live alone  
Don't be fear to say you are totally alone  
We are alone  
But we are bonded with fake & external showing relation  
Which has no meaning?  
How many have you seen who give their lives for their loved one?  
You may heard in story  
This world is really selfish  
No one is truly yours  
You are alone my dear you are alone  
You come this earth alone and will leave this alone  
You are alone and will be alone  
You are forever alone  
You are not only my dear we all are lone  
But we show others we are not alone because to save ourselves  
However the bitter Truth is everyone is alone  
No one is truly yours  
Believe me my little heart  
Don't cry, smile & say cheer  
Face the truth with bold  
You are not the only one  
We all are in same situation  
Be brave & be strong  
You are stronger & braver than you think  
You can live, you can smile  
You can make your life worth living  
Oh my sweetest heart smile now  
Let's say good bye to your tear  
And welcome your cheer  
Oh my little heart  
Don't cry, this is your day  
So don't cry  
You are not exceptional we are in same situation  
Oh my kindest heart  
Accept this truth

Live with peace & joy  
This is the life song  
Which you have to sing from now

Does it my day dream or it's possible  
Don't feel we all should try this at least once in our life

One country, one world  
for our life time.

I wanna make everyone as one  
As we all are god's children  
How we can be different  
We all are one  
We all should live united  
Lets shout, let say together

We want one, one, one (one country)  
one, one, one, one world  
one understanding, one heart & one love

# Help

Help the poor  
Help a needy one  
Help a crying heart  
Help how much you can  
We all have the power to help someone  
We should do that  
God send to this earth for some purpose  
Listen to that, follow that  
We all are the children of god  
No one rich, no one poor before the god  
So why there is so much decimation  
We all are same  
The only difference in the wealth  
Forget the wealth  
Wealth can't give everything  
We should live united  
As our mother is one  
We should care for it  
We should fight united against poverty & crime  
Then only we can dream for a better world  
We all can do. We should do  
God has send to this earth with some purpose  
We should not forget that  
We are one  
We should live united  
Then only we can dream for a better world

# I Wish

I wish I have the key of my life  
I wish I can change my life  
I wish I can control my problems  
I wish I can flush out all odds  
Can it possible  
Oh my lord says it once  
Can you do one favor for me?  
Can you give me my life key?  
I wanna fly & wanna make my life as I wish  
Sometimes I feel my problems are in queue  
I can't handle all  
All are giving me pain & making my life just like hell  
Can you help me to except from it  
I know you can't  
Sorry, you don't want  
You make my life a kind of special life  
I am a sorrowful angel  
My life is full of obstacles & sorrow  
Even I can't help me here  
So I gonna forget all  
I am smiling as I am habituated  
I gonna live a happy life  
As I know I can't stop them  
Why I spend my time thinking about them  
I am happy with my life  
I am happy as I am stronger than others  
I am happy as I am little bit knowledgeable than others  
My life & my problems are my great mentor  
But I feel sorry for my parents  
As they are attach with my heart  
When I got aping they got too  
Which gives me more pain?  
I can't see pain of my loved people  
So I am smiling  
I am smiling & living for others  
I know I am different & my life too  
I know my lord you may have some purpose behind it  
Whatever I respect it  
I am happy as you chosen me in this battle filed

I am happy as I am stronger now  
I am happy as you knowingly do this  
I have faith on you  
I know you love me  
But I don't know the purpose behind it  
Still I have faith on you  
I know what you are doing  
That will help me in my future life  
I love you my lord I love you  
I love my life  
I love my problematic life  
I love you as you chosen me in this life race

# Oh My Lord

Oh my lord where you are  
Help me to maintain

Why you are so blind  
Can't my voice reach at the heaven?  
Or you are ignoring me  
Oh lord says once  
I am waiting from a long time  
Please come to this earth to solve our problems  
Sorry if I disturb you  
I know you are busy in writing our future  
Can't you give me some time to solve our problem?  
I need you  
There is no one in this world  
Who can I help me here?  
You, only you can help me  
Are you hearing what I am saying?  
I know  
Life is full of problems  
We all have to live with it  
Still I wanna know my questions answers  
Before write my next chapter  
I wanna tell you what I want  
I wanna tell you what is going in my heart  
I wanna ask you why you chosen me to struggle  
Why my problems are like in a queue  
Why I am facing many different kinds of problems  
Are there any reasons behind it?  
Is some purpose behind this?  
Tell me lord  
I need to hear you  
I wanna hear your voice  
I wanna hear your answer  
Can you come to this earth to solve my problems?  
Can you hear me my lord?  
If you are hearing me  
Then you can realize my pain  
I can't show my problems my near dear people  
But I can share it with you

As you is my creator  
You know the whole truth  
So tell me my lord  
I am waiting from a long time to get my answer  
Why you are not answering me  
Is there anyone refuse you  
Or you knowingly ignore me  
Or in your silence all the answers are hide  
Please give me the clue  
I am a stupid girl  
I can't understand until & unless you give me the clue  
You can help me only you  
Oh my lord  
I need you now  
Here & now  
Please come to this earth to listen my voice  
Please my lord  
I know you are not so rude  
You will come  
I know you are not breaking my faith  
Oh my lord  
Please say you will come  
Oh my lord  
I am eagerly waiting for you

# Life Is What You Make It

Life is unfair and the world is not nice  
Every man in this world will have  
to pay a price  
This is a life song you have to sing  
Life is pain & life is love

It's up to you! How you take it

From time my born to now  
I am facing problems  
Problems in every field  
Problems are not relate with my family  
It's with my dream  
I don't know how to solve it  
But I never break down I continue my feet

I've seen many hard times in my life,  
However I've kept on going  
As I know it's the only solution to achieve my dream  
problems are like bubble  
Which comes & when it disappear you never knows  
Sometimes problems are like mountain  
It comes & destroys your peace of mind  
when life gets too rough you got to fight  
Nobody can understand how it feels

I have marked  
When I face problems & when i cry  
people become some much happy  
Some people laugh & some mocked  
some people wish that for me  
I let them to do  
I know what I gonna get  
that may be more precious than their laugh  
I know I am worth it

You know what I mean  
Want you understand what I mean

All people who struggle  
But everyone can't feel the problems of others  
Some problems make you wise  
& some problems make your life like hell  
Choice is yours  
Some people happy with their life  
As they have no problems & struggling life  
However how they will get know about it

Do you believe?  
Everyone has dream  
Everyone wanna make their life a worthy life  
Struggle & pain depends your dream  
It depends on the strength of your dream  
Everyone have not that much patience to achieve it  
Some give up & some stick with that  
Who stick with that their life become like hell?  
As every precious thing are not easy to get  
So live your life & forget everything  
keep faith on yourself as you are in right track  
You deserve more  
So worry less & work more

Live each day  
As your last day  
As you don't get the same day twice  
Life is very precious don't spoil it on over thinking

Live it with pain  
Live it with love  
Live it with smile & sorrow  
Finally show the world  
You can achieve your dream with in all

Life is unfair and the world is not nice,  
Every man in this world will have  
to pay a price  
This is a life song you have to sing  
Life is pain & life is love  
It's up to you! How you take it

# Life Is Beautiful

Life is beautiful

But it's complicated.

We barely make it.

We don't need to understand it

there are miracles

Miracles happens in every time & everyday

so live in different ways

it's a beautiful life

sometimes my heart says to fly away

To fly away that place where no one can search me

I wanna get peace

I wanna live a life as I wish

Life is beautiful

But it's complicated.

We barely make it.

We don't need to understand it

there are miracles

Miracles happens in every time & everyday

my heart, that beat and break

Sometimes I amaze where I am standing

What I am thinking & what I am doing

it's easy to give up

But give up should not be our final result

Before give up

I have to try once more

Sometimes I feel life is not beautiful

It's too complicated.

We can't understand it

anything can happen in anytime

sometimes Tears become our best friend

but we have to get rid of our pain

Most of the time my heart says be strong, live as u wish  
some time I miss my smile  
I wanna try to make myself happy  
I am getting tired to cry every time  
I wanna get relax from every sorts of tensions  
That's why I decide to go where no one will be with me  
To give me tension  
I need peace, I wanna be happy  
Sorry my pain is not for any love matter  
My life is not a romantic love story  
It's painful struggling story  
It's a story of girl  
Who wanna to make her own identity?  
Who failed many times?  
Still every failure can't hamper her in future life  
She is not alone  
Her God is with her  
She is impatient & feels little bit insecure every time  
She is confuse every time  
Still she finally gets the right decision  
Her struggles make her stronger  
& the changes make her wise  
She never tries hurting others  
That's the reason tear becomes her best friend  
Still she believe one day good time will come in her life  
& she will smile like before  
She believes

Life is beautiful  
But it's complicated.  
We barely make it.  
We don't need to understand it  
there are miracle  
Miracles happens in every time & everyday

# Meaning Of Life

Oh my friend  
What you are searching  
Oh, I get it!  
The meaning of life

One suggestion never search  
You get confused  
You're not that much old to imagine.  
So live in present & enjoy every moment  
Don't worry about the future  
As you can't predict anything  
Miracle can happen anytime  
U know worrying has power to change our whole life chemistry  
So never mix your entire problem together  
Separate everything & see the result  
The real troubles in your life  
We never allow flushing the thing that makes us worry  
Don't put up with people who are reckless with yours.  
Don't waste your time on jealousy  
It's the great way to waste your time

Be strong & look forward

Look only at your goal  
the race is long, and in the end, it's only with yourself.  
So forget anger & flush out hate from your heart  
Remember the compliments you receive, as it gives you courage sometimes  
Don't feel shame if you don't know what to do in your life  
Even if many wise person also don't know it  
In this earth ninety percent people can't give of this question  
As all follow the same path  
No one wanna be unique  
Whatever you do, be glad for it  
Still don't congratulate yourself too much  
As your overconfidence may be the reason of your defeat  
Enjoy your life, enjoy every way you can  
Don't be afraid of it, or what other people think of it  
It's your life so never allow others to take decision of your life  
Understand that friends come and go,  
But for the precious few you should hold on  
Those who helped you in your difficult time

Never forget them who helped you in your different situation  
No matter where they belongs to & what they are  
So work hard to balance everything

Oh my friend  
Hope you got it!  
What I mean to say you about life

# Thank You Papa

Thank you papa  
Thanks a lot  
Oh my papa  
I don't know how to show my gratitude towards you  
I don't know how to show my love towards you  
These little words are not enough to show my love  
Everything is less before your love  
You are my life my papa  
You don't know how much I love you  
You are the only person who know me better  
Who truly cares for me?  
Who truly loves me?  
Who can fights with whole world for me?  
Oh my papa  
My words are not enough to show my gratitude  
Everything is priceless before your unconditional love  
I don't know how to say & what to say  
No words is enough for you  
Oh my papa  
Please forgive me  
If I hurt you unknowingly  
You are the precious gift for me  
What god has given to me?  
You are my super hero  
You are my life  
You are my world  
You are my first true love  
You are my everything  
oh my papa, oh my papa  
Thanks a lots  
For doing everything for me  
For helping me every time  
How can I forget when everyone was against me?  
You are the only person who support me  
Who believes me  
Who see the beauty in my dream?  
Who encourages me & motivates me  
I don't need thousands of examples  
I need only one

You are the best example  
You are my inspiration my papa  
Oh my papa, oh my papa  
Thanks lots for love me unconditionally  
I have seen a true love for me in your eyes  
I don't know about others  
But I am sure for you  
You are my wealth  
You are my world  
You are my heaven  
You are my god  
I have seen my god within you  
You are great mean to me  
I don't know what I can give  
As every gift become priceless before your love  
Every gratitude become meaningless before love care  
Nothing is greater for me than you  
You are the most precious gift for me  
Which money also can't buy?  
Oh my papa, oh my papa  
I love you a lot  
Because you are the only person who support me in my life  
Who see the beauty in my dream?  
Who love me more than me?  
Who never care for others for me?  
You are the only person who behind my every success  
I can stay without whole world  
But not without you  
As you is my world  
Oh my papa, oh my papa  
Never ever leave me alone  
That day will be my last day  
When I stop connecting with you  
As you are my life my papa  
I love you, I love you, and I love you

# My Only Wish Before You

Oh yes! I am smiling  
Yeah, I am smiling  
I know life is a battle field  
I know I have to win  
I wanna smile within the pain  
Struggle and pain is my best friend  
Still I believe  
My lord is with me  
He will help me to maintain  
I don't wanna defeat not at all  
I wanna live a life as I wish  
Sometimes I just wanna scream  
however I know, My Lord will make it right for me  
When ever I feel like I can't do anything  
You give me courage I can do everything  
Now my mind is free from worries  
As you are with me  
My mind was filled with all negative  
You give me courage to make it positive  
I can't fall if you are with me  
You give me pain  
But I know you wanna make me wise from them  
You make my life full of struggling  
As you wanna make me strong  
now I grow up & I know your intention  
You wanna make me successful  
That's the reason I wanna accept your all challenges  
you know now I'm feeling strong  
I write this poem only for you  
When no one was with me, you were always with me  
When I need help, you make me strong  
When I need support, you gave me your hand  
I know you also love me a lot  
Oh my lord, oh my love  
You are my everything  
Now I don't fear anyone  
Instead of putting the world on pause  
I wanna run with the time  
I wanna make this world better place for live

help me to make this world a better place for the living  
help me to make our minds a better place, for thinking and listening  
I am trying to make a change  
I wanna change myself  
I wanna change my world  
However I know it's not easy  
but I don't wanna make my life worthless  
I wanna live a life full of pride  
I wanna need your help my lord  
I wanna win over hate  
I wanna win over my pain  
I wanna vanish all sorts of bad things  
I know it's not easy  
But it will make my life worth living  
I wanna live a worthy life  
Oh my lord,  
Are you listening what I am saying  
I know when you will help me  
As you also love me  
I love my lord  
This is my only wish before you

# What Is True Love

Do you know what is True love  
Do you know how it feels?  
Do you ever seen any true love  
Do you?  
My question is to you  
Yeah, I know it  
Can I express it?  
It's a kind of true feelings for someone  
It's kind of unconditional love for someone  
Hay! i know we all love someone  
I know in our live time we love many people  
However true love is rare  
You know lucky people only can get it  
Can you imagine the feelings?  
It's a kind of heaven  
When your heart & soul meet each other  
It's a kind of pleasure in your mind  
Which nourish your heart?  
Yeah, we all wanna a true love  
Have you ever know how many of us success here  
Very rare  
This world is very complicated  
& we all are very selfish in our way  
We wanna a perfect life,  
It doesn't matter whether we can get any true love or not  
I belive getting true love is the best achievement in your life  
True love is everything  
If you once get it  
Then you are the happiest person in this universe  
Alas! Very get  
Do you have any idea how you can get it  
Ah! It's very simple  
Just look at your mother & father  
How their love is true  
No need to search many examples  
This is the best example  
If you get someone who will love like your mother  
Care like your father  
You will be sure that person truly loves you

Yeah, sometimes people show up a lot  
Be aware of them  
Recognize true love is easy  
However how far it's true it's very difficult to know  
Be wise  
I wish everyone will get true love in their life  
Love is a beautiful gift from God  
Never disrespect it  
How much you care that much you will get  
Getting true love is difficult  
However loving everyone is easy  
Do your work in your way  
One day you will surely get your True love  
How you have imagined  
Oh! Don't be worry & hurry for it  
No need to be  
Precious things comes after a long time  
Be patience & wait for it  
One day you will surely get it  
Be like a loving person  
Love everyone  
This is the best gift you can give  
Don't worry one day God will give you a surprise gift  
That's comes with full package  
Where True love, pleasure everything will be there  
Live this moment & do nothing wrong for anyone  
God is with you  
You are the son & daughter of God  
He will surely give you what you want  
Be patience & do the right job

# My True Love Only For You

My simple heart ask these questions before you  
Inside my heart true love only for you  
I need hope & I want promise from you  
Give me hope & give me promise  
So that I can be sure for you  
I run from my home in search for you  
Because no one is like you

you're the best thing I've ever have  
you're the best thing  
See me through  
I never thought that any love could be so true

But after meet you  
I believe true love exists  
It's because of you  
You show me this world is good & true love exists

I've found true love in you  
Can you give me promise me to stay with me  
Till my death  
As it's the sign of true love  
Live together till death  
I need you now  
I need you every time in my life  
can you fill my emptyness  
there is a cold and empty deep inside  
It's a kind of fear within me  
To lose you  
I've found true love

I don't wanna lose you  
you're the best thing  
you're my everything  
You know you make me feel alive.  
What if I told you that I'm in forever  
nothing to hide, yeah, I'll go wherever you go.

You make me feel alive.

And I'll be hanging on every word you say to me.  
Hanging on a feeling that I get,  
because you make me

you show the way to true love  
You show me the way to live a life  
Now every time I feel it's something new  
It's because of you  
Never knew what love could feel like  
& I feel alive when I'm with you.  
Deep inside it's something true.  
You're the only reason I fight,  
you're the best thing in my life.  
What if I promise you that I'll never hurt you  
always be there for you  
will you come with me to stay for forever  
You know you make me feel alive  
& every single second's a lifetime memory,  
I'll be holding on to each moment  
because you make me  
My simple heart ask these questions before you  
Inside my heart true love only for you  
I need hope & I want promise from you  
Give me hope & give me promise  
So that I can be sure for you

Ohh No

Ohh No

Ohh

How can you dare?

I don't wanna show my love

Is it love or what?

Sleepless night & romantic mood

Is it call as love?

Ohh my heart

How you dare

Now I can't think about others

My life so changed

Something running in my mind

That only about you

Ohh is it love

What you say

Can I dare to love you?

Ohh my dear say once yes or no

I dare to love you

I dare to talk with you

I dare to sacrifice everything for you

Can you give me what I want?

Can you share your time with me?

I am nothing without you

You are world & everything from now

Ohh my heart

Why I can't understand

It's the dream which can't be possible

Do you believe in miracle

Sometimes I believe

Everything is possible

However everything has a perfect time

Oh No

Seriously I fall in love  
Ohh no  
How can I dare it further?  
Am I doing any mistakes?  
Or is it my illustration  
However it may be  
It spoils my situation  
My life become worst after giving my heart to you  
Then tell what I can do  
You have the only answer  
Can I dare to love you?  
Or  
I give up you  
I believe everything is possible  
I dare to love you  
I dare to fall in love with you  
Oh my heart  
You have done nothing wrong  
Don't feel sad  
It's the common thing  
It's not your mistake  
So I am not scolding you  
Ohh yes

How can I give up it?  
I'll fight till my death  
From today I'll start again  
Every day is my new beginning  
Every day I get a new life  
Yes, I got a hope  
One day I can reach at that position  
No nook  
I can't surrender myself  
I can't accept my defeat  
I can't say I can't win  
Whatever you people can take  
It's my enthusiasm or my luck  
I only I have to win in this battle field  
It's my time to win  
So I don't wanna waste it  
I can't waste my time for one minute  
Yes, I'll fight for my win  
Yes, I'll fight for right  
I'll fight for myself  
I'll fight for win  
It's my life  
How can I give up it?  
Another new day  
& it's telling it's your day  
Utilize it properly  
Either you will win or fail

What you can utilize it  
Yes, I got a new hope  
I have got a hope to dream again

To pursue my dream  
I can do anything I can fight with everyone  
It's my not a new beginning  
I am just completing my half completed work  
It's my life  
I have to utilize it properly

I gotta live my life & have a dream  
I gotta live my life, have a dream  
I have to fight for it  
It's the time to fight for myself

# Oh Eye

Oh eye oh eye  
How much you will cry  
Why you shade tears  
Don't you feel tired?  
Do you feel crying is the only option left in your life?  
Do you feel other could understand your feelings?  
If you are thinking  
Then I am telling  
You are wrong  
We are now 20th century  
Now no one has time to care for your precious tear  
Then why you are crying

If others are not caring  
Don't you feel?  
You are wasting your time  
Don't you feel?  
You are losing your inner peace  
Then why you are crying  
Be brave to tolerate everything  
Yes, I know I am telling  
Even if I also know it's not easy to tolerate everything  
I know it's very difficult when you tolerate unnecessarily  
It's very difficult when nobody understand you  
What you are saying  
But this also true  
You have to live  
You have to see the world  
You have to see your future  
If you give up now  
Then you are surrendering yourself that you have done mistake  
If you are innocent then why you are tolerating  
But sometimes tolerating everything is the best option in our life  
When you have proof but you can't display  
When you know you have not done any mistake  
Still people blame you everyday  
I know its hurts more  
But I wanna say  
You have nothing in your hand

You have to see this world alone  
No one is yours  
& no one will give you company to prove you right  
This is the life  
Oh eye oh eye  
How much you will cry  
So stop worrying & start living  
Start living for yourself  
Try to learn everything  
As learning is the only option left in your life  
When you become a knowledgeable person  
Spread your knowledge around you  
So that no one will face the same problem  
Oh eye oh eye  
I know you are listening  
I am not saying sit silently  
I am saying stop crying  
As crying is the worst option in our life  
Oh eye oh eye

Hope you understand what I am saying

# Definition Of Life

Life is a painful path  
Oh dear  
Try to cross it  
At some point you want a give up  
But you have to live  
This is your life dear  
Live for a while  
I am saying  
As I am suffering  
I know the actual meaning of life  
Ask me once  
I can tell you everything  
What is it?  
It is a neither painful or cheerful  
It's depends on you  
How you can take it  
I am smiling like idiot  
While my tears blocked my eye lids  
I smile everyday without any reason  
& I fully prepared to live alone  
I don't wanna give torture any other  
So I decide to live a peaceful as I wish  
I know my life is not good or cheerful  
However I am trying for it  
I am trying to make myself happy artificially  
I am trying to motivate myself  
I am trying to pushing myself up  
I am the driver of my life  
I am the decision maker or protector for myself  
I feel happy with a alone life  
I will be happy if no one will cry  
When I will die  
As I can't see tear in anyone's eyes  
So I feel it's better to live alone  
So that no one will be so closer  
Who will cry for you?  
One benefit if you choose a lonely life  
You can do anything whatever I want  
So I choose to make some life brighter

Whose life is poorer than me?  
I know the meaning of pain  
& it's neither poverty nor any torture  
It's a different kind of pain  
Pain for gain  
Pain for gain your dream  
Which is everything to me?  
So I know the meaning of pain  
Maybe it's different  
However I can realize it how much painful it is  
So I wanna help those whose life is poorer than me  
I will help the poor & uneducated children  
It will be a great way to fulfill my dream  
I don't care if I can't fulfill my dream  
If I can help ten children then that will be enough for me  
So I choose to live for others  
I choose to live alone throughout my life  
I know its best choice I ever made  
As I know time is very limited for me  
& I have to do lots of things with in it  
So I choose to make myself happy & father proceed  
I forget what I lose or what I can't able to fulfill  
But I don't wanna to lose more  
So I choose to live a happy life  
I choose a lonely happy life  
Oh my dear  
Hope you understand it  
What life is mean to me?  
I am telling as I want everyone should live a life  
As their wish  
Don't be worry, don't be hurry  
Make your life tension free

# Happy Independence Day

O my people oh my people  
O my people of my motherland  
Wake up wake up  
How can you sleep?  
How can you can forget?  
This day we got a new life  
Victory to India!  
Victory to India!  
Let's be together  
Let's sing a song  
Take a promise to help each other  
Don't do the same mistake what our kings had done  
Be together, be united  
No one can break this bond  
Oh my brothers & sisters  
Be together  
this is a great day for us all  
How can we forget those who gave us freedom?  
They will always live in our heart & soul  
Oh my people wake up  
Oh my people of my motherland wake up  
Don't forget to parry for those  
Whose sacrifice makes our life comfortable now?  
Don't forget to salute our freedom fighter  
&  
Remember each great soldier  
who did not return home ever  
Who forget their life & pleasure for us?  
O my people oh my people  
O my people of my motherland  
Wake up wake up  
How can you sleep?  
How can you can forget?  
This day we got a new life  
Victory to India!  
Victory to India!

