Tiana Webb(March 19th 1997)

A Friend

Around the corner I have a friend,
In this great city that has no end,
Yet the days go by and weeks rush on,
And before I know it a year has gone.
And I never see my old friend's face,
For life is a swift and terrible race,
She knows I like her just as well,
As in the days I rang her bell.
And she rang mine but life went on with a whirl,
And now we are busy, tired girls,
Tired of playing a foolish game,
Tired of trying to make a name.
'Tomorrow, ' I say, 'I will call on Harper
Just to show I'm thinking of her.'
But tomorrow comes nad tomorrow goes,
And distance between us grows and grows,
Around the corner, yet miles away,
'Here's a telegram miss, ' 'Harper died today.'
And that's what we get and deserve in the end,
Around te corner, a vanished friend.
Remember to always say what you mean;
If you love someone, tell them.
Don't be afraid to express yourself.
Reach out and tell someone what they mean to you,
Because when you decide that it is the right time it might be too late.

Tiana Webb

A Friend From Above

I prayed for you before we met
Not knowing who you'd be,
I asked the Lord to send me a friend
One chosen just for me.

I asked that they'd be Godly
With wisdom of His ways,
A friend to help and guide me
In the trouble of these days.

So often in life we need someone
To listen while we talk,
Someone who will not condemn or judge
But encourage us as we walk.

The narrow road we choose to follow
May sometimes make us stumble,
But to have a friend to catch our fall
Teaches us to be humble.

When I asked the Lord to send a friend
Though many came and went,
He gave me much more than I ever asked
For you are the friend He sent.

Tiana Webb

Broken Heart

I really love you,
But you love someone else.
When I see you,
I can't close my eyes.
I just want you to say how much you care about me,
But you love someone else.
I just want to hear 'I love you' out of your mouth,
I hear it in my mind,
It's just like a sound.
But it's just a dream,
Because you love someone else...

Tiana Webb

Cancer

We don't know
How strong we are
Until being strong
Is the only choice
We have.

Why is it
That we have to be
Strong for others
When we have to be
Strong for ourselves?

Someone once said
'Winning isn't everything'
Well, they obviously
Never had
Cancer.

To lose your fight
Against cancer
Is to give in
To cancer
And die.

Though many are scared
Of this dreaded cell
Cancer is only a word
Not a whole
Sentence.

Just remember
You are not
Dying from cancer
You are living
With it.

Tiana Webb

Daddy Has Cancer, Yet Again

Daddy has cancer, yet again
Why does this have to happen to him?
I try to keep brave for my family
But why does it have to be me?
Why do I have to be the one
Who has to keep secrets from the only one
Who I can tell my secrets to
And tells me hers too?
My mummy tells me all this stuff
About my dad but I've had enough
Of having to listen to my mother cry
And tell me things and the reason why
My daddy is in hospital and no one else can know
Not even my brother or sister, no, no
Because I'm the only one who can understand
Why we can't see him til the end
Of the week, on the weekend, the only time
We can see him, but we cannot cry
In front of him as he feels so bad
When he knows how much we are sad
Seeing him in the hospital look so sick

Daddy I miss you, I haven't seen you in so long
But everyone tells me I must remain strong
For you, for mummy, for everyone else
But who is there for me? ?

