LIFE'S WATEVA...DO U! ! !

Mystery Woman

people love her
people hate her
people question her
people date her

people love her looks
people hate her smile
people question her hobby

who is this mystery woman
who reads books?

YALL ALREADY KNOW

Who Are You?

You are like the beat of my heart
You are like the footprint in my steps.
You are like the words in my mouth
You are like the scent of my body.

I know who you are
But do you know who you are?
You should but you dont.
Who Are You?