Let's be together  
Let's sing a song

Take a promise to help each other  
Take a promise to live together  
Shed a few tears  
Don't forget those who give us life  
Don't forget those who are doing fighting for us  
Our great heroes & our soldiers  
remember their great sacrifice!  
remember that day when our country didn't get freedom  
how our heroes fight & sacrifice  
Till their last breath did they fight,  
And then laid their dead body  
Resting their head on the soil  
Sacrificed and slept immortal,  
For those who martyred on ice  
Remember their great sacrifice  
O my people oh my people  
O my people of my motherland  
Wake up wake up  
How can you sleep?  
How can you forget?  
This day we got a new life  
Victory to India!  
Victory to India!

Let's be together  
Let's sing a song  
Take a promise to help each other  
take a promise to live together

When we celebrated the festivals  
They played with their blood the game of Holy,  
When we were sitting safe at our homes,  
They dealt with deadly bullets and bombs.  
Blessed they were those soldiers,  
each soldier who died on the border,  
is a brave son of our nation  
One killed tens of the enemy,  
and then fell down unconsciously.  
Don't you ever forget their glory,  
so I narrate this noble story?  
Here I wish  
Every Indian should pray for our heroes

Our prayer should be like this  
oh my great Indians  
I bow my head before you  
We couldn't forget & can't also  
You are always alive in our heart  
You are a true hero  
You are a true brother & son of our nation  
Today, I salute to you  
We can't forget you & your great sacrifice

O my people oh my people  
O my people of my motherland  
Wake up wake up  
How can you sleep?  
How can you forget?  
This day we got a new life  
Victory to India!  
Victory to India!

Let's be together  
Let's sing a song  
Take a promise to help each other  
Take a promise to live together

# What Is Life All About

Oh my dearest one  
I wanna say you one thing  
Live each day of your life  
Like it's your last day  
Live each day of your life  
Like you wanna do everything on one day  
Be like a flower  
Spread love & peace everywhere  
Offer yourself to someone for smiles  
share someone's grief  
This is called as life  
Oh my dearest one  
Make your each day  
Like there is no tomorrow in your hand  
Make today as your best day  
Offer your love to someone else  
Who need it badly?  
Offer your hand to some one  
Who wish it?  
It will make your day beautiful  
Believe me  
Try this once in your life  
You will feel pleasure inside  
Oh my dearest one  
I wanna say you one thing  
Live each day of your life  
Like it's your last day  
Live each day of your life  
Like you wanna do everything on one day  
In this world we all are poor  
No one rich here  
Can anyone give life to someone who is dead?  
Can anyone give unconditional love?  
How can you tell that you are rich?  
If you can't buy life & love  
Something in this world  
Who is priceless?  
No one can buy it  
Money can't give you everything

So live each day with full of peace  
We are rich at heart  
So be a richest man  
By collecting love from everyone  
Everyone you meet is a person like you  
We all are one  
So love unconditionally  
You also get the love from them  
Yeah, I know  
Life is not like a plane road  
Everyone is not lucky enough  
Some people's life is like stony path  
I know life is full of sorrow  
Still we have to find a way to make ourselves happy  
This is what life is all about  
Oh my dearest one  
I wanna say you one thing  
Live each day of your life  
Like it's your last day  
Live each day of your life  
like you wanna do everything on one day  
Perish for love that is Life  
Crave for spring that is life  
This we believe, though others may not  
That this is what life is all about  
we all are bonded with heart & trust  
The name of love lives on because of us  
Even if we die, we will be remembered by someone  
That we will smile through someone's tears  
A flower will tell a bud, on and on  
That this is what life is all about  
Oh my dears test one  
Hope you get it  
What is life all about?  
So I wanna say you one thing  
Live each day of your life  
Like it's your last day  
Live each day of your life  
Like you wanna do everything on one day

I wanna say Merry Christmas to everybody

How can you forget this day?  
Jesus Christ was born this day  
So many years before  
He came a servant to the lost;  
it's time to call him further  
To come this world & stay with us  
At least for one day  
He should know how much we suffer  
Without him & his love

Let's Come, let's come  
Don't be sit silently  
It's a Big Time for enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

My one wish before my lord  
Pray for world peace  
Now the world is full of terror for war & violence

I believe love can overcome the war  
Is it possible my lord?  
Now the world is not in the mood to love each other  
Everywhere valance, everywhere war, every where decimation  
Why my lord  
Can't you solve this problem?  
We all search our souls hard enough  
but we always forget the love that lays hidden deep  
inside of us  
Please God come this world & bless all

Let's Come, let's come  
Don't be sit silently  
It's a Big Time for enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

It's time to take promise to make our world beautiful  
God came this world to make our beautiful  
How can you forget his scarifies & teaching  
He taught us lots of beautiful things  
If we will obey then our life will be peaceful  
Then why we quarrel, why there is violence  
God did not teach us  
I know  
Life is one big mountain we must all climb  
And overcome our problems  
for if we fail we will surely all succumb  
If we do not learn from history,  
Once and for all our world,  
As we know it will topple and fall  
In our hands we hold our destiny and fate  
We must all act now, for it is getting very late  
Oh my lord comes for one day  
To listen our problems  
It's your day so I request you to come this world  
& stay with us at least for one day

Let's Come, let's come  
Don't be sit silently  
It's a Big Time for enjoy  
Christmas is coming, Christmas is coming

I wanna say Merry Christmas to everybody

Oh my Dear, still you sleep today

It's a great day

Lord Jesus' birthday

How can we sleep?

Let's arise with joy in our hearts

and share it with everyone

the meaning of Christmas will always be

the birth of Jesus – God's son

He came this world today

So sing from your heart

Marry Christmas, marry Christmas

Oh my lord Jesus comes to this earth

It's your day

We are waiting to see you're further

Oh my dear lets Come, let's come

Don't be sit silently

It's a Big Time to enjoy

Christmas is coming, Christmas is coming

I wanna say Merry Christmas to everybody

# My Life My Pain

Life is ocean of sorrow  
Life is full of pain  
Still you have to walk  
Still you have to walk  
May stone & throne comes in front of you  
But don't stand still  
If you will do then you will fail in your life  
Walk until you get success  
Walk until you reach at your destiny  
Your sole may fill with blood  
May lines of tear dry in your cheek  
May your lips becomes dry  
No one can see it  
Even can't feel how much pain you are getting  
Even no one care & believes until you get success  
This is the world need proof in everything  
Some people enjoy it when you feel pain & injured  
Some people really cry for it  
So cry for those who really care for your tear  
Ignore the world who are enjoying your defeat & pain  
So walk walk until you reach at your destination  
May you die while walking?  
Still that has also one value or can also call as win  
No need to live if you can't win or get fulfill your dream  
Some people come to defeat you  
Some people knowingly hurting you  
Some people praying for your loss  
Still don't care the world who are knowingly killing you  
You should have faith on yourself & on those who are living for you  
So fight for them who really want to see you in your destination  
Fight for them to make them happy  
Once you reach at your destination then nothing can demoralize you again  
So walk, till you reach at your destination

Life is also an ocean of sorrow  
Which everyone has to cross smiling?  
Whatever one's capacity  
Sometimes it just like beyond of our capacity  
Our pain & toleration has a saturation point

But some people has power to cross it  
Some situation comes in our life  
Everyone behave like enemy  
Everyone's eyes is on you  
They behave you very rudely  
As you don't follow their rule  
Sometimes people love to see you down  
So they knowingly give you pain & talking about you  
Still don't be worry  
No one is yours  
Shade tear for those who is yours  
Do your work  
One thing you should keep in your mind  
No one in this world can see your success  
Why should you worry?  
People are talking about you, laughing at you, mocking you  
As you are not doing what they are saying  
Don't listen others  
Do what you want  
You know why!  
No one can see you in success  
So why should you worry for  
If people laughing at you & torturing you  
They just know doing this to divert your mind  
So do what you want  
It's the only time you can fulfill your dream  
Go ahead and never look behind

Life just like a bubble  
You don't know when your time will be end  
So live each day as your last day  
Although the world is full of complicated  
Every moment, changing faces  
One moment, flowers spread their fragrance  
Hearts sing, dance and play with happiness  
Next moment, the smiling moon fades away  
And disappears in the deep darkness of night  
One moment we feel our life become like hell  
And we lost ourselves  
The next moment we feel we flow on like a peaceful river

Life just like an old mud house  
You don't know when it will break down  
Just now was there and next moment no more  
Becomes a tear in a moment and laughter in another  
So you can't predict anything what can be happen next  
So live each day like it's your last day

Life is also a promise  
That everyone will have to fulfill  
How does it matter if the destination is far-off?  
How does it matter if the path is difficult?  
If one does not get a starlit sky  
Then light a lamp in your heart

# Live Live Live

Ohh, Ohh, ah ah ah  
I gonna live my life  
I gonna live my life as I wish!  
I gonna make it meaningful  
Oh my friend!  
Do you know what I mean?

I gonna laugh instead of cry.  
I gonna take the town and turn it upside down  
I gonna live, live, live  
I gonna live with my all attitudes  
People often say  
Life is complicated & miserable  
I say  
Why you are taking life too seriously?  
They're gonna say 'What a girl! '  
Then I say  
Yeah, I love to be myself  
I gonna play in the sky  
I gonna dance on my earth place  
I gonna fly  
I don't wanna miss any chance  
Before my death I don't wanna die  
So why should I fear & whom  
I gonna live, live, live

Ohh, Ohh, ah ah ah  
I gonna live my life  
I gonna live my life as I wish!  
I gonna make it meaningful  
Oh my friend!  
Do you know what I mean?

Life gives you one chance to make your life meaningful  
So why are you wasting it?  
Never mind what haters say  
Ignore them till they fade away  
we should thankful for the life that we have got.  
You know what I am saying.

Stop looking at what you could n't get  
You time starts from now  
Never forget, our time is very limited  
We are not growing old  
We are closer to our death

Ohh, Ohh, ah ah ah  
I gonna live my life  
I gonna live my life as I wish!  
I gonna make it meaningful  
Oh my friend!  
I know, now you understand  
What I mean to say  
Just say  
"I gonna live, live, live"  
"I gonna live with my all attitudes"

# I Love Myself

Oh oh oh

Ye ye ye

Say I am living as my wish

I am on my way

I am free like bird

I love to be myself

People who have no faith on themselves

Are easily controlled by others

So I don't let others to control over me

Now life is going very fast

Even you can't imagine

There is no time for hate & thinking about bad

Forget those who spread rumors

Forget those who have done wrong with you

Love your haters

At least they are the only people who remind you everyday

Rumors are monsoons

They comes & goes

But no one can't hide the truth

Truth is like a diamond

which dazzle even in the dark

That will show your gentleness

So be yourself

don't keep fear over your eyes

Look straight & feel proud

Don't lock yourself in the shoes of your haters

Haters will come & go

Love them & ignore their words

They are the only people who love you more

Be gentle & soft

A person's personality matters most

Don't let others to steal your smile

It's yours & it's very precious

keep smiling & forget those which hurts

Oh oh oh

Ye ye ye

Say I am living as my wish

I am on my way  
I am free like bird  
I love to be myself

Apart yourself from fear  
Live as a princess in your own dream empire  
Sealing the entrance of hate  
Open the doors of love & peace  
You can feel the smell of joy in your palace

Oh oh oh  
Ye ye ye  
Say I am living as my wish  
I am on my way  
I am free like bird  
I love to be myself

I going to sprinkle my love in the wind  
So that it can mix with air, water & sky  
It can send my love message everywhere  
Ahh, now I feel a hot rain in the winter season  
Is it the begin of new season  
Or it's the season of love  
Stop the war & spread the peace  
This is my only wish  
I have started my work  
When you will join with me  
Don't worry, don't fear to anybody  
You are in right path  
Faith on me  
I gonna spread love message in every where  
Can you help me?  
Close the door of hate  
Open the door of love  
Love everyone & live united  
This is my last wish

Oh oh oh  
ye ye ye  
Say I am living as my wish  
I am on my way

I am free like bird  
I love to be myself

# Who Am I

I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?

Am I real  
Oh no no no no  
am I losing my mind on a tiny error  
why I am asking this question?  
Can anyone help me?  
Who I am, who I am inside, why I came?  
I feel a different kind of feeling  
Numerous questions about my existence  
Why this is happening

I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?

Brushing my hair, do I look perfect lady?  
Something screaming me  
Why my eyes are fill in tears  
No, no, no, no, no, no, no, no  
I have to be strong  
I have to find out my own existence  
I am on my way

Who can help me here?  
Can anyone help me to find out my true existence?

I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?

Now no egos, fake shows within me  
Now I am just like a saint  
I am wandering with in my problems  
just go and leave me alone  
now I need real life, good luck  
Is it possible for me?  
Am I lucky  
No, no, no, no, no, no, no  
It's an imaginary  
Now I don't need anything  
As I am searching my real existence

I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?

Yeah, like others I have a dream, I have a home & I have a family  
Does it showing my real identity  
Does it showing my real existence  
No no no no no  
I have to search myself

Who I am, who I am inside?

Why I came?

I do not know what I'm doing  
I don't know what is happening  
Why my heart says you are made for me  
I can't stay a day without remembering you

Oh my love, oh my beloved

Please say anything  
Your silence burning me inside  
I am crazy for you  
My whole night has passed in awake  
When whole world sleep  
I am thinking about you

Oh my love, oh my beloved

You are the only magician  
Who can solve my problem?  
You are the only doctor  
Who can cure my diseases?  
Are you hearing me what I am saying to you

Oh my love, oh my beloved

Please say something  
I am crazy for you  
My whole night becomes sleepless only for you

Oh my love, oh my beloved

You are the only solution of my problem  
You are the only medicine of my disease  
You are the only person whom I want

# New 2014 Year Resolution

I hope it's not too late  
To start something new again  
Oh yeah, it's not New Year  
It's time to change myself further  
What are you thinking?  
Do you feel pleasure to be like that old model?  
Be new, it's time to change yourself  
I feel boring to repeat myself further  
So I gonna change myself  
I gonna start myself further  
It's a kinda new chapter of my life book  
This is my page number one  
I don't know how to make it memorable  
Before turning over next page  
I wanna make my first page beautiful  
I gonna take some resolution for my future  
Oh my New Year's resolution  
I wanna make my life a worthy living  
I wanna do something good for other  
I wanna do something different  
I don't feel it's sufficient  
I wanna change myself more  
I wanna make myself a perfect person  
However I know no one is purely perfect  
Still I want!  
I gonna offer my help to those who really need  
I gonna offer my love to those who never get from anyone  
I want freedom  
I wanna be like a dove bird  
I know my life is full of problematic  
And it's too not easy to fulfill my all resolutions  
However this is not time to remember all  
I gotta nice life  
I wanna make my life a worthy one  
What you think  
Am I right or wrong?  
Of course, I am right one  
I don't know how much life I gonna spend here  
So why I fear others

I gonna make my every moment memorable  
This is not a simple New Year resolution  
This is a precious day for me  
I gonna flush out my old pain & failures with my past year  
I gonna start my life new again  
I gonna make my life a successful journey  
I don't know where will be in next year & what I'll do  
Even I have no that much vision to see my future  
So I gonna make this year a perfect beautiful one  
I don't know about my future life  
It may bring tear or pleasure  
This is not under my control  
But I can make a wish before my lord  
Help me to keep my all resolutions  
I wanna make my new year a memorable one  
What's about you?  
Don't sit silently

Do something for others & stay blessed for forever

# Beauty

Oh oh oh

Oh man, oh man

What are you looking for?

Beauty!

Are you crazy?

You are a great silly man I ever seen

You need a girl for love or for what?

What you want, say frankly?

What beauty means to you?

Is it beautiful eyes, rosy cheeks, glossy lips & a slim body?

Whom you can say proudly mine

Yeah, you need it

Don't worry

You are not the only person whom I have seen

Whenever I look my surrounding

I find most of the guys who are like you

You all are same

When you will be grow up?

Beauty present in the heart not in the face

Your beauty is for temporary period

When you will be old

No longer your face will glow

Wrinkles will come in your face

Your eyes & lips will look puny

You can't control over your size

At that time no beauty will matter

Every old man & woman looks like same

Only thing will matter that's your love

Oh man oh man!

Grow up grow up

Don't be boy be a man

See the beauty of a lady

Not the face but in the heart

A beautiful face may cheat you

May hurt you, may kill you

Not a loving heart & caring person

Listen the voice of heart  
According to time you will be old not your love  
Love never dies  
Love never grow old  
Love will be like every green for forever  
Oh oh oh  
Oh beautiful lady, oh beautiful lady  
What are you looking for?  
Beauty!  
What you want actually  
A six pack body person & good looking guy  
Don't you feel shame?  
Do you really know the meaning of love?  
Grow up baby, grow up baby  
You are not matured enough  
A real man & a real woman never love a person for their beauty  
They love unconditionally  
Love never sees how you look  
How much talent you have  
Love is extraordinary  
Love has no boundary  
It never runs after beauty or talent  
It runs after a loving & caring person  
Love is like a different kind of lock  
Even master key can't open it  
Only one key can open it  
Which is made for it?  
Oh man, oh lady  
Now you understand the love & beauty mean  
Grow up grow up  
You people are not matured enough  
Yeah, I know everyone run after beauty  
But it's for short period  
Beauty captures the heart for short period  
Character & loving heart capture the mind & heart for forever  
Real man, real woman never run after beauty  
They run after a person who has the keys of their love lock  
Oh man, oh lady  
Grow up grow up

my half year spent in black  
I know I can't go back & make it perfect again  
So I gonna make my rest of life a perfect & successful one

# I Wanna Be Rich

Oh oh

Yeh yeh

You know what I am talking about

Do you wanna be rich?

Who wanna be rich?

Hell, its bitter truth

I, you & everyone want

Ha, I know it

I wanna be rich

I want everything

PoemHunter.com

I know money can't give me everything

But this is the worst world

Where you can buy love through money

Oh yes, do you believe in it

Some exists, but not all

I wanna be rich in love

I know its value

&

What lacks in today's world

Ha, it's true I wanna be

Rich in love, rich in love, rich in love

I know it's very difficult

Everyone can earn money

Everyone can be rich

However it's very difficult to be rich in love

I have seen people are run after those who have lots of money

People give them value those who can buy anything

How crazy world is going

Damn crazy!

Hell! It's true

I am rich in love but financially I'm a pauper

I know many people stop talking with me

When they gotta know I am pauper

Still I don't care

I know money can't buy everything

Money has no power to buy my loving family

Money has no power to steal my brain

No not at all

If the world gonna crazy let them

I wanna be like as I always wish!

Happiness hides in the love not in the money

But still money can give you those things which love can't give

Prestige, honor, popularity many more things

Which money can give?

It's the modern fashion

Everyone is living

It's the present living style

But it's very difficult to rich in LOVE

Where ever go, I see everywhere I find everyone run after money

I know you can call me psycho or crazy lady

Ha, I know I admit it

I know the value of my life

I know my priorities

I know money also important for me

I also wanna be rich

As money can give you those things which love can't give?

Still I wanna be rich in love

As I know it's very precious

Yes, I wanna be

Rich in love, rich in love, rich in love

# I Am Not Failure Person

Who said I am failure

Yes I was, I was a victim not a failure

I was a victim

I gonna tell about myself to the whole world

I know why I failed & I know my weak points

I can't allow the same things happens with me

What I have done before

I was a kind of crazy girl

I had no brain

I believe everything happens for a good reason

My past life taught me lots of lessons

I can't allow the demons who spoiled my life

I learn one lesson

No one is yours

Everyone comes this world to play their role

Don't worry if someone detach from you

It's the god's will

It doesn't mean that person gonna die

It means his or her story with you ends there

I found till now no one is my permanent friend

Friends comes & friends goes

Life flows as it is

I remember till now I lose many people & got many people

I learn something new from everyone

Some came in my life as a lesson

Some as blessings

Every time we should thanks god for teaching us great lessons

But life is a like a battle field

My life is kind of unique struggling life

I love struggling than normal life

I promised myself I'll not give up

I can give up those people who spoiled my life & career

Yesterday I was fool so I wanna keep all in my life

Now I am wise so I wanna filter out

Alas, I found nothing left after filter out

My life is a kind of empty one

I found those who loved me are not actually clean from their heart

I am really scared

I feel like crying

Whatever may be the situation I have promised?  
I will be strong like before  
I have to long way to go  
I can't allow myself die in failure  
I was fool & failure from last SEVEN years  
I can't bear more  
I know I failure because of me  
I was super fool so people take the advantages of my life  
Now also they trying  
However everyone do mistake once in their life  
I did & I learnt  
Now I am not that much fool to do the same mistake again & again  
I can't bear my failure more  
I wanna be rise, I gonna be rise  
So I am not failure  
I can't accept this truth  
Let me give a chance to proof myself further  
Yesterday I was fool not now  
I hope I can rectify myself further  
Within SEVEN years I learnt more things than you believe  
It made me mature  
Now I feel peace as I am not in foggy state  
Yesterday I was,  
as I could n't understand the situations & minds of people  
Now I am well matured person  
I gonna detach myself from everyone  
I gonna keep those people with in my heart  
Those who really love & care  
I am not introvert or hermit  
I love to live around those people who help me for my success  
Who helps me to reach at my goal?  
I can't be around myself complicated & negative people  
Who drag me into lower position?  
Yesterday I was fool so I listened them  
& made myself just like hell  
I am crying for my yesterday as I spoiled my life in my own hand  
I don't wanna cry more, don't wanna spoiled my life more  
I know how I was TEN years before what I am now  
I can judge my great failure  
I know some people also exists in this world  
Who loves to spoiled others life  
Who love to see others in failure?