Tiana Webb

Daddy, I'M Sorry

Daddy,
I sit awake at night
Crying...Waiting.
I don't want to get that call.
I know that I'm selfish,
but God only knows how much I still need you here!
I'm not ready to let go.
I'm so sad, yet I'm so angry at you!
Why weren't you there?
Why didn't you make more of an effort?
How could you let so much time go by?
I sit here now,
Crying.
Thinking of you.
Damn you!
You're supposed to watch me grow older...
You're supposed to walk me down the aisle!
What am I supposed to do?
I'm so alone.
I know that I have made a lot of mistakes,
and that I let so much time go.
I'm sorry.
I'm sorry that I wasn't there.
I'm sorry that it took me this long to see.
I'm sorry that I can't get over the past.
I'm sorry that I'm just now realising how much you really mean to me.
I love you, Daddy.
I just want a second chance.
And I want to say that everything is going to be okay,
that everything is going to be fine...
You will come home and get better and we will play games again,
or order some pizza and watch movies together!
But I know that it's not okay.
I know that what I want isn't going to happen.
I just wish I could save you.
I wish that I could go back and be there.
And now I have to live with myself for the things that have happened.
I just want you to know before, that I always loved you, and will continue to...
No matter the outcome, I want you to know that I'm here for you!

I love you Daddy.
Don't forget about me.

Tiana Webb

Do You Believe In Love?

Do you believe in love?
Does it really matter?
When the only one you love
Has torn your heart in two.

Do you believe in love?
Can it really exist?
When you feel like the only one
Who cannot find their true love.

Do you believe in love?
When your soul is torn in two?
Can you believe in love?
When it kills you in the end?

Tiana Webb

Don'T

When life gets you down

Don't let it

When you feel like you want to let go

Don't do it

When you want to act like someone else

Don't think about it

When you feel like no one loves you

Remember me...

When you are brought down by everyone

Don't let it

When you want to hurt your family

Don't do it

When you want people to feel sorry for you

Don't think about it

When you need someone to love and love you

Remember me...

Don't do things you will regret

Don't hurt the people you love

Don't try to be bigger than you are

Don't let life get the better of you

Don't think no one loves you

Don't lie to the people you love

Dont forget the people you love

Remember me...

Tiana Webb

Don'T Leave Me, Daddy

I look back at all the things we have been through
And all the times I've told you I love you

I remember all the good times we've had
But I also remember the bad

I wish you really knew how much you mean to me
But every time I try to tell you, you tell me tell me you can see

But what can you see? What do you mean?
Why don't you want me to tell you the truth?
I may not be little but I'm only fifteen
What do you want? More proof?

I wish upon a star every night before I go to sleep
That you will get better and I won't have to weep

I cry every night for you, and for the mess that is my life
And it hurts to know you are the main cause of all this strife

You can't help that you're sick and I know that sounds so selfish
But why can't I I have one wish, one single wish

To make you better and to make you stop treating me
Like something you hate, and stop hurting me, and looking down at me

Just because I actually care about you
Doesn't mean you get to do
Anything you want me
And getting my friends and family to hate me

I've been trying to be
Different to make you see

How much I love you
So will love me too

And I'm trying not to cry
As I explain the reason why

You the most important person to me
No matter how much you might hate me
And I will do everything I can do
So I will not have to deal with losing you.

I love you too much for that.

Tiana Webb

Falling In Love

Have you ever fallen in love,
But knew they did not care?
Have you ever felt like crying,
But knew you'll get no-where?
Have you ever watched them walk away....
Not wanting them to go?
And whispered 'I love you' softly...
Not wanting them to know?
You cried all night in a misery
And almost went insane
There's nothing in the world
That causes this much pain.
If I had to choose between love and death,
I think I'd rather die.
Love is fun, but hurts too much
And the price you pay is high
So I say, don't fall in love,
You'll be hurt before it's through,
You see my friend I ought to know.
I fell in love with you! ! !

Tiana Webb

Far Away Lover

I lay in my bed and think about you
I love you so much I don't know what to do
I feel your warmth at my side
The pain in my heart moves to my eyes
So far away yet always so near
You are the reason I am still here.

I await the times when we can talk
I await the times we can finally hold hands and walk
To feel you for real... so close to me
The happiest person in the world is what you would make me.

Your eyes shine like a million suns
You shine more brightly than anyone
Your smile so sweet can help but make me smile
It stops my world even for a little while
I await the time when my hand is in yours
To hear you say those 3 little words.

