# I Had You, I Had You Then

I have you, I have you now  
I had a frown but now its the other way around  
I have you, I have you now  
My feeling hasn't died down  
You have me, You have me now  
You finally see the real me  
How hard could it be?  
I'm glad you see the real me  
I had you, I had you then  
Right before  
You flew out the door  
You had me, you had me then  
We said what we said  
Now the feeling is dead.

## Just Friends?

I thought we were just friends,  
I suddenly realized I felt more  
My friendship with you which I adore,  
is suddenly more  
You're always in my mind  
Always in my heart  
I can't help it, I just stare  
I just can't seem to tell you how much I care

# Love Is Just A Game Sometimes You Win Sometimes You Loss

I told you the way I felt, you shot me down  
people say were meant to be together  
I can understand why, you just like to make me cry  
you may think love is just a game,  
I'm not sure time can heal the pain  
I just wish you would wake up and relaize that  
you and me is meant to be.  
We can end this game  
no one will loss,  
no one has to pain

# Wish We Could Be More

I want you to open your eyes  
and realize  
That I am perfect for you  
I've told you once before  
That we should be more  
I'm in much deeper than what I bargained for

You just can't seem to find the key  
To let your heart free  
So you can see that  
You Belong with me