But I don't want or expect for anyone  
Even I can't do also  
So it's better to stay away from negative people  
It's better to keep very small people around you  
I know I always criticized & mocked by many people  
As I am different  
Still I love myself  
As I never chosen any wrong path to get success  
I cried, I failed & I learnt  
Finally I get success in any field  
I know maximum people can't see your success  
So they mock you, laugh at you  
But I don't care as I know  
Those who has no ability to do anything great  
They spend their life in criticizing others  
As they feel it's bad idea of trying than enjoying life  
However I believe getting success in right way is not easy  
Who takes it easy I laugh at them  
It's not about money, it's not about fame or prestige  
It's about what the change you can make in this world or in other's life  
People will laugh at you till you get success  
However once you get success everyone will start admire you  
So till that day you have to fight for yourself to get that position  
Just close your eyes & be blind for those who knowingly down you & misguide  
you  
Keep faith on your lord  
He will surely help you if you are really good & do something good  
Keep faith on yourself & your god one day he will save you

# I Am On My Way

I don't care what's going in my surroundings  
I don't wanna see those stupid things  
I choose my path & I am not in the mood to listen anything  
I am on my way  
I love my way  
I am blessed as I am unique & my path is  
I am on my way  
I am not sure what I am doing & where I am going  
Oh yeah, I am confuse  
Where I am going  
But I know my destiny  
Can anyone tell me why my path is full of throne?  
Why my sole decorated with blood  
Is it the good sign or it's showing a painful beginning  
What does it mean?  
Can anyone help me to find it out?  
Don't worry, I am smiling  
I love my destiny  
I am on my way  
To search myself  
To know myself  
Thousands of pain becomes meaningless before my dream  
Still I have to keep walking  
I wanna change my world into a beautiful place  
I'm on my way to what I want from this world  
I took a right turn today, yesterday I was wrong  
I can't repeat the same mistake further  
I love my path  
I love my destiny  
I don't want anything from anyone  
I just wanna do my work  
God put lots of workloads on my head & my time is very limited  
I wanna complete my work within this period  
Wanna do dinner with my lord after my death  
I never fear for death  
As I faith on my lord  
He loves me a lot  
Still he want I should complete my work with in my life period  
He is wiser than you think

So I love my path  
As I know god has big plan for me  
So I don't wanna give up  
I wanna keep fighting till my end  
I am on my way  
I will be on my way

# I Am Not Failure

Who said I am failure

Yes I was, I was a victim not a failure

I was a victim

I gonna tell about myself to the whole world

I know why I failed & I know my weak points

I can't allow the same things happens with me

What I have done before

I was a kind of crazy girl

I had no brain

I believe everything happens for a good reason

My past life taught me lots of lessons

I can't allow the demons who spoiled my life

I learn one lesson

No one is yours

Everyone comes this world to play their role

Don't worry if someone detach from you

It's the god's will

It doesn't mean that person gonna die

It means his or her story with you ends there

I found till now no one is my permanent friend

Friends comes & friends goes

Life flows as it is

I remember till now I lose many people & got many people

I learn something new from everyone

Some came in my life as a lesson

Some as blessings

Every time we should thanks god for teaching us great lessons

But life is a like a battle field

My life is kind of unique struggling life

I love struggling than normal life

I promised myself I'll not give up

I can give up those people who spoiled my life & career

Yesterday I was fool so I wanna keep all in my life

Now I am wise so I wanna filter out

Alas, I found nothing left after filter out

My life is a kind of empty one

I found those who loved me are not actually clean from their heart

I am really scared

I feel like crying

Whatever may be the situation I have promised?  
I will be strong like before  
I have to long way to go  
I can't allow myself die in failure  
I was fool & failure from last SEVEN years  
I can't bear more  
I know I failure because of me  
I was super fool so people take the advantages of my life  
Now also they trying  
However everyone do mistake once in their life  
I did & I learnt  
Now I am not that much fool to do the same mistake again & again  
I can't bear my failure more  
I wanna be rise, I gonna be rise  
So I am not failure  
I can't accept this truth  
Let me give a chance to proof myself further  
Yesterday I was fool not now  
I hope I can rectify myself further  
Within SEVEN years I learnt more things than you believe  
It made me mature  
Now I feel peace as I am in foggy state  
Yesterday I was, as I could n't understand the situations & minds of people  
Now I am well matured person  
I gonna detach myself from everyone  
I gonna keep those people whit in my heart  
Those who really love & care  
I am not introvert or  
I love to live around those people who help me for my success  
Who helps me to reach at my goal?  
I can't be around myself complicated & negative people  
Who drag me into lower position?  
Yesterday I was fooled so I listened them  
& made myself just like hell  
I am crying for my yesterday as I soiled my life in my own hand  
I don't wanna cry more, don't wanna soiled my life more  
I know how I was TEN years before what I am now  
I can judge my great failure  
I know some people also exists in this world  
Who loves to spoiled others life  
Who love to see others in failure?  
But I don't want or expect for anyone

Even I can't do also  
So it's better to stay away from negative people  
It's better to keep very small people around you  
I know I always criticized & mocked by many people  
As I am different  
Still I love myself  
As I never chosen any wrong path to get success  
I cried, I failed & I learnt  
Finally I get success in any field  
I know maximum people can't see your success  
So they mock you, laugh at you  
But I don't care as I know  
Those who has no ability to do anything great  
They spend their life in criticizing others  
As they feel it's bad idea of trying than enjoying life  
However I believe getting success in right way is not easy  
Who takes it easy I laugh at them  
It's not about money, it's not about fame or prestige  
It's about what the change you can make in this world or in other's life  
People will laugh at you till you get success  
However once you get success everyone will start admire you  
So till that day you have to fight for yourself to get that position  
Just close your eyes & be blind for those who knowingly down you & misguide  
you  
Keep faith on your lord  
He will surely help you if you are really good & do something good  
Keep faith on yourself & your god one day he will save you

# Be Yourself

Oh oh oh  
Ye ye ye  
Say I am living as my wish  
I am on my way  
I am free like bird  
I love to be myself

People who have no faith on themselves  
Are easily controlled by others  
So I don't let others to control over me  
Now life is going very fast  
Even you can't imagine  
There is no time for hate & thinking about bad  
Forget those who spread rumors  
Forget those who have done wrong with you  
Love your haters  
At least they are the only people who remind you everyday  
Rumors are monsoons  
They comes & goes  
But no one can't hide the truth  
Truth is like a diamond  
which dazzle even in the dark  
That will show your gentleness  
So be yourself  
don't keep fear over your eyes  
Look straight & feel proud  
Don't lock yourself in the shoes of your haters  
Haters will come & go  
Love them & ignore their words  
They are the only people who love you more  
Be gentle & soft  
A person's personality matters most  
Don't let others to steal your smile  
It's yours & it's very precious  
keep smiling & forget those which hurts

Oh oh oh  
Ye ye ye  
Say I am living as my wish

I am on my way  
I am free like bird  
I love to be myself

Apart yourself from fear  
Live as a princess in your own dream empire  
Sealing the entrance of hate  
Open the doors of love & peace  
You can feel the smell of joy in your palace  
Oh oh oh  
Ye ye ye  
Say I am living as my wish  
I am on my way  
I am free like bird  
I love to be myself

I going to sprinkle my love in the wind  
So that it can mix with air, water & sky  
It can send my love message everywhere  
Ahh, now I feel a hot rain in the winter season  
Is it the begin of new season  
Or it's the season of love  
Stop the war & spread the peace  
This is my only wish  
I have started my work  
When you will join with me  
Don't worry, don't fear to anybody  
You are in right path  
Faith on me  
I gonna spread love message in every where  
Can you help me?  
Close the door of hate  
Open the door of love  
Love everyone & live united  
This is my last wish

Oh oh oh  
ye ye ye  
Say I am living as my wish  
I am on my way  
I am free like bird  
I love to be myself

# Who I Am

I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?  
Am I real  
Oh no no no no  
am I losing my mind on a tiny error  
why I am asking this question?  
Can anyone help me?  
Who I am, who I am inside, why I came?  
I feel a different kind of feeling  
Numerous questions about my existence  
Why this is happening  
I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?  
Brushing my hair, do I look perfect lady?  
Something screaming me  
Why my eyes are fill in tears  
No, no, no, no, no, no, no, no  
I have to be strong  
I have to find out my own existence  
I am on my way  
Who can help me here?  
Can anyone help me to find out my true existence?  
I stare at my reflection in the mirror

Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?  
Now no egos, fake shows within me  
Now I am just like a saint  
I am wandering with in my problems  
just go and leave me alone  
now I need real life, good luck  
Is it possible for me?  
Am I lucky  
No, no, no, no, no, no, no  
It's an imaginary  
Now I don't need anything  
As I am searching my real existence  
I stare at my reflection in the mirror  
Who is that girl I see  
Staring straight back at me?  
Someone I don't know?  
Somehow I cannot hide  
who I am  
who I am inside?  
I am asking a question again & again  
Who I am, who I am inside?  
Why I came?  
Yeah, like others I have a dream, I have a home & I have a family  
Does it showing my real identity  
Does it showing my real existence  
No no no no no  
I have to search myself  
Who I am, who I am inside?  
Why I came?

# Christmas Poem

Let's Come, let's come  
Don't be sit silently  
It's a Big Time for enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

How can you forget this day?  
Jesus Christ was born this day  
So many years before  
He came a servant to the lost;  
it's time to call him further  
To come this world & stay with us  
At least for one day  
He should know how much we suffer  
Without him & his love

Let's Come, let's come  
Don't be sit silently  
It's a Big Time for enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

My one wish before my lord  
Pray for world peace  
Now the world is full of terror for war & violence  
I belive love can overcome the war  
Is it possible my lord?  
Now the world is not in the mood to love each other  
Everywhere valance, everywhere war, every where decimation  
Why my lord  
Can't you solve this problem?  
We all search our souls hard enough  
but we always forget the love that lays hidden deep  
inside of us  
Please God come this world & bless all

Let's Come, let's come  
Don't be sit silently

It's a Big Time for enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

It's time to take promise to make our world beautiful  
God came this world to make our beautiful  
How can you forget his scarifies & teaching  
He taught us lots of beautiful things  
If we will obey then our life will be peaceful  
Then why we quarrel, why there is violence  
God did not teach us

I know

Life is one big mountain we must all climb  
And overcome our problems  
for if we fail we will surely all succumb  
If we do not learn from history,  
Once and for all our world,  
As we know it will topple and fall  
In our hands we hold our destiny and fate  
We must all act now, for it is getting very late  
Oh my lord comes for one day  
To listen our problems  
It's your day so I request you to come this world  
& stay with us at least for one day

Let's Come, let's come  
Don't be sit silently  
It's a Big Time for enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

Oh my Dear, still you sleep today  
It's a great day  
Lord Jesus' birthday  
How can we sleep?  
Let's arise with joy in our hearts  
and share it with everyone  
the meaning of Christmas will always be  
the birth of Jesus – God's son  
He came this world today

So sing from your heart

Marry Christmas, marry Christmas  
Oh my lord Jesus comes to this earth  
It's your day  
We are waiting to see you're further

Oh my dear lets Come, let's come  
Don't be sit silently  
It's a Big Time to enjoy  
Christmas is coming, Christmas is coming  
I wanna say Merry Christmas to everybody

# A Little Angel's Soul

A little angel's soul  
Mom, I know it's hurting  
However I have to say you good bye now  
I am not so lucky enough like others  
Mom I wanna request you  
Please don't cry for me  
I know why you knowingly kill me  
As you don't want spoil my future  
I can feel your pain mom  
So please don't cry  
I had so many dreams  
When I was in your womb  
I didn't have a name as such, even if I didn't get the chance,  
I wasn't meant to live on earth  
as my god has given me this much life time  
I knew you would love me from the very start,  
from that first sighting & beating of my tiny heart,  
so I know that it will hurt you that you have to say goodbye  
I wanna say something to this world  
Can you spread this message over the world?  
I have a heart that beats like yours  
ten fingers and ten toes  
I have a mind that thinks like yours  
and feels joy and sorrow too  
I'm no different than you  
So why you kill me unnecessarily  
What mistake I have done  
I breathe the same air like you  
Walk the same path  
Eat, sleep and Talk just like you do  
I feel happy, worry and love  
I'm no different than you  
Why then do you think I don't deserve to live  
why am I considered worthless?  
I have a heart which beat like you  
I have also some dream like you  
Then why you don't let me to fulfill all  
I am crying before you  
I am just begging my life

Which you have taken from me  
It's my life then who are you to take it & why  
I had a dream to see my mom  
I also wanna live within a family  
I had dream for a wonderful life like everyone have  
then why you people hate me  
What was my fault?  
I'm no different than you  
You say I'm a burden  
you don't want me no more  
you want boys you pray  
That's why you decide to end my life  
when I am unable to speak  
& being murdered with a knife  
Don't feel pain  
Don't you feel how much it will give me pain?  
You think I don't feel a thing  
as you can't see me suffer  
I scream and struggle, I'm helpless  
As inside you I'm going through torture  
I can't shout & tell what I feel  
But inside I was dying  
Alas, you've already made up your mind  
To end my life  
There's nothing I can do  
I am helpless  
the pain you've caused me  
You have no clue!  
After my death you put me in dustbin  
How much cruel you are  
I am now in a dumpster  
with other girls like me  
whose family members believed the same as you  
and did to them what you did to me  
Now though my heart no longer beats  
I can't hear, breathe or feel a thing too  
I do forgive you however, for what you did  
for maybe I am far different than you  
But before leaving this earth one thing I wanna tell you  
I gonna tell you something you probably never knew  
it hurt me badly when doctor cut me know of pieces  
I couldn't shout & tell what I was feeling for you

I wanted to tell you that I'd always love you  
I wanted to tell you something about my dream  
I wanted to tell you something about me  
I didn't need anything expect your love  
I wanted to show you how much I'd care for you  
Love and look after you when you're old too  
I wanted you to see that I'd not be a burden  
Do just as much as your son would do  
However it's too late to proof before you  
As you've already made up your mind  
to end my life  
Now though my heart no longer beats  
I can't hear, breathe or feel a thing too  
lastly before leaving this place  
I wanna request to my mom  
In my next life I wish to see myself as your daughter  
So don't cry for me my mom  
I am always with you  
I may walk away from your life now  
However not from your dream & life  
As I wasn't meant to live on earth  
My god has given me this much life span  
So I have to say goodbye to all

# A Sad Story Of A Little Girl

I saw a Tiny little girl, Sad and all alone  
Was sitting at in front of a gate  
She was a small little girl

Nearly seven to eight years old  
I found she was crying  
I asked the reason  
in a very weak tone she gave me answer  
No one else in my home  
Tears fall from her two beautiful eye  
Then she wiped away the tears  
& tried to act as strong  
She didn't wanna show her pain,  
& as she afraid to anyone  
I heard a noise from that home  
lock the door and let her out for forever  
We don't wanna see her face further here  
I could not understand what was happening there  
& she also didn't tell anything to anyone  
a lady came from that house  
she looked up at her  
'oh my master'  
I will never ever do the same mistake further  
I saw a some kind of deep Pain in her eyes  
In a very load voice that lady told  
'We couldn't give you another chance further'  
She looked down at her feet,  
and quietly says 'Ok.'  
What's wrong with me?  
Why you punish me  
I didn't do any mistakes further  
& I need money for my sister's surgery  
I can't live without work  
As I really need  
I felt a lots of responsibility little girl have  
then I left that place

When I saw her further  
I saw she was trembling in cold & crying silently

As tears ran down her face  
Rain pounded down on the ground  
Her heart pounded in her ears  
As the thunder clashed  
Fear rushed in her veins  
As her father rushed her  
She felt pain throb  
As glass pierced her skin  
No one came to help  
even if no one there for her care  
To stop the Evening Storm of her life  
I could not understand  
How God could hear her cry  
After saw her I could understand her condition

As I knew I couldn't help her more  
I sat & asked her condition  
What was really happening with her?  
After hearing this  
I couldn't bear her story  
Tear drops fall from my eyes  
Is she a girl or a nonliving material?  
How the people become so much cruel  
I could understand how the people use the small poor girls  
It's really very painful  
Some condition is very poor  
Which you couldn't imagine  
It breaks my heart into no of pieces  
I wish everyone should open their eyes  
To see the crimes happening with girls  
Is the girls are the only martial for sex

Oh no  
If you think then you are really wrong  
Now the world is changing  
We will all be together to break you  
&  
kill you into a number of pieces  
&  
we can give you the capital punishment  
Be aware of girls  
They are not your living toys

Even if you can't make them too  
at least fear the Lord  
government & people may become blind  
not the my powerful God, he knows everything  
God surely punish you badly  
when your time will come

# My Only Request Before My Lord

O lord o my lord

U is merciful & kind

Thanks a lot for giving everything

There is nothing with me to give

Except heartfelt respect & love

O lord o my lord

There is only request written on my face

O lord o my lord

Promise whether you can keep it or not

Repair the fortune of the poor small children

They really need you

O lord o my lord

Can you hear me now?

You have given me everything

Whatever I need

I am bowing at your court, have fallen, and recovered

Please listen them & change their life

Whenever I see them

I feel you have given me everything

There is nothing to give me further

I am bowing at your court

Give them who really need you

Do you feel pleasure to give a rich person rather than a poor one?

I always believe

Whoever has come to your door?

Whoever has come to bow at your feet?

You surely listen their words

Can you keep my promise?

O lord o my lord

They are thirsty of love & care

They need your friendship

Open your eyes look at them

O lord o my lord

I am bowing at your court

I never say anything

whenever you did not give me

However today I came to your court

With lots of expectations

One day you can change their life

Can you hear the crying voice of a little child?  
Who lose his parents?  
Can you hear the crying voice of a little girl?  
Who is physically abused?  
Can you hear the crying voice of a mother?  
Who pray before you for her child's speedy recovery?  
Can you hear the crying voice of a father?  
Who pray before you for his family's safety?  
How can you sit silently?  
How can you bear this?  
O lord o my lord  
I am bowing at your court  
I know one day you surely listen their voice  
But when, it's already time to open your eyes  
See how many people are there in front of your court  
For their true judgment  
Only you who knows everything  
O lord o my lord  
You know this is the main reason behind the crime  
Many people dying  
We lose our inner peace

How can you see this?  
You are father of all  
Then why you not rising your voice  
Why you don't change their life  
O lord o my lord  
I am bowing my head before you  
With a hope  
One day you will change the life of everyperson  
After that there will be  
no crime & no war  
Everyone will live in peace  
& will get equal importance  
I know my lord you are very kind Hearten  
I know you surely keep my promise  
O lord o my lord  
This is the only request written on my face

# You Are One

Oh my lord  
Where ever I come to your place  
I feel a kind of fragrance  
&  
I lose my control  
I feel one kind of peace is there  
A peaceful mind & heart  
When I came to your lane  
I only saw the truth  
You teach me how to tell the truth  
As you are idol of truth  
Oh my lord  
Never ever leave me alone  
Now if you leave me  
Then I will not be able to recover  
I had asked you many things  
Had seen so many dreams, had tried a lot  
Every time you help me  
by giving me hope & making me strong  
Whenever I come to your place  
My eyes shaded away from all sorts of worries  
& unknown tears filled in my eyes  
I don't know why  
With bowing head in a second  
I always say  
Thank you for everything you give me  
Thank you for make me strong  
Thank you for your support & love  
&  
showing me beauty in my path  
Sometimes I feel I have only faith on yours  
I feel you are within me  
I feel you're in every breath, in every soul  
I feel you're in every beginning and every end  
I feel in every stare and word spoken  
I feel you in every Nobel work  
I feel you with in poor people  
I feel you're in loved ones and in strangers one  
I feel you're in every part of me

You are my love, my god  
Then why do we search for you  
You are one  
You are present in every where  
& everyone's heart  
Still people search you  
I feel strange  
when one brother kills another brother  
To show his god's power  
I feel there's nothing greater than receiving your love  
Only one request before my lord  
Teach your sons & daughter as you are not different  
You are one, so that we can get a peace  
Come this world & remove all confusions  
O my lord  
I know one day you will give them brain  
To realize this truth

# Live A Life You Love

TO LIVE IS TO LOVE

&

TO LOVE IS TO LIVE.

This is a beautiful song

Which we have to sing now

Life is full of surprises and shocks

While we are planning and deciding

our next move

our course of action

it moves in opposite direction,

without any warning

Still sing this song

TO LIVE IS TO LOVE,

&

TO LOVE IS TO LIVE.

This is a beautiful song

Which we have to sing now

Life is a game play for it

Sometimes you defeat sometimes you win

Still never ever leave hope for win

There is always second chance for you

Stay calm & be patience

It will give you another chance for win the game

So always sing this song

TO LIVE IS TO LOVE,

&

TO LOVE IS TO LIVE.