There are still no words I can say to describe
My heart it aches and my eyes they cry
But when we talk my heart flies
you always wipe away the tears I cry.

Even though you aren't here
And I miss you so much my dear
I'll love you forever and ever
I'll always love you my far away lover.

Tiana Webb

Fear

Shadows in the dark
They're keeping me awake
So I sleep with the light on
Please lock the door behind you
And bolt the windows tight
Silence can be deadly
Especially at night
You scare me half to death
Making me bolt down the stairs
I'm so scared
But of course no one cares
Noises stir at night
Making me jump right out of bed
I run down the stairs
Everyone is dead
I wake up from this nightmare
Screaming and drenched in cold sweat
Fearing you and everything
Is my one and only regret

Tiana Webb

For You

This is for you, my best friend
The one person I can tell my soul to
Who can relate to me like no other
Who I can laugh with to no extents
Who I can cry to when times are tough
Who can help me with the problems of my life
Never have you turned you back on me
Or told me I wasn't good enough
Or let me down
I don't think you know what that means to me
You have gone through so much pain and you still have time
For me
And I love you for listening to me even when inside YOU are dying
And I look up to you because you are strong
And caring, and beautiful
Even though you don't think you are
And I hope you know I am always here
To listen to you laugh and cry and help
In all the ways that I can
And I will try to be at least half the friend you are
To me
I hope you know I would not be the person I am today without you
My best friend.

Tiana Webb

History

Yesterday is History.

History brings us to this present moment

but it doesn't shape who we are at this present moment.

We can't let our History control us

and who we wish to be.

Our future is our choice,

Not History's.

Tiana Webb

I Cry

I cry for you every night,
But do you hear me?
I cry for you now,
But do you see me?
I cry for your life
And your soul, and your family,
Us.
But do you listen?
Daddy, why can't you hear me
Crying for you?

Daddy I need you in my life
But do you realise it?
I try my best to stay strong for you
But do you realise it?
I stay strong for you,
And mum and sisters
And brothers.
But you don't understand that.
Daddy why can't you hear me

Crying for you?

Tiana Webb

I Love You Daddy

I sit and look back to how far I can remember,
And you are always there next to me.
Each and everyday you were helping me grow up,
And making me be the best that I can be.

Your love was forever strong,
Your cuddles forever tight.
Everyday since I was born,
Your love was always in sight.

I will always be your Baby Girl,
And you will always be my Dad.
I know I will always be the luckiest,
To have the best Dad any girl could have had.

My Daddy I love you with all my heart,
Much more than I ever say.
You are my world, my everything,
Each and Every day.

Tiana Webb

I'M Sorry

Mum I'm sorry for all of the tough times I put you through

There are many things that I did to you that I shouldn't have
But I think it's about time that I say I LOVE YOU

Mum this is coming from the heart
And that's the only way to start

Since I was a little girl
My whole life went into a whirl

I'm sorry for all of the lies
And for all the times I made you cry

I'm sorry for all of the fights I started with you
Mum just remember I LOVE YOU

All of the things that I have been going through
Makes me realize what you say is true

Mum my whole life is on lockdown
Everyday I walk with a frown

I just want to be free
And live my life the way it used to be

Mum I'm happy you are there to help me through life
And that is true I don't have to think twice

Mum my whole life went down the drain
Ever since I went to court
And went through all of that pain.....

I wish I could go back
And walk through life on different tracks

Mum freedom doesn't come free
Especially for me

Mum I have committed many sins
But I have to stay strong
In my life I haven't seen many grins
But I'll be strong no matter how long

I still have a lot to learn
No matter how much my heart burns

Mum I'm sorry for all of the fights
Especially the ones that lasted all night

Mum my life is surrounded by a shell
There are not many things I can do

I don't know if you can tell
But I'm not taking it very well

Mum I just want to tell you
That I'm sorry for all the hell I put you through
And I want you to remember that.....

