## Yuki Star Uzumaki(feb/7/92)

HI!!!!!!!!!!!! I'm just a rookie poet and I do it for fun but I'd really like to know what you think. And just cause most of my poems are about dream states and true love and my last bf doesn't mean I'm depressed! Well whatever, but I do hope my poems help you understand things you may be going through or that they will teach you something! ! ! BYBY! ! ! ! =)

# A Tear In My Heart

I don't understand what I'm feeling,  
I can't comprehend this dream.  
I didn't miss your warmth,  
Not until it was too late.

I remember the way you made me feel.  
Safe, complete,  
As if I could sit forever in your arms,  
And never need to breath again.

The time we had, it was so short,  
A millisecond to the universe,  
A breath to the stars that danced, for me, in your eyes.  
In that small space of time how could you leave such a hole?

I felt nothing for the longest time,  
I didn't want to, and still don't.  
I can't move on, can't face the hurt you've caused.  
I can't understand why, I don't want to.

And now, years later,  
I realize you mattered more than I could ever have imagined,  
And you still do.  
Now I am alone, your magic is gone,  
I am only happy on the out side,  
While i try to cover the hole you made,  
And it tries to swallow me,  
Plunging me into eternal darkness.

# Almost

I almost found you  
I'm sure it's true  
I can hear your laugh,  
As it floats to me on the wind.  
And I feel sorrow as I realize you were almost here  
You've passed me  
and I don't know what to say!  
My heart aches for you  
And I fear my soul may be breaking without you  
I wish I could hurry, to meet you  
But I must stay in this dismal place and wait for you  
I don't know how long I can last  
It's as if I'm drowning  
but I'll stay strong if only to see you from afar  
It'll be enough and I will be able to fly away if only for a moment.  
On the same wind that breaks my heart  
By giving me that small, little glimpse of you  
So I almost found you  
But not quit yet.  
And still that almost gives me a small hope.

# Alone, But Okay

I'm almost awake,  
Now I can look at you,  
Without that sadness I felt before.  
I'm still alone,  
I'm still frozen, cold  
But the sun came out,  
In that strange dream I live in,  
And I met someone new,  
Beside that lake I'd sat by  
Missing you.  
He smiled at me, And that made me hope.  
I can't remember his face,  
I never learned his name,  
But I know I will see him again,  
I don't know when, or even where he'll appear,  
I don't really care,  
It's just the promise he gave me with that smile,  
I know he's the one I am waiting for,  
So now I can say,  
That even though I'm alone for now,  
I know I will get better,  
And one day I will be okay.

## Basket (Haiku)

A basket for you,  
They may hold many dear things  
You alone know of.

## Dragons (Haiku)

Some say mythical  
Some others say well hidden  
But I believe both.

# Dream World

I live in a place,  
Unlike any other.  
It's beautiful and has much grace.  
Full of wonder,  
Full of magic, and space.  
But I'm alone in this world of mine,  
And so I must ponder,  
How am I to keep face,  
When all I have is my special place?  
Who do I share it with,  
And how?  
I don't even know where it came from  
But I can hear the water,  
Though there is no sound.  
I can feel the wind,  
Though there is no breeze.  
I can see the light,  
Though the sun is hidden.  
In this dream world,  
I can do and be anything,  
Yet, I am still alone.  
I was so close to opening the door,  
Leading you to the world given to me,  
The day you left.  
Why did you have to go?  
Just when I stopped being so cold?  
You took away the warmth you'd given to me,  
And left me all alone, again.

## Dreams And Gardians (Haiku)

Gold, Silver, Black, Grey  
Whichever it may appear  
All have a purpose.

## Full Moon (Haiku)

In the sky, so round,  
Liquid silver on the wind,  
Oh so so pretty.

## Heart Song (Haiku)

All have a heart song  
Weather under the water  
Or on the surface.

# Loan Wolf

What can I see?  
What can I dream?  
How can I yearn for your voice,  
And your touch?  
I see you,  
I can smell you.  
Even after so long,  
I can remember how you held me,  
How your hand held mine.  
Why am I feeling this way?  
Why can't I go on?  
I am alone.  
It's so cold.  
The only thing that gives me peace,  
Is the light of the full moon,  
And the call of the loan wolf in my soul.  
Even after you hurt me,  
How can I feel this way?  
Why did you leave?  
How am I supposed to deal?  
I've hidden for so long, in the worlds I read,  
Why must I surface now?  
Why do I have to go on?  
Why do I dream of you?  
Why do I love you still?  
Now I am torn, and still all alone, and broken.

## Love's Song (Haiku)

# Missing You

How can this be?  
I should hate you,  
For leaving me.  
And still I go on missing you.  
Why must you hold the key?  
You took it, made it your very own,  
Then you kept it, even though you left me.  
And now, I sit at home,  
Missing you.  
For now,  
Forever,  
For Always,  
I will love you,  
But I can only wonder what would have been...  
And hate the thought of what will be.

## Panda (Haiku)

He's so very kind,  
Black, and white, and very big,  
China's very own.

Yuki Star Uzumaki

## Peacock (Haiku)

Long feathery fans  
So beautiful when spread out  
Like eyes, all staring.

## Rain (Haiku)

One seasons rain has  
More than one meaning to it  
By bringing more rain.