This is a beautiful song

Which we have to sing now

Life is different

while we spend a lifetime

thinking and planning

everything about life is always uncertain

the only thing constant thing about it is

it is always moving

so keep moving,  
keep smiling always

So always sing this song  
TO LIVE IS TO LOVE,  
&  
TO LOVE IS TO LIVE.  
This is a beautiful song  
Which we have to sing now

Life is to love others  
Sometimes it about our future & our loved ones  
We know someone love you today  
Can you give guarantee they will love you tomorrow  
So love someone unconditional & that also in pure form  
That will never hurt you again  
To expect love is to incite disappointment  
But to accept love is to relish respect  
Love always brings you joy, comfort & security  
Still it is painful & reason of your sorrow  
So be content that you loved & will love  
Becoz love never dies, it always alive in our heart  
But sometimes we hide it  
Becoz we don't wanna hurt

Still always sing this song  
TO LIVE IS TO LOVE  
&  
TO LOVE IS TO LIVE.  
This is a beautiful song  
Which we have to sing now

Live like a beautiful flower  
&  
so spread your beauty over the world  
Life is a beautiful song which always sings for 'togetherness'  
Life is a great school which teach us a great lesson  
Be patience & lovable to all  
Once you achieve these qualities  
You can win over the world

Still it's not easy to do  
However I believe anyone can do

So always sing this song

TO LIVE IS TO LOVE

&

TO LOVE IS TO LIVE.

This is a beautiful song

Which we have to sing now

# There Is No Tomorrow

Life changes its beauty all the time  
Life is a confluence of joy and grief  
The time that is here may not be tomorrow  
Live your life with a sing a song  
It's time to enjoy forget the sorrow  
Sometimes it's a shade, sometimes life is sunlight  
Sometimes you must laugh, sometimes you have to cry.  
Sometimes it's autumn, sometimes it's the rainy season.

So don't destroy your present by thinking about your future

Life changes its beauty all the time  
Life is a confluence of joy and grief.  
The time that is here may not be tomorrow  
Live your life with a sing a song  
It's time to enjoy forget the sorrow  
Live every moment here to your heart's content  
The time that is here may not be tomorrow  
Taking the shadow of your eyelashes  
when someone comes near  
You try to reason with your crazy heart  
Your heart just goes on beating  
Why should we care everything  
We even don't know what will happen tomorrow  
That story may not be here tomorrow  
Life changes its beauty all the time  
Life is a confluence of joy and grief.  
The time that is here may not be tomorrow  
Live your life with a sing a song  
It's time to enjoy forget the sorrow  
Despair might bloom like sunshine  
&

love may shower down like rain.  
Sometimes there's pain & perhaps it can be soothed.  
Live every moment here to your heart's content  
The time that is here may not be tomorrow  
Someone who close to your heart is more beautiful than all  
It's not the facial which attract us  
It's a kind of feelings which is in between us  
Which binds together & connect between us?

Listen your heart's voice you could understand  
The silent tone what it wanna say to us  
Grab onto that person's hand  
He or she may not be so gracious tomorrow  
Life changes its beauty all the time  
Life is a confluence of joy and grief  
The time that is here may not be tomorrow  
Live your life with a sing a song  
It's time to enjoy forget the sorrow  
Sometimes it's a shade, sometimes life is sunlight  
Live every moment here to your heart's content  
someone who make you so special  
never leave that person alone  
world is like our own home  
&  
everyone is our own  
still we need someone who could understand us better  
who will be with us for forever  
love is not a jock  
it's life time resolution for live together  
love never sees who you are & what you are  
it doesn't matter which religion you belongs too  
it's matter only trust & little care  
it's like a glass once it break no one can repair  
if you handle with care it will reflect the beautiful image yours  
handle with love & care  
you need not to do anything further  
so live each day like memorable for tomorrow  
live your life like there is no tomorrow

Life changes its beauty all the time  
Life is a confluence of joy and grief  
The time that is here may not be tomorrow  
Live your life with a sing a song  
It's time to enjoy forget the sorrow

# I, Me, Myself

I am not a perfect girl  
Not having a pretty face for which I can proud for  
My hair doesn't always stay in place  
I am not so talented or genius  
I don't have a lot of friends to share & care.  
I look like nasty and clumsy  
I am just a geek  
I know that I'm a freak....  
When ever I look back  
I feel like how stupid I was  
The mistakes I had done was really like nonsense  
I was a crazy & nonsense person  
I could n't handle anything  
I could n't understand the situations  
I do n't wanna stay in my past  
As it always hurt me again & again

I don't even wanna think about my future  
I wanna to live as gently as I can  
no matter where I was & what I was  
I have only faith and honor on myself  
To do my best and let that stand again  
The record of my brain teach me again  
Never do same mistakes further again  
I am working and hope for victory  
there is no secret place in my life  
It's clear like a glass anyone can see it  
Even if I never wanna hide it  
there is nothing to worry for shame or sin  
that's why I stand alone with a hope  
One day will come when everything will be fine  
I wanna live a life with freedom & unafraid  
No one here to stop me  
I don't like to pretend to be someone which I am not  
I love to live like a person  
Which will be my future identification?  
I am Self conscious, maybe a bit  
I don't care much about that  
I am tougher than anything, which you can't imagine

I can't give up, without even trying  
I wanna fly if required, no limit  
No giving up, in it to win it  
I Believe in true love  
I too believe on it  
But I too fear to lose it  
That's why my heart says "it's not easy to get it"  
As many people come & leave  
It's a usual process in life  
However sometimes I wanna leave some simple mark behind some person  
to keep my having lived in their mind  
I didn't know whether I will get that person or not  
Still I believe on myself  
I can love myself truly  
In this world it's too difficult to get someone who truly loves you  
I believe in luck & believe lucky people only get the true love  
& I am an unlucky girl  
How can I hope for?  
It's just like try to swim on the land  
Still I believe on my lord  
I pray in front of him either send a person who could understand me  
Or don't send anyone whom I could not bear in my future  
I never wanna cheat in my life  
I believe love is very powerful to break you into pieces  
& I never wanna to put myself in that situation  
That's why I fear to love & fear to believe anyone  
I know love is always pure & soft  
It's never rude or false  
But you should need a person like that  
still i have faith on my lord  
he is my boss & everything in my life  
He is my true love & best friend of my life  
He know everything about me  
He knows what is better for me  
That's why I never ever worry for anything  
As I believe on him  
I pray before him Take care of me, just like forever  
I don't have any fear to anything  
I know I can Keep going alone till I finished the race in my life  
If he will be with me  
It doesn't mean I'll have to be in 1st place  
I believe be simple, humble, kind

I won't be afraid to speak my mind  
I Speak out, stand up, under control myself alone  
I am Strong like a mountain, ever-changing as the sea  
indeed that's ME  
My lovely future had always been a dream  
clearly....I had no direction to move further...  
But there's only one thing I know about myself  
I want to do more than I need  
And need more than I want

Yes! ! !  
But what can I do? ? ?  
That's the big question in my mind  
Which irritate me, which breaks me?  
Still I couldn't get any answer  
I can do only one thing  
Live a life as usual & do my work  
I have to complete my journey alone  
It's not easy I know  
Still I can't wait  
'for anyone to stay in my life & say I am here for you'  
If I can't run I have to walk  
As I have got a precious life only once  
I have to continue my journey till my last  
Indeed! that's me  
&  
I am proud to be myself

# Success Journey

Success is a not a journey  
It just a part of it  
Which we get by our work  
that's why  
I never hope for a successful life  
I always hope for a worthy life  
A worthy life has great value than a successful life  
Always remember it  
But sometimes success gives us a hope for best  
I believe sometimes 'success is behind the worthy life'  
when your aim is for a good cause  
when your aim is fulfilled  
you feel a peace within yourself

Which has a power to take all your all worries?  
As I always don't get whatever I want  
this should not be the reason behind of my sorrows  
as life changing all time  
anything can be happen in anytime  
That's why I set onething in my mind  
I have to smile any way  
One smile can hide many things  
Which is my strong point  
which you can take too?  
Never show your weak point before anyone  
As it is the best reason of your failure  
anyone easily can mark your weak point  
so always remember this word  
Life is like a river flow  
It never waits for anyone  
Anything can be happen  
Always remember  
But it purely depends on your work  
What you have done  
That's why i go along life's way  
I am reaping better than i sowed  
I am not a rich person  
I am rich form my heart  
And sometimes the going's tough.

But i've loved all around me  
and that makes me rich enough  
I thank God for his blessings,  
and the mercies He's bestowed  
I am happy what I have  
& I wanna get more love  
I know love is a giving process  
How much you give that much you get  
That's why I don't wanna to hurt anyone  
Thanks my lord for giving me everything whatever I want

I remember times when things went wrong  
my faith wore somewhat thin  
But all at once the dark clouds broke  
and the sun peeped through again  
Thanks my God gives me strength and courage  
Whenever I need & the way grows steep and rough  
I'll not ask for other blessings  
I'm already blessed enough  
& may I never be too busy  
to help others bear their loads  
When I think of how many people  
in this world have worst life  
At that tear fall from my eyes  
I am lucky enough  
You have given me everything  
So what I will beg before you  
I am not that much rapacious person  
I realize just how blessed I am

# My Determentation

Oh yes  
Oh my lord  
I have a determination  
The determination should not to give up  
Once dream means I have to complete it  
The yearning should not stop  
No power is here to stop  
No matter if the destination is difficult to find  
No matter if the shore does not seem clearly  
No matter is the heart is lonely  
No matter how the stony the path is  
No matter how the people looks at you  
No matter what you will get in the end  
No matter whether you will be success or not  
Walk & walk  
&  
talk & talk  
till reach at your destination  
Even if the path is filled with difficulties & tears  
We still have to walk on it & work on it  
Even if the evening hides the sun of happiness  
The night of grief will definitely pass away  
This season grief will change  
Determination will overcome all difficulties  
There will be a new dawn  
There is something inside our heart  
Which is not a separate voice?  
which is called as kindness  
If kindness will be shown to us  
We shall receive sunlight even in shade  
I pray to My lord  
That our destination should get us  
May the courage remain in every difficulty  
May the promise be fulfilled  
May the love live long  
May it look too long way  
Still continue your walk & talk  
Until your get the success  
Oh yes

Oh my lord  
This is the determination  
Which i should not give up  
I make a promise today  
No matter what come in my life?  
I will never ever forget my determination  
My determination should be strong like sun light  
Which can diminish the power of darkness?  
My determination should be like rain drop  
Which can save much life?  
My determination should be like dove bird  
Which has power to spread the peace everywhere?  
Oh my lord  
Can you fulfill my one determination?  
This is my one & only final  
This is the determination  
Which I can't give up

# Stay Away From Negative Thoughts

Kick your negative thoughts

Say them good bye

Shout with a cheering tone

I am enjoying with my present status

I don't wanna need your presence

I wanna say good bye

Just stay away from me

I know

Positive & negative thoughts are always bonded with us

No one can free from them

However anyone can change their way of thinking

& can avoid them from their life

It's the worst kind of suffering

Is the dark night of the soul?

Negative thoughts of the lesser self

The negative thoughts are like thrones on a beautiful path

It creeps in stealth, like a thief.

It brings the despair of hatred

And chokes out the life race

Which has power to break you inside?

Which has power to push you back to that failure days?

It's your decision what you would take

Only two option left behind

Either positive & negative

Negative thoughts break you

Negative thoughts, can keep you out of all good sorts,

It can bring you down and traumatize you.

However positive thoughts has a power change poison to medicine

Shout with a cheering tone

I must take first responsibility

To change myself & defeat

The ugly inner negative thoughts affect my life

I don't wanna it any more

I wanna say good bye forever

# There Are Some Questions For You

Oh my dear God  
There are some questions for you  
Why do people suffer?  
Why are there war and crime and sorrow?  
My parents always tell me  
You have the power & you are the father of all  
So why you don't stop the war

I wanna see my world full of peace & love  
there're things that I so dearly need,  
I hope you can fulfill all.

Oh my dear God  
There is another question for you  
How can you allow others to suffer tragedy  
if you would help me get the peace  
I'd be more at your call.  
Some people condition is very much bad  
Like criminals and evil ones  
it seems like things are so unfair,  
why let it carry on?

oh my dear God  
There is another question for you  
Why give so much freedom, to people  
to those who spread such evil,  
through wars and greed and hatred,  
and actions of the devil?

oh my dear God  
There is another question for you  
this does not seem so easy  
To spread peace in this world  
it looks like we must take  
Responsibility for all  
the choices that we make.  
The price we'll have to pay,  
Give up what we do not need  
& work and serve and pray.

Thanks my god  
Now I am getting some idea  
How to save my world  
                  thank you my god  
I love you

# Life Is? ? ?

Oh my dear  
listen something  
Life is full of up & down  
Sometimes it is exciting highs  
Sometimes it is depressing lows  
There be plenty peaks and troughs  
It's your attitude to life that determines your destination  
Our attitude is like a mirror  
Which reflects us back?  
Our thoughts, our words , our actions  
So be careful what you think & say or do  
So always do your best  
Life of purpose that is so  
Do what you want  
Don't care what others say or do  
As everyday is a new day for you  
&  
Try to remember to remain positive  
Learn to ride over your sorrow  
Appreciate yourselves when you do best  
try to analyze when something wrong happens to you  
as it is indirect path show you to way to your destination  
So be brave and do only what you can do  
Learn to enjoy the ride of life  
with its many exhilarating highs  
And sometimes depressing lows  
Life's just like that

Just say I'm not afraid

I wanna do everything

# Oh My Belove

Yes I am smiling  
Yes, I am enjoying  
Is there must be some reason behind  
Is there someone behind my dream?  
O god  
Why I fall in love  
Why you steal my heart  
What has happened to me after coming into your ways  
I am just sited here?  
&  
Your love is showing me heaven  
Half of my heart's story is you  
I feel you inside me  
I am seeing this world with your eyes  
I am touching anything with your hands  
Sometimes I am speaking Ur language  
nothing is left in me as mine  
Everything is yours  
Why did everything become yours?  
Oh what is this happened to me?  
Am I in right condition?  
There is silence in the noise  
Is this because of you  
it is only you whom I meet, only you?  
there is slight unconsciousness that is because of you  
even if I try to break it, it is not breaking  
the bond of faith that is made with you  
I have prospered because of you  
what ever I have become now is because of you  
I find the roads, I find the destinations  
because of you  
You are my path shower  
You are my everything now

# My Life Journey

Our life is a beautiful journey  
Journey of life is an interesting book  
each book contains many unique stories  
some books are short & some are long,  
Listen more carefully and you will learn many thing  
Before looking others & their life  
Have a look on you self  
How you started your journey  
Remind how you enter to this world  
&  
Who is the person behind of your smile & life?  
Ah!  
I remember  
How my life begun

My life begin with something so small  
Innocent baby, could barely crawl.  
Then I grow into a child  
I passed my teenage years  
Which is most romantic time & P>  
Still I was no romantic at all  
Then some imagination comes in my mind  
What would be the next?  
Hope it would be somehow like this  
After my teen age I reached at my adulthood  
Try to find myself with in the crowd  
Unique experiences will be in every where  
Only memories left in my mind.  
After someday I will become so busy  
In searching my life purposes  
My life will be converted into like this  
Sometimes it will become dizzy  
After some Years go by, my continue to age  
I'll approach to my final page.  
The main truth of my life  
Death converts  
&  
It is the end of my life  
Then my journey ends there

&

I became just like a full stop

If your life cycle would be like this

Did you find any interesting?

If you are interested in making your life interesting

Then mix some love & care in your daily journey

Like a flower spread your fragrance among all

See the difference

We have no time for quarrel

If we are in right path

Why we care for others

What they think about us

Always remember no one is yours

This world is full of competition

You can't get any well wiser

That's why Follow your heart & mind

your mission is one

Listen to your inner voice

Live your life, through your choice

The point is to love, what you are doing,

live every moment

Excited & be delighted

Always look forward, to what is ahead

Living life to the fullest is up to you

Life's too short complain all about your worries

flush all sorts of negativity from your brain & negative people

&

Enjoy the present moment

# Be Owner Of Your Own Boat

oh my lord  
show me the way  
show me the path  
which i can cross  
i am not saying give me something  
which i can't handle  
i am not saying give me something  
which can't be mine  
i am not saying give me something  
which i can't achieve through out my life  
still i am saying give me little hope  
give me little courage  
give me little knowledge  
so that i can fulfill my dream  
i know it's not too easy to get something  
some people too blessed  
still some live with their unfortunate  
when ever i think about my sorrow  
something come across in my mind  
what's about those  
for whom you are totally blind  
i am very happy as i have everything  
i am the happiest person in this world  
as if i know  
oh my lord  
can you do something for me  
can you promise me to fulfill this  
i wanna see my world  
free from noise, war & poverty  
i wanna see my world happy & in a beautiful way  
i wanna see everyone happy in their way  
i can't see anyone in crying face  
can you fulfill my this dream please  
i never demand for wealth  
i always wish for peaceful earth  
i never demand for, which i can't solve  
i always beg your help me to solve the problem, which i can  
i never demand for punish anyone  
i always demand for give them moral thoughts

as now a days people are becoming so rude  
i never fear for anything  
i only fear, whether i can fulfill my dream or not  
that's why so much foggy thoughts comes in my mind  
many 'yes' & 'no' possibilities are there  
i know in this world no one is yours  
&  
you have to walk alone in the empty street  
everyone will support you  
however no one will help you  
you are the only sailor of your boat  
as i have seen  
sometimes big storms were coming  
which disturb my peace of mind  
i couldn't understand where i had to go  
as wind & my boat direction was different  
still i hunger for survive & reach at my destiny shore  
as i am the only person to handle it  
&  
no one was there to stand besides  
as people have their own boat  
they have different problems  
no one has time for yours  
so never expect from anything from anyone  
however try how much you can give from your side  
life is like a boat  
we all are busy to handle our boat  
many thunders & storms will come  
still u have to be strong  
&  
be prepare for the worst  
try to handle the situation alone  
'what i learn from my life'  
my life is like a boat  
i wanna handle it alone  
as i don't know what will be the next  
whether anyone will be there or not  
even if i never expect from others to come up  
&  
help me to save me from the big storm  
as in my life i have passed many storm alone  
when i begged help

alas! every time i found empty hands  
some times i found something wrong  
while solving one of my problem, i faced another problem  
which made me wise to take the wise step in every situation  
which teach me never believe anyone in this world, blindly  
some people love to see you in problem  
&  
some love to see you in worry  
however i can't understand  
why the world become so complicated  
'as some people really cares about you'  
however most of the people love to see  
that you have the problems  
oh my lord  
can you tell me why this world is so complicated  
why one person can't see the success of another one  
why one pull another leg  
why one can't see another happy  
why one person become enemy of another one  
why! ! !  
do you have any answer of my questions?  
i don't know whether you have any answer of my question or not  
but it helped me a lot  
which makes me strong to live a life in my way  
that's why i never demand for help also  
as i know in this world getting help is very costly  
&  
no one will be there to stand besides you except your parents  
as i learn to stand alone in every storm & thunder  
hope now!  
you can get some idea how to live a life  
as you are the owner of your boat  
you are well known how to handle it in difficult situation  
life is like a boat  
everyday you have to meet different situation  
&  
have to face some problems  
which will helps u to become good sailor in your future  
as a silent sea never makes you a skillful sailor

# Live A Worthy Life

Oh my dear  
It's your life, live it fullest  
Make every moment as happiest  
There is no tomorrow  
Live life as like there is no tomorrow  
That's why make it worth living  
Give how much you can  
There is nothing you can't  
Give your best effort in everywhere  
One thing I learn from my life  
That's never ever give up  
Once you give up it's very difficult to stand up  
I remember, when I was child from that day I was very competent  
That's why I face many difficulties & accept many challenges  
I never take myself as a girl  
I always believe as if I can do everything  
I remember when I got math scholarship  
Many people comment me as I remembering mathematics

When I got scholarship many people are there comment like  
&quot;How I got it &quot;& show fingers towards my parents  
Still I never give & I accept their challenge  
& tried to show that i am not weak  
i can do everything  
Yeah! there was a moment where I fail to success  
I fail to achieve my main aim  
Which demoralize me & brook me into pieces  
My whole eighteen years labor went in vain  
Which brook me inside  
However that was my first step to failure  
After that I never succeed seriously telling  
Many times I faced injustice  
From drawing competition to essay competition  
There was one break even point  
Where I decided  
no! it's over  
I can't tolerate more  
I have to raise my voice, I have to be strong  
I have to show myself that i also can do better

I can't allow others to suggest me not to do something  
I came this world to do everything  
My greatest drawback of my every failure was  
I always care for other emotions  
Which always pull my leg down?  
now i understand except my parents & teachers  
No one is my well wiser  
My great mistake was i believe everyone blindly  
I remember that day  
when I start writing , people took it competition  
When I start drawing further people comments me as I do copy  
which made my mind confuse, what to do  
however now i can get my conclusion  
it was their planning to pull my leg down  
However this time I fully decided to 'never ever give up'  
i already set up this thing in my mind  
As in my life I gave up many things  
I understand what is today's life is  
I am not saying don't care about others emotional  
Still be wise & take the decision in according to situation  
This world is full of competition  
what I learnt from my life  
Everyone wanna be success,  
that's why I wanna say be strong & wise  
See every situation & the words of people  
I love to analyze & I learn if you analyze the words of various people  
It may helps to take the future decision  
A simple word tells a person's mentality  
Always remember, so keep it in your mind  
Life is your, that's why never give up  
Keep your head up & say I can't give up  
Make your life worthy  
You never know what may happen tomorrow  
So live for today, make it memorable for each day  
Live a life like other can take you as an example  
Make it so worthy living  
However worthy living comes from lots of learning  
when I know I am right, i never listen others  
Even if I never do anything wrong with anyone, never hurt anyone  
i always hurt badly  
however i wanna say one thing  
I am trying for survive & I wanna get myself identification

that's why i can't give up  
That's why I wanna be expert in every field  
As I don't know what will be my next  
That's why I am preparing myself from today  
I can't forget those days "how I suffered a lot, how much I cried  
& I found no hand for help  
& I brook down into pieces, how only failure left in my fortune  
Even if I never did any mistake  
Still i never leave my principle  
what ever i the situation came in life  
I may break, still never choose any wrong step  
What my god teach me everyday  
i wanna to give how much i can  
I always try to help others, still sometimes you have to suffer  
As this world is not that much good enough  
they don't allow you for success  
One painful cry, one painful moment taught me one thing & made me strong for  
forever  
When i begged help, i found no hand at that moment  
no one try to understand me  
& wanna to stand besides me  
That day was most painful day for me  
That's' why I wanna thanks those people  
who helped me to make me strong enough  
Who show me my inner hidden talent?  
now i forget all & forgive all  
still i can't forget those days & the lesson i learnt  
As the first time I did n't understand how the world actually is  
However now I can get it...  
It taught me a great lesson "never ever give up";  
As no one is yours  
I lose many friends when they saw me in success  
I lose some friends when I did n't agree with their words  
As I knew why they were telling these  
I knew the whole world very complicated  
everyone play game with you to down you  
That's why i wanna say to you  
listen your inner voice  
it will never cheat you  
So that no one can motive you in a wrong way  
You can see a person's outer face not inner face  
Now I understand what is life actually is & how to live it

Now I give emphasize on few good friends rather than more friends  
I love to learn different mind  
So that I can't face problems in my future life&quot;  
That's why I wanna say be yourself  
As you don't know what will be the next  
So Never take my words in negative sense  
I am saying what was happening with me  
I am saying the reason of my failures  
I can't see others also face the same mistakes  
Oh my dear  
Hope you understand me  
Why I am telling these things  
I am saying because I wanna see your success  
I never wanna see the failure of anyone  
But I could n't understand why people want my failure  
Why they can't see my any success  
As I am a girl  
Or what's problem with me  
I seriously I wanna to know my problems  
can anyone tell me  
I know till now I never try to hurt anyone  
I always care for everyone  
is that the reason people try to hurt me  
Still now also I suffer, still now also I cry  
Every time I ask my lord why these thing happens with me  
Am I exceptional? ? ?  
After that I always get one answer

This is life, it will first break u then make

you

That's why never worry for any storme  
It will pass according to time & situation  
But it's upon you how you tackle the situation  
Live your life fullest & make it worthy  
By making everyone happy  
this is a great lesson i learn from my life  
I never wanna to see other to face the same situation  
that's why i wanna share with whole world  
never take it as a negative sense  
please understand the concept & the reason of my failure  
this is my aim is to tell the whole world  
why i failure  
& i don't wanna see other also face the same situation

it can be happen with anyone  
so be wise & take the every step in well matter  
it's your life  
live it & show others  
that you can make it worthy

# One Request Before My Lord

O lord o my lord

U is merciful & kind

Thanks a lot for giving everything

There is nothing with me to give

Except he artful respect & love

O lord o my lord

There is only request written on my face

O lord o my lord

Promise whether you can keep it or not

Repair the fate/fortune of the poor small children

They really need you

O lord o my lord

Can you hear me now?