I LOVE YOU! ! ! ! !

Tiana Webb

I'M Sorry Daddy

Hey Daddy...
Do you remember me?
Your daughter?
I didn't mean for this to happen.
I'm really sorry...

I was in my bedroom the whole time
you were looking for me.
I've been thinking about this a lot.
I know you miss the old me,
I'm sorry I'm not who you thought I was...

The only daughter that you remember
is the perfect one.
The girl who loves school,
The one who tells Daddy everything.
I'm sorry I never told you she left...

I know I'm different now.
I'm cold, hard, and bleak
I thought you wanted me to change.
Daddy, please tell me you still love me.
I'm sorry for becoming this...

I miss the old me too, Daddy.
I miss smiling when I looked out the window
Forgetting love was something I
never meant to do.
I'm sorry that I never said goodbye...

I know that I made you mad.
I really didn't intend to.
Anger, or so I thought,
Is only temporary.
I'm sorry I can't control myself.

And Daddy,
I'm sorry for the scars on my arms,
I'm sorry for those crying fits.

I'm sorry I blamed them all on you,
And I'm sorry that I never realized that
this isn't your fault.
Its mine.

Tiana Webb

I'M Sorry Mum

I'm sorry mum its all like this,
I wish I could take your pain away,
and give you all the joy you want,
fast forward to a happier day? ?
But as much as I wish,
I know I just cannot,
take away your pain,
or your dreadful loss...
but i will do my best,
and stay by your side,
wipe away your tears,
together we'll decide.
For all this pain you have consumed,
is way too much,
and soon you'll be doomed,
but together if we fight,
and this pain we will share,
can help one another,

and we will get there....

Tiana Webb

In His Hands

I heard some bad news today, something that made me scared,
Today I found out my dad has cancer; it was something I had always feared.
I knew many people that passed away because of this evil cell,
Yet I know of some that beat it, and of course turned out well.
The fact that my dad is sick, just completely blows my mind,
When this poison is inside of him, and the cure they cannot find.
My mom is really upset, and doesn't know what to do,
My sister cries herself to sleep and sometimes I find myself doing it too.
I know I have to be strong, and my prayers are always said,
But the question is: Does anyone really hear me when I'm lying there in bed?
What doesn't kill us makes us stronger, that's why I always have hope,
But with each passing day that it's on my mind, I find it really hard to cope.
I promised myself that no matter what, I would stay strong for my dad,
His feelings he does not show really well, but I know that he is sad.
I know our fate is in your hands God, but please have mercy on his soul,
Hold his hand and watch over him, as his treatment he will soon undergo.
Help him through this struggle, as he is precious to me like a pearl,
God, please listen for our prayer's.....signed....daddy's little girl!

Tiana Webb

Inspiration

To me your life has been an inspiration,
Happiness is mine because of you.
As a mountain shows our destination,
Never, in its grandeur, lost from view.
Know that you have been my moral guide,
You have shaped the one I am inside.
Opening my heart with your affection,
Underlying all I say and do.

Tiana Webb

Little Wonders

Let it go,
Let it roll right off your shoulder
Don't you know
The hardest part is over
Let it in,
Let your clarity define you
In the end
We will only just remember how it feels

Our lives are made
In these small hours
These little wonders,
These twists & turns of fate
Time falls away,
But these small hours,
These small hours still remain

Let it slide,
Let your troubles fall behind you
Let it shine
Until you feel it all around you
And i don't mind
If it's me you need to turn to
We'll get by,
It's the heart that really matters in the end

Our lives are made
In these small hours
These little wonders,
These twists & turns of fate
Time falls away,
But these small hours,
These small hours still remain

All of my regret
Will wash away some how
But i can not forget
The way i feel right now

In these small hours
These little wonders
These twists & turns of fate
These twists & turns of fate
Time falls away but these small hours
These small hours, still remain,
Still remain
These little wonders
These twists & turns of fate
Time falls away
But these small hours
These little wonders still remain

Tiana Webb

Lost Child At Dawn

Cutting the final edges
from the form.