# Sea'Anna's Lullaby

The rainbow colored wind is being blown,  
Aiming for the distant cape.  
The melody I could hear before sunrise,  
Is a very nostalgic song.  
The birds fly toward the sky in the east,  
'Cause it's the short cut to the end.  
The melodies of the seven countries.  
Even when the day comes when everyone will leave from here,  
I won't forget.

# Searching

I am looking for something  
Where it is I don't know  
What it is I won't imagine,  
I just know it's waiting for me.  
In that place, where the trees,  
Always green, play a sweet and eternal harmony.  
The wind, it blows in my ear,  
Whispering of the place where I can touch the moon.  
Of the lights as they dance on the water,  
Making me giggle with joy.  
I will be happy there,  
At the place where the waterfall sounds,  
The melody it gives, like the harp of an angel.  
My magic is waiting for me there.  
I can feel the pull of the silver moon,  
Giving me the wish to go there,  
And the strength to keep looking,  
I don't know what it is,  
I won't wish for anything.  
But I will find it, no matter how far I must go,  
And it will give me great peace,  
Allowing me a dance on the water,  
Forever next to the sprites of those I have,  
And always will,  
Love

# Serenity's Lullaby

The silver colored wind is being blown,  
Aiming for the distant sky.  
The harmony I could hear before moonrise,  
Is a very serene song.  
The trees reach toward the stars on the horizon,  
'Cause that's the short cut to the end.  
The harmonies of the seven counties,  
Even when the day comes when everyone will leave from here,  
I won't forget.

# Silver Goddess

Goddess of the night sky  
Dragon of my heart  
Silver glow in my veins  
Pale warmth on my face  
You are the Moon  
Cast your Silver Eye on me.

Yuki Star Uzumaki

# Star Light

On a star-lit night like this,  
I can't help but think of you.  
As I am covered by the mist,  
I believe it's true.  
And I can only wish  
For you to know that I know  
You are searching for me, You'll never miss,  
That opportunity, for I can tell you.  
I'm waiting, watching,  
For those star-lit nights,  
Just like this.  
When you will find me, in the mist.

## Sunset (Haiku)

A summers sunset  
So very majestic  
Nothing can compare.

# Tazz

Black as night  
Swift as a blade  
Sharp as a razor  
His eyes, green as the sea,  
Call to me.  
My vision of perfection

My little pharaoh  
His voice singing clear as a bell  
Beckoning me  
As he meows his plea  
To me

He wants out  
So he can play  
To be wild and free  
But lucky for me  
He always comes home  
To me

He leaves his trees  
And curls up beside me  
With a soft purr purr purr  
While I read

And so I am pleased to say  
He is my inspiration  
My baby  
My panther  
My little kitty.

# The Wish Of A Goddess

It may be wrong,  
It may be vane,  
But still I wish,  
To be the one to gain  
The power to make,  
To create,  
The power to take,  
And the power too give.  
I don't care about beauty,  
I don't care about imortality,  
All I care for is,  
The harmony of life that the redwoods sing,  
And the melody of love and hope that the blue jay brings.  
I wish to be a Goddess,  
I wish to make this wold a better place,  
And fix the human race.  
Make laughter and peace reign,  
Ridding this world of war and pain.  
Can I dare?  
Yes, I must believe it is so.  
So I will wait.  
And if the day comes when I may receive this wish,  
This will change,  
You will be judged,  
What will be your fate?  
If you don't like that idea, you must change,  
Your new life starts now.

# To The One I Exist For, I Give: Life; Love; And Longing

The burning sun in my minds eye,  
The harmony on the horiizion.  
Makes me dream of you.

I don't know who you are,  
I don't know your face,  
Nor do I know your name,  
I just know you're here, with me,  
And that gives me great peace.

The silver light of a full moon rising,  
the song in the trees at midnight,  
Makes me think of that place,  
Where you'll be waiting for me,

I can't see you,  
I can't touch you,  
But I know you're there.  
I can hear the melody you sing.  
Your whisper on the wind,  
It blows in my ear,  
Giving me your eternal song.

The silver moon, high in the graying sky,  
The birds flying toward the sunrise,  
To the end of the world.  
I will search for you,  
Waiting for the day  
When we will meet.  
And I can sing your song forever,  
In truth and with you.

# Unicorn

The creature of legend,  
Giver of dreams,  
How can one say they don't exist?  
When the proof is right inside their very own soul?  
I can see my great silver friend in my mind.  
Running in the clearing of my heart.  
How can I share this truth with others?  
If they are unwilling to dream for themselves, unwilling to believe.  
It's a goal of epic proportion,  
This dream given to me.  
But I will realize it.  
And magic will run free throughout the world,  
Carried on the shoulders of the Unicorns of our hearts.  
If you are unlike those around you,  
If you believe in the magic you hold,  
Then you should be able to look up at the full moon,  
And make the wish for the others to open their eyes and see it too.  
If you believe, it will be true.  
And you'll hear the call of the Dream Bringer thanking you,  
He will dance in your dreams:  
Just as he has in mine,  
And you will find in your heart,  
A pure and tranquil place.  
Now go, take what I have just given you,  
Bring the magic home,  
And never forget,  
Believing is seeing.

## Water (Haiku)

Cool, calm, refreshing  
Fast, slow, but always moving,  
All around the world.