You have given me everything

Whatever I need

I am bowing at your court, have fallen, and recovered

Please listen them & change their life

Whenever I saw them I feel you have given me everything

There is nothing to give me further

I am bowing at your court

Give them who really need you

Do you feel pleasure to give a rich person rather than a poor one?

I always believe

Whoever has come to your door?

Whoever has come to bow at your feet?

You surely listen their words

Can you keep my promise?

O lord o my lord

They are thirsty of love & care

They need your friendship

Open your eyes look at them

O lord o my lord

I am bowing at your court

I never say anything whenever you did not give me

However today I came to your court

With lots of expectations

One day you can change their life

Can you hear the crying voice of a little child?

Who lose his parents?

Can you hear the crying voice of a little girl?  
Who is physically abused?  
Can you hear the crying voice of a mother?  
Who pray before you for her child's speedy recovery?  
Can you hear the crying voice of a father?  
Who pray before you for his family's safety?  
How can you sit silently?  
O lord o my lord  
I am bowing at your court  
I know one day you surely listen their voice  
But when, it's already time open your eyes  
See how many people are there in front of your court  
For their true judgment  
Only you who knows everything  
O lord o my lord  
You know this is the main reason behind the crime  
Many people dying  
We lose our peace  
How can you see this?  
You are father of all  
Then why you not rising your voice  
Why you don't change their life  
O lord o my lord  
I am bowing my head before you  
With a hope  
One day you will change the life of everyone  
After that no crime & no war will there  
Everyone will live in peace & get equal importance  
I know my lord you are very kind Herten  
I know you surely keep my promise  
O lord o my lord  
This is the only request written on my face

# You Are One My Lord

Oh my lord  
Where ever I come to your place  
I feel a kind of fragrance  
&  
I lose my control  
I feel one kind of peace there  
A peaceful mind & heart  
When I came to your lane  
I only saw the truth  
You teach me how to tell the truth  
As you are idol of truth  
Oh my lord  
Never ever leave me alone  
Now if you leave me,  
Then I will not be able to recover  
I had asked you many things  
Had seen so many dreams, had tried a lot  
Every time you help me by giving me hope & making me strong  
Whenever I come to your place  
My eyes shaded away from all sorts of worries  
& unknown tears filled in my eyes  
I don't know why  
With bowing head in a second  
I always say  
Thank you for everything you give me  
Thank you for make me strong  
Thank you for your love  
& showing me beautify my path  
Sometimes I feel I have only faith on yours  
I felt you within me  
I felt you're in every breath, in every soul  
I felt you're in every beginning and every end  
I felt in every stare and word spoken  
I felt you in every Nobel work  
I felt you with in poor people  
I felt you're in loved ones and in strangers one  
I felt you're in every part of me  
You are my love, my god  
Then why do we search for you

You are one□

You are present in every where & everyone's heart

Still people search you

I feel strange when one brother kill another brother

To show his god's power

I feel there's nothing greater than receiving your love

Only one request you before my lord

Teach your sons & daughter as you are not different

You are one, so that we can get a peace

Come this world & remove all confusions

O my lord

I know one day you will give them brain

To realize this truth

# My Purpose Of Life

My life purpose is to experience & learn from it  
My life goes in all of its many forms  
as fully and consciously as possible,  
and  
Wanna to bring positive change into this world.  
That's why my intention is to treat myself better  
So that I can be a achiever  
I have to learn to love myself in all my humanity  
and  
To remain conscious of  
Who and, what I really am, why god has sent me here  
May god's intention is to provide a loving, nurturing the world  
It is my intention to do what is best for all  
I promise I will be calmer, gentler, kinder and  
more patient, tolerant and peaceful with each moment.  
Whatever the situation comes  
I will never break & band  
It is my intention to experience everything that I can  
that should be in the way of love & smile  
Because these two things make my day  
Whenever I see this entire big, beautiful blue planet  
I smile & feel how much blessed I am  
We all are so same  
Suddenly something strike in my mind  
Then why we are quarreling with each other  
Is it the propose of our life or the way of our living  
Why the war is happening why people are becoming cruel  
Is there any secret behind it  
My intention is to find out the truth & show it to the world  
Why we forget we all are one  
We are only different from geography  
Not by heart & mind  
Why we forget we all love each other  
Is there anything behind which pull our leg & change our mind  
Is it religion or anything?  
Which kill the humanity, which is our greatest enemy?  
Which is within our heart?  
People were & people are suffering from this  
This is not today's case & I wanna abolish it totally

My intention is to show GOD IS ONE  
I wanna meet many more of our people of our Universe.  
I wanna love to talk with everyone  
Because I love all  
I believe we are made up the same material  
If all everything is same  
How can we different  
I love the way I am  
&  
No one can pull my leg  
It's me & I & my mentality  
My intention is to care deeply for the life force in everyone  
and  
Teach the people the meaning of freedom & live a life fullest  
Which I love most  
We the God's creature & no one is here to kill us or suppress us  
Without our decisions  
I also welcome all my brother & sisters of the universe  
Let come to change for the good of all.

# My New Year 2013

The time has come to say good bye  
A year of happiness and of sorrow  
Yesterdays are ghosts haunting the past  
by grace and forgiveness, they don't last.

Oh my lord

I would ask for a world free war  
I pray the war will end soon  
So we'll have a better tomorrow.

Oh my Lord,

I would ask for a holy year  
Spent in the perfect will  
Help everyone to walk in every steps

Oh my Lord,

I would ask for a trustful year  
Give everyone the faith divine

Oh my Lord,

I would ask for a year of love  
spread love in everywhere

Oh my Lord,

I would ask for a year of prayer  
Teach everyone to walk with thee

Oh my Lord,

I would ask for a year of joy  
The peace, the joy divine  
Be the days of shade or shine.

Oh my Lord

I ask for a year of hope  
A year of joy & peace

# Am I Right

A dream  
In which I feel my life  
Which already take my nights?  
Strange but it's true  
I never feel any difficulty in it  
As I have passed many storms in my life  
I love to take challenge & I too love to fulfill it  
Still there is a little fear in a corner of my heart  
& a little space for confusion also  
Where & how I have to start  
Am I going in a right path?  
I couldn't know how to fulfill it  
& what will be the next  
Many questions are roaming in my mind  
The only thing I know 'that's I am honest'  
I am honest to my duty  
& I can't compromise with it  
People say I am selfish  
However nobody knows  
I love to make friendship  
But I too hate duplicate & lie  
I am not too wise or talented  
However I can read a mind in a very good way  
When people say I am selfish  
I just smile & I tell to myself  
No one can understand me  
It's my way  
I love to do work as much I can  
That's why I wanna to busy myself  
That's the only reason I can't give my time to everyone & everyday  
I love to enjoy my life  
However before that I have to do lots of things  
I don't know how & in which way  
That's why I am serious about my each day  
I love everyone purely  
Yes I too hate being complicate  
I believe everything is possible  
In the same way I believe it's not too easy  
In night many sounds beat in my heart

& that's sound for wake up  
Just like Someone says  
How much you sleep  
Is it my inner voice  
Which make me restless  
which says me everytime  
Did you forget your propose of life  
Suddenly my night become sleepless  
Still I couldn't know how to get it  
Is there any way to get?  
I never ever lose hope  
Never lose hope for the best  
No doubt I face many defeat & criticizing words  
Still I never ever give up  
People says my mind is flying  
Oh yes, I am laughing  
Because my dream is big  
Sometimes I laugh at me  
Why I give promises if I couldn't fulfill it  
Is there any way to fulfill my dream?  
My dream is not so big  
As little as you see  
But it can give smile to many faces  
I can't waste my life worthless  
I came this world for some proposes & some reason  
How can I forget it?  
However my mind & heart says  
How & in which way I have to get  
Still I am dam crazy to get it  
You can tell me crazy mind  
& I say I love to listen it & I admit it  
Because I believe nothing is impossible  
Still I couldn't understand how to get it  
Is there any way to get  
My dream is not to be RICH or touch the SKY  
Don't be confuse with it  
It is very small like a small flower  
Just spread LOVE & CARE everywhere  
I am the person who only know her duty  
& I really too love it  
Just wait! is there something I am missing

Sometimes My heart says it  
That's why some confusion inside me  
AM I RIGHT

# Can We Appeal For Peace

Night already fall down  
& sun hides himself with in a cloud  
Star already ready for dazzling in the sky  
Somehow I am still here with a broken hope  
Can we make some change?  
Is it possible?  
I ask once & twice then further I stop my mouth  
We are not here for ourselves  
God send us for some proposes  
Did everyone forget this?  
Then why not taking any steps  
Life is full of up & hill  
Still I believe nothing can alter Ur peace of mind  
I believe no strome has power to beat me  
Until & unless I don't want by myself  
My heart & mind is not separate  
They both work together  
Still sometimes some foggy thoughts  
Change me for a while  
I believe heart always not break for love matters  
Sometimes it breaks  
When something our heart couldn't accept  
When it sees injustice & lie  
A silence cry inside me  
How much we tolerate these things  
Can anyone stop this?  
My heart ask a silent question to everyone & everyday  
Can anyone stop this?  
We wanna live  
We wanna fulfill our dream  
Can you give me smile?  
Can you help me fight against injustice?  
Can you request everyone for peace?  
Can you promise me these?  
It's heart of a girl who cries for get justice  
Who demanded for tremendous change?  
In judiciary system in a nation  
We all may be different from each others  
But our heart & mind is one

One cry for another  
Can you come & cry with me  
Or  
Help me to fight against these  
Which is directly proportional to peace?  
Education & science are not mean for destroy or money  
However it has power to triumph over wild  
& tremendous change to get the peace  
If you properly utilize this  
We all should remove the word like war from our heart & mind  
As We all are altruist  
We wanna see our earth a peaceful place for all  
Where there is no space for evil  
Can we dream for it?  
How can u smile when someone is crying?  
Can you do like this  
If you do then I believe  
Humanity died for a while  
I hate to see  
When small kids crying for getting peace & smile  
& became whole life lonely without getting their parents  
& begging in front of you for get some food for live proposes  
I hate to see  
When a girl cries for justice & alas kills herself  
When her toleration beyond her limit  
I hate to see  
When tears remains in the eyes of old days of old parents  
When they saw their son dead  
To save his brothers & sisters  
Just close your eyes for a while  
Imagine it with a real pic  
Your heart will breakdown into a number of piece  
You can't understand where you exist  
& thanks to lord thousand times  
It's too easy to imagine & write & speak  
However very difficult to be a realistic  
A tremendous change will happen  
When one heart cares about others  
& also feel for it  
Can I request you all?  
For a peace  
Let's pray for peace & abolish cruel thoughts & violence from our mind

Let's pray together before this god  
Whom you pray or believe  
Let's start our journey form today  
for peaceful earth & life

# An Amazing Kid I Ever Seen

One beautiful day I wanna sharing  
Something cute & lovely thing I ever seen  
A cute appearance change my mind  
Make my day full of enjoying  
Whenever I remind it  
a cute smile comes in my face  
How cute that baby was  
His cute appearance change my mind  
Strange but a true thing  
One day Evening Park  
I was sitting & watching my little brothers & sisters  
When they were playing  
Suddenly my eyes fall on one kid  
& I can't took my eyes from him further  
I stare at him what he exactly doing  
He was so cute & so small  
His cute appearance force me to fall in love  
He was trying to walk  
However always falling down  
Again again again & again  
At last I can't saw this  
I ran away to that place  
To holding him  
His cute & sweet smile touch my heart & my soul  
I feel how cute this small kid is  
I wanna help him to walk  
When I hold his hand  
He refused me  
Ohh  
it's so strange  
How brave this little kid is  
Still I was watching his appearance  
I felt what a smart kid is  
He was trying by its own energy  
He never wanna take help from me  
Every time he fall down  
& still he never got tired  
After falling further  
he prepared himself

To stand further  
& manage his two legs  
to start his walking further  
Before leaving that place  
I just kissed over his face  
&  
said god bless u my sweetest little bro  
You made my day  
You are too little  
Still you teach me a great lesson  
What I never ever seen before  
He was really amazing kid  
I learn one thing  
every kid is special & unique  
They teach you something amazing beautiful  
Which you never listen before  
However you have to mark it  
How they are behaving  
Because they are innocent & soft hearten  
Nothing wrong for them  
That's why they teach us most of the beautiful things  
Which no one can teach?  
For them love is everything  
No religion matters, no person matters  
Only matter love & affection  
What is every child's basic needs  
They teach you never fear for failure  
It will continue till your death  
Try to learn from your every mistake  
&  
continue your journey  
till your last breath  
Life is a learning point  
You can learn from everything  
It's your eyes how you look it  
Everyone is beautiful & everything  
Try to feel it  
It's really amazing

# Never Ever Give Up

When life goes rough & tough  
Still never ever give up  
Stop thinking about what will happen next  
Think about the present moment

never fear for shadows and out of the darkness  
there is no need to run and hide  
it's the actual life  
So never give up  
you'll find a shining star without you  
Love yourself & see within you  
How much positive power you have  
You can't imagine how much blessed you are  
So never give up  
Life is a battle field  
So never give up  
Keep fighting till the end  
if you will fall along the way  
You'll get up and try again  
however never ever accepting the defeat  
You are a hero of your life  
Never forget  
So never give up  
It's your journey  
You are well known how to finish it  
so set goals in your life  
However never let negative thought to hurt your soul  
Hold yourself up when you feel down  
Be courageous & be free thinker

So you no need to give up  
Keep yourself around positive minded people  
never dwell on things in the past  
Bad times will come & goes  
So never give up

Who stands on its own effort?

Its finger dug deep inside the sand  
Its branches spread & try to touch the heaven  
Its size is big  
Still it never ever fear for storm  
So never ever give up  
Peace is possible  
One day war will be ended  
I hope it will be possible

# One Request To My Lord

A simple pray before my lord  
Some unknown emotion inside my heart  
My heart beat says  
Oh my lord  
Help those who really deserve  
I don't know why  
Still my heart always pray for those  
Tears fill in my eyes  
Whenever I read the biography of great people  
Great life history  
I always believe success belongs to those  
Who really deserve  
Who really suffer a lot?  
Because they know the actual meaning of life  
As learning always not measure by the age  
I always pray before my lord  
For their success  
Still I don't why  
I don't know whether I will be success or not  
Still I confuse even if not sure  
Whether I am running in right path or not  
However I believe I will try  
Some people really inspiration for others  
Really hats off for those  
How they achieve in a very early stage  
because God truly help them  
as they are truly deserve  
I always believe  
Mother & father is really great  
Who became sleepless to change their child's future?  
Who tried their best to give better education?  
Who have faith on their child?  
It really gives me courage to do something  
Whenever I read the biography  
It's really amazing  
How people really struggle to reach at a certain position  
I bow my head before them  
A heart full pray before my lord  
Help them how much you can

I never ever worry for my future  
even if I am not confident also  
what will be the next  
still i always hope for the best  
because i always believe  
What you will do that much you will get  
Just go on & on  
I learn something beautiful  
After reading the biography  
it always not matter  
how early you became a great achiever  
It only matters  
Live your life fullest  
Pain & struggle will come  
Stick with your destination  
So just kick your problem  
Smile each & every moment  
Show everyone you deserve it  
A life you always dream for  
Still be don't sure  
What will happen next?  
Try your best everyday  
In the end you will surely get your result  
What my heart says  
Just move on  
God will be always there for you  
Now & forever  
who really deserve  
this is a silent message  
which I wanna give to my almighty God  
I know my god will surely listen me  
as he knows everything  
&  
he know who really deserve  
hope sun shine his rays  
&  
moon's cooling rays affect their life  
now & future

# A Dreamless Sleep

A dreamless sleep is all I see  
Peaceful as it may be  
This lovely high, I feel so right  
With thoughtful eyes  
The pain I've forgotten  
I wanna see the positive point of each side  
My heart says  
Forget it all what mistakes you have made  
Forget the all the pain what you have got  
Slip into a dreamless sleep  
I am walking, roaming the empty street  
I feel Tired  
Still my feet wanna to walk one step a head  
As I believe some good thing may happen  
Some good things reflect in my eyes  
& I flush all the bad & negative thoughts from my mind & heart  
I wanna need one more chance to show myself  
All the worst days I burn  
Only ashes remains  
Which I already float in the river  
One question come to life  
Of premature daydreams  
Whether it will come true or not  
Or whether I am roaming in a false road  
Which has no end?  
A thousand heartbeats in the chest  
The final moment of my life  
I have to take it serious  
No words enough to share my thoughts  
Sometimes I wanna stay silent  
The heart accepts what the mind knows  
This is a dreamless sleep is all I see  
Peaceful as it may be

# Be Thankful Always

Always be thankful that  
What you desire everything is not fulfilled  
That's why you look forward each day  
For a new beginning

is thankful  
when you don't know something

Be thankful for the difficult times

Be thankful for what you wish  
However did not get  
Because they give you opportunities for your improvement.  
Be thankful for each new defeat & fall down in your life  
Because it will build your strength and character.  
Be thankful for your mistakes

Be thankful when you're curious & weary  
because it means you've made a difference  
Which make you unique from others?  
Be thankful for good as well as bad people

# Don'T Call Me Refugee Child

Oh! Oh! Oh!

politeness, happiness, humanity

only pain, sorrow, suffering

Nobody is here, to love us

Nobody is here, to be honest

We are suffering without love

We are expecting polite person

We are looking for humanity

alas we couldn't get it anywhere

Oh! Oh! Oh!

Mother where are we?

My mind turned East, West, South and North

I could not believe

I looked all round

I could not get any direction

Where is our actual destination?

Break your silence

Tell me mom where we are

Oh! Oh! Oh!

My mother

can you give me one answer

I have my own name

so why other call me refugee.

My heart aches, my eyes cry,

when other call me in this way

I beg before everyone

Please don't call me 'refugee'

I'm a migrant bird far away from my land

I don't know where my destination place

Still I am alive

Hope for a new beginning of my life

Oh! Oh! Oh!

Mother where is my father?

I cannot find my father

Where he is  
I wanna meet him  
I could not find him  
Where he is  
I need him my mother  
Can you tell me please where he is?

Oh! Oh! Oh!  
My mother  
I need education  
Education is my life  
Buy me pen and paper  
I need education  
I love to study and get educated  
As it is everything for my life  
Please educate me  
Without education my life is nothing

Oh! Oh! Oh!  
My mother  
When you will smile  
Please break your silence  
Talk with me  
I need to hear me  
Why you sit silently  
Oh my mother can you get it

Oh! Oh! Oh!  
My mother  
why you are not giving me answer further  
Don't leave me alone  
I can't walk alone further  
I will not beg you anything  
Please never ever leave me alone  
I will not ask you any question further  
Please my mother  
Listen me further

Oh! Oh! Oh!  
Is anyone here?  
To save my mother  
I beg of you,

Save my mother's life  
I will not come here further

Oh! Oh! Oh!  
My lord saves my mother  
I will not ask you anything further  
Help me once  
hope it will be my last  
Oh my lord saves my mother  
I can't imagine a life

without my mother &

father

# A Little Fear Inside Me

Oh my lord  
Oh my lord  
A little fear inside me  
Can you fulfill my one dream?  
I wanna to fly  
With my own wing  
Can you give me please?  
I know you are listening  
Then why you are not responding  
I know u are laughing  
After listening this  
Did you forget your promise?  
You told me to stay with me  
In my every wish & every dream  
Sometimes I have doubt on you  
Are you kidding me?  
Still I have believe you  
As you told me  
To turn my face in front of sun  
So that my shadow will be in my behind  
I keep your wordings  
& I will do it  
But why you don't keep your promise  
I know you are mightier than all  
You have supernatural power  
I know the good reason behind my every problem  
You wanna to see me as a good person  
& I am trying  
& I will keep trying  
As I promise you  
However for that you have to give me one thing  
That is wing  
I wanna to fly everywhere  
To spread love & care  
Which is my one dream?  
I think you also told me that thing  
How can you forget this?  
What you taught me  
World is like our family

& we should love each other  
& we all should help each other  
To get the peace  
Oh my lord  
Just remember  
Your Nobel words  
What you shared with me  
You told me  
Like a dove bird  
& I am also trying  
However one confusion inside me  
Am I able to do thing  
That's why a little fear inside me  
Can I fulfill my dream?  
If yes  
Than how & when  
Can you give me some hint?  
I am here to listen you  
I need your support & love  
Just pour your blessings on me  
So that I can reach at my destination

# Life's Journey

Oh see  
What a beautiful life is  
Hare we all need peace & love  
Every day is a new beginning  
God pour his blessings on you  
Everyday & every time  
We start our day by praying  
Praying for peaceful world  
& love is our basic need  
Everyday someone coming to this world  
& someone leaving us for forever  
It's lovely as well as bitter truth of our life  
One day we all have to face it  
Still we have to be strong enough  
To face all the situation  
Something we can't change  
That's the life's beginning & life's ending  
That is the true thing which we all have to face  
We all love each other  
We all wanna to be together  
Still one day we have to leave this earth alone  
Whatever the situation may come  
We have to stay strong  
Frightened weak us inside  
As we all are emotionally attach  
With each other  
It's a common thing as we all are human being  
Our heart is like a soft flower  
How much you give water & care  
That much it will give you pleasure  
Spread your love & care in everywhere  
Show the meaning of love  
That you feel inside your heart & soul  
A man without heart  
Is worthless as I think  
Everyone should keep this thing inside in your mind  
Our heart & mind is not separate  
It work together  
However we have to feel it

Life is a beautiful gift  
Try to enjoy it  
Because every time has a great meaning  
One should not forget it

# Never Give Up

When life goes rough & tough  
Still never ever give up  
Stop thinking about what will happen next  
Think about the present moment  
Live & laugh  
&  
say I will never give up  
never fear for shadows and out of the darkness  
there is no need to run and hide  
it's the actual life  
So never give up  
you'll find a shining star without you  
Love yourself & see within you  
How much positive power you have  
You can't imagine how much blessed you are  
So never give up  
Life is a battle field  
So never give up  
Keep fighting till the end  
if you will fall along the way  
You'll get up and try again  
however never ever accepting the defeat  
You are a hero of your life  
Never forget  
So never give up  
It's your journey  
You are well known how to finish it  
so set goals in your life  
However never let negative thought to hurt your soul  
Hold yourself up when you feel down  
Be courageous & be free thinker  
It's your life  
So you no need to give up  
Keep yourself around positive minded people  
never dwell on things in the past  
Bad times will come & goes  
So never give up  
be like a tree  
Who stands on its own effort?