Loose change dangles
dignity forlorn.

Stake in heart bleeds forsaken
life away.

The blade turns and drains the
soul breath away.

Angel pass overhead and branches shake
out lies.

The blade sinks in
and fifth victim dies.

Tiana Webb

Love's Light

I read this poem in a book on my iPod...

Love's light, so strong and true;
The world of chaos surrounded the two;
Paths that croosed after searching lifetimes unseen;
Two hearts interwoven as fate has deemed;
Obstacles tossed to deter their progression;
Broken sould drawn together in an endless obsession;
Purity of their feelings they long to be together;
True love is their gift to be shared as one forever.

Tiana Webb

Mummy, I'M Sorry

I told you I didn't love you with a smile on my face
But the smile quickly faded when I saw your heart break.
From internal bleeding, your eyes turned red
As red as the handprint you left on my cheek
The cheek you use to kiss when you tucked me in' I remember your smile then.
I was ungrateful for anything you did for me
The sacrifices
I took your love for granted
Wiped it off like lint on my shirt
Now you're hurt
I take it back
All that I've said
I don't mean none of it
I love you Mum
More than words can say
Thank you for everything
Everything

Tiana Webb

My Angel

I found a friend
Who always knows something's wrong before I do
I found a friend
Who has listened to everything I say
I found a friend
Who is beautiful and doesn't know it
I found a friend
Who is kind, and caring, and funny
I found a friend
Who loves me for being me

I found a friend
Who tries to understand me
I found a friend
Who loves to give me compliments
I found a friend
Who keeps the guys from annoying me
I found a friend
Who loves being around me even though people talk
I found a friend
Who is kind, and mature, and amazing

These two friends
I'm lucky to have
These two friends
I will always have
These two friends
Help me in different ways

These two friends were sent to me from above...

Tiana Webb

My Dearest Sister

My dearest sister

We have been together
Through thick and thin
We share a special bond
From everything we have been in

With you, all my secrets
I can share
And I know that all the time
For me you love and care

I promise to love you
And help you through life
Through all the happy memories
And all the strife

I will be there for you
And we will never be apart
I just hope you remember
That I love you with all my heart

Tiana Webb

My Friend

My friend when I think of you,
I think of what we've been through.
All the times we argue and fight,
I know deep inside it isn't right.
I then feel bad and a lot of pain,
It feels like I've fallen from the sky like rain.
I love you dear friend with all my heart,
But now that you're gone I've fallen apart.
I'm getting better as the days go by,
I wish sometimes this was all a big lie.
I pray to you every night,
It's like you're my fire, a burning light.
My dear friend, I miss you a lot,
I still wonder why you were put in that spot.
I know you're in a place much better than here,
Watching and helping me with all of my fear.
Our friendship my dear friend,
We will have to the end.
Friends til the end is what we will be,
Someday we'll be together,
Together you and me.

Tiana Webb

My Hero & Best Friend, My Daddy

My daddy looks tough as nails
And hard as metal.
But the truth is easy to tell
He's sweet and loving
And can always understand me
Patient he is
And he always makes a big difference in my everyday life.
Always managing to put a smile on my face.
Even when his days aren't so good
My daddy is my hero
He is my best friend who I can always trust
And I don't have to worry about being misjudged
He is my daddy
And above everybody he is who makes me feel very happy
The truth is I love my daddy

Tiana Webb

Never Forget

When the rain falls
I watch the grey clouds
When my friend smiles
I look for sadness
When I watch a romance movie
I watch the tears that fall
Why can't I see the good?

When I look at the beauty around me
I always look for a flaw
When someone is nice to me
I wonder what their motive is
When something good happens
I wait for something bad
Then you came along...