Its finger dug deep inside the sand  
Its branches spread & try to touch the heaven  
Its size is big  
Still it never ever fear for storm  
So never ever give up  
Peace is possible  
One day war will be ended  
I hope it will be possible  
So never give up  
try your best everyday

# Wanna Be Kid Once Again

oh my mom

I wanna be Ur little kid once again

can you pray for me before your God

Some images still etches in my eyes

How you all take my all Decisions

I was the princess for my dad

& how you dress up me

as i couldn't do anything by myself

There was no Race issue

No arguing or fighting about who will stand the fast in the class

No tension about Money issues

As it was always handled me whenever I want

My all requirements are always fulfilled

I never feel anything empty

I hate to be growing old

Sometimes i wanna stop that 'aging' issue

which has only power to stop my growing tissues

&

i know it's impossible

still i wish for

oh my mom

can i say something to you?

I feel like i miss something

Every time a tension kills me inside

What's your future?

I wanna to go back to my childhood days

There was a magic in my daddy's hand

How I always defeated in chess game

I was tempted after that

& every time i decide not to play again

Nobody was prettier than u & dad.

it was really so funny

How I always waited for Saturday & Sunday morning cartoons

How the princess tales were my favorite

Snow-white & cinderella & tom & jerry I watched most

&

Sunday was my happiest day of all

as it tension free day

No teacher, no parents scold you for homework

Still drawing class was there but I too love my drawing aunt  
As she always gave me good grades in my arts  
Which I loved most  
I remind how I couldn't control my emotions  
& kissed on her chick  
Whenever she gave me good marks  
&  
In return I always got two more kisses form my great drawing aunty  
she was really so cute & loving lady  
Still some cruel teachers were there  
who gave us heavy homework for Sunday  
& most of time I hate to do that  
I knew everything but I was so lazy to do it as homework  
It was really funny  
how I punished & act like crying  
as our mind worked fast  
we always got different ideas how to escape from the teachers  
Some teacher were really very kind hearten  
still some were very cruel  
It was so funny  
how we called different teachers in our unique name  
That was really amazing time  
How our every mistakes were always forgiven by others  
No tension to world & no one matters  
Only matters love  
oh my mom  
I miss those days  
I wanna go back  
Now the life became a busy schedule  
Now there is a great fear to do any mistake  
Problems in every steps  
Sometimes my State of mind Wrinkles showing  
Life is unkind  
I feel like its really full boring  
Nothing to enjoying  
Tension for your duty & life achievements  
Sometimes I feel let's enjoy the life  
Forget it all  
Now I only wish for enjoying life  
I will try my best as I can  
As it is very short  
but I always believe childhood life is best life ever

As balloons & pillow were the ultimate weapon  
Worst fight was between your own siblings  
That was also so funny  
how we fought in a small matter  
Fight also converted into love in a few second  
your parents were your great protectors.  
Really you don't have to take any tension  
When I growing older  
Fight meaning is changed  
Which can take many lives & the main weapon is nuclear bomb  
The fight is now in between two religion & two nations  
This is the worst & even if silly as I think  
Which unnecessarily take many lives?  
That's why I love my childhood day  
as that was the best  
there was no difference between us  
as we all were same  
no religion matters & no person  
only matters friendship & love  
oh my mom  
Can you give me back my childhood days  
It's my only request before you  
& even if before my lord  
As I know it's not possible  
But yes I can pray for a healthy world  
with lots of love & mutual understanding  
another wish before my lord  
to convert the mind & heart of adult  
In to a child heart  
Because a child is a message for love & peace  
That's why I would love to be a KID once again! ! !  
oh my mom can you promise me  
to pray about this matter in front of your lord  
it's my great message to all the human being

Little stars are blessings you from the above

Oh my shining star  
Oh my sun shines

I wish your shining rays

Let them speak what they want  
It's a positive feedback for you  
See their words  
Watch your action  
Take a wish step in every section  
There are many positive rays within you  
Let them explore  
& allow them to affect you

Because it's really suits you

& weaken the power of dark  
Let your shining energy sprinkle over all

The entire corner & each heart of each person  
You have the power to diminish the power of dark  
You are also getting little bit closure  
Try to touch the sky everyday  
Then only you can reach one day

Oh my shining star  
Oh my sun shines

Let your all experience to explore  
Utilize it in your work  
As you are a very good learner & knowledgeable person  
You are well known  
Which things really affect your life & what you really suffer?  
Never do those things with others  
It's the wise decision you can take  
Dazzle sunshine within you  
You know you can do  
There is a power within you  
Don't hide it within yourself  
Let them explore  
You can be a great person  
Try try but never tired  
One day you will reach at the point which is your final destination  
It's my little wish for my little sunshine  
Wish each day brings you a new smile over your face  
Keep smiling & go a head  
A bright future is a head  
Do you job & see the result  
Oh my little sunshine  
Keep shining & smiling  
It's the only wish before my lord

Oh my shining star  
Oh my sun shines

# A Sad Story Of A Tiny Little Girl

I saw a Tiny little girl, Sad and all alone  
Was sitting at in front of a gate  
She was a small little girl  
Nearly seven to eight years old  
I found she was crying  
I asked the reason  
in a very weak tone she gave me answer  
No one else in my home  
Tears fall from her two beautiful eye  
Then she wiped away the tears  
& tried to act as strong  
She didn't wanna show her pain,  
& as she afraid to anyone  
I heard a noise from that home  
lock the door and let her out for forever  
We don't wanna see her face further here  
I could not understand what was happening there  
& she also didn't tell anything to anyone  
a lady came from that house  
she looked up at her  
'oh my master'  
I will never ever do the same mistake further  
I saw a some kind of deep Pain in her eyes  
In a very load voice that lady told  
'We couldn't give you another chance further'  
She looked down at her feet,  
and quietly says 'Ok.'  
What's wrong with me?  
Why you punish me  
I didn't do any mistakes further  
& I need money for my sister's surgery  
I can't live without work  
As I really need  
I felt a lots of responsibility little girl have  
then I left that place  
When I saw her further  
I saw she was trembling in cold & crying silently  
As tears ran down her face  
Rain pounded down on the ground

Her heart pounded in her ears  
As the thunder clashed  
Fear rushed in her veins  
As her father rushed her  
She felt pain throb  
As glass pierced her skin  
No one came to help  
even if no one there for her care  
To stop the Evening Storm of her life  
I could not understand  
How God could hear her cry  
After saw her I could understand her condition  
As I knew I couldn't help her more  
I sat & asked her condition  
What was really happening with her?  
After hearing this  
I couldn't bear her story  
Tear drops fall from my eyes  
Is she a girl or a nonliving material?  
How the people become so much cruel  
I could understand how the people use the small poor girls  
It's really very painful  
Some condition is very poor  
Which you couldn't imagine  
It breaks my heart into no of pieces  
I wish everyone should open their eyes  
To see the crimes happening with girls  
Is the girls are the only martial for sex  
Oh no  
If you think then you are really wrong  
Now the world is changing  
We will all be together to break you  
&  
kill you into a number of pieces  
&  
we can give you the capital punishment  
Be aware of girls  
They are not your living toys  
Even if you can't make them too  
at least fear the Lord  
government & people may become blind  
not the my powerful God, he knows everything

God surely punish you badly  
when your time will come

# Attitude Is Everything

The worst truth of our life  
we never know the time period of our life is  
It shouldn't be easy to be imagine  
Then everything would be

It's the things you fight for

&

Struggle with before earning  
That have the greatest worth

&

That is our attitude  
The more we realize  
The more impact of attitude on our life  
Attitude to me is more important than any facts  
It is much more important then education & money

sometimes we get it from circumstances & failures & success..

we should not care  
what other people think or say or do  
It is more important than appearance

It may make or break anything

This is a remarkable thing  
That is we have a choice for every day  
We cannot change our past as how we were  
We cannot change the fact that people will act in a certain way  
The only thing we can do  
we will stay with our rule

&

That is our attitude

&

Which is with you...

# My Lord

We are this Lord's children  
Lord has given eyes, hands, mind & heart  
I know Lord my Lord  
U helps me in everywhere  
Sometimes I think  
I will do it by myself  
However now I know  
I just can't handle it any more  
Therefore with a humble heart  
On bended knee, before you  
I'm begging you,  
Please, Help Me, I need you  
I know my Lord  
U can remove the chains of darkness  
Show me the path  
Which I meant for  
I know Lord U Help me to walk  
I'm tired of walking all alone.  
So U promise me to give me company for forever  
I know my Lord U Help me to smile  
I can't make it on my own  
So U make me smile everyday by different source  
I know Lord my Lord  
U helps me in everywhere  
Sometimes I think  
I will do it by myself.  
However now I know  
I just can't handle it any more.  
Therefore with a humble heart,  
On bended knee, before you  
I'm begging you,  
Please, Help Me, I need you.  
Come down to this earth for once  
For listen my heart's voice

# One Bad Dream Ever

Oh my dear  
I wanna be good.  
I wanna be with you!  
This is all; I can now  
I confess to you.  
Listen!  
Stay with me!  
Stay forever, if you please!  
Just say yes! For me now  
someone's voice came in my dream  
In my last night  
My night became sleepless  
A voice which irritate me  
I wish I could forget at all  
Still some bad memories couldn't erase at all  
There was a time  
Everything went wrong  
that was worst time ever  
Harder than a silent cry  
I didn't know if I was right or wrong  
still I believe as if I was right  
I remember our friendship days  
How I took you as a good friend  
As I had faith on you a lot  
Alas you break it at last  
You break your friendship on a silly matter  
Which was a jock which I had told?  
I remember I begged you sorry  
Still you never ever forgive me at all  
My heart always tried to forget all those things  
Which you told & which I had told  
I remember the rude voice of yours  
I never ever forget at all  
I wish I forgive you  
Still I can't trust you again  
Because at last I reach at the truth  
Which you had never ever told  
I was mad, yes I might be  
Still I was not fake or rude at all

Now I could not believe my eyes  
How could it all change suddenly at all  
After passing a long time  
Why you come further  
When I begged for help  
I find only some hands  
So I care for them only  
In those bad days I could understand  
Who is mind who is not?  
After the damaging harm  
my eyes says don't be apologize  
Because I couldn't go back  
that's not how you get back to me  
everything went wrong all at once  
I don't wanna to go back further  
Now there is no more memory, no way, no chance  
I wish I could understand  
however the limit is already crossed  
You can't be my good friend again also  
don't take my silence a sign of weakness  
the worst fact is that  
I don't care to any of you  
something is meaningless  
I wonder did I give out the wrong sign  
or  
It's you who don't like to see the red light  
so let's put the blame on me  
&  
Pretend that this fault is mine  
still truth is that  
How could you cross my line?  
Even if I couldn't understand  
How you're so much blind  
should I listen to your words or what you think  
Becoz now your words don't get me easily motivate  
I am well & happy with this life  
Suddenly I listen one voice  
Wake up wake up!  
It's already eight o'clock  
Finally I understood that  
It was a bad dream ever

# Oh My Time

Ohh time Oh my time  
The sun that you stole  
That was mine.

Still I never say you anything  
The house that you threw into darkness  
That Was mine.

Still I never say you anything again  
The moon that smiles in your home now  
That was also mine.  
These all were mine yesterday  
And is for mine today

But I cannot be blamed for this theft  
In every afternoon it always dies  
&

I always weep for the sun  
I am become light less & beam less  
I wish a sun should be upon on my forehead  
&

I beg you for my sunlight.  
To give me back  
Ohh oh my time return me today  
All my precious things  
Along with the sun it is mine now

The sun that you stole

The house that you threw into darkness  
the moon that smiles in my home

These all were mine  
&  
I need it today

# Just Say I Love You Lyrics

Ufff

Oh my dear I love you

Just say I love you

I love you ...I love you

You & I

Strangely we feel the same thing

As if I am searching you inside me

You were not there

However you would be

I would do anything for you

To make you believe

Uff

Oh my dear I love you

Just say I love you

I love you....i love you

Once my eyes fall on your eyes

&

From that days my heart goes on & on

There is no way to leave you anymore

My love so profoundly

I am honest & tell you true

I am the only one good person

whom god has made for you

Uff

oh my dear I love you

just say I love you

I love you....i love you

my love is struggling for showing myself

to tell you how much I feel for you

sometimes I feel

as if I am within you

you may not believe

however I am telling true

today my world is only you

Uff

oh my dear I love you

just say I love you

I love you...i love you

I can capture stars only for you  
one day you see a big tag mahal in front of you  
that will be only for you  
my name stands as great lover in the world  
just wait & watch what I can do  
However before that, tell me just one yes!  
that you love me too  
Uff  
oh my dear I love you  
just say I love you  
I love you...i love you

# A Beautiful Poem On Children's' Day

A child is blessed every day  
A child is innocent  
A child is beautiful gift of god  
So never ever hate them for who they are or how they are

They wanna to fulfill their dreams and & overcome hopes and fears.  
So never ever Hit them or shove them around  
Never ever kick them blossoming dreams to ground.

They waana to remind the adults to dry their tears,  
From hearts and minds, Spirits and souls,  
They love each other with no strings,

So never ever trick them into living with so many pains.  
never treat them like dirt and without respect,  
never cheat them and abuse their innocence,  
never stop them from being a hero tomorrow,  
never crop out them talents for a petty win,  
never hide them from the truth that you fear,

So pray that all of us hold  
To one another's hands and together sing.  
They are our hope.  
They are our future.  
They are the ones who will change our fate.  
They are everything but without our help,  
They are the children, have no day to celebrate  
Today in this land and all around the world,  
I hold in my heart the hopes and wishes,  
With hugs and love

To let them know that this is 'Children's day.'

# Are We Free Today

Day after day slipped away  
Month after month slipped away  
Year after year quickly flew away  
Our Heroes, shed their blood like tears to give us freedom  
to achieve the Freedom and happiness to depth  
our fighters struggled their breath to death.  
That's why now we can celebrate  
India won this freedom decades ago  
Now we can proudly say  
Thanks God we are free today  
Can we say this? ?  
Are we all genuinely free today?  
We must question this every day  
India is changing day by day  
One side poverty increasing day by day  
Infants are suffering from undernourishment  
Their lives are like a dead tree without fruit & flower  
Another side corrupted people increases day by day  
Sometimes we cry for help & help  
Finally we got no true judgment  
Can we say this? ?  
Are we all genuinely free today?  
We must question this every day  
No doubt India is changing  
Is our life style changing?  
Or we are going down day by day  
Can we say we are truly free?  
Where everyday more than ten girls raped  
Child labor & child abuse occurs everyday  
In this situation  
How can you say?  
We are free today  
We must question this every day  
Tortured and fired for no reason  
Our lives, our views are totally controlled  
We feel like communist country everyday  
Inner freedom is chained and imprisoned  
We really know about our rights  
The laws behind every fight

Sometimes a powerful person  
Can do everything with his power  
&  
A poor fear to raise his voice  
Can we say this? ?  
Are we all genuinely free today?  
We must question this every day  
But I believe everything is possible  
May be late but sure  
If we united together  
Let us take a promise today  
Construct instead of destroying  
Let us share & care for everyone in everyday  
Let us wake up & come forward fearlessly  
As we always still awakes and waits for peace  
There is only One solution in every problem is  
To build a new country of freedom and liberty.

# A Bad Dream

I saw in the last night  
I was walking alone in a road  
Two roads already set in front of me  
Confused where I have to go  
That's when the black cloud first seemed to descend upon me.  
I felt different, I felt sad.  
I came home and locking myself in my room  
and collapsing into a state of tears.  
That's when the evil began.  
I realized that I could not move  
Because I tried to get right up  
And all I could do was move my head  
I 'freaked out'  
I thought I was going to die  
I felt that I was paralyzed  
I was actually too tired to focus on anything  
except my dream or my aim  
which was dying in front of me  
I never blamed God for what has happened / had happened to me  
Because I know that He does everything for a reason.  
He will not put you through something that you cannot handle.  
I don't know whether he blessed me or not  
Or he will bless me or not in future  
I can't begin to thank Him enough.  
sometimes i don't worry what people say or think about me  
I make myself strong by saying  
Don't worry about others around you  
And what they are doing.  
Yes, challenge yourself by going up against  
What they think  
But everybody has their own area(s) in which they excel.  
So, focus on being the best that they can be  
At doing something even  
Though they may not be the best at that particular objective.  
I am happy as I have got a blessed life  
I laugh like idiot  
I find my happiness through struggle, sorrow & defeat  
Which few people can get  
That's why I am unique & I love it

# Fear To Failure

Holding a pen  
I gonna to write something  
Some questions which come across in my mind

Why I can't built myself further  
Why I can't strong myself further  
Why I can't dare to fulfill my dream

Is there something which pushes me back?  
Is it the fear of my failure?  
It is a silent threat, not heard only felt  
like the storm you see quietly but forcefully

While everyone has hopes and dreams  
And wants everything that is gold.  
At the same time I fear to say something about my dream  
Is there the fear of my failure?  
Which push me back further

While everybody wants to touch the sky  
That's why they are jumping, jumping off the ground  
At the same time I really all terrified to fly.  
Is there the fear of my failure?

Which push me back further

While we all develop an aspiration,  
and say we are determined, resilient,  
At the same time I fear to determine anything  
Is there the fear of my failure?

Which push me back further  
Many of us shy away with hesitation  
that Fear of failure is a fear malevolent.

# Merry Christmas

It's time to give praises to God,  
Let us sing together in one chord,

For Christmas has come after a year,  
Christmas comes now, at last,  
Christmas comes, like in the past,  
Christmas comes after such a long wait,

Christmas comes and it will be great  
Christmas is all about giving,  
Christmas is all about love,  
Christmas is all about peace,

Christmas is all about joy,  
Closing my eyes & dreaming of a White Christmas,  
Forgetting the world around me, minding my own business.

Listening to the lovely sound of  
Christmas songs around me,

Singing and dancing to the brilliant  
melody.

Watching the beautiful & divine  
snowfall outside,

# My Wishes For World

I wish the World will be better?  
for this what we have to do  
we have to  
Set a watch upon our actions,  
Keep them always straight and true.  
Rid our mind of selfish motives,  
Let our thoughts be clean and high.  
our little dash of purpose,  
effort made to cheer,  
our little more of courage,  
less of doubt and fear;  
our little more of lifting,  
pulling all our weight,

I wish the World will be wiser?  
Then suppose we make a start,  
By accumulating wisdom  
In the scrapbook of our heart.  
not to waste one page on folly

Live to learn and learn to live.  
let us free to spread the knowledge  
our a little less of leaning,  
and leaving it to fate.

I wish the World will be happy?  
Then we have to each remember day by day,  
Just to scatter seeds of kindness,  
As we pass along the way.  
For the pleasures of the many,  
May be oft times traced to one.  
As the hand that plants the acorn,  
Shelters armies from the sun.  
our a little splash of humor,  
To brighten up the way,  
A little joy to follow,  
And linger through the day;  
A little touch of laughter,

To cause a little mirth,  
Is simply what we're needing,  
To gladden this old earth  
I wish the World will be better one day

# A Letter To My Lord

Which is for help?

Oh my lord  
Are you really blind?  
Then how could you see the crime  
We all well known  
Mother & mother land is greater than heaven  
Then how could we kill a innocent woman

Oh my lord  
Replay me please  
I need to hear your silent voice  
A voice which silently support the criminals  
People say  
We the best creature of lord  
However I believe we the worst one

A person having no humanity  
Is well known as evil spirit  
Who come this world to destroy it

Oh my lord  
Can you hear it  
Or are you deaf for a while  
Open your eyes  
Punish them how much you can  
Because they deserve it

If you can't  
Then I'll believe  
That you don't exist

# Voice Of A Victim

It is the rhythmic beating  
in my mind  
Powerful, intense, singing louder,  
finding power as each day I survive  
I am no longer a Victim.  
The word I always hated before  
I am now a Survivor.  
I can't talk to nobody,  
I feel like nobody understands,  
I live as a Victim in fear.  
I live as a Survivor endures.  
I live as a Victim is weak and powerless,  
so I pick up some paper  
And  
Grab me a pen.  
You see me smile, but if you only knew  
the things that I hold on to,  
and  
Just can't seem to let go.  
But I don't really think that I actually do  
I spoke up, no one listened.  
So it continued on and I just didn't mention,  
the road from one to the other  
was a long journey,  
which has no end, only new beginnings.  
As a Survivor has grown strong  
the things that went on that night  
I watched the Moon go down  
the sun came up  
someone was knocking at my door for help  
I couldn't help  
but cry & weep in pain  
Because i was so scared  
Darkness and silence,  
Silence and fear,  
Fear and pain,  
Pain and terror,  
A crack in the door, a sliver of night,  
Rushes of insanity, claws of dreams sink into the mind's flesh,

Please, oh please, let this all end.  
Over and over and over again.  
I think about it  
every now and then.  
Have trouble sleeping at night.  
My mind & heart always says  
I need Courage and peace,  
Peace and support,  
Support and encouragement,  
Encouragement and love,  
that can make me the person like before  
Then I found a solution  
Is to open up and speak,  
But when I spoke  
No one heard me.  
No one try to understand me  
When that voice in my head keeps saying,  
then my heart said  
You wasting your time  
no one cares about you.  
I'm just glad that God gave me a pen, paper, and the ability to write.  
Because when I feel like no hears me,  
I just write.  
there is a rhythmic beating  
in my mind  
Powerful, intense, singing louder,  
I wanna to strong again.  
I wanna to brave again.  
I wanna in love again.  
I wanna loved again.  
I wanna to change myself like before again

# My New Year Resolution

I hate to repeat myself once again  
Half of my year spent in black & empty  
Now I already reach at the end of my year  
My Life cycle flows like a wind  
Which change so much in the blink of an eye?  
Sometimes I wanna to catch up  
However I stand alone with an empty hand  
I don't wanna to repeat the same history  
I need some change  
Some change within me  
I hope it's not too late  
I don't think I will ever come back once again  
Now my head & heart says

Set up your mind once again  
That you have to change  
You can't trash your determination  
It's time to make resolutions  
for I promise to be sincere  
and bring in me a revolution  
I wanna take some time to think about it  
Which can make me better?  
My past life was tough  
Because my decisions had no life  
Now I wanna make a strong Resolutions  
I have set up mind to do something  
Which may be tough?  
I wanna do something for my society  
There for I wanna make some resolutions according to that  
Which will be suitable for me & for my way?  
I'll be kind  
&  
to a helper of mankind  
have my character refined  
With a sound mind  
I'll follow my teacher's advice

&

Follow my great teacher's ideology

beyond doubt I'll civilize  
Lastly I wanna beg sorry to all  
Whom I hurt knowingly & unknowingly  
These are my resolutions  
To bring in me an evolution  
To follow them I'll try my best  
Until then I'll not rest

# My Believe

I believe

That we should care for everyone as we live in a society.

I believe

That true friendship continues to grow

Same goes for true love.

I believe

That you should always leave everyone with loving words.

I believe

That it will take a long time to become the person I want to be.

Because I believe nothing is impossible.

I believe

That there is no word like Luck

It totally depends on your work.

I believe

That change only occurs

When u analyze your small small mistakes

I believe

Miracle only happens

When you understand your own fault before others.

I believe

That anyone can keep going long alone

I believe

That we are responsible for what we do or did

I believe

That heroes are the people who do work with regardless of the consequences.

I believe

That sometimes the people you expect to kick you when you're down

Still there will be the ones to help you get back up

That is loving God.

I believe

That maturity comes from different types of experiences you've had and what

you've  
learned from from your every mistakes

I believe  
That it is easy to be forgiven by others.  
Sometimes you have to learn to forgive yourself.

I believe  
That our background and circumstances may have influenced  
who we are, but we are responsible for who we become.

I believe  
That great people look at the exact same thing what other see  
but see it something totally different.

I believe  
That when a needy person cries out to you  
you will find the strength to help them

How much you can.  
I believe  
winner never quit or quitter never win

I believe  
That cruel & rude way on your way  
Do not make you a decent human being

I believe  
That we should not change our life  
Life will change for us by our works

I believe  
Life is a poem, so write your own story  
Life is a song, so sing your own song  
Life is a game, so play with different tricks  
Life is a full of fun, so lets enjoy it.

# You Remember Me

Time which always just slips away  
and some memories will be left with yesterday

Left with the days & tears

A smile comes in my face

When I think of you

&

Our cheerful days

which making me delight for sometime

Through the time everything changed

Though we go our separate ways

However I can't forget the past days

The memories we made

&quot;I wish you remember me & our past days&quot;

Please remember the past days

The time we were together

&

Promises we made

The time was yours and mine

while we were child and free

&quot;I wish you remember me and our past days&quot;

Goodbye is the painful word for me to say

&

It's sad to walk away

It's true we all will die one day

However it's a painful Goodbye

Till now I couldn't believe my eyes & ears

That you walk away

&quot;I wish you remember me & our past days&quot;

Some images etched in my eyes

How we were together at all situations

You were there for me

&

I were there for you

&

You always made me laugh at my painful days

&

How we share our thoughts

I stood by you & you stood by me

we wrote our names across the stone in the beaches  
time passes so fast  
However we still there where we were before  
which made me cry  
I have only one wish before God  
&quot;You remember me & our past days&quot;

# A Day Of My Life

Like everyday one day I wake up early in the morning,  
Smile at the rising sunrays  
some little birds were sitting on my window step,  
& started to sing a beautiful song in their language  
It was the starting phase of my day  
I wanna make my day more beautiful with beautiful thoughts.  
That's why I take water first feels the water tastes like sweet  
Then jumped in the water & wanna to stay drunk all the time  
then I took some food & started my writing according to my mood  
I saw the sky, it was sunny day  
Some thoughts came across in my mind then my pen start writing  
I wanna sing my heart out to the wide open spaces  
I wanna sing my heart out to the infinite sea  
I wanna sing my vision to the sky-high mountains  
I wanna sing my song to the free.  
I wanna bathe with in the deep blue sea  
I wanna stay happy like this forever  
Then suddenly some thoughts came across in my mind  
Then I stop writing for some time  
The Bitter sweet Memories  
Which I wanna say to Good-bye.  
I'm so afraid to love someone, but more afraid to lose  
once there was a darkness, deep & endless night  
someone gave me everything he had  
Yeah he gave me light  
& I will remember that  
However everything was fake  
I've been trying to get down to the heart of the matter  
however my hearts gets weak  
&  
My thoughts seem to scatter  
it's difficult to forgive but I have to  
Even if he don't love me anymore.  
But I can do one thing  
Forgive & forget that matter for forever  
If I'll live I would only be in my way  
If my future's looking dark  
I the ones who have to shine  
If there's no one to control me

I the ones who draw the line  
Though I know that time has wings  
I the ones who have to fly alone  
then my eyes fall on the endless sky  
It was covered by black cloud at the evening  
Then one thing comes across in my mind  
Our life is like this nature  
Sometimes it's sunny & sometimes it's cloudy  
& it inspired me to look at life from both sides now  
from up and down

&  
Still somehow life is full of illusions  
I really don't know life at all.  
Some thoughts still make me worry  
Is this the real life  
No escape from reality  
Life it seems, will fade away  
Drifting further every day  
I feel I m Getting lost within myself  
Nothing matters no one else  
I have lost the will to live  
Simply nothing more to give  
There is nothing more for me  
Some thoughts further delight me  
Whenever I think my about my mother & father  
Which give me hope to live further?  
Which show me light in my dark mind?  
I have to open my eyes  
Look up to the sky  
I'm just a simple girl

&  
I need no sympathy  
because I'm easy come, easy go  
Little high, little low  
anyway the struggle doesn't really matter to me

&  
I have to show the world  
That I also could do anything better  
Then people gonna treat me better  
I am gonna find, yes I'll  
My day came to end

&

I promised to myself  
My thought & my principle will never be changed  
I may be simple & not soft  
I may be poor but hunger of money not  
I may be helpless but I can help anyone who wants  
I may be in pain but I never give other the feel what I got  
I'll be kind, soft, helpful which is my principle  
Which I have to keep till my last

Then I slept with this thought

# My Love

True loves means to live forever  
where we get our heart in the soul of their eyes  
it's a beautiful feeling  
You never know what you want  
Until he or she made you realize  
where you see thousand dreams for the person you love  
The one and only who could make you feel special  
you can fly a million miles to get your love  
you can stand against the storm for that person  
You can see his love right through your eyes  
like a star revolving around the sun  
it's easy to say I fall in love with you  
But it's too difficult to keep  
Sometimes I wanna love you & trust you  
However I surrender my heart my love to you is difficult

however my heart says

and I'll be here waiting whenever you come

what happens next I don't know  
The stars will shine for you  
they speak what's right & what's truth  
this is for you and me

# Time Waits For None

Oh time oh time  
Just wait for mine  
I can't run with you  
Please wait for mine  
I wanna go back to my child hood days  
The loving memories & the loving days  
Now the world is so busy schedule  
I can't sit in peace for a while  
Many pressures are arising in my mind  
Where I should go, what I should do  
I wanna do a lot  
However my time is short  
Oh time oh time  
Just wait for mine  
I can't run with you  
Please wait for mine  
Every day I wake up with some promise  
However I fail to keep it  
I have to fulfill some dream  
Which is my life?  
Sometimes I feel time is flowing like wind  
However I stand like  
My place is not changing  
I am like what I was before  
Now I wanna to change myself first  
Then I could do anything more  
However I can't do everything in this little time  
Oh time oh time  
Just wait for mine  
I can't run with you  
Please wait for mine  
I don't know when my time will be over  
&  
I can't see the earth further  
However I can do one thing  
As time is not stopping  
I have to run with it  
To say the world keeps walking

# Our Life

Live Ur life to the fullest

No one knows what will happen tomorrow

accept what comes

Try to be master the art of living.

Live one day at a time.

Share Ur thoughts with people

Remember there's a light at the end of every tunnel.

No one knows the power of the individual

So keep trying.

It's the right time to show our talent

Don't stop dreaming.

God is always there to help

So never wait for tragedy

Because the happiest of people

Don't necessarily have the best of everything  
they just make the

Most of everything that comes along their way

You can't go forward in life

Until you let go of your past failures and heartaches.

When we were born

We were crying and everyone around our were smiling.

Live your life so at the end,

you're the one who is smiling

&

Everyone around you is crying.

# One Bad Dream

Oh my dear  
I wanna be good.  
I wanna be with you!  
This is all; I can now  
I confess to you.

Listen!  
Stay with me!  
Stay forever, if you please!  
Just say yes! For me now

someone's voice came in my dream  
In my last night  
My night became sleepless  
A voice which irritate me  
I wish I could forget at all  
Still some bad memories couldn't erase at all  
There was a time  
Everything went wrong  
that was worst time ever  
Harder than a silent cry  
I didn't know if I was right or wrong  
still I believe as if I was right  
I remember our friendship days  
How I took you as a good friend  
As I had faith on you a lot

Alas you break it at last

You break your friendship on a silly matter  
Which was a jock which I had told?  
I remember I begged you sorry  
Still you never ever forgive me at all  
My heart always tried to forget all those things  
Which you told & which I had told  
I remember the rude voice of yours  
I never ever forget at all  
I wish I forgive you  
Still I can't trust you again  
Because at last I reach at the truth  
Which you had never ever told

I was mad, yes I might be  
Still I was not fake or rude at all  
Now I could not believe my eyes  
How could it all change suddenly at all  
After passing a long time  
Why you come further  
When I begged for help  
I find only some hands  
So I care for them only  
In those bad days I could understand  
Who is mind who is not?  
After the damaging harm  
my eyes says don't be apologize  
Because I couldn't go back  
that's not how you get back to me  
everything went wrong all at once  
I don't wanna to go back further  
Now there is no more memory, no way, no chance  
I wish I could understand  
however the limit is already crossed  
You can't be my good friend again also  
don't take my silence a sign of weakness  
the worst fact is that  
I don't care to any of you  
something is meaningless  
I wonder did I give out the wrong sign  
or  
It's you who don't like to see the red light  
so let's put the blame on me  
&  
Pretend that this fault is mine  
still truth is that  
How could you cross my line?  
Even if I couldn't understand  
How you're so much blind  
should I listen to your words or what you think  
Becoz now your words don't get me easily motivate  
I am well & happy with this life

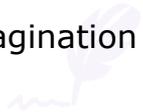

Suddenly I listen one voice  
Wake up wake up!  
It's already eight o'clock  
Finally I understood that  
It was a bad dream ever

Till now I couldn't believe my eyes & ears

That you walk away

&quot;I wish you remember me & our past days&quot;

Some images etched in my eyes

How we were together at all situations

You were there for me

&

I were there for you

&

You always made me laugh at my painful days

&

How we share our thoughts

I stood by you & you stood by me

we wrote our names across the stone in the beaches  
time passes so fast  
However we still there where we were before  
which made me cry  
I have only one wish before God  
&quot;You remember me & our past days&quot;

# I Wish U Remember Me And My Past Days

Time which always just slips away  
and some memories will be left with yesterday

Left with the days & tears

A smile comes in my face

When I think of you

&

Our cheerful days

which making me delight for sometime

Through the time everything changed

Though we go our separate ways

However I can't forget the past days

The memories we made

&quot;I wish you remember me & our past days&quot;

Please remember the past days

The time we were together

&

Promises we made

The time was yours and mine

while we were child and free

&quot;I wish you remember me and our past days&quot;

Goodbye is the painful word for me to say

&

It's sad to walk away

It's true we all will die one day

However it's a painful Goodbye

Till now I couldn't believe my eyes & ears

That you walk away

&quot;I wish you remember me & our past days&quot;

Some images etched in my eyes

How we were together at all situations

You were there for me

# Choose Your Life

We choose our life how to live  
To be happy or to be worry  
Choose to feel great  
or to let things make you irritate  
Everyday everyone not feeling great  
& some people just know how to hate  
if wands could be waved  
Then the world would be cured  
I wish I'll do everything  
What my heart says  
Therefore I choose to be happy  
and I choose the way which I feel great  
And I don't wanna let the things make me irritate

# A Girl Like Me

Do you ever think a girl like me?  
Who always dependent on others

&  
Irritate too much  
Do you think I really believe in love?  
That I could be the girl of your dream  
I m not so much emotional  
How much you think  
It's not too easy to love a stone  
Because everything is not what it seems  
It's hard loving a girl  
a girl like me  
you need to think about it  
Because it's for your whole life  
U Can't believe everything you see  
It's hard loving a girl like me  
oh dear don't mind  
Do you think  
that I can make you real happy  
Just don't get me wrong  
my loving is so strong  
But I can't trust everyone  
Just common choose another one  
U came to my world  
& leave your foot print on my heart  
I'll remember it till my last  
However it's not too easy to win over my heart  
Specially a girl like me

# Honest

Honesty Is a very precious word  
Very difficult to find  
in this world u can't get a pure person

everyone is so untrue  
Honesty Its hardly ever heard  
and

mostly we want it from this world

I didn't get any person till now  
to say that they sympathize on me

help me in my worry time  
even if wear a shady tear

i don't get some pretty face  
who will tell me i m with you  
All i want is someone to believe.  
i can't find a friend such like that

so better to live a life like that how u want to  
make marry never be hurry  
just clap your hand  
&  
say everything gonna be ok

# Try To Get Success

This is a lesson you should need  
Try again & again

If u doesn't succeed first time,  
Try again & again  
However never ever lose hope  
Then your courage should appear  
For if you will show up  
you will conquer, never fear  
Try again & again  
however never ever lose hope  
Twice & thrice though you should fail  
Try again & again  
until u get success

If you find your task is hard,  
Once Time will bring you your reward,  
So Try again & again

Many winners also could do,  
so be patience, one day may be you?  
Only keep this rule in your heart  
Run with faith, do with trust, live with patience  
&  
try again & again  
until you get success

# Don'T Criticize Others

When you're criticizing others  
And are finding the ways here and there  
A fault Or a weakness you can tear  
When you're blaming some one's weakness  
It's time that you went out  
To take a walk around yourself

There's lots of human failures  
In the average all  
But when we think of evils  
we forget everything  
It's time we all went out  
To take a walk around ourselves.

We need so often in this life  
The word that balancing of scales,  
This seeing how much in us wins  
And how much in us fails  
But before we judge another  
Just to lay him on the shelf  
It would be a great plan  
To understand the feelings of others  
Respect their ways they are

# Believe Your Heart

Sometimes people says don't make wrong choice  
You will be forever alone  
However I believe no choice make me alone  
Until & unless I want  
No doubt my tears are dry now  
& it's now like river without water  
Still my eyes are live  
Who says many things?  
No doubt I hide it like the hidden treasure  
No one can open it  
Because I lost the key of my treasure knowingly  
I believe if a person understands it without saying anything  
He/she truly loves  
Tear may fake, however eyes are true  
Sometimes words may fake  
However heart is true  
Never judge a person by their words  
Judge them by their heart  
Because heart is a like an open precious treasure  
Where you find many things which you never know  
Try to steal it, as it is very precious  
Always believe the words of your heart  
Because it will never ever cheat you  
It always tells love & care for everyone  
However never ever take the words of everyone granted  
Sometimes when we really need help  
These people become good spectator & listeners  
Start saying about you  
Without knowing anything about you  
No person is copy if another  
So how people commenting others  
Stop discuss about others  
If you can't help others,  
At least don't pull their leg down

# My God & Me

I promise to myself  
Never to be discouraged, sad, or cry  
I refuse my heart to be downhearted  
and  
You know why  
I have a friend  
Whose name is "God";  
Who is super power and supreme  
I know my friend loves me a lot  
And  
I am on His team.

He is my well wiser and powerful.  
In this world everything is changeable,  
My God & my friendship will remain the same.

My God knows everything  
From Beginning to the end  
His presence is my comfort  
He is my dearest Friend

When ever I feel weak  
Or anything makes me sad & confuse,  
I call upon my friend "God";

When circumstances threaten me  
& I lose my peace  
He supports me by giving new ideas  
How to overcome my problem

When my eyes melts with tears  
& my hearts feel weak  
He soothes my heart and soul

My life is in His hand  
As I believe him most  
It's in His strength I stand

I refuse to be defeated,

As he has promised to be with me  
As throughout in my life

Whenever I beg for help  
My prayers reaches the heart of "God";  
Indirectly his love gives me strength

I want to give a big thanks to super power "GOD";  
As he shows me the actual meaning of life  
He shows me light as well as dark  
Life is like a battle field  
& I am sure  
He'll help me to win the race.

# I Don'T Know Who I M

I don't know who I am  
What's wrong with me  
Even if i never hurt any one  
I always get hurt more & more  
However i always want to prove myself  
still every time i face problem  
I can't understand  
I can't change myself what other's want  
I want to be how i am  
I can't give up my dream  
What ever the situation may be  
The way i follow what my heart says to me  
I never ever wants to cheat anyone  
Neither i want to lie to public  
Nor I want to show up as if i know everything  
I love & care what my god has given to me  
Still everyone hurts me badly  
Sometimes i little bit short temper  
still i manage it by telling sorry  
I never cry for rude words  
i cry for why people become my enemy  
without harming them  
sometimes i want god should listen my words  
shows me path to overcome from this tear & fear  
Many times in my dream i see something  
which gives me hope for next day  
i feel may GOD indirectly help me  
As i am true & honest for him  
sometimes i want to be an angle  
Spread love ever where  
I learn from my life  
I learn how to smile  
I learn how to make others smile  
I learn how to tell sorry  
I learn make others life beautiful  
I learn to honest & true to others  
I say what comes in my mind  
Just wait  
I just realize something is wrong with me

I don't know who I am  
And who really I want to be

# If You Think

If you think you are beaten, you are,  
If you think you dare not, you don't.  
If you like to win, but you think you can't,  
It is almost certain you won't.  
If you think you'll lose, you're lost,  
For out in the world we find,  
Success begins with a fellow's will.  
It's all in the state of mind.  
If you think you are outclassed, you are,  
You've got to think high to rise,  
You've got to be sure of yourself before  
You can ever win a prize.  
Life's battles don't always go  
To the stronger or faster man.  
But soon or late the man who wins,  
Is the man who thinks he can.

# A Soldier

A soldier is the true & brave son of our nation  
Who left his old beloved father and mother  
Who left behind his sisters and brothers  
Leaving his beloved children and wife  
To fight for those whose freedom you granted  
He crosses the sea, to fight the foe man  
A soldier serves his country first and his life is left behind  
He never passes a cry for help  
Though at times he shook with fear  
And sometimes he pray to God to forgive him  
As he has wept unmanly tears  
He never think about his life  
He fight for his brothers & sisters safety  
When fight over, he either come back home  
Or become a memorable person in everyone's mind  
Many heart cries for this holy sprite  
Specially his old mother & father  
Who are eagerly waiting to see their beloved son  
They never believe as their son died  
They take it as he is sick  
His wife & children become helpless  
The tears falling from my eyes  
Whenever I listen a life history of a soldier's life  
With a hand upon my heart, I feel the pride and respect  
As our flag waves above you, in her glory and grace.  
Freedom was the gift that he gives us  
Pain and death was the price that he ultimately paid.  
Every day, I pray for these soldiers  
Who had fought to defend our nation?

# Life

Life is like crossroads  
A decision you have to make  
Turn left, turn right, go back, go on  
Which direction should you take  
We have to decide by our self  
Sometimes we find a sky with no moon and stars  
we are searching our lost bravery  
At that time just Close your eyes  
Find your strength inside your heart  
like an evening sky  
It cannot shine without its moon and stars  
so, hurry up and search for your courage and shine  
Bring the moon and stars back to the sky  
As a human we all should care about others  
It's important that we all should do  
Then good things will come to you will be blessed beyond belief  
because God knows that we were there  
He knows that you helped someone out  
and he knows that you really did care

# Save Me

leading myself alone to go high  
& wanna to touch the sky  
sometimes my brain says sleep for sometime  
However my heart says  
Wake me up  
I have to Wake up from inside  
I have to save myself from the dark  
I have to run fast for the win in life race  
I can't take rest  
I wanna bring my own happiness in my own hand  
Ohh my god help me  
All this time I can't believe I couldn't see  
Kept in the dark but you were there in front of me  
I've been sleeping a thousand years it seems  
got to open my eyes to see everything  
without a good thought  
Without a voice, without a success  
Don't let me die here  
I wanna do something more  
so help me to wake up from inside  
Save me from dark

So much still to find  
I want you to help me try and reach for the lovely sky.