You showed me what it was to cry
You showed me what it was to laugh
You showed me what it was to feel
You showed me what it was to love
You showed me what it was to be loved...

Now you are here
I can't lose you
You are my light
My star, my rock
If you were to leave me
I would be empty again!

I am worried that when you leave me
I will forget to feel
SO please don't go away
For you are my strength
My happiness, my love
You are my friend
And always will be!

Thankyou for being here
When I need you most

And thankyou for trusting me
When I didn't trust myself
I love you
Always have, always will...

Never forget that...

Tiana Webb

Portrait Of A Friend

I can't give solutions to all of life's problems, doubts, or fears. But I can listen to you, and together we will search for answers.

I can't change the past with all its heartache and pain, nor the future with its untold stories. But I can be there now when you need me to care.

I can't keep your feet from stumbling. I can only offer my hand that you may grasp it and not fall.

Your joys, triumphs, successes, and happiness are not mine. Yet I can share in your laughter.

Your decisions in life are not mine to make nor to judge. I can only support you, encourage you, and help you when you ask.

I can't prevent you from falling away from friendship, from your values, from me. I can only pray for you, talk to you and wait for you.

I can't give you boundaries which I have determined for you. But I can give you the room to change, room to grow, room to be yourself.

I can't keep your heart from breaking and hurting. But I can cry with you and help you pick up the pieces and put them back in place.

I can't tell you who you are. I can only love you and be your friend.

Tiana Webb

Songs Of Light

Songs of light brightened our days;
Words of encouragement to pave the way;
Woven of magic, voice and musical sounds;
Faith and virtue, innocence abound;
Gods of old release unto us your favor;
The truth of the ages for all to savor;
When the night makes way to the dawn of doves;
Reveal to us the path to everlasting love.

Tiana Webb

Sorrowful Love

A boy and a girl,
the best of friends.
From elementary to high school,
from beginning to end.

Through all those years,
their friendship grew.
They both felt the same,
but neither knew.

Each waking moment,
since the day they met,
They both loved each other,
sunrise to sunset.

He was all she had,
in her terrible life.
He was the one,
who kept her from her knife.

She was his angel,
she made him smile.
Though life threw him curves,
she made it all worth while.

Then one day,
things went terribly wrong.
The next few weeks
were like a very sad song.

He made her jealous,
on purpose he tried.
When the girl asked, 'Do you love her? '
on purpose he lied.

He played with jealousy,
like it was a game.
Little did he know,
things would never be the same.

His plan was working,
but he had no clue.
How wrong things would go,
the damage he would do.

One night she broke down,
feeling very alone.
Just her and the blade,
no one else home.

She dialled his number,
he answered, 'Hello'
She told him she loved him,
and hung up the phone.

He raced to her house,
just a minute too late.
Found her lying in blood,
her heart had no rate.

Beside her was a note,
in it her confession.
Her love for this boy,
her only obsession.

As he read the note,
he knelt down and cried.
He grabbed her knife,
that night they both died.

She was found in his arms,
both of them dead.
Under her note
his handwriting said:

I loved her so,
she never knew.
All this time
I loved her too

Tiana Webb

Sorry I'M Not Good Enough

Dear daddy, I want to say sorry
For I have disappointed you.
I'll never be able to reach your goals,
No matter what I do.
I thought I could count on you,
To help me stand up strong,
But your just punishing me,
For all that I do wrong.
I'm sorry I'm not like Chelsea,
With straight A's all the way.
I'm sorry I screw up,
At least once everyday.
I'm sorry I disappoint you.
I'm sorry your not proud.
I'm sorry that I'm late to class,
And sometimes are very loud.
I'm sorry for being me,
Which isn't good enough.
I'm sorry I can't pull myself through,
When things tend to get rough.
I'm sorry that I'm worthless,
And not smart enough for you.
I'm sorry you don't like my friends,
Or the things I like to do.
I wish I could be the daughter,
You strongly wish I was.
But no matter how you treat me,
I'll love you just because.
I started this poem saying sorry,
And I'll end with it too.
I'm sorry I can't be,
Good enough for you.