# Is This Love

Someone is coming into my dreams every moment

Is this love, I don't know

Is this love, you tell me

I have been searching the path of love

& a companion in this lonely way

I can't agree to this

I love someone badly

I wanna entry into his heart

Hope he hide me in his heart

That should never have exit

How difficult it is to fall in love

Now I can understand

Is this love, I don't know

Is this love, you tell me

Fragrant shadows of the evening, melting my body and soul  
How many deep and gentle colors of the evening have spread?

There is just me, there is just you

Is this love, I don't know

Is this love, you tell me

Water pours down like pearls.

The drops of this rain shower have brought that moment

Now a day someone is walking in my breaths

Is this love, I don't know

Is this love, you tell me

# My Days

The days went like paper in the wind  
Everything changed in a few minute  
then people change  
it's hard to find a life with peace & happy now a days  
my childhood memories come across in my mind  
the times when we all friends play in sand  
the way we used to scream and shout  
i can't forget the sweet days  
sometimes i wanna say to myself  
Goodbye my sweet days  
you push me back my innocent life  
i wanna stay strong  
with these days  
before the pain turns into fear  
sometimes my heart says  
don't you worry  
sometimes you have just got it  
let it ride  
the world is changing  
right before our eyes  
now i have found my ways  
the way of living  
if we wanna to get peace  
then we first should love to each other  
which bind us together  
spread love & peace  
your message should be like this

# Don'T Say Goodbye

No no no no  
no no no no my friend  
Don't say goodbye from me  
I'll be there for you

Remind the promise, you told before me  
you are like an angel heaven sent to me  
I know you are going far away from me

Still I can feel you here within me  
it's not the end  
just a little love, big imagination  
I never let you go away from me

No no no no

No no no no my friend

Don't say goodbye from me

Look for the rainbow in every storm  
Find out the positive point in every problem

Love is gonna be there for you  
you'll always be someone's heart

Time will never change our friendship

I glad we made it strong

Don't forget me & the days

Which we spend together  
I will help you help you on your way  
I will help you in anyway  
No no no no

No no no no my friend

Don't say goodbye

You are my strength when I am weak  
You are my voice when I couldn't speak  
You are my eyes when I couldn't see  
You saw the best there was in me  
You Lift me up when I couldn't reach  
You give me faith Becoz you believe  
I'm everything I am  
Because you love me

You are always there for me  
A light in the dark shining your love into my life  
you've been my inspiration  
through the lies you are the truth  
my world is a better place because of you

Therefore never ever leave me alone

No no no no

No no no no my friend

Don't say goodbye

# Torture

No change in my life  
It's just that there are more people,  
the old & new faces have appeared,  
real, imaginary, temporary, and none,  
sometimes I want to ask god  
Forgive me as my soul does have  
but this bitter world  
gets even darker  
make me stronger

That nothing can make me cry  
I can walk through life alone  
on a long distant, wayward road...  
I travel down a darkened path  
where tear is my sweetest friend  
and  
See my peace as broken glass,  
still I am fearless,  
and  
I never ask for help  
The story's told within my eyes,  
my lips, they long to form a smile  
my heart wants to rejoice  
However mind Says I'll have NO LIGHT!  
Sometimes, Somewhere I find light,  
I'll march on ahead that place,  
Weeping is the melody  
of a damaged soul like mine  
Because I m tired of feeling this way  
Wasting my breath  
Like someone pushing me to the death  
In the end  
As my eyes start drying  
I will not listen to you anymore  
Because I m tired of crying  
I want to tell my story  
To say that I'm a tortured soul  
With nothing left to show.  
As I'm tortured

And I'm weary,  
I'm damaged,  
And I'm battered,  
My soul may be torn,  
My peace may be shattered,  
My burdens may be heavy  
And I...

I'll have to crawl  
because I have to get the light  
Make my life lighted further

# Journey Of Life

Our days begin with sunrise & ends with sunset  
Often the days are seem useless, pointless,  
We don't think they matter but they do,  
Everything that happens has a reason,  
The truth will be revealed in due season,  
Our life is a journey that we must make,  
A road, a path, which we must take,  
Our course is never easy;  
The stakes may be high,  
We should not let our life like the leaves in winter;  
Life is a poem where we write our story everyday  
Life is a game which we must play,  
Through trouble and disaster,  
We never know what we will get;  
Our hand is not always get what we want,  
We always learn a lesson of hearts and minds is taught  
However from the failure  
We should not walks on a street of hopeless & blind  
Sometimes we find the face with in the face  
Which hurt us most of the time?  
Still we always expected to act like the world is as beautiful and clean  
If we struggle let it be,  
With hope for things we wish to see,  
So in every day let's find you, knowing the world for its reality ...

# My Mother

Lord I pray,  
Fully from my heart  
A small poem can't show my love  
Still I want to write for my mom  
For the grace to honor the glory of my mother  
The beauty of the pure love that dwells in my heart  
My love is more beautiful than the flowers in May  
My pray is only for her  
As I m not with her  
I wish u take care of her  
Lead her and guide her and show her the way  
Protect her from all harm and evil  
Give her all pleasure, how much she wants  
I pray today, and hope to pray tomorrow  
I wish I'll never cause for her sorrow  
Because I can't see her tear  
We all must honor our mother  
As they are our living Lord  
My words are smaller and smaller  
However my love is purest & greater

# My Day

I may never see tomorrow;  
There's no written guarantee.  
I don't seem to understand.  
However I know who hold tomorrow,  
The great power, which shows me light every time  
I walk besides him, for he knows what is ahead.  
And  
Things that happened yesterday belong to history.  
I cannot predict my future,  
I cannot change my past,  
I have just the present moment,  
I must treat it as my last,  
I must use this moment wisely for it soon will pass away,  
Every step is getting brighter as the golden stairs I climb.  
Every stars getting lighter,  
There the sun is always shining over my head,  
So there no fear for dark,  
I feel like touching the rainbow after a heavy rain,  
Still I don't know about tomorrow,  
It may bring poverty,  
However I have faith upon someone,  
The one who stands by me,  
And  
Path I follow & his presence always helps me to look forward,  
So I thanks to God with humble heart for giving me this day,  
And  
His great blessing upon me☐

# Win Vs Lose

Win is difficult

However give up easily.

Win means confident on you

However lose means doubt yourself.

Win means you make the decisions and dare to do it

However lose means you are never fully committing.

Win means you have enthusiasm for what you do

However lose means you are not excitable.

Win means you keep moving forward

However lose means stepping back more than forward.

Win means you take the risks

However lose means you are risk adverse.

Win means you overcome the challenges presented

However lose means you let the challenges overcome you.

Win means you demonstrate a positive attitude

However lose means you demonstrate a negative attitude.

Win means you find the opportunities

However lose means you wait for the opportunities

# Dare To Do

When a new day begins,  
I dare to smile with lots of hope.  
When there is darkness,  
I always dare to be shine as light.  
When there is injustice,  
I dare to fight against it.  
When something seems difficult,  
I dare to do it anyway.  
When I don't find any hope,  
I dare to find.  
When times seems to be rough & tough,  
I dare to make it smooth & go across through it.  
When I find a friend of mine falls,  
I dare to help my friend to further stand,  
Even if I hurt by someone,  
I dare to help that person.  
Even if I feeling tired,  
I dare to keep going.  
Even if I come across the paths of pain,  
I dare to make myself happy.  
I learn it from my life,  
When u dare something,  
You can achieve it,  
So always dare to do something,  
Because something is better than nothing

# My Life Is Fine

I came to a river,  
set down on the bank.  
To get the peace,  
What I want to get from last some days,  
I try to forget the thing  
But couldn't remove it from my mind,  
Many things comes in my mind.  
Which upset me very soon?  
I want to jump into it and give up myself,

I came up every day here  
I came up twice, thrice and cried a lot  
Many wrong things came across in my mind  
I might've sunk and died.

However now my mind is changed,  
I'm still here living',  
I guess I will live on.  
Some thing delight me,  
&  
Give me praise to further live  
How I forget  
How my mother gave me birth,  
How my father show me the way of living.  
How I tried for survive,  
I can't forget the reason  
Why GOD send me to this world,  
&  
What I have to give to my mother land  
I will survive & show the world  
What I can give...

# My Life

I celebrate myself, and sing myself,  
This soil & air are my soul mate  
I, now twenty years old perfect health  
My respiration and inspiration, the beating of my heart,  
The passing of blood and air through my lungs,  
The song of me rising from bed and meeting the sun  
Hoping for best till my death.

I passed my school days  
Still some memory etched in my eyes,  
Which my eyes can't forget  
I harbor for good or bad, I permit to speak at every hazard,  
Sometimes I feel,  
The atmosphere is not a perfume,  
It has no taste of the distillation, it is odorless,  
I'll not look through my eyes either, nor take things from me  
I'll listen to all sides and filter them from myself.

Clear and sweet is my soul,  
Showing my best and dividing my cheer in the worst phase,  
people discuss I am silent, and go bathe and admire myself.  
People I meet, the effect upon me in my early life  
the latest discoveries, inventions, societies, authors  
my dinner, dress, associates, looks, compliments,  
the real sickness of mine created by myself,  
Or ill-doing or depressions or exaltations,

sometimes I do argument with my god,  
And I know that the hand of God has promised me,  
The spirit of God will help me  
To solve my problem when I cry for help  
In the worst weather...

# Homework

There's a place on the other  
side of the pain  
called "Homework in child hood time";  
And  
It was not much fun.  
There was no time for watching  
cartoons  
There was no time for playing  
In the field  
There's not even time to eat  
any ice cream.  
And  
The worst part of all is  
There was no time to dream

Arithmetic, Science and grammar  
Made me headache in my brain  
Sometimes I was to trying to escape myself from this pain  
And ☐  
Wanted to land myself in my dream land  
Dream which is purely imaginary  
Which never comes true?  
Sometimes it's very painful  
When you forget to do your homework  
And  
Beat by your cruel teacher  
Who never understand a child's heart?  
What we want to do  
In child hood days I feel most painful time  
Sacrifice all of your loving work  
For doing your homework...

# I Wish, I Could Fly

My mood again swings  
with a wish that if I had wings  
I wish I would fly  
in the high and high sky  
Happy and free in the clouds  
Where joy knew no bounds  
And make my heart feel happy and gay again  
However in my head now I hear a sound  
Its time to come out of the dream  
That now I'm back into reality  
With no clouds around and no wings  
Come to this world where you present  
Where you come with a little dream  
A dream for others  
A dream which can make smile many of us  
A dream which you have to fulfill  
As for humanity ☐  
However sometimes I want to free from my life  
I wish to joy with myself alone  
Where no one can reach  
Peace, soundless world are there  
I wish I had wings and I could fly  
To reach at the upper high

# Me

Some call I m crazy  
Some say I m sick  
I think it's freedom  
However, it helps release the pain  
That I go through every day  
Feeling like everything's wrong  
I want to escape from my sadness  
However now I m looking forward  
I no longer feel like a coward  
Any challenge put before me to stand and face it  
Any blessing waiting for me to try and take it  
Although almost brought tears  
However I promise I'll never cry  
Even if the battle seems lost never die  
Although adversity is long humanity stronger...

# Myself

I celebrate myself & sing myself  
I talk with myself  
Why I struggle with each word  
How I'm scared of being heard  
sometimes I wish I could disappear for a little time  
let my tears to flow  
Sometimes, I discover myself  
who I'm created to be.  
And  
How this life really works.  
Understanding how to live.  
The gifts I have to give.  
A mirror of mine  
And  
what I want be  
An image of mine pushing back to me.  
I see all of my triumphs  
And  
Every single failure when I look through my eyes.  
I see a girl too afraid to stand when I look through myself  
Tell me O lord  
Which sorrow I can't afford  
Still you test me, my toleration  
However, I Like your Job!  
But what you saw? ? ?  
Did you find any wrong? ? ?  
Today I will have courage  
To do one thing that is new  
I will be kind to another  
And to myself be true  
Today I will remember  
The blessings that are mine  
I'll live the day with confidence  
And  
For me the sun will shine...

# Ohh God Help Me

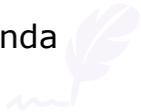

Ohh God I pray you  
Because you treat me as right  
and  
Protected from all the fight.  
Help me to learn from the mistakes,  
Save me from the pain life brings  
and  
Make my heart to sing a song in any situation.  
Please God don't let the world take it away  
It's too precious to let decay.  
So God I beg you please,  
Protect me from all the difficulties  
Let me see life in a different light,  
Let me see darkness as a starry night.  
Give me all the love how much you can  
and  
Bless me with the joy that makes me free again.  
Ohh God please make my heart very strong,  
and  
Spread to the world with my happy song.

# Time Will Come Again

I always see life for what it really is  
Life is like a newborn baby  
struggling to come out of its mother's womb  
Whenever I saw a child  
I learn how many times falls & rise  
My mind overworked.  
I lie awake thinking  
Everyday is the same  
Day and the nights happens  
I feel I push myself along with the tide  
Express myself in every way,  
Conquer the dreams as I lie awake  
It takes many nights for a seed to become a tree.  
Without a strong determination  
We can never reach our destination  
No matter how deep the sadness or wide the pain  
we have to live for a brighter day will come again.

# Sad Day

It's sad, today I want something.

&

It's something what I miss the most.

The thing which will never come back

The way of your sweet talks

The way of your smile

&

Made me happy as can be.

The way you made me feel the meaning of love

You were my life

I thought you will be forever with me

Now I became part of never

One thing u hurtled me most

You break your promise

However never ever realize

I hide my sorrow within me

&

Frankly saying

You will never understand me

That what you were mean to me

# Make Yourself Strong

A single person cannot change the whole world  
However any one can live in present the world with improved himself  
you can go to any work

&

Make yourself strong

The kind of person you admire and respect

You can control and discipline yourself

&

Resist speaking in a negative way

Your life is going for any good reason

You can do the things in the loving way

Rather than the hurtful way

By doing these things each & every day

you can continue on your journey

Toward becoming an exceptional human being

Sometimes it may be hurts you

Still never lose your principle

If you can trust yourself

Than anything can be possible

Just go ahead with carrying sweet smile over face...

So I care  
You said you believe me  
So I share  
You said you love smile  
So I hide my tear  
However my realization comes very late  
You played a game with my heart  
So I let you to go  
It affects me more than you  
I am stuck wondering  
How our love is just a game for you  
However my stupid heart glows more  
When urn thoughts come  
Still my heart cries & says  
I can't leave without you  
&  
Try to find good within you

# Your Dream

Close your eyes for little time  
Close your eyes and dream  
you can go anywhere,  
can do anything, meet anyone  
Take one step at a time and don't settle for less,  
Just continue to climb.

&

Follow your dream.

Take you on adventures never told  
you can fly above the mountains  
you can swim in the deep blue sea  
Often your tasks will be many,

&

More than you think you can do.

Often the road will be rugged

&

The hills insurmountable, too.

But always remember,

The hills ahead

Are never as steep as they seem

you can conquer every fear

There's no need to be frightened

Just open up your mind & felt with your dream

It's a great big world around us

&□

A power with us

if you trust in God's wisdom and will.

For faith is a mover of mountains,

There's nothing that God cannot do,

So, start out today with faith in your heart,

&

climb 'til your dream comes true!

# My Eyes

The Eyes wanders around the world—  
Cry to see the beauty behind the beautiful world  
God has given me two eyes  
Still I m blind  
I can't recognize between good & evil  
True & false, right & wrong  
Sometimes I want to judge the world  
However I became crazy  
Whenever I think about it  
Whatever the situation may be  
I have to open my eyes always  
Because for fight against the evil & wrong  
Sometimes I feel a far distance  
Between the light and me  
Because I fail to recognize between face with in the face  
sometimes my heart wise to god  
Either Show me the beautiful world  
Where no corruption, no cheat, no fear will be there  
Or take me to the before crest (BC)  
Where no such world was there  
I could not see the world in proper way  
So I m blind  
Even if having two eyes

# Darkness

The darkest past days already behind me  
Which hurt me many times?  
Yet danger still running behind me;  
Like the loneliest rays of the moon above the sky,  
I believe one thing  
No longer the old world exist;  
Now my life goes into new world  
The world of faith, peace & work  
Would be always their  
Now I came to know live every moment,  
Running after the purest form of life  
Living and dying by survival.  
However do your everyday work  
The work which is your dream  
Make them fulfill  
As you enter into the new world  
Forget the thing,  
which happened in the old world  
Live your life with loving everyone  
&  
Make it worthy...

# God Stay With Me Forever

OH GOD

U are a heavenly angel for me

Due to u we all are here

You make me feel greatly when i feel poor

I feel ur hidden love with me

In case I defeat,

I find u side by side

To weep my tear

&

Help me to look forward

I will never at all heated

If you will be my side by side

My all experience will be narrated

Heartily it will be accepted

I know the good reason behind the experiences

which is given by you

All your given ideas carefully noted

My life become full joy

When I find your presence

And my sorrow is eliminated

As my love for you is deep-rooted

At no time you will be hated

My affection will be communicated

By my tears, my love will be denoted

My life is by your presence activated

My tension and fear are eliminated

You the only person never make me feel irritated

For you my tears are by your touch evaporated

Ohh God kindly protected

Your words, your presence, your feelings, your ideas, your love, your affection,

Everything make me feel positively converted.

# My Little Brother

I love my little brother...

I love my little brother,  
He's my eye lids,

Is when my brother has a cry!  
He gives me a big bright smile  
when he see me after a long time

Sometimes I need his shoulder for cry  
Sometimes he helps me to pick me up when I fall  
I am your big sister and I'll never let...

To have each other;  
You could never be replaced

But I know you will answer...  
I hated myself  
when i made you cry  
you always there to lifted me up  
And cheered me on  
You taught me  
To never, ever give up.  
sometimes you call me mad  
Arguments are wordless

When we come together...  
Through thick and thin,  
For now and even after the end,  
We stand tall  
we always together never ever apart...! ! !

# A Special Friend Like You

When the roses lose their fragrance,  
and the world seems at an end,  
when i don't find you side by my side

There's not a day that passes by  
when I don't stop and wonder why-  
Why was I blessed with a friend like you,  
even after what I've put you through

Heaven sends a gift each morn,  
of a bright new day to spend,  
What a joy it is to share it with,  
God's greatest gift..

when i ask God for a gift,  
Be thankful that he sends,  
Not diamonds, pearls, or riches,  
But the love of a real, true friend like you.

# True Fact Of A Girl

She's one of a kind.  
No one there to guide her  
She wonders how her life will be in the end.  
Sometimes she goes crazy  
Because situation takes her life in that way  
sometimes she needs perfect shoulders to cry on.  
She likes to decorate her mind with lots of good memories  
she's a kind at heart.  
When something is going in wrong.  
Still she only looks forward.  
She thinks Life is about taking risks.  
&  
Her life is full of risk  
A friend is one who knows you,  
But  
Loves you anyway...  
No matter what people take from her?  
But they can't take her dignity.  
She's not beautiful on the outside,  
But  
She is on the inside.  
She's a warrior, not a princess  
All she wants to feel is love.  
A smile can make a person's day.  
That's why she smile  
what ever wrong goes don't matter to her  
Her attitude can alter her life.  
She likes personality.  
She loves making new friends.  
She can be a stupid at sometimes times.  
To know her is to understand her,  
And  
To understand her is to love her.  
She wants to see the world.  
She is not any drama queen.  
Nature is her best friend.  
Family is everything.  
She's a keeper. the right moment.  
She might be the one & only.  
She wants to make people laugh and smile.

It's hard to look away from her smile.  
Behind that smile of her  
A heart full of sorrow is there  
She don't likes to be an experiment of someone...  
she believes  
'A person who never makes mistakes never makes anything.  
Work hard and become a leader, or be lazy and never succeed.  
Success is doing ordinary things extraordinary well.  
Life is a lesson; you'll learn it when you're through...  
you must always be different  
Victory is sweetest when you've known defeat.'  
She likes to try new things.  
She loves to have fun...  
All she wants to see the peace.  
She don't need a beautiful face  
She always needs a person  
Who will be with her now & forever?

That must be only & one in her whole life

She wants to learn  
she hates being judged.  
She loves storms.  
She has a creative personality.  
She doesn't look back at her past.  
She is proud of her accomplishments...  
She don't like to hurt others  
That's why she taste the pain everytime

Every life has a story...  
May be painful may be cheerful  
But she always try overcome all barrier  
&  
Look forward to it  
&  
Take her to go proceed  
she always do what is right  
She writes how she feels.  
She looks up to see the heights  
She wants to make a difference in someone else's life...  
She surprises herself and many other people...  
She is smart, just not all the time.

Take the time to know her  
And  
How much you know that much you wonder  
she's not always sweet and innocent.  
She's crazy but a lovely girl.

# Keep Walking

Always keep walking  
Becoz the world want that  
If u stop walking  
U will cry forever  
Even if your heart break into pieces  
Keep walking in your way  
Hide your tear inside your eye  
Because tears makes you weak  
&  
gives you nothing  
Smile makes you strong  
&  
Gives you everything  
So stay strong  
Show the world you have done  
The word they have told  
You can't  
However you can  
So keep walking the path of live  
May be one day will come  
Someone will come  
To hold your hand

Walk with you to heal your dream  
Till then  
You will walk until your last breath

# Oh Mom

Ohh mom  
hii mom  
How are u  
I want to see u here, besides me  
I want to stay with u  
I want to say u allot of things  
When I feel alone  
I remember the days of my past  
When I was in urn womb  
I just listen urn sweet voice  
But  
when u gave me birth  
I came to know how sweet u are  
U are sweeter then sweet  
And more beautiful then flower  
Ur sweet touch is just like the smell of a flower  
At urn first touch  
I feel some kind of love  
Which is only for me  
U teaches me  
How to walk  
How to talk  
I remember the first word I have told  
That's maa  
And  
I remember the beautiful memories of my past  
How u cares for me  
How u punish me  
How u scold mom  
How u were running after me for beating  
How u complained about me before my papa  
When I sleep how u kissed me on my for-head  
I miss these things too much maa  
No doubt these things delights me  
however after that it make me cry  
When I m ill here  
No one is here for care  
At that time I feel u are sitting beside me  
When I m unhappy

U can understand everything  
Without saying u anything  
How much I far from u  
however I feel u always nearer  
I feel there is a some kind of strong bonding between us  
Which binds between u & me