Tiana Webb

Thank You

Thanks for those who hated me;
You made me a stronger person.
Thanks for those who loved me;
You made my heart grow fonder.
Thanks for those who envied me;
You made my self-esteem grow stronger.
Thanks for those who cared;
You made me feel important.
Thanks for those who entered my life;
You made me who I am today.
Thanks for those who left;
You showed me nothing lasts forever.
Thanks for those who stayed.
You showed me the true meaning of
Love and Friendship

Tiana Webb

Through Your Eyes

I want to see through your eyes
To see why you hurt and rain
Only then I will understand
What gives you so much pain

I want to beat through your heart
To know what makes it bleed so much
A heart so divine and pure
Why it cries out for a simple touch

I want to lie in your thoughts
To know what are your dreams
I want to breathe in your agony
And hear your silent screams

I want to hear your unspoken words
To know what you feel each moment
I want to heal all your wounds
And set you free from the torments

So let me in and see your darkness
Show me why your world is cold
Give me your hands
I will walk you through sunshine
And give my all to make you whole

What About Me

My sister gets all the love
And support she needs
She has always been first
In your mind and heart

But what about me

My brother gets anything
He wants even when he
Doesn't deserve it at all
Because he's the baby

But what about me

I'm the one you can
Count on to watch the
Animals or the kid when
You go somewhere

But what about me

I'm the one that is the
Last person to know
What's going on and
The last one you consider

But what about me

What If I want to go
With you when you go
What if I want to do
The same things with you

But what about me

Why don't I get the same
Kind of love and support
That they get, aren't I
Just as important

But what about me

Don't I deserve the same
Consideration as them
Don't I deserve the same
Kind of love and support

But what about me

Am I not your daughter
Don't I deserve the same
As your other daughter
Or your son

But what about me

If I try to tell you how
I feel you get angry and
Upset that I feel this way
Why can't you understand

But what about me

I can't understand why
My feelings make you
Angry and why I am the
One that always gets left behind

But what about me

Why don't you take me
With you or plan things
So that I can go with you
Or be more involved in your life

But what about me

It's like you don't know me
Or even care to know me
So I guess I'll just leave
You three alone

But what about me

Don't call me if you want
Someone to watch the animals
Or the kid until you include me
Because I want to be included

But what about me

I am no longer the watcher
I guess I will make it by myself
Until I feel I am accepted by the
Family I was born into

But what about me

Until then, I stand alone

Tiana Webb

What Would You Do...

What would you do...

If your mother turns you away.

What would you do...

If your family doesn't trust you.

What would you do...

If no one needed you.

What would you do...

If your family forgot you.

What would you do...

If your friends weren't there to lean on.

What would you do...

If your friends no longer cared.

What would you do...

If you lied to your closest friend.

What would you do...

If your friends ditched you.

What would you do...

If you tried to be someone you're not.

What would you do...

If you lied to those you love.

What would you do...

If you forgot who you were.

What would you do...

If you were disgusted in yourself.

What would you do...

If you met a brilliant friend.

What would you do...

If making friends was too hard.

What would you do...

If they tried so hard.

What would you do...

If you fell in love with a friend.

What would you do...

If everything turned out all right.

What would you do...

If you learned how to love.
What would you do...
If you became the happiest girl alive.
What would you do...
If I changed it all.

Would you...
Love me.
Would you...
Hate me.
Would you...
Let me be your friend.
Would you...
Tell me all your secrets.

I know...
I am not perfect.
I know...
You aren't either.
I know...
We are completely different.
But I know...
We were meant to be friends.

Remember me...
When you're home alone.
Remember me...
When you need a friend.
Remember me...
When your life's a mess.
Remember me...
When your heart is broken.

I will always be there...
